Ontario Highway Transport Board Commission des transports routiers de l'Ontario

Periodically, temporary applications are filed with the Board. Details of these applications can be made available at anytime to any interested parties by calling (416) 326-6732.

The following are applications for extra-provincial and public vehicle operating licenses filed under the *Motor Vehicle Transport Act, 1987*, and the *Public Vehicles Act*. All information pertaining to the applicant i.e. business plan, supporting evidence, etc. is on file at the Board and is available upon request.

Any interested person who has an economic interest in the outcome of these applications may serve and file an objection within 29 days of this publication. The objector shall:

1. complete a Notice of Objection Form,
2. serve the applicant with the objection,
3. file a copy of the objection and provide proof of service of the objection on the applicant with the Board,
4. pay the appropriate fee.

Serving and filing an objection may be by hand delivery, mail, courier or facsimile. Serving means the date received by a party and filing means the date received by the Board.

LES LIBELLÉS DES DEMANDES PUBLIÉES CI-DESSOUS
SONT AUSSI DISPONIBLES EN FRANÇAIS SUR DEMANDE.

Pour obtenir de l'information en français, veuillez communiquer avec
la Commission des transports routiers au 416-326-6732.

Absolute Charters Incorporated
6575 Bayne Street, Halifax, NS B3J 2V6

47767

Applies for a public vehicle operating licence as follows:

For the transportation of passengers on a chartered trip for Magic Winery Bus Limited from points in the unincorporated community of Jordan in the Town of Lincoln.

PROVIDED THAT:

1. the licensee be restricted to the use of Class "D" public vehicles as defined in paragraph (a)(iv) of subsection 1 of Section 7 of Regulation 982 under the *Public Vehicles Act*, RSO 1990, Chapter P. 54.
2. chartered trips other than those authorized herein are prohibited;
3. chartered trips shall be restricted to double-deck type buses;
4. all chartered trips conducted under this operating licence shall be only those initiated, organized and advertised by Magic Winery Bus Limited;
5. all passengers traveling on these chartered trips/ tours shall have paid an individual fare to the trip/ tour initiator or organizer for which they will receive, in return, accommodation, meals or a ticket of admission.

FELIX D'MELLO
Board Secretary
Secrétaire de la Commission

Government Notices Respecting Corporations Avis du gouvernement relatifs aux compagnies

Notice of Default in Complying with the Corporations Tax Act Avis de non-observation de la Loi sur l'imposition des sociétés

The Director has been notified by the Minister of Finance that the following corporations are in default in complying with the *Corporations Tax Act*.

NOTICE IS HEREBY GIVEN under subsection 241(1) of the *Business Corporations Act*, that unless the corporations listed hereunder comply with the requirements of the *Corporations Tax Act* within 90 days of this notice, orders will be made dissolving the defaulting corporations. All enquiries concerning this notice are to be directed to Ministry of Finance, Corporations Tax, 33 King Street West, Oshawa, Ontario L1H 8H6.

Le ministre des Finances a informé le directeur que les sociétés suivantes n'avaient pas respecté la *Loi sur l'imposition des sociétés*.

AVIS EST DONNÉ PAR LA PRÉSENTE que, conformément au paragraphe 241(1) de la *Loi sur les sociétés par actions*, si les sociétés citées ci-dessous ne se conforment pas aux prescriptions énoncées par la *Loi sur l'imposition des sociétés* dans un délai de 90 jours suivant la réception du présent avis, lesdites sociétés se verront dissoutes par décision. Pour tout renseignement relatif au présent avis, veuillez vous adresser à l'Imposition des sociétés, ministère des Finances, 33, rue King ouest, Oshawa ON L1H 8H6.

ONTARIO SECURITIES COMMISSION RULE 72-503 *DISTRIBUTIONS OUTSIDE CANADA* AND CONSEQUENTIAL AMENDMENTS

On March 31, 2018, Ontario Securities Commission Rule 72-503 *Distributions Outside Canada* and consequential amendments (**Rule 72-503 and Consequential Amendments**) became effective under the *Securities Act*.

The purpose of Rule 72-503 and Consequential Amendments is to bring greater clarity and certainty for market participants when offering securities to investors outside Canada.

The full text of Rule 72-503 and Consequential Amendments is available in the Ontario Securities Commission's Bulletin at 2018 41 OSCB 2363 and on the Commission's website at www.osc.gov.on.ca.

Ontario Energy Board Commission de l'énergie de l'Ontario

Amendments to the Transmission System Code

March 15, 2018

Section 3B of the Transmission System Code is amended by adding new sections as follows:

3B Reliability and Integrity of Transmission System

3B.2 Cyber Security

3B.2.1 Definitions

"Cyber Security" means a body of technologies, processes, and practices designed to protect networks, computers, programs, data and personal information from attack, damage or unauthorized access. Cyber security includes electronic security and physical security issues as they relate to cyber security protection.

"Cyber Security Framework" means the Ontario Cyber Security Framework that was issued December 20, 2017, or the current version of the document

3B.2.2 Reporting

3B.2.2.1

A transmitter shall report to the Board on the status of cyber security readiness referencing the Cyber Security Framework at such times and in such a manner as may be directed by the Board.

3B.2.2.2

The Chief Executive Officer of the transmitter shall certify the transmitter's reported cyber security readiness in such form as may be required by the Board.

3B.2.3 Continuing Obligations Regarding Transmission System and Privacy

Nothing in this section 3B.2 shall limit any obligations of a transmitter to maintain the reliability and integrity of its transmission system, and to protect personal information.

(151-G157)

Amendments to the Distribution System Code

March 15, 2018

Section 1.2 of the Distribution System Code is amended by adding new definitions as follows:

1.2 Definitions

“Cyber Security” means a body of technologies, processes, and practices designed to protect networks, computers, programs, data and personal information from attack, damage or unauthorized access. Cyber security includes electronic security and physical security issues as they relate to cyber security protection.

“Cyber Security Framework” means the Framework Ontario Cyber Security Framework that was issued December 20, 2017, or the current version of the document.

Section 6 of the Distribution System Code is amended by adding new section 6.8 as follows:

6.8. Cyber Security**6.8.1 Reporting****6.8.1.1**

A distributor shall report to the Board on the status of cyber security readiness referencing the Cyber Security Framework at such times and in such a manner as may be directed by the Board.

6.8.1.2

The Chief Executive Officer of the distributor shall certify the distributor’s reported cyber security readiness in such a form as may be required by the Board.

6.8.2 Continuing Obligations Re-Distribution System and Privacy

Nothing in this section shall limit any obligations of a distributor to maintain the reliability and integrity of its distribution system, and to protect personal information.

(151-G158)

Amendments to the Natural Gas Reporting and Record Keeping Requirements—Rule for Gas Utilities

March 15, 2018

Note: The text of the amendments is set out in italics below, for ease of identification only.

1. Section 1.8 is amended to add in the following in at the end of the section:

Sections 2.1.20 and 2.1.21 of this Rule, made by the Board on March 15, 2018, come into force on March 15, 2018 and are applicable to all filings due on or after that date.

2. Section 2.1 is amended to add in the following sections:

2.1.20 *A utility shall provide in the form and manner required by the Board, annually, by the last day of the fourth month after the financial year end, the following information:*

- (a) *whether or not the utility has publicly traded securities; and*
- (b) *a list of affiliates of the utility that have publicly traded securities (affiliate has the same meaning as in the Ontario Business Corporations Act).*

2.1.21 *A utility shall provide in the form and manner required by the Board any changes to its status with respect to having publicly traded securities or any changes to its list of affiliates that have publicly traded securities within 10 days of the change occurring.*

(151-G159)

Proposed Amendments to the Transmission System Code

April 30, 2018

2. DEFINITIONS

- 2.0.46 “NERC” means the North American Electric Reliability Council Corporation;
- 2.0.47A “OPA” means the Independent Electricity System Operator or successor company;
- 2.0.55 “reliability organization” means NERC, ~~NERC’s reliability councils~~ the Northeast Power Coordinating Council, and the IESO;

6. CUSTOMER CONNECTIONS**6.1 GENERAL REQUIREMENTS**

- 6.1.5 Intentionally left blank. ~~A transmitter shall file its connection procedures for the Board’s approval within one year of the Code revision date. A transmitter shall also file any material amendments to those procedures for the Board’s approval. The transmitter may not give effect to such connection procedures or any material amendments thereto until the connection procedures or amendments have been approved by the Board or amended by the Board under section 6.1.6.~~
- 6.1.6 The Board may, on application or on its own motion, amend a transmitter’s connection procedures and any amendments thereto that have been previously approved or amended by the Board.
- 6.1.7 Intentionally left blank. ~~Where, prior to the Code revision date, a transmitter had filed its connection procedures with the Board and such connection procedures do not contain all of the material required by section 6.1.4, the transmitter shall file the missing material within one year of the Code revision date. The Board may make a decision regarding the incomplete connection procedures pending the filing of the missing material.~~
- 6.8.3 Where a transmitter had an executed agreement with a neighbouring Ontario transmitter on August 26, 2013, the parties shall amend that agreement as may be required to ensure that it complies with the requirements of sections 6.8.1 and 6.8.2. Such amendment shall be made as soon as any other amendment to the agreement is being made by the parties and in any event no later than ~~the date that is five years from the Code revision date~~ August 26, 2018.

8 GENERAL TECHNICAL REQUIREMENTS**8.1 GUIDELINES OF RELIABILITY ORGANIZATIONS INTENTIONALLY LEFT BLANK**

- ~~8.1.1 A transmitter shall ensure compliance with the standards of all applicable reliability organizations.~~
- ~~8.1.2 A transmitter shall provide to a customer, upon request, the name and address of a contact person for each applicable reliability organization.~~

8.2 PROTECTION AND CONTROL

- 8.2.1j) the two protection systems shall be supplied either from separate secondary windings of a voltage and current transformer or from separate voltage and current transformers. ~~On one voltage transformer or potential device and from separate current transformer secondary windings (using two current transformers—one current transformer for each protection system); and~~

8.3 INSULATION COORDINATION

- 8.3.2 The transmitter shall ensure that a ~~A~~ tap connected to a shielded transmission circuit is ~~shall~~ also be shielded.

9. TECHNICAL REQUIREMENTS FOR TAPPED TRANS-FORMER STATIONS SUPPLYING LOAD**9.1 SUPPLY CONSIDERATIONS**

- 9.1.2 The transmitter shall ensure that the grounding of neutrals of the power transformer primary windings at transmission-system-tapped transmission system stations are normally not grounded do not adversely affect the reliability of the transmission system.

9.2 PROTECTION REQUIREMENTS

- 9.2.1 The transmitter’s protection and teleprotection requirements will be identified in the connection agreement. These requirements apply to the facilities that interface between the customer and the transmitter systems. ~~Typical technical requirements for a transmitter’s tapped transformer stations protection are set out in Exhibit E.1, Schedule E of the applicable version of the connection agreement set out in Appendix 1, and Exhibits F.1 and F.2, Schedule F of version A of the connection agreement set out in Appendix 1.~~
- 9.2.2 Intentionally left blank. ~~Line protections are required when transformers connected to separate supply circuits are operated in parallel on the low voltage side, or if a large synchronous infeed exists at the low voltage bus.~~
- 9.2.3 Intentionally left blank. ~~Directional current sensing relays may be required to detect infeed into faults within the transmission system and to isolate a tapped transformer station’s contribution to the fault. Distance or impedance (21) relays as specified in Exhibit F.2, Schedule F of version A of the connection agreement set out in Appendix 1, may serve this need.~~
- 9.2.4 Intentionally left blank. ~~If the tapped transformer is connected ungrounded wye or delta on the primary, then ground under voltage (64-27) and ground over voltage (64-59) protections as shown in Exhibit F.2, Schedule F of version A of the connection agreement set out in Appendix 1 are required to detect ground faults.~~

- 9.2.5 ~~Intentionally left blank. Where the tapped transformer is connected wye grounded on the primary (Yg/D or Yg/Yg), a ground over current relay (64) as indicated in Exhibit F.2, Schedule F of version A of the connection agreement set out in Appendix 1, connected in the transformer neutral, may be used for detection.~~

10 PROTECTION SYSTEM REQUIREMENTS

10.1 TELECOMMUNICATIONS

- 10.1.2 A transmitter shall specify to all customers telecommunication channel media and protective systems in the connection agreement. These requirements shall apply to the facilities that interface between the customer and the transmitter systems.
- 10.1.4 ~~Intentionally left blank. Where each of the dual protections protecting the same system element requires communication channels, a shall ensure that the equipment and channel for each protections system is separated physically and designed to minimize the risk that both protections might be disabled simultaneously by a single contingency.~~
- 10.1.6 ~~The transmitter shall include a maximum annual specification on major disturbances caused by telecommunication failures in the connection agreement. Major disturbances caused by telecommunication failures shall have annual frequency of less than 0.002 per year from the dependability aspect and less than 0.002 per year from the security aspect.~~
- 10.1.7 ~~The transmitter shall include a maximum annual specification for unavailability of the telecommunication protection for a single transmission system circuit and for two circuits in the connection agreement. A transmitter shall ensure that telecommunication protection for a single transmission system circuit shall be unavailable for no more than 42 minutes per year, and for two circuits, no more than four minutes per year.~~
- 10.1.8 ~~The transmitter shall include a maximum annual specification for telecommunication false trip rate in the connection agreement. A transmitter shall ensure that the telecommunication false trip rate used as part of a protection system for a single transmission system circuit is no more than 0.1 false trips per year, and for two circuits, no more than 0.001 false trips per year.~~
- 10.1.9 ~~The transmitter shall include a maximum annual specification in the connection agreement for total transmission system circuit trips coincident with telecommunications failure. A transmitter shall ensure that total transmission system circuit trips coincident with telecommunications failure are no more than 0.001 per year.~~

10.2 TEST SCHEDULE FOR RELAYING COMMUNICATION CHANNELS

- 10.2.2 ~~Signal adequacy testing for unmonitored channels shall be done at one month intervals. Signal adequacy testing for monitored channels shall be done at twelve month intervals.~~
- 10.2.3 ~~Channel performance testing on leased communication circuits shall be conducted at 24 month intervals, while intervals for testing power line carrier equipment shall be equipment specific.~~

10.3 VERIFICATION AND MAINTENANCE PRACTICES

- 10.3.1 ~~The transmitter shall establish verification intervals for protection systems not otherwise covered by the requirements of a reliability organization. Verification is required after any change is made to an existing protection system. A transmitter shall use the maximum verification intervals established by reliability organizations and in accordance with applicable reliability standards: (a) four years for most 115kV elements, most transformer stations, and certain 230kV elements; (b) two years for all other high voltage elements. All newly commissioned protection systems shall be verified within six months of the initial in service date of the system.~~
- 10.3.2 ~~Routine verification shall ensure with reasonable certainty that the protection systems respond correctly to fault conditions.~~
- 10.3.3 ~~A transmitter shall use an electrically initiated simulated fault clearing check to verify new protection systems, after any wiring or component changes are made to an existing protection system, and for the routine verification of a protection system.~~

10.4 FUNCTIONAL TESTS AND PERIODIC VERIFICATION

- 10.4.1 ~~For direct current circuitry checks, a transmitter shall thoroughly check the logic of the transmitter's auxiliary circuitry with the direct current applied and the initiating devices suitably energized to initiate the process. When primary relays are the initiating device, the initiation shall be achieved by secondary injection of appropriate electrical quantities to the measuring elements. In cases where the sequence of operation is critical, monitoring by a portable sequence of events recorder may be required for proper analysis. Operation or tripping of any interrupting or isolating device shall always be verified, as well as local and/or remote annunciation and target operation.~~

10.5 FAILURE PROTECTION FOR HIGH VOLTAGE INTERRUPTING DEVICES

- 10.5.4 A transmitter shall not use automatic ground switches for any transmitter owned new installations for triggering line protection operation ~~following the failure of a HVHD.~~

10.6 INSTRUMENT TRANSFORMERS

- 10.6.2 A transmitter shall ensure that current transformers are connected so that adjacent relay protection zones overlap and, where they do not overlap, shall ensure appropriate mitigation is provided.

10.7 BATTERY BANKS AND DIRECT CURRENT SUPPLY

- 10.7.1 ~~The transmitter customer~~ shall ensure that if either the battery charger fails or the AC supply source fails, the station battery bank shall have enough capacity to allow the station to operate for at least eight hours for a single battery system or at least six hours for each of the batteries in a two battery system.

- 10.7.2 ~~The transmitter shall ensure that~~ critical DC supplies such as relay protection circuits and high voltage interrupters (HVIs) shall be monitored and alarmed. ~~annunciated such as relay protection circuits and high voltage interrupters (HVIs).~~
- 10.7.3 ~~The transmitter shall ensure that~~ For all generating facilities connected to the transmission system, have two separately protected (fuse/breaker) and monitored DC station battery systems ~~are required unless the transmitter and IESO determine otherwise.~~
- 10.7.4 ~~The transmitter shall ensure that~~ For tapped transformer stations, have at least one protected (fuse/breaker) monitored DC station battery system. ~~The transmitter may specify that is required unless two systems are specified by the Transmitter are required.~~

13 COMING INTO FORCE

- 13.0.1 This Code shall be in effect as of the date on which it is published in the *Ontario Gazette*, and as of that date replaces the Transmission System Code issued by the Board on August 26, 2013.

APPENDIX 1

VERSION A—FORM OF CONNECTION AGREEMENT FOR LOAD CUSTOMERS SCHEDULE E

GENERAL TECHNICAL REQUIREMENTS

1.1 ~~Intentionally Left Blank~~ Guidelines of Reliability Organizations

- ~~1.1.1. Customers and Transmitters shall follow all reliability organizations' standards as they may be amended from time to time.~~
- ~~1.1.2. The Transmitter shall provide to Customers upon request, the address and contact persons at the relevant reliability organization.~~

1.3. Protection and Control

- 1.3.1. The protection systems, which protects transmission system elements, shall be capable of minimizing the severity and extent of disturbances to the transmission system while themselves experiencing a first-order single contingency such as the failure of a relay protection system to operate or the failure of a breaker to trip. In particular:
- 1.3.1.1. the elements designated by the Transmitter or the IESO as essential to system reliability and security shall be protected by two protection systems. Each system shall be independently capable of detecting and isolating all faults on those elements. These elements shall have breaker failure protection, but breaker failure protection need not be duplicated. Both protection systems shall initiate breaker failure protection;
- 1.3.1.3. the use of two identical protection systems should be avoided ~~is not generally recommended~~, because it increases the risk of simultaneous failure of both systems due to design deficiencies or equipment problems;
- 1.3.1.10. the two protection systems shall be supplied either from separate secondary windings of a voltage and current transformer or from separate voltage and current transformers; or on one voltage transformer or potential device and from separate current transformer secondary windings, i.e., from two separate current transformers;

1.8. Procedures for Maintenance and Periodic Verification

- 1.8.1. The Transmitter, using good utility practice, may specify the maintenance criteria and the maximum time intervals between verification cycles for those parts of Customers' facilities that may materially adversely affect the transmission system. The obligations for maintenance and performance re-verification shall be stipulated in the appropriate schedule to this Connection Agreement.

SCHEDULE F

ADDITIONAL TECHNICAL REQUIREMENTS FOR TAPPED CONNECTIONS TRANSFORMER STATIONS SUPPLYING LOAD:

- (a) Transmitter's Tapped Transformer Stations; and
- (b) ~~Distributor's and Consumer~~ Customer's Tapped Transformer Stations

1.1. Supply Considerations

- 1.1.4. Transmitter approval is required before grounding the neutral of power transformer windings at tapped transmission system stations. The neutrals of the power transformer primary windings at transmission system tapped stations are normally not grounded. Transmitters shall approve grounded transformers by exception only.
- 1.1.5. Customers ~~Consumers and Distributors~~ shall participate in load shedding to meet reliability standards.
- 1.1.6. A transmission system breaker of a Customer ~~Consumer or Distributor~~ shall not autoreclose without Transmitter's approval.
- 1.1.7. A Customer ~~Consumer or a Distributor~~ shall not manually energize a Transmitter's line without the Transmitter's approval.

1.2. Protection Requirements

- 1.2.1. The typical technical requirements for Customer ~~Distributor and Consumer~~ protection shall be followed, as presented in Exhibit E.1 of Schedule E and Exhibits F.1 and F.2 of this Schedule F.

SCHEDULE G

PROTECTION SYSTEM REQUIREMENTS

1.1 Telecommunications

- 1.1.2 The Transmitter shall specify to the Customer the telecommunication channel media and protective systems. These requirements apply to the facilities that interface between the Customer and the Transmitter.
- 1.1.4. ~~Intentionally left blank. Where each of the dual protections protecting the same system element requires communication channels, the equipment and channel for each protection shall be separated physically and designed to minimize the risk that both protections might be disabled simultaneously by a single contingency.~~
- 1.1.6. Major disturbances caused by telecommunication failures shall have annual frequency of less than 0.002 per year from the dependability aspect and less than 0.002 per year from the security aspect or as otherwise prescribed by the Transmitter.
- 1.1.7. Telecommunication protection for a single transmission system circuit shall have an unavailability less than forty two (42) minutes per year, and for two circuits it shall be ~~less~~ no more than four (4) minutes per year or as otherwise prescribed by the Transmitter.
- 1.1.8. The telecommunication false-trip rate used as part of a protection system for a single transmission system circuit shall be not more than 0.1 false trips per year, and for two circuits it shall be not more than 0.001 false trips per year unless otherwise prescribed by the Transmitter.
- 1.1.9. Total transmission system circuit trips coincident with telecommunications failure shall be not more than 0.001 per year unless otherwise prescribed by the Transmitter.

1.2 Test Schedule for Relaying Communication Channels

- 1.2.1. Communication channels associated with protective relaying shall be tested at periodic intervals in accordance with applicable reliability standards to verify that the channels are operational and that their characteristics ~~lie~~ are within specific tolerances. Testing should include signal adequacy tests and channel performance tests. The Transmitter shall establish testing intervals for any communication channels not otherwise subject to reliability standards. The testing consists of signal adequacy tests and channel performance tests.
- 1.2.1.1. ~~Signal adequacy test intervals are:~~
- 1.2.1.1.1. ~~Channels for Protection (unmonitored) at one (1)-month intervals; and~~
- 1.2.1.1.2. ~~Channels for Protection (monitored) at twelve (12)-month intervals.~~
- 1.2.1.2. ~~Channel performance testing on leased communication circuits shall be conducted at 24-month intervals, while intervals for testing power line carrier equipment shall be equipment-specific.~~

1.3 Verification and Maintenance Practices

- 1.3.1. Customers shall perform routine verifications of protection systems ~~on a scheduled basis~~ in accordance with applicable reliability standards. The Customer shall establish verification intervals for any protection systems not otherwise covered by the requirements of a reliability organization. The reverification period for those protections systems is to be entered in the agreement and initialed by the parties. A Customer shall re-verify after a change is made to an existing system. The maximum verification interval is four years for most 115-kV elements, most transformer stations, and certain 230-kV elements and two years for all other high-voltage elements. All newly commissioned protection systems shall be verified within six months of the initial in-service date of the system.
- 1.3.2. ~~Intentionally left blank. Routine verification shall ensure with reasonable certainty that the protections respond correctly to fault conditions.~~
- 1.3.3. ~~Intentionally left blank. An electrically initiated simulated-fault clearing check is mandatory to verify new protections, after any wiring or component changes are made to a protection, and for routine verification of a protection.~~
- 1.3.6. The Transmitter and the Customer shall consult on the functional test procedures. The tests shall not begin until the procedure is accepted by the Transmitter. If they cannot agree, the supply or continuity of supply shall depend on the performance of the tests that the Transmitter shall require. Transmitters and Customers shall agree upon the final functional test procedures before the tests begin. If they cannot agree, the supply or continuity of supply shall depend on the performance of the tests that the Transmitter shall require.
- 1.3.8. Customers shall make available to the Transmitter records of relay calibrations and protection verifications, so that records of the facility's performance can be maintained. The specific records required shall be identified in this Connection Agreement.

1.4 Functional Tests and Periodic Verification

- 1.4.3. For direct current (DC) circuitry checks, a Transmitter shall thoroughly check the logic of the Transmitter's auxiliary circuitry and the Customer shall thoroughly check the Customer's auxiliary circuitry shall be thoroughly checked with the DC applied and the initiating devices suitably energized to initiate the process. When primary relays are the initiating device, the initiation shall be achieved by secondary injection of appropriate electrical quantities to the measuring elements. In certain cases where the sequence of operation is critical, monitoring by a portable sequence-of-events recorder may be required for proper analysis. Operation or tripping of all any interrupting or isolating devices shall always be verified, as well as local and/or remote annunciation and target operation.

1.5 Failure Protection for High-Voltage Interrupting Devices (HVIs)

- 1.5.2. The HVI failure protection will initiate remote or transfer trip circuits and opening of the motor-operated disconnection switch unless otherwise prescribed by the Transmitter. In general, the transmission system will require the HVI failure protection to be achieved by using remote or transfer trip circuits.

1.5.4. Automatic ground switches are not acceptable for any new installations for triggering line protection operation ~~following the failure of a HVI.~~

1.6. Instrument Transformers

1.6.2. Current transformers ~~shall~~ should be connected so that adjacent relay protection zones overlap. Where they do not overlap, the Transmitter may approve alternative mitigation at its discretion.

1.7. Battery Banks and Direct Current Supply

1.7.2. Critical DC supplies such as relay protection circuits and high voltage interrupters (HVIs) shall be monitored and alarmed. ~~annunciated such as relay protection circuits and high voltage interrupters (HVIs);~~

1.7.3. For all generating facilities connected to the transmission system, two separately protected (fuse/breaker) and monitored DC station battery systems are required unless the Transmitter and the IESO determine otherwise.

1.7.4. For tapped transformer stations, one protected (fuse/breaker) monitored DC station battery system is required unless two systems are specified by the Transmitter.

APPENDIX 1

VERSION B—FORM OF CONNECTION AGREEMENT FOR GENERATOR CUSTOMERS

SCHEDULE E

GENERAL TECHNICAL REQUIREMENTS

1.1 ~~Intentionally left blank.~~ Guidelines of Reliability Organizations

~~1.1.1. Customers and Transmitters shall follow all reliability organizations' standards as they may be amended from time to time.~~

~~1.1.2. The Transmitter shall provide to Customers upon request, the address and contact persons at the relevant reliability organization.~~

1.3. Protection and Control

1.3.1. The protection systems, which protects transmission system elements, shall be capable of minimizing the severity and extent of disturbances to the transmission system while themselves experiencing a first-order single contingency such as the failure of a relay protection system to operate or the failure of a breaker to trip. In particular:

1.3.1.1. the elements designated by the Transmitter or the IESO as essential to system reliability and security shall be protected by two protection systems. Each system shall be independently capable of detecting and isolating all faults on those elements. These elements shall have breaker failure protection, but breaker failure protection need not be duplicated. Both protection systems shall initiate breaker failure protection;

1.3.1.3. the use of two identical protection systems should be avoided ~~is not generally recommended;~~ because it increases the risk of simultaneous failure of both systems due to design deficiencies or equipment problems;

1.3.1.10. the two protection systems shall be supplied from separate secondary windings of a on-one voltage and current transformer ~~or potential device and from separate voltage and current transformers secondary windings, i.e., from two separate current transformers;~~

1.8. Procedures for Maintenance and Periodic Verification

1.8.1. The Transmitter, using good utility practice, may specify the maintenance criteria and the maximum time intervals between verification cycles for those parts of Customers' facilities that may materially adversely affect the transmission system. The obligations for maintenance and performance re-verification shall be stipulated in the appropriate schedule to this Connection Agreement.

SCHEDULE F

ADDITIONAL TECHNICAL REQUIREMENTS

1.1 Supply Considerations

1.1.5 Transmitter approval is required before grounding the neutral of power transformer windings at tapped transmission system stations. ~~The method of grounding the neutral of all power transformer primary windings shall require the approval of the Transmitter. The Transmitter shall give its approval if it is satisfied that the reliability of its transmission system is not affected.~~

1.5 Autoreclosure and Manual Energization

1.5.2 Following a protection operation on a transmission line, the transmission breakers, located mainly in network switching and/or transformation stations, shall autoreclose after a certain time delay. Where the Generator is directly connected to the transmission line, or for configurations where the Generator could be damaged by autoreclosure of the line, the Generator shall provide a reliable means of disconnecting its equipment before autoreclosure. The Generator is responsible for protecting its own equipment and the Transmitter is not liable for damage to the Generator's equipment except as stipulated in section 15 of this Connection Agreement. The Generator may request a means of supervising the transmission autoreclosure prior to the disconnection of its equipment e.g. changes in protection logic at one or both stations to reduce the risk of such events. The criteria governing the use of reclosures are set out in the Ontario Hydro ~~A~~ "Policies, Principles & Guidelines" ~~@~~ document A-C-3.4.1(R1), Automatic Reclosure and Manual Energization on Bulk System Electricity Circuits ~~@~~, which was in effect as of April 1, 1999.

EXHIBIT F.2

TYPICAL GENERATOR-OWNED TRANSMISSION LINE PROTECTION REQUIREMENT

SCHEDULE G

PROTECTION SYSTEM REQUIREMENTS

1.1 Telecommunications

- 1.1.2. The Transmitter shall specify to all Customers the Transmitters shall specify telecommunication channel media and protective systems. These requirements apply to the facilities that interface between the Customer and the Transmitter.
- 1.1.4. Intentionally left blank. Where each of the dual protections protecting the same system element requires communication channels, the equipment and channel for each protection shall be separated physically and designed to minimize the risk that both protections might be disabled simultaneously by a single contingency.
- 1.1.6. Major disturbances caused by telecommunication failures shall have annual frequency of less than 0.002 per year from the dependability aspect and less than 0.002 per year from the security aspect or as otherwise prescribed by the Transmitter.
- 1.1.7. Telecommunication protection for a single transmission system circuit shall be unavailable for no more than forty two (42) minutes per year, and for two circuits no more than four (4) minutes per year or as otherwise prescribed by the Transmitter.
- 1.1.8. The telecommunication false-trip rate used as part of a protection system for a single transmission system circuit shall be not is no more than 0.1 false trips per year, and for two circuits it shall be not is no more than 0.001 false trips per year unless otherwise prescribed by the Transmitter.
- 1.1.9. Total transmission system circuit trips coincident with telecommunications failure shall be not are not more than 0.001 per year unless otherwise prescribed by the Transmitter.

1.2 Test Schedule for Relaying Communication Channels

- 1.2.1. Communication channels associated with protective relaying shall be tested at periodic intervals in accordance with applicable reliability standards to verify that the channels are operational and that their characteristics lie are within specific tolerances. Testing should include The testing consists of signal adequacy tests and channel performance tests. The Transmitter shall establish testing intervals for any communication channels not otherwise subject to reliability standards.
- 1.2.1.1. Signal adequacy test intervals are:
- 1.2.1.1.1. Channels for Protection (unmonitored) at one (1)-month intervals; and
- 1.2.1.1.2. Channels for Protection (monitored) at twelve (12)-month intervals.
- 1.2.1.2. Channel performance testing on leased communication circuits shall be conducted at 24-month intervals, while intervals for testing power line carrier equipment shall be equipment specific.

1.3 Verification and Maintenance Practices

- 1.3.1. Customers shall perform routine verifications of protection systems on a scheduled basis in accordance with applicable reliability standards. The Customer shall establish verification intervals for any protection systems not otherwise covered by the requirements of a reliability organization. The reverification period for those protection systems is to be entered in the agreement and initialed by the parties. The Customer shall re-verify after a change is made to an existing protection system. The maximum verification interval is four years for most 115-kV elements, most transformer stations, and certain 230-kV elements and two years for all other high-voltage elements. All newly commissioned protection systems shall be verified within six months of the initial in-service date of the system.
- 1.3.2. Intentionally left blank. Routine verification shall ensure with reasonable certainty that the protections respond correctly to fault conditions.
- 1.3.3. Intentionally left blank. An electrically initiated simulated fault clearing check is mandatory to verify new protections, after any wiring or component changes are made to a protection, and for routine verification of a protection.
- 1.3.6. The Transmitters and the Customers shall consult on the agree upon the final functional test procedures before the tests begin. The tests shall not begin until the procedure is accepted by the Transmitter. If they cannot agree, the supply or continuity of supply shall depend on the performance of the tests that the Transmitter shall require.

1.4 Functional Tests and Periodic Verification

- 1.4.1. Upon verification that the Customer's static tests on protection and control equipment, outlined in the Code and this Connection Agreement have been satisfactorily completed, a series of tests shall be performed with the equipment in a dynamic mode. These tests shall ensure that the equipment performs correctly when it should and also that it will not operate improperly.
- 1.4.3. For direct current (DC) circuitry checks, the Transmitter shall thoroughly check the logic of the Transmitter's auxiliary circuitry and the Customer shall thoroughly check the Customer's auxiliary circuitry shall be thoroughly checked with the DC applied and the initiating devices suitably energized to initiate the process. When primary relays are the initiating device, the initiation shall be achieved by secondary injection of appropriate electrical quantities to the measuring elements. In certain cases where the sequence of operation is critical, monitoring by a portable sequence-of-events recorder may be required for proper analysis. Operation or /tripping of all any interrupting or /isolating devices shall always be verified, as well as local and/or remote annunciation and target operation.

1.5 Failure Protection for High-Voltage Interrupting Devices (HVIs)

- 1.5.2. The HVI failure protection will initiate remote or transfer trip circuits and opening of the motor-operated disconnection switch unless otherwise prescribed by the Transmitter. In general, the transmission system will require the HVI failure protection to be achieved by using remote or transfer trip circuits.

1.5.4. Automatic ground switches are not acceptable for any new installations for triggering line protection operation ~~following the failure of a HVI.~~

1.6. Instrument Transformers

1.6.2. Current transformers ~~shall~~ should be connected so that adjacent relay protection zones overlap. Where they do not overlap, the Transmitter may approve alternative mitigation at its discretion.

1.7. Battery Banks and Direct Current Supply

1.7.2. Critical DC supplies such as relay protection circuits and high voltage interrupters (HVIs) shall be monitored and alarmed. ~~annunciated such as relay protection circuits and high voltage interrupters (HVIs).~~

1.7.3. For all generating facilities connected to the transmission system, two separately protected (fuse/breaker) and monitored DC station battery systems are required unless the Transmitter and the IESO determine otherwise.

1.7.4. For tapped transformer stations, one protected (fuse/breaker) monitored DC station battery system is required unless two systems are specified by the Transmitter.

(151-G160)

Applications to Provincial Parliament — Private Bills Demandes au Parlement provincial — Projets de loi d'intérêt privé

PUBLIC NOTICE

The rules of procedure and the fees and costs related to applications for Private Bills are set out in the Standing Orders of the Legislative Assembly's Internet site at <http://www.ontla.on.ca> or from:

Procedural Services Branch
Room 1405, Whitney Block, Queen's Park
Toronto, Ontario M7A 1A2
Telephone: 416-325-3500 (Collect calls will be accepted)

Applicants should note that consideration of applications for Private Bills that are received after the first day of September in any calendar year may be postponed until the first regular Session in the next following calendar year.

TODD DECKER
Clerk of the Legislative Assembly.

Applications to Provincial Parliament Demandes au Parlement provincial

NOTICE OF APPLICATION

NOTICE IS HEREBY GIVEN that on behalf of Jean Kaplan, application will be made to the Legislative Assembly of the Province of Ontario for an Act to revive Crystal-Kirkland Mines, Limited.

The application will be considered by the Standing Committee on Regulations and Private Bills. Any person who has an interest in the application and who wishes to make submissions, for or against the application, to the Standing Committee on Regulations and Private Bills should notify, in writing, the Clerk of the Legislative Assembly, Legislative Building, Queen's Park, Toronto, Ontario, M7A 1A2.

Dated at Markham, this 5th day of March, 2018.

JEAN KAPLAN
(151-P093) 12, 13, 14 and 15

TENCREST REALTY LTD.

NOTICE IS HEREBY GIVEN that on behalf of William Tencer application will be made to the Legislative Assembly of the Province of Ontario for an Act to revive Tencrest Realty Ltd.

The application will be considered by the Standing Committee on Regulations and Private Bills. Any person who has an interest in the application and who wishes to make submissions, for or against the application, to the Standing Committee on Regulations and Private Bills should notify, in writing, the Clerk of the Legislative Assembly, Legislative Building, Queen's Park, Toronto, Ontario, M7A 1A2.

Dated at Toronto, this 13th day of March, 2018.

WILLIAM TENCER
(151-P094) 12, 13, 14 and 15

2063434 ONTARIO LIMITED

NOTICE IS HEREBY GIVEN that on behalf of 2063434 ONTARIO LIMITED, an application will be made to the Legislative Assembly of the Province of Ontario for an Act to revive 2063434 ONTARIO LIMITED; which was dissolved under the *Business Corporations Act* on December 13, 2016, by filing Articles of Dissolution.

The application will be considered by the Standing Committee on Regulations and Private Bills. Any person who has an interest in the application and wishes to make submissions, for or against the application, to the Standing Committee on Regulations and Private Bills should notify, in writing, the Clerk of the Legislative Assembly, Legislative Building, Queen's Park, Toronto, Ontario, M7A 1A2.

Dated at Brantford, Ontario, this 14th day of March, 2018.

(Inscription entre 9 h 30 et 10 h 30)

LA VENTE DES BIENS SUSMENTIONNÉS EST ASSUJETTIE AUX CONDITIONS SUIVANTES :

L'acheteur assume l'entière responsabilité des hypothèques, charges, privilèges, impôts impayés et autres grèvements. Aucune déclaration n'est faite concernant le titre du bien-fonds ou toute autre question relative à l'intérêt qui sera vendu. La libre possession n'est pas comprise dans la vente. Il est de la responsabilité de l'acheteur potentiel de vérifier ces questions.

CONDITIONS :

- Dépôt de 10 % du prix de l'offre ou de 1 000 \$, si ce montant est plus élevé;
- À payer au moment de la vente par l'acheteur retenu;
- Le dépôt est déductible du prix d'achat;
- Le dépôt n'est pas remboursable. Le non-respect de ces conditions par l'acheteur retenu pourrait conduire à la saisie de tout dépôt versé au moment de la vente ou par la suite.

- L'acheteur dispose de dix jours ouvrables à compter de la date de vente pour obtenir le financement nécessaire et payer le solde en entier au **393, AVENUE UNIVERSITY, 19^E ÉTAGE, TORONTO (ONTARIO)**.
- Tous les paiements sont effectués en espèces ou par traite bancaire, chèque certifié ou mandat fait à l'ordre du « Shérif, Cité de Toronto ».
- Un acte formaliste unilatéral sera fourni à l'acheteur par le shérif seulement lorsque le paiement aura été effectué en entier.
- D'autres conditions pourraient s'ajouter.

CETTE VENTE PEUT ÊTRE ANNULÉE PAR LE SHÉRIF SANS PRÉAVIS TANT QUE LES CONDITIONS DE LA VENTE N'ONT PAS ÉTÉ ENTIÈREMENT SATISFAITES PAR L'ACHETEUR RETENU.

Remarque : Aucun employé du ministère du Procureur général ne peut acheter des biens, des biens meubles, des terrains ou des tenements offerts en vente par un shérif dans le cadre d'une procédure judiciaire, que ce soit directement ou indirectement.

SALE OF LAND BY PUBLIC TENDER

THE CORPORATION OF THE TOWN OF COCHRANE

TAKE NOTICE that tenders are invited for the purchase of the land(s) described below and will be received until 3:00 p.m. local time on Thursday, **May 10, 2018** at the Municipal Office, 171 Fourth Ave., Cochrane, Ontario P0L 1C0. The tenders will then be opened in public on the same day at 3:15 p.m. at the Municipal Office, 171 Fourth Ave., Cochrane, Ontario.

Description of Land(s):

PIN 65292-0197
PCL 3774 SEC LAG; PT LT 2 CON 3 LAMARCHE PT 1; TOWN OF COCHRANE
Town of Cochrane, District of Cochrane
75.61 ACRES
File No. 2017-01

Minimum Tender Amount: **\$ 3,512.62**

Tenders must be submitted in the prescribed form and must be accompanied by a deposit in the form of a money order or of a bank draft or cashiers cheque or cheque certified by a bank or trust corporation payable to the municipality and representing at least 20 per cent of the tender amount.

Except as follows, the municipality makes no representation regarding the title to or any other matters relating to the land to be sold. Responsibility for ascertaining these matters rests with the potential purchasers.

The *Municipal Act, 2001* and the *Municipal Tax Sales Act* govern this sale. The successful purchaser will be required to pay the amount tendered plus accumulated taxes, HST if applicable and the relevant land transfer tax.

The municipality has no obligation to provide vacant possession to the successful purchaser.

For further information regarding this sale and a copy of the prescribed form of tender contact:

MUNICIPAL ACT, 2001

SALE OF LAND BY PUBLIC TENDER

THE CORPORATION OF THE CITY OF CAMBRIDGE

TAKE NOTICE that tenders are invited for the purchase of the lands described below and will be received until 3:00 p.m. local time on May 3, 2018, at the City of Cambridge Municipal Office, 50 Dickson Street, Cambridge Ontario.

The tenders will then be opened in public on the same day as soon as possible after 3:00 p.m. at the City of Cambridge Municipal Office, 50 Dickson Street, Young Room, 2nd Floor, Cambridge.

Description of Land(s):

Roll No. 30 06 060 052 07700 0000; 7 Donlea Dr, Cambridge; PIN 03800-0098 (LT); Lot 34 Plan 772 Cambridge; Part Lot 33 Plan 772 Cambridge as in 158486; Cambridge. File No. 15-15

Minimum Tender Amount: **\$53,463.21**

Roll No. 30 06 070 025 07810 0000; 334 Clyde Rd., Cambridge; PIN 03825-0145 (LT); Lot 53 Plan 1126 Cambridge as in 1280128; Cambridge. File No. 16-135

Minimum Tender Amount: **\$22,074.33**

Roll No. 30 06 150 021 01072 0000; 35 Baldwin Dr., Cambridge; PIN 03758-1392 (LT); Part Block 68, Plan 58M-470, designated as part 3 on Plan 58R-17123; subject to an easement for entry as in WR667912; City of Cambridge. File No. 16-153

Minimum Tender Amount: **\$39,921.04**

Tenders must be submitted in the prescribed form and must be accompanied by a deposit in the form of a money order or of a bank draft or cheque certified by a bank or trust corporation payable to the municipality and representing at least 20 per cent of the tender amount.

Except as follows, the municipality makes no representation regarding the title to, crown interests, or any other matters relating to the lands to be sold. Responsibility for ascertaining these matters rests with the potential purchasers. Any interests of the Federal or Provincial Crown encumbering the land at the time of the tax sale will continue to encumber the land after the registration of the tax deed.

Transfers of properties in this jurisdiction that contain at least one and not more than six single family residences and are transferred to non-residents of Canada or foreign entities, are subject to the Province's Non-Resident Speculation Tax (NRST).

This sale is governed by the *Municipal Act, 2001* and the Municipal Tax Sales Rules made under that Act. The successful purchaser will be required to pay the amount tendered plus accumulated taxes, HST if applicable and the relevant land transfer tax.

The municipality has no obligation to provide vacant possession to the successful purchaser.

MUNICIPAL ACT, 2001

SALE OF LAND BY PUBLIC TENDER

THE CORPORATION OF THE TOWNSHIP OF MACHAR

TAKE NOTICE that tenders are invited for the purchase of the land(s) described below and will be received until 3:00 p.m. local time on the 14th day of May, 2018, at the Township Offices, 73 Municipal Rd. N., P.O. Box 70, South River, Ontario, P0A 1X0.

The tenders will then be opened in public on the same day at 6:30 p.m. at the Township Offices.

Description of Land(s):

PCL 6285 SEC NS; PT LT 5 CON 1 MACHAR AS IN LT36611 EXCEPT LT42815; S/T LT45125; MACHAR. BEING ALL OF PIN 52061-0163 (LT). ROLL # 49 54 000 001 02100.

Minimum Tender Amount: \$5,100.37

Tenders must be submitted in the prescribed form and must be accompanied by a deposit in the form of a money order or of a bank draft or cheque certified by a bank or trust corporation payable to the municipality and representing at least 20 per cent of the tender amount.

Except as follows, the municipality makes no representation regarding the title to or any other matters relating to the land to be sold. Responsibility for ascertaining these matters rests with the potential purchasers.

This sale is governed by the *Municipal Act, 2001*, as amended and the Municipal Tax Sales Rules, as amended, made under that Act. The successful purchaser will be required to pay the amount tendered plus accumulated taxes and the relevant land transfer tax.

The municipality has no obligation to provide vacant possession to the successful purchaser.

Note: H.S.T. may be payable by successful purchaser.

ONTARIO REGULATION 108/18

made under the

FIRE PROTECTION AND PREVENTION ACT, 1997

Made: February 22, 2018

Filed: March 19, 2018

Published on e-Laws: March 19, 2018

Printed in *The Ontario Gazette*: April 7, 2018

Amending O. Reg. 213/07
(FIRE CODE)

1. Table 1.2.1.A. of Division B of Ontario Regulation 213/07 is amended by striking out,

NFPA	25-2011	Standard for the Inspection, Testing and Maintenance of Water-Based Fire Protection Systems	6.4.1.6. 6.5.1.1.(2) 6.6.1.5.(1) to (3)
------	---------	---	---

and substituting,

NFPA	25-2014	Standard for the Inspection, Testing and Maintenance of Water-Based Fire Protection Systems	6.4.1.6. 6.5.1.1.(2) 6.6.1.5.(1) to (3)
------	---------	---	---

2. Article 6.4.1.3. of Division B of the Regulation is revoked and the following substituted:***Fire department connections***

6.4.1.3. (1) Except when in use or being **inspected** in accordance with Article 6.4.3.7., **fire department** connections shall be equipped with plugs or caps that are secured wrench-tight.

(2) If plugs or caps are missing, the **fire department** connections shall be examined for obstructions, back-flushed when conditions warrant and the plugs or caps replaced.

3. Subsection 6.4.3. of Division B of the Regulation is revoked and the following substituted:

Subsection 6.4.3. Checking, Inspection and Testing

Standpipe systems

6.4.3.1. (1) Standpipe systems that have been modified, extended or are being restored to service after a period of disuse exceeding one year shall be **tested** in conformance with Articles 6.4.3.2. to 6.4.3.5.

(2) Where standpipes are built in walls or **partitions**, the **tests** shall be made before the standpipes are concealed.

Hydrostatic test

6.4.3.2. (1) Standpipe system piping shall be hydrostatically **tested** for 2 hours at a pressure of not less than

(a) 1400 kPa (gauge), or

(b) 350 kPa (gauge) in excess of the normal hydrostatic pressure when the normal hydrostatic pressure is in excess of 1050 kPa (gauge).

Fire department connections

6.4.3.3. Piping between the **fire department** connection and the check valve in the inlet pipe to the standpipe shall be hydrostatically **tested** in the same manner as the remainder of the system.

Underground mains

6.4.3.4. (1) Underground mains and connections shall be hydrostatically **tested** for 2 hours at a hydrostatic pressure of 350 kPa (gauge) in excess of the maximum hydrostatic pressure in service, but not less than 1400 kPa (gauge).

(2) Leakage during the **test** shall not exceed 2 L/h per 100 joints for pipe laid with rubber gasketed joints, and 30 mL/h per 25 mm of pipe diameter per joint for pipe laid with caulked lead or lead substitute joints.

Flow and pressure tests

6.4.3.5. Flow and pressure **tests** shall be conducted at the highest and most remote hose valve or hose connection to ensure that the water supply for the standpipe system is provided as originally designed.

Dry standpipes

6.4.3.6. (1) Standpipe system piping which normally remains dry shall be hydrostatically **tested** in accordance with Article 6.4.3.2. at intervals of not more than five years.

(2) Water supply pressure and system air pressure for automatic dry standpipe systems shall be **checked** weekly by using gauges to ensure that the system is maintained at the required operating pressure.

Fire department connections

6.4.3.7. (1) The dry portion of the **fire department** connection piping of a standpipe system shall be hydrostatically **tested** at a pressure of not less than 1050 kPa (gauge) for 2 hours at intervals of not more than five years where

- (a) the **fire department** connection piping has been in service for more than thirty years, or
- (b) the age of the **fire department** connection piping cannot be determined.

(2) Despite Sentence (1), if, on July 1, 2018, **fire department** connection piping has not been hydrostatically **tested** within the previous five years, the first **test** required by Sentence (1) shall be completed before January 1, 2019.

(3) **Fire department** connection piping shall be **inspected** annually with any plugs or caps removed to ensure that

- (a) the **fire department** connection is physically unobstructed and readily accessible,
- (b) the **fire department** connection identification sign is in place and visible,
- (c) the **fire department** connection is free of wear, rust or obstruction,
- (d) couplings or swivels are not damaged and rotate smoothly,
- (e) gaskets are in place and in good condition,
- (f) the check valve is not leaking,
- (g) the automatic drain valve is in place and operating properly, and
- (h) **fire department** connection clappers are in place and operating properly.

(4) The annual **inspection** referenced in Sentence (3) shall be recorded and kept in accordance with Article 1.1.2.1.

Hotels

6.4.3.8. In **buildings** containing a **hotel**, flow and pressure **tests** shall be conducted annually at the highest and most remote hose valve or hose connection to verify that the water supply for the standpipe system is provided as originally designed.

Commencement

4. This Regulation comes into force on July 1, 2018.

Made by:

MARIE-FRANCE LALONDE
Minister of Community Safety and Correctional Services

Date made: February 22, 2018

ONTARIO REGULATION 109/18
made under the
ENVIRONMENTAL PROTECTION ACT

Made: March 12, 2018
Filed: March 20, 2018
Published on e-Laws: March 20, 2018
Printed in *The Ontario Gazette*: April 7, 2018

Amending O. Reg. 419/05
(AIR POLLUTION - LOCAL AIR QUALITY)

1. Section 1 of Ontario Regulation 419/05 is amended by adding the following subsection:

(2.5) In this Regulation, a reference to the Director means,

- (a) the Director appointed under section 5 of the Act in respect of the section of this Regulation in which the reference appears; or
- (b) if no Director described in clause (a) has been appointed, any Director appointed under section 5 of the Act in respect of section 18 of the Act.

2. Section 7 of the Regulation is amended by adding the following subsection:

(1.1) A notice given by the Director under subsection (1) may provide that it only applies in respect of the use of an approved dispersion model with one or more types of scenarios required to be considered under section 10, as specified in the notice.

3. (1) Subsection 10 (1) of the Regulation is amended by striking out “under section 19 or 20, whichever is applicable” in the portion before paragraph 1.

(2) Section 10 of the Regulation is amended by adding the following subsections:

(1.1) If a facility is part of a class identified by NAICS code 324190 or 324110, in addition to being used in accordance with one of the scenarios mentioned in subsection (1), an approved dispersion model that is used for the purposes of this Part shall be used with respect to the discharge of sulphur dioxide from the facility in accordance with the scenario that, for a one-hour averaging period, assumes operating conditions for the facility that would result in the highest concentration of sulphur dioxide at a point of impingement that the facility is capable of when acid gas is flaring at the facility.

(1.2) In order to determine, for the purposes of subsection (1.1), which scenario will result in the highest concentration of sulphur dioxide at a point of impingement, only scenarios composed of one or more of the following types of scenarios shall be considered:

- 1. A scenario that assumes operating conditions that can occur when no sulphur recovery unit at the facility is operating and the flare system is receiving the mass flow rate of sulphur that would otherwise have been processed by all of the sulphur recovery units at the facility.
- 2. Any other scenario that can occur at the facility when acid gas is flaring at the facility.

(1.3) For the purposes of paragraph 1 of subsection (1.2), the mass flow rate of sulphur corresponds to the lower of,

- (a) the maximum combined processing capacity of all sulphur recovery units at the facility; and
- (b) the maximum combined processing capacity imposed by law, if any, of all of the sulphur recovery units at the facility.

(1.4) The Director may, by written notice, require a person making a determination for the purposes of subsection (1.1) to consider a scenario specified in the notice if the scenario is a type of scenario mentioned in subsection (1.2) and the Director is of the opinion that the specified scenario may result in the highest concentration of sulphur dioxide at a point of impingement that a facility is capable of when acid gas is flaring at the facility.

(1.5) In order to determine, for the purposes of paragraph 1 of subsection (1), which scenario would result in the highest concentration of the relevant contaminant at a point of impingement that a facility is capable of, only scenarios composed of one or more of the following types of scenarios shall be considered:

- 1. Scenarios that assume operating conditions that can occur when the operation of the facility or part of the facility is being increased from an inoperative state to normal operating conditions.
- 2. Scenarios that assume operating conditions that can occur when the operation of the facility or part of the facility is being decreased from normal operating conditions to an inoperative state.

3. Scenarios that assume operating conditions that can occur when the facility or part of the facility is operating at its maximum design capacity.
4. Subject to subsection (1.6), any other scenario that assumes operating conditions that can occur at the facility.

(1.6) The reference in paragraph 4 of subsection (1.5) to “any other scenario” does not include a scenario that assumes operating conditions that would occur if the facility or part of the facility were to fail to operate in a normal manner.

(1.7) For greater certainty, an operating condition mentioned in subsection (1.6) may be designed to occur or not designed to occur.

(1.8) The Director may, by written notice, require a person making a determination for the purposes of paragraph 1 of subsection (1) to consider a scenario specified in the notice if the scenario is a type of scenario mentioned in subsection (1.5) and the Director is of the opinion that the specified scenario may result in the highest concentration of the contaminant at a point of impingement that a facility is capable of.

(1.9) Despite subsection (1.5), the Director may, by written notice, require a person making a determination for the purposes of paragraph 1 of subsection (1) to consider a scenario specified in the notice that is not of a type mentioned in subsection (1.5) for an averaging period specified in the notice, if the Director is of the opinion that at least one of the following criteria is met:

1. There may be an acute effect associated with a contaminant discharged during the scenario.
2. The scenario may occur too frequently and permit discharges of a contaminant that may,
 - i. result in a contravention of section 19 or 20 if the scenario were considered in making a determination for the purposes of paragraph 1 of subsection (1), or
 - ii. in the case of a contaminant in respect of which neither section 19 nor 20 applies, cause an adverse effect.

(1.10) If, in preparing or updating a report in accordance with section 26, a person considered a scenario of a type not mentioned in subsection (1.5) and included a description of that scenario in the report in accordance with paragraph 6 of subsection 26 (1), the Director is deemed to have given written notice requiring the person to consider that scenario for the purpose of making a determination under paragraph 1 of subsection (1).

(1.11) A person who receives notice from the Director under subsection (1.4), (1.8) or (1.9) shall, if required to do so in the notice, provide the Director with the following information:

1. A description of how the person carried out the consideration required by the notice. The description may refer to the use of assumptions, estimates, calculations and models.
2. If the notice specified that the consideration was to be carried out using an approved dispersion model, the approved dispersion model that was used.
3. A determination by the person as to whether the scenario specified in the notice will result in the highest concentration of a contaminant at a point of impingement that the facility is capable of.
4. If the person determines that the scenario specified in the notice will not result in the highest concentration of a contaminant at a point of impingement that the facility is capable of, an explanation of which other scenario was determined to result in such a concentration of the contaminant and a justification of the determination.

(3) Subsection 10 (2) of the Regulation is amended by striking out the portion before clause (a) and substituting the following:

(2) Despite subsection (1), the Director may give written notice to a person who discharges or causes or permits discharges of a contaminant requiring that an approved dispersion model that is used for the purposes of this Part be used with the scenario described in paragraph 2 of subsection (1) and in accordance with the notice, if,

(4) Subsection 10 (3) of the Regulation is amended by striking out “subsection (2)” and substituting “subsection (1.4), (1.8), (1.9) or (2)”.

4. Subsection 11 (1) of the Regulation is amended by striking out “under section 19 or 20, whichever is applicable” in the portion before paragraph 1.

5. (1) Paragraph 2 of subsection 13 (1) of the Regulation is amended by striking out “that has been refined to reflect” and substituting “that, in the opinion of the Director, has been refined to accurately reflect”.

(2) Paragraph 3 of subsection 13 (1) of the Regulation is amended by striking out “meteorological conditions” at the end and substituting “meteorological and local land use conditions”.

6. The Regulation is amended by adding the following section:

Incident-specific ESDM report

24.1 (1) The Director may order a person to prepare a report in accordance with section 26 and to submit the report to the Director not later than a date specified in the order, if the Director has reasonable grounds to believe that a contaminant was discharged from the facility and, as a result of the discharge, the person may have,

- (a) contravened section 19 or 20; or
- (b) if sections 19 and 20 do not apply to discharges of the contaminant, caused an adverse effect.
- (2) An order made under subsection (1) may,
 - (a) require that the report only be prepared with respect to contaminants and, despite subsection 17 (4), averaging periods specified in the order and need not list all contaminants that are discharged from the property, despite anything to the contrary in section 26;
 - (b) despite sections 6 and 7, require that a dispersion model that, in the opinion of the Director, would predict concentrations of the contaminant at least as accurately as an approved dispersion model, be used as the approved dispersion model for the purposes of preparing the report;
 - (c) despite section 10, require that an approved dispersion model be used in accordance with a scenario that uses actual operating data for the facility during the time at which the discharge referred to in subsection (1) occurred;
 - (d) despite section 11, require that an approved dispersion model be used with an emission rate that is an accurate reflection of the emission rate at the time the discharge referred to in subsection (1) occurred; and
 - (e) require that the approved dispersion model be used with meteorological data approved under paragraph 4 of subsection 13 (1) as an accurate reflection of meteorological and local land use conditions at the time the discharge referred to in subsection (1) occurred.
- (3) An order made under subsection (1) may require the person to include the following information in the report:
 - 1. The cause of the discharge referred to in subsection (1), if known, and the circumstances surrounding the discharge.
 - 2. If the cause of the discharge is not known, an assessment of the most likely cause based on the best information available and an explanation of steps that have been taken or will be taken to determine the cause.

7. (1) Subsection 26 (1.1) of the Regulation is revoked and the following substituted:

(1.1) If a person is required to use an approved dispersion model in accordance with more than one scenario described in section 10 and the information required to be included in the report under subsection (1) differs among those scenarios, the requirement under subsection (1) is deemed to require that information for each of the scenarios.

(2) Section 26 of the Regulation is amended by adding the following subsection:

(3) For the purposes of this Regulation, the amount of a polycyclic aromatic hydrocarbon, other than benzo(a)pyrene and naphthalene, discharged from a property may be deemed to be negligible if benzo(a)pyrene is discharged to the air from the property.

8. (1) Subsection 30 (1) of the Regulation is amended by adding “the concentration of the contaminant exceeding” at the end of the portion before clause (a).

(2) Clause 30 (1) (a) of the Regulation is amended by striking out “the concentration of the contaminant exceeding” at the beginning.

9. (1) Subsection 32 (1) of the Regulation is amended by adding the following paragraph:

- 10. The person discharges or causes or permits the discharge of the contaminant from a facility and, according to an approved dispersion model, discharges of the contaminant from the facility would result in the concentration of the contaminant at a point of impingement exceeding the standard set out in Schedule 3 for the contaminant and the specified averaging period during a scenario specified in a notice given by the Director under subsection 10 (1.9).

(2) Subsection 32 (10) of the Regulation is revoked and the following substituted:

(10) A person who makes a request under subsection (1) that relies on paragraph 6, 7 or 10 of subsection (1) may not make the request after the third anniversary of the day the Director gave the relevant notice under subsection 7 (1) or 10 (1.9), as the case may be.

10. (1) Subsection 42 (1) of the Regulation is amended by adding “24.1” after “24” in the portion before clause (a).

(2) Subsection 42 (2) of the Regulation is revoked and the following substituted:

- (2) This Part applies for the purposes of,
- (a) the determination of whether the Director may give a person a notice under section 24 or 27.1 or an order under section 24.1; and
- (b) the preparation of a report required by a notice under section 24 or 27.1 or an order under section 24.1.

11. (1) Subsection 43 (1) of the Regulation is amended by adding “24.1” after “24” in the portion before clause (a).

(2) Subsection 43 (2) of the Regulation is revoked and the following substituted:

- (2) This Part applies for the purposes of,
- (a) the determination of whether the Director may give a person a notice under section 24 or 27.1 or an order under section 24.1; and
- (b) the preparation of a report required by a notice under section 24 or 27.1 or an order under section 24.1.

12. (1) Subsection 44 (1) of the Regulation is amended by adding “24.1” after “24” in the portion before clause (a).

(2) Subsection 44 (2) of the Regulation is revoked and the following substituted:

- (2) This Part applies for the purposes of,
- (a) the determination of whether the Director may give a person a notice under section 24 or 27.1 or an order under section 24.1; and
- (b) the preparation of a report required by a notice under section 24 or 27.1 or an order under section 24.1.

13. (1) The heading to Schedule 2 to the Regulation is amended by striking out “Updated”.

(2) Item 12 of Schedule 2 to the Regulation is amended by adding “Beryllium” before “compounds” in the column entitled “Contaminant”.

(3) Item 27.1 of Schedule 2 to the Regulation is amended by striking out “7440-47-3” in the column entitled “CAS No.” and substituting “18540-29-9”.

14. (1) Item 3 of Schedule 3 to the Regulation is amended by adding “none” in the column entitled “Other Time Period Standard ($\mu\text{g}/\text{m}^3$, unless otherwise indicated)”.

(2) Item 10 of Schedule 3 to the Regulation is amended by adding “Beryllium” before “compounds” in the column entitled “Contaminant”.

(3) Item 25.1 of Schedule 3 to the Regulation is amended by striking out “7440-47-3” in the column entitled “CAS No.” and substituting “18540-29-9”.

(4) Item 52 of Schedule 3 to the Regulation is amended by striking out “15438-31-0” in the column entitled “CAS No.” and substituting “7439-89-6”.

(5) Item 88 of Schedule 3 to the Regulation is revoked and the following substituted:

88.	7446-09-5	Sulphur Dioxide	100	none	10; annual
-----	-----------	-----------------	-----	------	------------

15. (1) Item 9.1 of Schedule 6 to the Regulation is amended by striking out “7440-47-3” in the column entitled “CAS No.” and substituting “18540-29-9”.

(2) Schedule 6 to the Regulation is amended by adding the following item:

33.2	7446-09-5	Sulphur Dioxide	830	690 (1 hour)
------	-----------	-----------------	-----	--------------

16. (1) Item 7.1 of Schedule 7 to the Regulation is amended by striking out “7440-47-3” in the column entitled “CAS No.” and substituting “18540-29-9”.

(2) Schedule 7 to the Regulation is amended by adding the following item:

28.2	7446-09-5	Sulphur Dioxide		
------	-----------	-----------------	--	--

17. Item 17 of Schedule 8 to the Regulation is amended by striking out “0.003” in the column entitled “Toxic Equivalency Factor” and substituting “0.0003”.

Commencement

18. (1) Subject to subsections (2) and (3), this Regulation comes into force on the later of July 1, 2018 and the day it is filed.

(2) Subsection 14 (5) comes into force on July 1, 2023.

(3) Subsection 15 (2) comes into force on January 1, 2019.

ONTARIO REGULATION 111/18
made under the
REPAIR AND STORAGE LIENS ACT

Made: March 4, 2018
Filed: March 20, 2018
Published on e-Laws: March 21, 2018
Printed in *The Ontario Gazette*: April 7, 2018

FORMS

Direction to seize

1. A direction to seize an article under subsection 14 (1) of the Act shall be in Form 1.

Application to Small Claims Court

2. An application to the Small Claims Court under section 23 of the Act shall be in Form 2.

Application under s. 24 of the Act

3. An application under section 24 of the Act shall be in Form 3.

Initial certificate

4. An initial certificate under subsection 24 (5) of the Act shall be in Form 4.

Notice of objection by respondent

5. A notice of objection by a respondent under subsection 24 (6) of the Act shall be in Form 5.

Final certificate

6. A final certificate under subsection 24 (7) of the Act shall be in Form 6.

Writ of seizure

7. A writ of seizure under subsection 24 (9) of the Act shall be in Form 7.

Receipt for article that is released

8. A receipt under subsection 24 (11) of the Act for an article that a respondent releases to an applicant in compliance with an initial or final certificate shall be in Form 8.

Receipt for article that is seized

9. A receipt under subsection 24 (11) of the Act for an article that is seized by a sheriff or bailiff under a writ of seizure shall be in Form 9.

Waiver of further claim

10. A waiver of further claim under subsection 24 (11) of the Act shall be in Form 10.

Irrevocable letter of credit

11. An irrevocable letter of credit is prescribed as a type of security for the purposes of subsections 24 (4) and (7) of the Act and it shall be in Form 11.

Financial guarantee bond

12. A financial guarantee bond is prescribed as a type of security for the purposes of subsections 24 (4) and (7) of the Act and it shall be in Form 12.

Access to forms

13. In this Regulation, when a form is referred to by number, the reference is to the form with that number that is described in the Table of Forms at the end of this Regulation and is available on the website of the Government of Ontario Central Forms Repository.

Printed in *The Ontario Gazette*: April 7, 2018

Amending O. Reg. 4/01

(APPROVED ACTS OF EXECUTORS AND TRUSTEES)

1. Ontario Regulation 4/01 is amended by adding the following section:**AUTHORIZATION TO PAY****2.1** (1) In this section,

“corporate trustee” means a corporation deemed by subsection 1 (2) of the Act to be a trustee within the meaning of the Act; (“fiduciaire constitué en société”)

“person connected to a director” means a person determined in accordance with subsection (3). (“personne liée à un administrateur”)

(2) A corporate trustee may, in the circumstances and subject to the restrictions set out in this section, make payments from the charitable property acquired by it to any of the following persons, for goods, services or facilities provided to it by the person:

1. A director of the corporate trustee.
2. A person connected to a director of the corporate trustee.

(3) The following are persons connected to a director of the corporate trustee for the purposes of this section, but do not include the corporate trustee itself:

1. A spouse, child, parent, grandparent or sibling of the director.
2. The employer of the director or of a person described in paragraph 1.
3. A corporation with share capital, if, singly or jointly, the director or a person described in paragraph 1 beneficially owns, controls or has direction over more than 5 per cent of the corporation’s shares.
4. A corporation without share capital, if, singly or jointly, the director or a person described in paragraph 1 beneficially owns, controls or has direction over more than 20 per cent of the outstanding voting membership interests of the corporation.
5. A corporation with or without share capital for which the director or a person described in paragraph 1 acts as director or officer.
6. A partnership in which the director or a person described in paragraph 1 is a partner, or in which a corporation described in paragraph 3, 4 or 5 is a partner.
7. A partner in a partnership described in paragraph 6.

(4) This section does not authorize any of the following:

1. Remuneration or other direct or indirect payment for services provided by a director as a director or employee of the corporate trustee, as the case may be, in that capacity.
2. Direct or indirect payment for providing fundraising services or for selling goods or services for fundraising purposes.
3. Direct or indirect payment made in connection to the purchase or sale of real property.

(5) Payments made under this section,

- (a) must be made with a view to the corporate trustee’s best interests;
- (b) must be in an amount that is reasonable for the corporate trustee to pay for the goods, services or facilities that are provided;
- (c) must not result in the amount of the corporate trustee’s debts and liabilities exceeding the charitable property’s value, or render the corporate trustee insolvent; and

- (d) must not exceed the amount set out in the agreement referred to in clause (a) of subsection (6) for the goods, services or facilities to be provided.
- (6) Before a corporate trustee's board of directors may authorize payment for goods, services or facilities under this section,
 - (a) every director of the corporate trustee must agree in writing to a maximum amount that can be paid by the corporate trustee for the goods, services or facilities and, if the goods, services or facilities are to be provided by a person connected to a director, that person must also agree in writing to the maximum amount;
 - (b) every director of the corporate trustee, other than the director providing the goods, services or facilities or the director to whom the person providing the goods, services or facilities is connected, as the case may be, must agree in writing that he or she is satisfied that the payment is being made in accordance with the requirements, and within the restrictions, of this section; and
 - (c) the board of directors must consider any guidance respecting payments made under this section that is issued by the Public Guardian and Trustee and published on a Government of Ontario website.
- (7) In order for a corporate trustee's board of directors to authorize payment under this section, there must be at least four voting directors on the board, not including the director providing the goods, services or facilities or the director to whom the person providing the goods, services or facilities is connected, as the case may be.
- (8) Regardless of whether goods, services or facilities are provided by a director of the corporate trustee or by a person connected to a director of the corporate trustee, neither the director nor any person connected to him or her shall attend any part of a board meeting during which the decision to authorize the payment is discussed, nor vote on the matter.
- (9) The total number of persons receiving payment under this section must not exceed 20 per cent of the number of voting directors on the board.
- (10) The directors of the corporate trustee shall ensure that information respecting payments made under this section in a given year is noted in the corporate trustee's financial statements for that year, and placed before its members at an annual meeting of the members.
- (11) Clauses (5) (c) and (d) and subsections (6) to (10) do not apply with respect to a payment made under this section to a corporation described in paragraph 5 of subsection (3), if neither the director nor a person connected to the director, other than the corporation itself, would receive any benefit from the payment and,
 - (a) the corporation is a corporation without share capital; or
 - (b) all of the corporation's shares are owned by the corporate trustee.

Commencement**2. This Regulation comes into force on the later of April 1, 2018 and the day it is filed.**

RÈGLEMENT DE L'ONTARIO 112/18

pris en vertu de la

LOI SUR LA COMPTABILITÉ DES OEUVRES DE BIENFAISANCE

pris le 20 mars 2018
déposé le 22 mars 2018
publié sur le site Lois-en-ligne le 22 mars 2018
imprimé dans la *Gazette de l'Ontario* le 7 avril 2018

modifiant le Règl. de l'Ont. 4/01

(ACTIONS APPROUVÉES DES EXÉCUTEURS TESTAMENTAIRES ET DES FIDUCIAIRES)

1. Le Règlement de l'Ontario 4/01 est modifié par adjonction de l'article suivant :**AUTORISATION DE PAYER****2.1 (1)** Les définitions qui suivent s'appliquent au présent article.

«fiduciaire constitué en société» Personne morale réputée, par le paragraphe 1 (2) de la Loi, fiduciaire au sens de la Loi. («corporate trustee»)

«personne liée à un administrateur» Personne reconnue comme telle conformément au paragraphe (3). («person connected to a director»)

(2) Tout fiduciaire constitué en société peut, dans les circonstances et sous réserve des restrictions énoncées au présent article, verser des paiements sur les biens destinés à des fins de bienfaisance qu'il a acquis à l'une ou l'autre des personnes suivantes pour des produits, services ou installations que la personne lui a fournis :

1. Un administrateur du fiduciaire constitué en société.
2. Une personne liée à un administrateur du fiduciaire constitué en société.

(3) Les personnes suivantes sont des personnes liées à un administrateur du fiduciaire constitué en société pour l'application du présent article, à l'exclusion du fiduciaire lui-même :

1. Un conjoint, un enfant, un parent, un grand-parent, un frère ou une soeur de l'administrateur.
2. L'employeur de l'administrateur ou d'une personne visée à la disposition 1.
3. Une personne morale avec capital-actions, si, seul ou conjointement, l'administrateur ou une personne visée à la disposition 1 est propriétaire bénéficiaire de plus de 5 % des actions de la personne morale, ou a le contrôle ou la haute main sur celles-ci.
4. Une personne morale sans capital-actions, si, seul ou conjointement, l'administrateur ou une personne visée à la disposition 1 est propriétaire bénéficiaire de plus de 20 % des intérêts avec droit de vote en circulation correspondant au statut de membre de la personne morale, ou a le contrôle ou la haute main sur ceux-ci.
5. Une personne morale avec ou sans capital-actions pour laquelle l'administrateur ou une personne visée à la disposition 1 agit à titre d'administrateur ou de dirigeant.
6. Une société de personnes dans laquelle l'administrateur ou une personne visée à la disposition 1 est un associé ou dans laquelle une personne morale visée à la disposition 3, 4 ou 5 est un associé.
7. Un associé d'une société de personnes visée à la disposition 6.

(4) Le présent article n'a pas pour effet d'autoriser les actions suivantes :

1. Le versement d'une rémunération ou d'un autre paiement direct ou indirect pour des services qu'un administrateur a fournis en qualité d'administrateur ou d'employé du fiduciaire constitué en société, selon le cas.
2. Le versement d'un paiement direct ou indirect pour avoir fourni des services de financement ou vendu des produits ou des services à des fins de financement.
3. Le versement d'un paiement direct ou indirect relativement à l'achat ou à la vente de biens immeubles.

(5) Les paiements versés en vertu du présent article doivent remplir les conditions suivantes :

- a) être versés au mieux des intérêts du fiduciaire constitué en société;
- b) être raisonnables pour le fiduciaire constitué en société compte tenu des produits, services ou installations fournis;

- c) ne pas entraîner un excédent des dettes et des obligations du fiduciaire constitué en société sur la valeur des biens destinés à des fins de bienfaisance, ni rendre insolvable le fiduciaire constitué en société;
 - d) ne pas dépasser la somme fixée dans l'accord visé à l'alinéa a) du paragraphe (6) à l'égard des produits, services ou installations à fournir.
- (6) Avant que le conseil d'administration d'un fiduciaire constitué en société ne puisse autoriser un paiement pour des produits, services ou installations en vertu du présent article, les conditions suivantes doivent être remplies :
- a) tous les administrateurs du fiduciaire constitué en société doivent convenir par écrit de la somme maximale que ce dernier peut payer pour les produits, services ou installations et, si ceux-ci doivent être fournis par une personne liée à un administrateur, cette personne doit également convenir par écrit de la somme maximale;
 - b) tous les administrateurs du fiduciaire constitué en société, à l'exception de l'administrateur qui fournit les produits, services ou installations ou de l'administrateur auquel est liée la personne qui fournit ces produits, services ou installations, selon le cas, doivent convenir par écrit qu'ils sont convaincus que le paiement est versé conformément aux exigences du présent article et dans le respect des restrictions qui y sont prévues;
 - c) le conseil d'administration doit prendre en considération les lignes directrices relatives aux paiements versés en vertu du présent article, qu'émet le Tuteur et curateur public et qui sont publiées sur un site Web du gouvernement de l'Ontario.
- (7) Pour que le conseil d'administration d'un fiduciaire constitué en société autorise un paiement en vertu du présent article, il doit compter en son sein au moins quatre administrateurs avec voix délibérative, exclusion faite de l'administrateur qui fournit les produits, services ou installations ou de l'administrateur auquel est liée la personne qui fournit ces produits, services ou installations, selon le cas.
- (8) Que les produits, services ou installations soient fournis par un administrateur du fiduciaire constitué en société ou par une personne liée à cet administrateur, ni l'administrateur ni une personne liée à celui-ci ne doivent assister à la partie d'une réunion du conseil d'administration pendant laquelle la décision d'autoriser le paiement est discutée, ni participer à un vote sur la question.
- (9) Le nombre total des personnes qui reçoivent un paiement visé au présent article ne doit pas dépasser 20 % du nombre des administrateurs avec voix délibérative siégeant au conseil d'administration.
- (10) Les administrateurs du fiduciaire constitué en société veillent à ce que les renseignements concernant les paiements versés en vertu du présent article au cours d'une année donnée soient consignés dans les états financiers du fiduciaire pour cette année et présentés à ses membres à une assemblée annuelle de ceux-ci.
- (11) Les alinéas (5) c) et d) et les paragraphes (6) à (10) ne s'appliquent pas, à l'égard d'un paiement versé en vertu du présent article, à une personne morale visée à la disposition 5 du paragraphe (3) si ni l'administrateur ni une personne liée à celui-ci, à l'exclusion de la personne morale elle-même, ne reçoit un avantage de ce paiement et que, selon le cas :
- a) il s'agit d'une personne morale sans capital-actions;
 - b) toutes les actions de la personne morale appartiennent au fiduciaire constitué en société.

Entrée en vigueur**2. Le présent règlement entre en vigueur le dernier en date du 1^{er} avril 2018 et du jour de son dépôt.**

Amending O. Reg. 48/01

(GENERAL)

1. Subsection 1.1 (4) of Ontario Regulation 48/01 is amended by striking out “subsection 6.1 (1)” and substituting “subsections 6.1 (1) and 24.1 (1)”.

2. Subsection 12.2 (2) of the Regulation is amended by adding the following clause:

- (i.1) if the meeting is a meeting that has been requisitioned in accordance with section 46 of the Act for the purpose of considering the installation of an electric vehicle charging system to be carried out in accordance with subsection 24.3 (5) of this Regulation,
 - (i) a statement that describes the proposed installation, and
 - (ii) a statement of the estimated cost of the proposed installation indicating the manner in which the corporation proposes to pay the cost, where cost has the same meaning as in subsection 24.3 (2);

3. (1) Subsection (2) applies only if subsection (3) comes into force before the day section 88 of Schedule 1 to the *Protecting Condominium Owners Act, 2015* comes into force.

(2) The English version of clause 12.8 (1) (g) of the Regulation is amended by striking out “and” at the end.

(3) Subsection 12.8 (1) of the Regulation is amended by striking out “and” at the end of clause (g) and by adding the following clause:

- (g.1) if the meeting is a meeting that has been requisitioned in accordance with section 46 of the Act for the purpose of considering the installation of an electric vehicle charging system to be carried out in accordance with subsection 24.3 (5) of this Regulation,
 - (i) a statement that describes the proposed installation, and
 - (ii) a statement of the estimated cost of the proposed installation indicating the manner in which the corporation proposes to pay the cost, where cost has the same meaning as in subsection 24.3 (2); and

4. Subsection 13.1 (1) of the Regulation is amended by adding the following paragraph:

- 13.1 Records that relate to the installation of an electric vehicle charging system carried out in accordance with section 24.3 or with sections 24.4 to 24.6 and that the corporation creates or receives.

5. Subsection 14 (0.1) of the Regulation is amended by striking out “and” at the end of clause (q) and by adding the following clauses:

- (s) to govern information described in sub-subparagraph 4 ii C of subsection 24.3 (4) to be included in a notice described in paragraph 4 of that subsection, in addition to the information required by that paragraph; and
- (t) to govern information described in subparagraph 2 vi of subsection 24.3 (5) to be included in a notice described in paragraph 2 of that subsection, in addition to the information required by that paragraph.

6. (1) Section 17 of the Regulation is amended by adding the following subsection:

(4) For the purpose of clause 74 (2) (b) of the Act, a substantial addition, alteration or improvement within the meaning of subsection 97 (6) of the Act includes the installation of an electric vehicle charging system that is an addition, alteration or improvement to the common elements and that is carried out in accordance with subsection 24.3 (5) of this Regulation.

(2) Subsection 17 (4) of the Regulation, as made by subsection (1), is revoked and the following substituted:

(4) For the purpose of clause 74 (2) (b) of the Act, a substantial modification within the meaning of subsection 97 (9) of the Act includes the installation of an electric vehicle charging system that is an addition, alteration or improvement to the common elements and that is carried out in accordance with subsection 24.3 (5) of this Regulation.

7. (1) Section 18 of the Regulation is amended by adding the following subsection:

- (0.1) For the purpose of clause 76 (1) (s) of the Act, a status certificate shall contain,

- (a) a statement of any proposed installation of an electric vehicle charging system to be carried out in accordance with subsection 24.3 (5) of this Regulation; and
- (b) a statement whether the parties have complied with all current agreements described in subsection 24.6 (3) of this Regulation that the corporation and the owner of the unit, to which the certificate relates, have entered into.

(2) Subsection 18 (1) of the Regulation is amended by striking out “September 1, 2011” and substituting “March 23, 2018”.

8. The Regulation is amended by adding the following sections:

Provisions deemed to be included in the declaration

24.1 (1) Sections 24.2 to 24.7 are deemed to be included in the declaration of the corporation.

(2) No board, including a board described in subsection 11 (8) of the Act, may approve a proposed amendment or repeal of anything that subsection (1) of this section deems to be included in the declaration of the corporation.

Definitions

24.2 In this section and sections 24.3 to 24.7,

“electric vehicle” means an electric vehicle as defined in Section 86 of the Electrical Safety Code adopted under Ontario Regulation 164/99 (Electrical Safety Code) made under the *Electricity Act, 1998*; (“véhicule électrique”)

“electric vehicle charging system” means electric vehicle supply equipment as defined in Section 86 of the Electrical Safety Code adopted under Ontario Regulation 164/99 (Electrical Safety Code) and any other related equipment necessary to supply power to an electric vehicle. (“système de recharge des véhicules électriques”)

Exemption for installation of electric vehicle charging system made by corporation

24.3 (1) In this section,

“installation”, in relation to an electric vehicle charging system, means any of the following that is necessary to set up the system:

1. Any addition, alteration or improvement to the common elements.
2. Any change in the assets of the corporation or change in a service that the corporation provides to the owners.

(2) For the purposes of subsections (4) and (5), the cost of the installation of an electric vehicle charging system does not include any costs related to the use, operation, repair after damage, maintenance and insurance of the system.

(3) A corporation is exempt from section 97 of the Act in relation to an electric vehicle charging system if all or any part of the system is situated on the property or an asset of the corporation and if the installation of the system is made by the corporation and is carried out in accordance with subsection (4) or (5).

(4) The requirements under this subsection for an exemption described in subsection (3) relating to the installation of an electric vehicle charging system are the following:

1. The board has conducted an assessment of the cost to the corporation of the proposed installation.
2. The estimated cost, if any, to the corporation of the proposed installation, based on the total cost, regardless of whether part of the cost is incurred before or after the current fiscal year, is not greater than 10 per cent of the annual budgeted common expenses for the current fiscal year.
3. In the reasonable opinion of the board, the owners would not regard the proposed installation as causing a material reduction or elimination of their use or enjoyment of the units that they own or the common elements or assets, if any, of the corporation.
4. The corporation has sent a notice to the owners that,
 - i. describes the proposed installation, and
 - ii. contains,
 - A. a statement that, in the reasonable opinion of the board, the owners would not regard the proposed installation as causing a material reduction or elimination of their use or enjoyment of the units that they own or the common elements or assets, if any, of the corporation,
 - B. a statement of the estimated cost to the corporation of carrying out the proposed installation, indicating the manner in which the corporation proposes to pay the cost, and
 - C. all other information relating to the proposed installation that a by-law of the corporation requires be included in the notice.

5. At least 60 days have passed since the corporation has complied with paragraph 4.

(5) The requirements under this subsection for an exemption described in subsection (3) relating to the installation of an electric vehicle charging system are the following:

1. The board has conducted an assessment of the cost to the corporation of the proposed installation.
2. The corporation has sent a notice to the owners that,
 - i. describes the proposed installation,
 - ii. contains a statement of the estimated cost to the corporation of carrying out the proposed installation, indicating the manner in which the corporation proposes to pay the cost,
 - iii. contains a statement that, in the reasonable opinion of the board, the owners would regard the proposed installation as causing a material reduction or elimination of their use or enjoyment of the units that they own or the common elements or assets, if any, of the corporation, if the requirement described in paragraph 3 of subsection (4) is not met,
 - iv. specifies that the owners have the right, in accordance with section 46 of the Act and within 60 days of receiving the notice, to requisition a meeting of owners,
 - v. contains a copy of the text of section 46 of the Act and section 24.2 and this section of this Regulation, and
 - vi. contains all other information relating to the proposed installation that a by-law of the corporation requires be included in the notice.
3. The owners,
 - i. have not requisitioned a meeting in accordance with section 46 of the Act within 60 days of receiving a notice described in paragraph 2,
 - ii. have requisitioned a meeting in accordance with section 46 of the Act within 60 days of receiving a notice described in paragraph 2 but a quorum is not present at the first attempt to hold the meeting, or
 - iii. have requisitioned a meeting in accordance with section 46 of the Act within 60 days of receiving a notice described in paragraph 2, a quorum is present at the first attempt to hold the meeting and the owners have not voted against the proposed installation at the meeting.

(6) All costs to a corporation related to an electric vehicle charging system that has been installed under this section are a common expense for the purposes of the definition of “common expenses” in subsection 1 (1) of the Act.

(7) If the corporation has an obligation to repair the units or common elements after damage or to maintain them and the corporation carries out the obligation using materials that are as reasonably close in quality to the original as is appropriate in accordance with current construction standards, the work shall be deemed not to be an installation that is an addition, alteration or improvement to the common elements or a change in the assets of the corporation.

Exemption for installation of electric vehicle charging system made by owner

24.4 (1) In this section and sections 24.5 and 24.6 and subsection 24.7 (4),

“installation”, in relation to an electric vehicle charging system, means any addition, alteration or improvement to the common elements that is necessary to set up the system.

(2) An owner in a corporation and the corporation are exempt from section 98 of the Act in relation to an electric vehicle charging system if all or any part of the system is situated on the property and if the installation of the system is made by the owner and is carried out in accordance with sections 24.5 and 24.6.

Application for installation

24.5 (1) For the purposes of subsection 24.4 (2), the owner must deliver an application for the installation of an electric vehicle charging system to the corporation.

(2) The application shall,

- (a) be in writing;
- (b) identify the owner and the owner’s address for service for the purposes of the application;
- (c) be signed by the owner; and
- (d) include drawings, specifications or information with respect to the proposed installation, including its location, that on reasonable grounds are relevant to any report or opinion described in subsection (8) that the corporation could obtain.

(3) The application and any other communication between the owner and the corporation in respect of the application is sufficiently delivered to the corporation if it is,

- (a) sent by prepaid mail to,

- (i) the address for service of,
 - (A) the corporation,
 - (B) the condominium management provider or the condominium manager, if any, with whom the corporation has an agreement to receive condominium management services, or
 - (C) any other person responsible for the management of the property, or
- (ii) an address that the board has, by resolution, decided is an address for receiving delivery of the application;

- (b) sent by courier delivery to an address described in clause (a) that is capable of receiving courier delivery;
- (c) deposited in the mail box for an address described in clause (a);
- (d) sent by facsimile transmission, electronic mail or any other method of electronic communication if the board has, by resolution, decided that it is a method for receiving delivery of the application; or
- (e) sent in any manner that the corporation and the owner agree to in writing.

(4) As soon as reasonably possible, the corporation shall provide any information, permission or authorization that the owner requests in writing and that, on a reasonable basis, is required for the owner to fulfill the requirement described in clause (2) (d).

(5) Subject to subsection (7), when the corporation receives an application that complies with subsection (2), the board shall, within 60 days or the other time period that the corporation and the owner agree to in writing, respond to the owner in writing stating whether it rejects or does not reject the application in accordance with subsections (8) to (14).

(6) Subject to subsection (7), when the corporation receives an application that, according to the board, does not comply with subsection (2), the board shall, as soon as reasonably possible or within the other time period that the corporation and the owner agree to in writing, respond to the owner in writing stating why, according to the board, the application does not comply with subsection (2).

(7) The board is not required to respond to the owner under subsection (5) or (6) if the owner withdraws the application in writing before the time required for the board's response.

(8) The board may reject the application only if a report or opinion of a person whose profession lends credibility to the report or opinion, obtained by the corporation, complies with subsection (9) and clearly states that the proposed installation,

- (a) will be contrary to any general or special Act or regulations or by-laws made under that Act, including the Electrical Safety Code adopted under Ontario Regulation 164/99 (Electrical Safety Code) made under the *Electricity Act, 1998* but not including anything in the declaration of the corporation or a by-law or rule of the corporation;
- (b) will adversely affect the structural integrity of the property or assets, if any, of the corporation; or
- (c) will pose a serious risk,
 - (i) to the health and safety of an individual, or
 - (ii) of damage to the property or the assets, if any, of the corporation.

(9) The report or opinion shall set out the reasons on which the statement required by subsection (8) is based.

(10) If the board rejects the application under subsection (8), the board's response to the owner shall state that the board rejects the application under that subsection and, subject to subsection (11), include a copy of the report or opinion described in subsection (8) that forms the basis of the board's rejection.

(11) The board's response shall not include any part of the report or opinion that subsection 55 (4) of the Act would prevent the corporation from permitting the owner to examine if the owner made a request to examine it under subsection 55 (3) of the Act.

(12) If the board does not reject the application under subsection (8), the board may require that the proposed installation be carried out in an alternative manner or location if the alternative manner or location would not cause the owner to incur unreasonable additional costs and if the alternative manner or location is necessary so that,

- (a) the owners, on an objective basis, would not regard the proposed installation as causing a material reduction or elimination of their use or enjoyment of the units that they own or the common elements or assets, if any, of the corporation; or
- (b) the proposed installation will not be contrary to anything in the declaration of the corporation or a by-law or rule of the corporation or any agreement mentioned in section 113 of the Act or other agreement to which the corporation is a party, but not including,
 - (i) anything in a declaration that has the effect of prohibiting the installation of electric vehicle charging systems generally on the property, or

- (ii) anything in a by-law, rule or agreement that has the effect of prohibiting or unreasonably restricting the installation of electric vehicle charging systems generally on the property.
- (13) If the board requires that the proposed installation be carried out in an alternative manner or location under subsection (12), the board's response to the owner shall,
 - (a) state that fact;
 - (b) state why, according to the board,
 - (i) the owners, on an objective basis, would regard the proposed installation as causing a material reduction or elimination of their use or enjoyment of the units that they own or the common elements or assets, if any, of the corporation, or
 - (ii) the proposed installation will contravene anything in the declaration of the corporation or a by-law or rule of the corporation or any agreement mentioned in section 113 of the Act or other agreement to which the corporation is a party, but not including,
 - (A) anything in a declaration that has the effect of prohibiting the installation of electric vehicle charging systems generally on the property, or
 - (B) anything in a by-law, rule or agreement that has the effect of prohibiting or unreasonably restricting the installation of electric vehicle charging systems generally on the property; and
 - (c) include drawings, specifications and information that clearly set out how the proposed installation is to be carried out in the alternative manner or location required by the board.
- (14) If the board does not reject the application under subsection (8) and does not require that the proposed installation be carried out in an alternative manner or location under subsection (12), the board's response to the owner shall state that fact.
- (15) The board's response under subsection (5) or (6) and any other communication between the corporation and the owner in respect of the application is sufficiently delivered to the owner if it is delivered to the owner's address for service given in the application or in any manner that the corporation and the owner agree to in writing.
- (16) If the board does not respond to the owner as required by subsection (5), the board is deemed to have not rejected the application and to have not required that the proposed installation be carried out in an alternative manner or location under subsection (12).
- (17) Each of the owner and the corporation shall bear the costs for all steps that the party takes under this section unless the owner and corporation agree otherwise in the agreement described in subsection 24.6 (3).

Agreement for installation

- 24.6** (1) Subject to subsection (2), if the board responds as described in subsection 24.5 (13) or (14) or is deemed to have responded as described in subsection 24.5 (16), the corporation and the owner shall take all reasonable steps to enter into the agreement described in subsection (3) within 90 days or the other time period that the corporation and the owner agree to in writing.
- (2) The corporation and the owner are not required to comply with subsection (1) if the owner has withdrawn the application in writing before the time required for the parties to enter into the agreement described in subsection (3).
- (3) The agreement shall be in writing and its terms and conditions shall be reasonable and necessary to facilitate the installation, use and operation of the electric vehicle charging system and shall include terms and conditions that,
- (a) relate to the manner of the installation;
 - (b) subject to subsection (4), allocate the cost of the installation of the system between the corporation and the owner;
 - (c) set out the respective duties and responsibilities of the corporation and the owner with respect to the system, including the responsibilities for the cost of the use, operation, repair after damage, maintenance and insurance of the system and the cost of preparing the agreement and registering it under subsection (5);
 - (d) specify who will have the ownership of the system or any part of it; and
 - (e) relate to the cessation of the use and operation of the system or the termination of the agreement.
- (4) The owner shall be responsible for the following costs to carry out the installation, unless the owner and corporation agree otherwise in the agreement:
1. All costs to carry out the installation, if the owner or a person retained by the owner carries out the installation.
 2. All reasonable costs necessary to carry out the installation, if the corporation or a person retained by the corporation carries out the installation.

(5) The corporation shall, as soon as reasonably possible or within the other time period that the corporation and the owner agree to in writing, register the agreement against the title to the owner's unit and the agreement does not take effect until the corporation has registered it.

(6) The corporation may add the costs, charges, interest and expenses resulting from an owner's failure to comply with an agreement to the common expenses payable for the owner's unit and may specify a time for payment by the owner.

(7) An agreement binds the owner's unit and is enforceable against the owner's successors and assigns.

Mediation and arbitration

24.7 (1) The corporation and the owners agree to submit a disagreement between the parties with respect to section 24.3 to 24.6 or subsection (4) of this section to mediation and arbitration.

(2) Every agreement described in subsection 24.6 (3) is deemed to contain a provision to submit a disagreement between the parties with respect to the agreement to mediation and arbitration.

(3) If an owner or a corporation submits a disagreement described in subsection (1) or (2) to mediation or arbitration, section 132 of the Act applies to it.

(4) An application by an owner for the installation of an electric vehicle charging system under section 24.5 shall be deemed to be abandoned and it shall then have no force and effect if the owner or the corporation does not submit a disagreement described in subsection (1) in respect of the application to one or both of mediation and arbitration for resolution within six months of,

- (a) the board delivering to the owner the response described in subsection 24.5 (10) rejecting the owner's application; or
- (b) the expiration of the time period described in subsection 24.6 (1), if the owner and the corporation have not entered into the agreement described in subsection 24.6 (3) before the expiration of that time period.

9. Subsection 34 (2) of the Regulation is revoked and the following substituted:

(2) The agreement mentioned in clause (1) (e) shall deal with matters including,

- (a) expenditures from the reserve fund;
- (b) borrowing of funds;
- (c) making, amending or repealing by-laws;
- (d) entering into new contracts;
- (e) initiation of any legal proceedings;
- (f) any substantial addition, alteration, or improvement to the common elements, any substantial change in the assets of the corporation or any substantial change in a service that the corporation provides to the owners; and
- (g) any installation of an electric vehicle charging system carried out in accordance with subsection 24.3 (5).

Commencement

10. (1) Subject to subsections (2) and (3), this Regulation comes into force on the later of May 1, 2018 and the day it is filed.

(2) Subsection 3 (2) comes into force on the day section 88 of Schedule 1 to the *Protecting Condominium Owners Act, 2015* comes into force.

(3) Subsection 6 (2) comes into force on the day subsection 65 (1) of Schedule 1 to the *Protecting Condominium Owners Act, 2015* comes into force.

RÈGLEMENT DE L'ONTARIO 114/18

pris en vertu de la

LOI DE 1998 SUR LES CONDOMINIUMS

pris le 7 mars 2018

déposé le 23 mars 2018

publié sur le site Lois-en-ligne le 26 mars 2018

imprimé dans la *Gazette de l'Ontario* le 7 avril 2018

modifiant le Règl. de l'Ont. 48/01

(DISPOSITIONS GÉNÉRALES)

1. Le paragraphe 1.1 (4) du Règlement de l'Ontario 48/01 est modifié par remplacement de «au paragraphe 6.1 (1)» par «aux paragraphes 6.1 (1) et 24.1 (1)».

2. Le paragraphe 12.2 (2) du Règlement est modifié par adjonction de l'alinéa suivant :

i.1) si l'assemblée est une assemblée dont la convocation a été demandée conformément à l'article 46 de la Loi aux fins d'examen de l'installation d'un système de recharge des véhicules électriques qui sera réalisée conformément au paragraphe 24.3 (5) du présent règlement :

(i) un énoncé décrivant l'installation proposée,

(ii) un état indiquant le coût estimatif de l'installation proposée ainsi que la méthode envisagée par l'association pour le payer, le terme «coût» s'entendant au sens du paragraphe 24.3 (2);

3. (1) Le paragraphe (2) ne s'applique que si le paragraphe (3) entre en vigueur avant le jour de l'entrée en vigueur de l'article 88 de l'annexe 1 de la Loi de 2015 sur la protection des propriétaires de condominiums.

(2) La version anglaise de l'alinéa 12.8 (1) g) du Règlement est modifiée par suppression de «and» à la fin de l'alinéa.

(3) Le paragraphe 12.8 (1) du Règlement est modifié par adjonction de l'alinéa suivant :

g.1) si l'assemblée est une assemblée dont la convocation a été demandée conformément à l'article 46 de la Loi aux fins d'examen de l'installation d'un système de recharge des véhicules électriques qui sera réalisée conformément au paragraphe 24.3 (5) du présent règlement :

(i) un énoncé décrivant l'installation proposée,

(ii) un état indiquant le coût estimatif de l'installation proposée ainsi que la méthode envisagée par l'association pour le payer, le terme «coût» s'entendant au sens du paragraphe 24.3 (2);

4. Le paragraphe 13.1 (1) du Règlement est modifié par adjonction de la disposition suivante :

13.1 Les dossiers que l'association crée ou reçoit se rapportant à l'installation d'un système de recharge des véhicules électriques réalisée conformément à l'article 24.3 ou aux articles 24.4 à 24.6.

5. Le paragraphe 14 (0.1) du Règlement est modifié par adjonction des alinéas suivants :

s) régir les renseignements visés à la sous-sous-disposition 4 ii C du paragraphe 24.3 (4) qui doivent être compris dans un préavis visé à la disposition 4 de ce paragraphe, en plus des renseignements exigés par cette disposition;

t) régir les renseignements visés à la sous-disposition 2 vi du paragraphe 24.3 (5) qui doivent être compris dans un préavis visé à la disposition 2 de ce paragraphe, en plus des renseignements exigés par cette disposition.

6. (1) L'article 17 du Règlement est modifié par adjonction du paragraphe suivant :

(4) Pour l'application de l'alinéa 74 (2) b) de la Loi, les ajouts, transformations ou améliorations importants, au sens du paragraphe 97 (6) de la Loi, comprennent l'installation d'un système de recharge des véhicules électriques qui constitue un ajout, une transformation ou une amélioration aux parties communes et qui est réalisée conformément au paragraphe 24.3 (5) du présent règlement.

(2) Le paragraphe 17 (4) du Règlement, tel qu'il est pris par le paragraphe (1), est abrogé et remplacé par ce qui suit :

(4) Pour l'application de l'alinéa 74 (2) b) de la Loi, les modifications importantes, au sens du paragraphe 97 (9) de la Loi, comprennent l'installation d'un système de recharge des véhicules électriques qui constitue un ajout, une transformation ou une amélioration aux parties communes et qui est réalisée conformément au paragraphe 24.3 (5) du présent règlement.

7. (1) L'article 18 du Règlement est modifié par adjonction du paragraphe suivant :

(0.1) Pour l'application de l'alinéa 76 (1) s) de la Loi, le certificat d'information comporte les éléments suivants :

- a) une indication de toute installation proposée d'un système de recharge des véhicules électriques qui sera réalisée conformément au paragraphe 24.3 (5) du présent règlement;
- b) un état indiquant si les parties se sont conformées à toutes les conventions en vigueur mentionnées au paragraphe 24.6 (3) du présent règlement conclues entre l'association et le propriétaire de la partie privative à laquelle se rapporte le certificat.

(2) Le paragraphe 18 (1) du Règlement est modifié par remplacement de «1^{er} septembre 2011» par «23 mars 2018».

8. Le Règlement est modifié par adjonction des articles suivants :

Dispositions réputées incluses dans la déclaration

24.1 (1) Les articles 24.2 à 24.7 sont réputés inclus dans la déclaration de l'association.

(2) Nul conseil, y compris un conseil visé au paragraphe 11 (8) de la Loi, ne peut approuver une modification ou une abrogation projetée de tout ce qui, d'après le paragraphe (1) du présent article, est réputé inclus dans la déclaration de l'association.

Définitions

24.2 Les définitions qui suivent s'appliquent au présent article et aux articles 24.3 à 24.7.

«système de recharge des véhicules électriques» Appareillage de recharge des véhicules électriques au sens de la section 86 du Code de sécurité relatif aux installations électriques adopté en application du Règlement de l'Ontario 164/99 (Electrical Safety Code) pris en vertu de la *Loi de 1998 sur l'électricité* et les autres appareillages connexes nécessaires pour alimenter en électricité un véhicule électrique. («electric vehicle charging system»)

«véhicule électrique» Véhicule électrique au sens de la section 86 du Code de sécurité relatif aux installations électriques adopté en application du Règlement de l'Ontario 164/99 (Electrical Safety Code). («electric vehicle»)

Exemption : installation d'un système de recharge des véhicules électriques effectuée par l'association

24.3 (1) La définition qui suit s'applique au présent article.

«installation» Relativement à un système de recharge des véhicules électriques, s'entend de l'un ou l'autre des changements suivants qui sont nécessaires pour mettre en place le système :

1. Les ajouts, transformations ou améliorations aux parties communes.
2. Les changements apportés aux biens de l'association ou aux services qu'elle fournit aux propriétaires.

(2) Pour l'application des paragraphes (4) et (5), le coût de l'installation d'un système de recharge des véhicules électriques ne comprend pas les coûts liés à l'utilisation, à l'exploitation, à la réparation à suite de dommages, à l'entretien et à l'assurance du système.

(3) L'association est soustraite à l'application de l'article 97 de la Loi à l'égard d'un système de recharge des véhicules électriques situé en tout ou en partie sur la propriété ou sur un bien de l'association si l'installation du système est effectuée par l'association et réalisée conformément au paragraphe (4) ou (5).

(4) Les exigences du présent paragraphe pour l'exemption prévue au paragraphe (3) à l'égard de l'installation d'un système de recharge des véhicules électriques sont les suivantes :

1. Le conseil a effectué une évaluation du coût pour l'association de l'installation proposée.
2. L'éventuel coût estimatif pour l'association de l'installation proposée, fondé sur son coût total, qu'une partie du coût soit engagée avant ou après l'exercice en cours, ne dépasse pas 10 % des dépenses communes annuelles inscrites au budget pour cet exercice.
3. De l'avis raisonnable du conseil, les propriétaires ne considéreraient pas l'installation proposée comme causant une réduction importante ou l'élimination de l'usage ou de la jouissance de leur partie privative ou des parties communes ou des biens éventuels de l'association.
4. L'association a envoyé un préavis aux propriétaires qui réunit les conditions suivantes :
 - i. il décrit l'installation proposée,
 - ii. il contient ce qui suit :

A. une déclaration selon laquelle, de l'avis raisonnable du conseil, les propriétaires ne considéreraient pas l'installation proposée comme causant une réduction importante ou l'élimination de l'usage ou de la jouissance de leur partie privative ou des parties communes ou des biens éventuels de l'association,

B. une déclaration du coût estimatif pour l'association de la réalisation de l'installation proposée ainsi que la méthode envisagée par celle-ci pour le payer,

C. tous les autres renseignements à l'égard de l'installation proposée dont l'inclusion dans l'avis est exigée par un règlement administratif de l'association.

5. Au moins 60 jours se sont écoulés depuis que l'association s'est conformée à la disposition 4.

(5) Les exigences du présent paragraphe pour l'exemption prévue au paragraphe (3) à l'égard de l'installation d'un système de recharge des véhicules électriques sont les suivantes :

1. Le conseil a effectué une évaluation du coût pour l'association de l'installation proposée.
2. L'association a envoyé aux propriétaires un préavis qui réunit les conditions suivantes :
 - i. il décrit l'installation proposée,
 - ii. il contient une déclaration du coût estimatif pour l'association de la réalisation de l'installation proposée, ainsi que la méthode envisagée par celle-ci pour le payer,
 - iii. il contient une déclaration selon laquelle, de l'avis raisonnable du conseil, les propriétaires considéreraient l'installation proposée comme causant une réduction importante ou l'élimination de l'usage ou de la jouissance de leur partie privative ou des parties communes ou des biens éventuels de l'association, s'il n'est pas satisfait à l'exigence visée à la disposition 3 du paragraphe (4),
 - iv. il précise que les propriétaires ont le droit, conformément à l'article 46 de la Loi et dans les 60 jours qui suivent sa réception, de demander la convocation d'une assemblée des propriétaires,
 - v. il contient le texte de l'article 46 de la Loi et celui de l'article 24.2 et du présent article du présent règlement,
 - vi. il contient tous les autres renseignements à l'égard de l'installation proposée dont l'inclusion dans l'avis est exigée par un règlement administratif de l'association.
3. Les propriétaires, selon le cas :
 - i. n'ont pas demandé la convocation d'une assemblée conformément à l'article 46 de la Loi dans les 60 jours de la réception du préavis prévu à la disposition 2,
 - ii. ont demandé la convocation d'une assemblée conformément à l'article 46 de la Loi dans les 60 jours de la réception du préavis prévu à la disposition 2, mais le quorum n'a pas été atteint à la première tentative de tenir l'assemblée,
 - iii. ont demandé la convocation d'une assemblée conformément à l'article 46 de la Loi dans les 60 jours de la réception du préavis prévu à la disposition 2, un quorum a été atteint à la première tentative de tenir l'assemblée et les propriétaires n'ont pas voté à l'assemblée contre l'installation proposée.

(6) Tous les coûts pour l'association liés à un système de recharge des véhicules électriques installé en application du présent article constituent une dépense commune pour l'application de la définition de «dépenses communes» du paragraphe 1 (1) de la Loi.

(7) Si l'association a l'obligation de réparer les parties privatives ou les parties communes à la suite de dommages ou de les entretenir et qu'elle s'acquitte de son obligation en utilisant des matériaux dont la qualité se rapproche aussi raisonnablement que possible de celle des matériaux originaux compte tenu des normes de construction en vigueur, les travaux sont réputés ne pas être une installation qui est un ajout, une transformation ou une amélioration faits aux parties communes ni un changement apporté aux biens de l'association.

Exemption : installation d'un système de recharge des véhicules électriques effectuée par le propriétaire

24.4 (1) La définition qui suit s'applique au présent article, aux articles 24.5 et 24.6 et au paragraphe 24.7 (4).

«installation» Relativement à un système de recharge des véhicules électriques, s'entend de tout ajout ou de toute transformation ou amélioration aux parties communes qui est nécessaire pour mettre en place le système.

(2) Un propriétaire d'une association et l'association sont soustraits à l'application de l'article 98 de la Loi à l'égard d'un système de recharge des véhicules électriques situé en tout ou en partie sur la propriété si l'installation du système est effectuée par le propriétaire et réalisée conformément aux articles 24.5 et 24.6.

Demande d'installation

24.5 (1) Pour l'application du paragraphe 24.4 (2), le propriétaire doit remettre une demande d'installation d'un système de recharge des véhicules électriques à l'association.

(2) La demande réunit les conditions suivantes :

- a) elle est présentée par écrit;
- b) elle mentionne le propriétaire et indique son adresse aux fins de signification pour la demande;
- c) elle est signée par le propriétaire;

- d) elle comprend des dessins, des devis descriptifs ou des renseignements à l'égard de l'installation proposée, y compris son emplacement, qui, en se fondant sur des motifs raisonnables, se rapportent au rapport ou à l'avis visé au paragraphe (8) que l'association pourrait obtenir.
- (3) La demande et toute autre communication entre le propriétaire et l'association à l'égard de la demande sont suffisamment remises à l'association si elles sont :
- a) envoyées par courrier affranchi :
 - (i) à l'adresse aux fins de signification :
 - (A) soit de l'association,
 - (B) soit du fournisseur de services de gestion de condominiums ou du gestionnaire de condominiums, le cas échéant, avec lequel l'association a conclu une convention pour recevoir des services de gestion de condominiums,
 - (C) soit de toute autre personne chargée de la gestion de la propriété,
 - (ii) à l'adresse qui, à la suite d'une décision du conseil prise par voie de résolution, peut être utilisée pour recevoir la demande;
 - b) envoyées par messenger à une adresse visée à l'alinéa a) qui peut recevoir du courrier par messenger;
 - c) déposées dans la boîte postale d'une adresse visée à l'alinéa a);
 - d) envoyées par télécopieur, par courrier électronique ou par tout autre mode de communication électronique qui, à la suite d'une décision du conseil prise par voie de résolution, peut être utilisé pour recevoir la demande;
 - e) envoyées par tout moyen dont l'association et le propriétaire conviennent par écrit.
- (4) Dès qu'il est raisonnablement possible de le faire, l'association fournit les renseignements, les permissions ou les autorisations que le propriétaire demande par écrit et, de façon raisonnable, dont il a besoin pour satisfaire à l'exigence visée à l'alinéa (2) d).
- (5) Sous réserve du paragraphe (7), lorsque l'association reçoit une demande conforme au paragraphe (2), le conseil doit, dans les 60 jours ou dans un autre délai dont l'association et le propriétaire conviennent par écrit, répondre par écrit au propriétaire en indiquant s'il rejette ou ne rejette pas la demande conformément aux paragraphes (8) à (14).
- (6) Sous réserve du paragraphe (7), lorsque l'association reçoit une demande qui, de l'avis du conseil, n'est pas conforme au paragraphe (2), le conseil doit, dès qu'il est raisonnablement possible de le faire ou dans un autre délai dont l'association et le propriétaire conviennent par écrit, répondre au propriétaire par écrit en indiquant pourquoi, à son avis, la demande n'est pas conforme au paragraphe (2).
- (7) Le conseil n'est pas tenu de répondre au propriétaire en application du paragraphe (5) ou (6) si ce dernier retire la demande par écrit avant l'expiration du délai exigé pour la remise de la réponse.
- (8) Le conseil ne peut rejeter la demande que si l'association obtient un rapport ou un avis d'une personne dont la profession donne de la crédibilité au rapport ou à l'avis et que le rapport ou l'avis est conforme au paragraphe (9) et indique clairement que l'installation proposée, selon le cas :
- a) sera contraire à toute loi générale ou spéciale ou aux règlements ou aux règlements administratifs adoptés en vertu de cette loi, y compris le Code de sécurité relatif aux installations électriques adopté en application du Règlement de l'Ontario 164/99 (Electrical Safety Code) pris en vertu de la *Loi de 1998 sur l'électricité*, à l'exclusion toutefois de toute disposition de la déclaration de l'association ou d'un règlement administratif ou d'une règle de l'association;
 - b) portera atteinte à l'intégrité structurelle de la propriété ou des biens éventuels de l'association;
 - c) présentera un risque grave :
 - (i) soit pour la santé et la sécurité d'un particulier,
 - (ii) soit de dommages à la propriété ou aux biens éventuels de l'association.
- (9) Le rapport ou l'avis énonce les motifs sur lesquels se fonde la déclaration exigée par le paragraphe (8).
- (10) Si le conseil rejette la demande en vertu du paragraphe (8), sa réponse au propriétaire indique qu'il rejette la demande en vertu de ce paragraphe et, sous réserve du paragraphe (11), inclut une copie du rapport ou de l'avis visé au paragraphe (8) sur lequel se fonde le rejet.
- (11) La réponse du conseil ne doit inclure aucune partie du rapport ou de l'avis à l'égard de laquelle l'association serait empêchée par le paragraphe 55 (4) de la Loi d'autoriser l'examen par le propriétaire si ce dernier en a demandé l'examen en vertu de l'article 55 (3) de la Loi.

(12) Si le conseil ne rejette pas la demande en vertu du paragraphe (8), il peut exiger que l'installation proposée soit réalisée d'une autre manière ou à un autre endroit si cela n'amène pas le propriétaire à engager des frais additionnels déraisonnables et que cela est nécessaire afin que, selon le cas :

- a) les propriétaires, en toute objectivité, ne considèrent pas l'installation proposée comme causant une réduction importante ou l'élimination de l'usage ou de la jouissance de leur partie privative ou des parties communes ou des biens éventuels de l'association;
- b) l'installation proposée ne soit pas contraire à une disposition de la déclaration de l'association, d'un règlement administratif ou d'une règle de l'association ou d'une convention mentionnée à l'article 113 de la Loi ou d'une autre convention à laquelle l'association est partie, à l'exclusion toutefois, selon le cas :
 - (i) de toute disposition d'une déclaration qui a pour effet d'interdire de façon générale l'installation de systèmes de recharge des véhicules sur la propriété,
 - (ii) de toute disposition d'un règlement administratif, d'une règle ou d'une convention qui a pour effet d'interdire, ou de restreindre de manière déraisonnable, de façon générale l'installation de systèmes de recharge des véhicules sur la propriété.

(13) Si le conseil exige que l'installation proposée soit réalisée d'une autre manière ou à un autre endroit en vertu du paragraphe (12), la réponse du conseil au propriétaire réunit les conditions suivantes :

- a) elle indique ce fait;
- b) elle énonce pourquoi, de l'avis du conseil :
 - (i) soit les propriétaires, en toute objectivité, considéreraient l'installation proposée comme causant une réduction importante ou l'élimination de l'usage ou de la jouissance de leur partie privative ou des parties communes ou des biens éventuels de l'association,
 - (ii) soit l'installation proposée contreviendra à une disposition de la déclaration de l'association, à un règlement administratif ou à une règle de l'association ou à une convention mentionnée à l'article 113 de la Loi ou à une autre convention à laquelle l'association est partie, à l'exclusion toutefois :
 - (A) de toute disposition d'une déclaration qui a pour effet d'interdire de façon générale l'installation de systèmes de recharge des véhicules sur la propriété,
 - (B) de toute disposition d'un règlement administratif, d'une règle ou d'une convention qui a pour effet d'interdire, ou de restreindre de manière déraisonnable, de façon générale l'installation de systèmes de recharge des véhicules sur la propriété;
- c) elle comprend des dessins, des devis descriptifs ou des renseignements à l'égard de l'installation proposée qui établissent clairement l'autre manière dont l'installation proposée doit être réalisée ou l'autre endroit où elle doit l'être, selon ce qu'exige le conseil.

(14) Si le conseil ne rejette pas la demande en vertu du paragraphe (8) et n'exige pas que l'installation proposée soit réalisée d'une autre manière ou à un autre endroit en vertu du paragraphe (12), la réponse du conseil au propriétaire indique ce fait.

(15) La réponse du conseil visée au paragraphe (5) ou (6) et toute autre communication entre l'association et le propriétaire à l'égard de la demande sont suffisamment remises au propriétaire si elles sont livrées à l'adresse aux fins de signification du propriétaire indiquée dans la demande ou par tout moyen dont l'association et le propriétaire conviennent par écrit.

(16) S'il ne répond pas au propriétaire comme l'exige le paragraphe (5), le conseil est réputé ne pas avoir rejeté la demande et ne pas avoir exigé que l'installation proposée soit réalisée d'une autre manière ou à un autre endroit en vertu du paragraphe (12).

(17) Chaque propriétaire et chaque association paie les frais en ce qui concerne toutes les mesures qu'il prend ou qu'elle prend en vertu du présent article, à moins que le propriétaire et l'association conviennent autrement dans la convention visée au paragraphe 24.6 (3).

Convention d'installation

24.6 (1) Sous réserve du paragraphe (2), si le conseil répond comme indiqué au paragraphe 24.5 (13) ou (14) ou est réputé avoir répondu comme indiqué au paragraphe 24.5 (16), l'association et le propriétaire prennent toutes les mesures raisonnables pour conclure la convention visée au paragraphe (3) dans les 90 jours ou dans un autre délai dont l'association et le propriétaire conviennent par écrit.

(2) L'association et le propriétaire ne sont pas tenus de se conformer au paragraphe (1) si le propriétaire a retiré la demande par écrit avant l'expiration du délai exigé pour la conclusion par les parties de la convention visée au paragraphe (3).

(3) La convention est faite par écrit et contient des modalités qui sont raisonnables et nécessaires pour faciliter l'installation, l'utilisation et l'exploitation du système de recharge des véhicules électriques et qui notamment :

- a) concernent la manière dont l'installation sera réalisée;
- b) sous réserve du paragraphe (4), partagent entre l'association et le propriétaire le coût de l'installation du système;
- c) énoncent les devoirs et responsabilités respectifs de l'association et du propriétaire à l'égard du système, y compris à l'égard du coût de l'utilisation, de l'exploitation, de la réparation à la suite de dommages, de l'entretien et de l'assurance du système ainsi que des frais de préparation de la convention et de son enregistrement en application du paragraphe (5);
- d) précisent qui aura le droit de propriété sur le système ou toute partie de celui-ci;
- e) concernent la cessation de l'utilisation et de l'exploitation du système ou la résiliation de la convention.

(4) Le propriétaire est responsable des coûts suivants pour la réalisation de l'installation, à moins que lui et l'association conviennent autrement dans la convention :

- 1. Tous les coûts de la réalisation de l'installation si le propriétaire ou une personne dont il retient les services réalise l'installation.
- 2. Tous les coûts raisonnables nécessaires pour réaliser l'installation, si l'association ou une personne dont elle retient les services réalise l'installation.

(5) Dès qu'il est raisonnablement possible de le faire ou dans un autre délai dont elle et le propriétaire conviennent par écrit, l'association enregistre la convention à l'égard du titre sur la partie privative du propriétaire. La convention ne prend effet qu'une fois enregistrée.

(6) L'association peut ajouter aux dépenses communes à payer à l'égard de la partie privative d'un propriétaire les coûts, frais, intérêts et dépenses résultant du fait que celui-ci ne s'est pas conformé à une convention, et elle peut préciser le délai pour le paiement par le propriétaire.

(7) La convention lie la partie privative du propriétaire et est opposable aux administrateurs successoraux et aux ayants droit du propriétaire.

Médiation et arbitrage

24.7 (1) L'association et les propriétaires conviennent par écrit de soumettre à la médiation et à l'arbitrage tout désaccord entre les parties à l'égard de l'article 24.3 à 24.6 ou du paragraphe (4) du présent article.

(2) Chaque convention visée au paragraphe 24.6 (3) est réputée comprendre une disposition selon laquelle tout désaccord entre les parties à l'égard de la convention est soumis à la médiation et à l'arbitrage.

(3) Si un propriétaire ou une association soumet le désaccord visé au paragraphe (1) ou (2) à la médiation ou à l'arbitrage, l'article 132 de la Loi s'y applique.

(4) Une demande d'installation d'un système de recharge des véhicules électriques faite par un propriétaire en application de l'article 24.5 est réputée abandonnée et donc sans effet si le propriétaire ou l'association ne soumet par le désaccord visé au paragraphe (1) à l'égard de la demande à la médiation ou à l'arbitrage, ou aux deux, aux fins de règlement dans les six mois suivant :

- a) soit la remise au propriétaire par le conseil de la réponse visée au paragraphe 24.5 (10) rejetant la demande du propriétaire;
- b) soit la fin du délai visé au paragraphe 24.6 (1), si le propriétaire et l'association n'ont pas conclu la convention visée au paragraphe 24.6 (3) avant l'expiration de ce délai.

9. Le paragraphe 34 (2) du Règlement est abrogé et remplacé par ce qui suit :

(2) L'entente mentionnée à l'alinéa (1) e) traite des questions suivantes :

- a) les dépenses payées sur le fonds de réserve;
- b) l'emprunt de fonds;
- c) l'adoption, la modification ou l'abrogation de règlements administratifs;
- d) la conclusion de nouveaux contrats;
- e) l'introduction de toute instance judiciaire;
- f) tout ajout ou toute transformation ou amélioration importants touchant les parties communes, toute modification importante touchant les biens de l'association ou toute modification importante touchant un service que l'association fournit aux propriétaires;

g) toute installation d'un système de recharge des véhicules électriques réalisée conformément au paragraphe 24.3 (5).

Entrée en vigueur

10. (1) Sous réserve des paragraphes (2) et (3), le présent règlement entre en vigueur le dernier en date du 1^{er} mai 2018 et du jour de son dépôt.

(2) Le paragraphe 3 (2) entre en vigueur le jour de l'entrée en vigueur de l'article 88 de l'annexe 1 de la *Loi de 2015 sur la protection des propriétaires de condominiums*.

(3) Le paragraphe 6 (2) entre en vigueur le jour de l'entrée en vigueur du paragraphe 65 (1) de l'annexe 1 de la *Loi de 2015 sur la protection des propriétaires de condominiums*.

Texte d'information pour la Gazette de l'Ontario

La Gazette de l'Ontario paraît chaque samedi, et les annonces à y insérer doivent parvenir à ses bureaux le jeudi à 15h au plus tard, soit au moins neuf jours avant la parution du numéro dans lequel elles figureront. Pour les semaines incluant le lundi de Pâques, le 11 novembre et les congés statutaires, accordez une journée de surplus. Pour connaître l'horaire entre Noël et le Jour de l'An s'il vous plaît communiquez avec le bureau de La Gazette de l'Ontario au (416) 326-5310 ou par courriel à Gazette@ontario.ca

Tarifs publicitaires et soumission de format :

- 1) Envoyer les annonces dans le format Word.doc par courriel à Gazette@ontario.ca
- 2) Le tarif publicitaire pour la première insertion envoyée électroniquement est de 75,00\$ par espace-colonne jusqu'à un ¼ de page.
- 3) Pour chaque insertion supplémentaire commandée en même temps que l'insertion initiale, le tarif est 40,00\$
- 4) Les clients peuvent confirmer la publication d'une annonce en visitant le site web de La Gazette de l'Ontario www.ontario.ca/gazette ou en visionnant une copie imprimée à une bibliothèque locale.

Abonnement :

Le tarif d'abonnement annuel est de 126,50\$ + T.P.S. pour 52 ou 53 numéros hebdomadaires débutant le premier samedi du mois de janvier (payable à l'avance) L'inscription d'un nouvel abonnement au courant de l'année sera calculée de façon proportionnelle pour la première année. Un nouvel abonné peut commander des copies d'éditions précédentes de la Gazette au coût d'une copie individuelle si l'inventaire le permet.

Le remboursement pour l'annulation d'abonnement sera calculé de façon proportionnelle à partir de 50% ou moins selon la date. Pour obtenir de l'information sur l'abonnement ou les commandes s.v.p. téléphonez le (416) 326-5306 durant les heures de bureau.

Copies individuelles :

Des copies individuelles de la Gazette peuvent être commandées en direct en ligne au site www.serviceontario.ca/publications ou en téléphonant 1-800-668-9938.

Options de paiement :

Les paiements peuvent être effectués au moyen de la carte Visa ou MasterCard ou chèques ou mandats fait à l'ordre du MINISTRE DES FINANCES. Toute correspondance, notamment les changements d'adresse, doit être adressée à :

LA GAZETTE DE L'ONTARIO

Direction de la gestion des revenus, Publications Ontario

222, rue Jarvis, 8ème étage, Toronto, Ontario M74 0B6

Téléphone (416) 326-5306

Paiement – Annonces :

Pour le traitement rapide les clients peuvent faire leur paiement au moyen de la carte Visa ou MasterCard ou lorsqu'ils soumettent leurs annonces. Les frais peuvent également être facturés.

MINISTÈRES DU GOUVERNEMENT DE L'ONTARIO S.V.P. NOTEZ

Paiements par écriture de journal seulement. S.V.P. communiquez avec le bureau de la Gazette au 416 326-5310 ou à Gazette@ontario.ca.

Information Text for Ontario Gazette

The Ontario Gazette is published every Saturday. Advertisements/notices must be received no later than 3 pm on Thursday, 9 days before publication of the issue in which they should appear. For weeks including Easter Monday, November 11th or a statutory holiday allow an extra day. For the Christmas/New Year holiday schedule please contact the Gazette at (416) 326-5310 or by email at Gazette@ontario.ca

Advertising rates and submission formats:

- 1) Please submit all notices in a Word.doc format to: Gazette@ontario.ca
- 2) For a first insertion electronically submitted the basic rate is \$75 up to ¼ page.
- 3) For subsequent insertions of the same notice ordered at the same time the rate is \$40 each.
- 4) Clients may confirm publication of a notice by visiting The Ontario Gazette web site at: www.ontario.ca/gazette or by viewing a printed copy at a local library.

Subscriptions:

The annual subscription rate is \$126.50 + H.S.T. for 52 or 53 weekly issues beginning the first Saturday in January, payable in advance. In-year new subscriptions will be pro-rated for the first year. A new subscriber may order back issues of the Gazette at the single-copy rate as inventory permits.

Refunds for cancelled subscriptions will be pro-rated from 50% or less depending upon date. For subscription information/orders please call (416) 326-5306 during normal business hours.

Single Copies:

Individual Gazette copies may be ordered on-line through the website at www.serviceontario.ca/publications or by phone at 1-800-668-9938.

Payment Options:

Subscriptions may be paid by VISA or MasterCard or by Cheque or Money order payable to THE MINISTER OF FINANCE. All subscription enquiries and correspondence, including address changes, should be mailed to:

THE ONTARIO GAZETTE

Publications Ontario Financial Unit

222 Jarvis Street, 8th Floor, Toronto, Ontario M7A 0B6

Telephone: (416) 326-5306

Payment – Notices:

For fastest processing clients may pay by VISA or MasterCard when submitting notices. Charges may also be invoiced.

ONTARIO GOVERNMENT MINISTRIES PLEASE NOTE:

Payment by Journal Entry only. Please contact the Gazette office at 416 326-5310 or at Gazette@ontario.ca
