Order in Council Décret

On the recommendation of the undersigned, the Lieutenant Governor of Ontario, by and with the advice and concurrence of the Executive Council of Ontario, orders that:

O.C. 516/2020

WHEREAS the Transit Oriented Communities (TOC) program proposes that transit station infrastructure will be connected to the structure of a broader development for the Ontario Line located in the City of Toronto, the subway extension known as the Scarborough Subway Extension, and also known as the Line 2 East Extension, located in the City of Toronto, the subway extension known as the Yonge Subway Extension, and also known as the Yonge North Subway Extension, extending from within the City of Toronto to within the Regional Municipality of York, and the light rail transit extension known as the Eglinton Crosstown West Extension extending westward from within the City of Toronto at the station known as Mount Dennis;

AND WHEREAS it is recommended that the Minister of Infrastructure have the authority to acquire lands, buildings or structures, or interests in lands, building and structures, expropriate land or interests in land and control, hold, construct and administer, and dispose of Government property, as defined in the *Ministry of Infrastructure Act, 2011* (“MOIA”) for TOC purposes;

AND WHEREAS pursuant to Order in Council O.C. 1152/2018 the Minister of Government and Consumer Services is responsible for functions, responsibilities and programs, in respect of Government property under the MOIA and under the *Ontario Infrastructure and*

Lands Corporation Act, 2011 (“OILCA”) other than subparagraph 2 ii of subsection 4(1);

AND WHEREAS clause 8(1)(g) of the *Executive Council Act* (“ECA”) provides that the authority of the Lieutenant Governor under that Act includes authority, by Order in Council, to direct that two or more ministers share a power, duty, function or responsibility under an Act;

NOW THEREFORE, pursuant to clause 8(1)(g) of the ECA, despite any provision of a statute or Order in Council, the Minister of Infrastructure shall exercise the powers and perform the duties, functions and responsibilities of the Minister of Government and Consumer Services under the MOIA and the OILCA related to Government property and the acquisition of land, buildings and structures, or interests in land, buildings and structures and the expropriation of land or interests in land, for the purposes of TOC.

Approved and Ordered March 12, 2020. Elizabeth Dowdeswell
Lieutenant Governor of Ontario

(153-G228E)

Sur la recommandation de la personne soussignée, la lieutenant-gouverneure de l'Ontario, sur l'avis et avec le consentement du Conseil exécutif de l'Ontario, décrète ce qui suit:

Décret 516/2020

ATTENDU QUE le programme d'aménagement axé sur les transports en commun (programme ATC) propose que l'infrastructure des stations de transport en commun soit reliée à la structure d'un aménagement plus vaste pour la ligne Ontario, située dans la Ville de Toronto, le prolongement de la ligne de métro connu sous le nom de prolongement du métro de Scarborough et également sous le nom de prolongement de la ligne de métro 2 Est, situé dans la Ville de Toronto, le prolongement de la ligne de métro connu sous le nom de prolongement de la ligne de métro Yonge et également sous le nom de prolongement de la ligne de métro Yonge North, qui prolonge la ligne de métro de la Ville de Toronto à la municipalité régionale de York, ainsi que le prolongement vers l'ouest de la ligne de train léger sur rail Eglinton Crosstown, qui prolonge la ligne vers l'ouest depuis la Ville de Toronto, à la station Mount Dennis;

ET ATTENDU QU'il est recommandé que le ministre de l'Infrastructure se voit accorder le pouvoir d'acquérir des biens-fonds, des bâtiments ou des structures, ou des intérêts sur ceux-ci, d'exproprier des biens-fonds ou des intérêts sur ceux-ci et de détenir, construire et administrer des biens du gouvernement et d'exercer un contrôle sur ces biens et d'en disposer, au sens de la *Loi de 2011 sur le ministère de l'Infrastructure* (« LMI »), aux fins du programme ATC;

ET ATTENDU QU'en vertu du décret 1152/2018, le ministre des Services gouvernementaux et des Services aux consommateurs exerce les fonctions, s'acquitte des responsabilités et exécute les programmes concernant les biens du gouvernement visés par la LMI et la *Loi de 2011 sur la Société ontarienne des infrastructures et de l'immobilier* (« LSOII »), sauf en ce qui concerne la disposition 2 ii du paragraphe 4 (1);

ET ATTENDU QUE l'alinéa 8 (1) g) de la *Loi sur le Conseil exécutif* (« LCE ») prévoit que le pouvoir qu'a le lieutenant-gouverneur en vertu de cette loi comprend le pouvoir d'ordonner, par décret, qu'un pouvoir, une fonction ou une responsabilité que confère une loi soit partagé entre deux ministres ou plus;

PAR CONSÉQUENT, en vertu de l'alinéa 8 (1) g) de la LCE, malgré toute disposition d'une loi ou d'un décret, le ministre de l'Infrastructure exerce les pouvoirs et s'acquitte des devoirs, fonctions et responsabilités du ministre des Services gouvernementaux et des

Services aux consommateurs en vertu de la LMI et de la LSOII en ce qui concerne les biens du gouvernement, l'acquisition de biens-fonds, de bâtiments et de structures, ou d'intérêts sur ceux-ci, et l'expropriation de biens-fonds ou d'intérêts sur ceux-ci, aux fins du programme ATC.

1.1 Malgré la disposition 1, s'il compte travailler à un endroit situé à l'extérieur du Grand Toronto ou s'il compte travailler à plusieurs endroits, mais qu'il se présentera au travail à un endroit situé à l'extérieur du Grand Toronto, le demandeur doit avoir reçu une offre d'emploi pour un poste d'emploi que le directeur a agréé conformément à la Loi, dans une des professions énumérées au paragraphe 1 ou dans une des professions suivantes énumérées dans la Classification nationale des professions sous le niveau de compétences C ou D :

- i. 9411 – Opérateurs/opératrices de machines dans le traitement des métaux et des minerais
- ii. 9416 – Opérateurs/opératrices de machines à travailler les métaux légers et lourds, et de machines de formage
- iii. 9417 – Opérateurs/opératrices de machines d'usinage
- iv. 9418 – Opérateurs/opératrices de machines d'autres produits métalliques
- v. 9421 – Opérateurs/opératrices d'installations de traitement des produits chimiques
- vi. 9422 – Opérateurs/opératrices de machines de traitement des matières plastiques
- vii. 9437 – Opérateurs/opératrices de machines à travailler le bois
- viii. 9446 – Opérateurs/opératrices de machines à coudre industrielles
- ix. 9461 – Opérateurs/opératrices de machines et de procédés industriels dans la transformation des aliments, des boissons et des produits connexes
- x. 9523 – Assembleurs/assembleuses, monteurs/monteuses, contrôleurs/contrôleuses et vérificateurs/vérificatrices de matériel électronique
- xi. 9526 – Monteurs/monteuses et contrôleurs/contrôleuses de matériel mécanique
- xii. 9536 – Peintres, enduiseurs/enduiseuses et opérateurs/opératrices de postes de contrôle dans le finissage du métal - secteur industriel
- xiii. 9537 – Monteurs/monteuses, finisseurs/finisseuses et contrôleurs/contrôleuses de produits divers

(2) La disposition 6 de l'article 7 du Règlement est abrogée.

Amending O. Reg. 473/07

(LICENCES FOR DRIVING INSTRUCTORS AND DRIVING SCHOOLS)

1. (1) Paragraph 3 of subsection 8 (1) of Ontario Regulation 473/07 is revoked and the following substituted:

3. For the issue or renewal of a driving instructor licence, per month, to the date of its expiry,
- i. for the one-year period starting July 1, 2021, \$1.36,
 - ii. for the one-year period starting July 1, 2022, \$1.39, and
 - iii. on and after July 1, 2023, \$1.42.

(2) Subparagraph 4 i of subsection 8 (1) of the Regulation is amended by striking out “June 30, 2020” and substituting “June 30, 2021”.

(3) Subparagraphs 4 ii to iv of subsection 8 (1) of the Regulation are revoked and the following substituted:

- ii. for the one-year period starting July 1, 2021, \$36.50,
- iii. for the one-year period starting July 1, 2022, \$37.25, and
- iv. on and after July 1, 2023, \$38.00.

2. Subsection 8.1 (1) of the Regulation is revoked and the following substituted:

(1) On July 1, 2021 and on every July 1 after that, the fee prescribed in paragraph 1 of subsection 8 (1) is the fee prescribed as of June 30 of the year adjusted by the percentage change in the Ontario Consumer Price Index between the previous two calendar years.

O. Reg. 217/19**3. Subsections 1 (1) and 3 (2) of Ontario Regulation 217/19 are revoked.****Commencement**

4. (1) Subject to subsection (2), this Regulation comes into force on the day it is filed.

(2) Subsection 1 (1) comes into force on the later of July 1, 2021 and the day this Regulation is filed.

Amending O. Reg. 509/18

(ENERGY AND WATER EFFICIENCY - APPLIANCES AND PRODUCTS)

1. (1) Paragraphs 5 and 7 of subsection 2 (3) of Ontario Regulation 509/18 are revoked.**(2) Paragraph 14 of subsection 2 (3) of the Regulation is revoked and the following substituted:**

14. FER: fan efficiency rating.

2. Subsection 11 (2) of the Regulation is amended by striking out “or 28” in the portion before paragraph 1.**3. (1) Subparagraph 38 ii of section 1 of Schedule 1 to the Regulation is amended by striking out “Kitchen ranges and ovens” and substituting “Cooking products”.****(2) Subparagraph 38 iii of section 1 of Schedule 1 to the Regulation is amended by striking out “January 1, 2014” at the end and substituting “the date the particular appliance or product is manufactured”.****(3) Subparagraph 39 iii of section 1 of Schedule 1 to the Regulation is amended by adding “However, walk-in cooler unit coolers with a fan motor that operates using alternating current with a nominal voltage of greater than 480 V are excluded.” at the end.****4. (1) Subparagraph 6 i of section 1 of Schedule 2 to the Regulation is amended by striking out “or later” at the end and substituting “to June 30, 2023 inclusive”.****(2) Section 1 of Schedule 2 to the Regulation is amended by adding the following paragraphs:****6.1 Water heater, gas-fired, storage, with an input rating of more than 22 kW (75,000 Btu/h) and not more than 30.5 kW (105,000 Btu/h), and with a tank volume of not more than 454 L (120 US gallons):**

i. Date of manufacture: July 1, 2023 or later.

ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Appendix E to Subpart B, Uniform Test Method for Measuring the Energy Consumption of Water Heaters, as it read on the date the particular appliance or product is manufactured.

iii. Scope of application: a stationary gas-fired water heater with an input rate of greater than 22 kW (75,000 Btu/h) but not more than 30.5 kW (105,000 Btu/h), a nominal storage tank volume of at least 76 L (20 US gallons) but not more than 454 L (120 US gallons), that uses single-phase power and that limits water temperatures to less than 82°C (180°F). However, units with an input rate of 309 watts or more per litre (4,000 Btu/h or more per US gallon) of stored water are excluded.

iv. Prescribed efficiency standard or requirement:

A. Replacement units: uniform energy factor $\geq 0.6597 - 0.00024 V_s$, where V_s is the measured storage volume of the water heater's storage tank, expressed in litres.B. Other than replacement units: uniform energy factor $\geq 0.8107 - 0.00021 V_s$, where V_s is the measured storage volume of the water heater's storage tank, expressed in litres.**6.2 Water heater, gas-fired, storage, with an input rating of more than 22 kW (75,000 Btu/h), to which paragraph 6.1 does not apply:**

i. Date of manufacture: July 1, 2023 or later.

ii. Testing standard: ANSI Z21.10.3-2017 / CSA 4.3-2017, Gas-fired water heaters, volume III, storage water heaters with input ratings above 75,000 Btu per hour, circulating and instantaneous, or U.S. DOE 10 Code of Federal Regulations Part 431, Appendix A to Subpart G, §431.106 Uniform test method for the measurement of energy efficiency of commercial water heating equipment, as it read on the date the particular appliance or product is manufactured.

- iii. Scope of application: a stationary gas-fired water heater with an input rate of greater than 22 kW (75,000 Btu/h), nominal storage tank volume of at least 76 L (20 US gallons) and input rate of less than 309 watts per litre (4,000 Btu/h per US gallon) of stored water, that meets one or more of the following conditions:
 - A. Has an input rating of more than 30.5 kW (105,000 Btu/h).
 - B. Has a nominal storage tank volume of more than 454 L (120 US gallons).
 - C. Does not use single-phase electric power.
 - D. Permits water temperatures of 82°C (180°F) or higher.
- iv. Prescribed efficiency standard or requirement:
 - A. Units marked for replacement installations only: thermal efficiency $\geq 80\%$ and standby loss in watts $\leq Q/0.8 + 16.57(V_s)^{1/2}$, where Q is the nameplate input rate in kilowatts and V_s is the measured storage volume in litres (or, equivalently, standby loss in Btu/h $\leq Q/800 + 110(V_s)^{1/2}$, where Q is the nameplate input rate in Btu/h and V_s is the measured storage volume in US gallons).
 - B. Units not marked for replacement installations only: thermal efficiency $\geq 90\%$ and standby loss in watts $\leq 0.84(Q/0.8 + 16.57(V_s)^{1/2})$, where Q is the nameplate input rate in kilowatts and V_s is the measured storage volume in litres (or, equivalently, standby loss in Btu/h $\leq 0.84(Q/800 + 110(V_s)^{1/2})$, where Q is the nameplate input rate in Btu/h and V_s is the measured storage volume in US gallons).

(3) Subparagraph 7 i of section 1 of Schedule 2 to the Regulation is amended by striking out “or later” at the end and substituting “to June 30, 2020 inclusive”.

(4) Section 1 of Schedule 2 to the Regulation is amended by adding the following paragraph:

- 7.1. Water heater, gas-fired, instantaneous, with an input rating of less than 58.56 kW (200,000 Btu/h):
 - i. Date of manufacture: July 1, 2020 or later.
 - ii. Testing standard: CSA P.3-15, Testing method for measuring energy consumption and determining efficiencies of gas-fired and fuel oil-fired water heaters.
 - iii. Scope of application: a flow-activated gas-fired instantaneous water heater that has an input rating of 309 watts or more per litre (4,000 Btu/h or more per US gallon) of stored water, with rated storage capacity up to and including 7.6 L (2 US gallons), having rated input of less than 58.56 kW (200,000 Btu/h) and designed to provide outlet hot water at a controlled temperature up to and including 82°C.
 - iv. Prescribed efficiency standard or requirement:
 - A. If maximum flow rate is < 6.4 L/min. (1.7 US gallons/min.): Uniform energy factor ≥ 0.86 .
 - B. If maximum flow rate is ≥ 6.4 L/min (1.7 US gallons/min.): Uniform energy factor ≥ 0.87 .

(5) Subparagraph 8 i of section 1 of Schedule 2 to the Regulation is amended by striking out “or later” at the end and substituting “to June 30, 2020 inclusive”.

(6) Section 1 of Schedule 2 to the Regulation is amended by adding the following paragraphs:

- 8.1. Water heater, gas-fired, instantaneous, with an input rating of 58.56 kW (200,000 Btu/h) or more:
 - i. Date of manufacture: July 1, 2020 to June 30, 2023 inclusive.
 - ii. Testing standard: ANSI Z21.10.3-2017 / CSA 4.3-2017, Gas-fired water heaters, volume III, storage water heaters with input ratings above 75,000 Btu per hour, circulating and instantaneous, or U.S. DOE 10 Code of Federal Regulations Part 431, Subpart G, §431.106 Uniform test method for the measurement of energy efficiency of commercial water heaters and hot water supply boilers (other than commercial heat pump water heaters), as it read on January 1, 2014.
 - iii. Scope of application: a flow-activated gas-fired instantaneous water heater that has an input rating of 309 watts or more per litre (4,000 Btu/h or more per US gallon) of stored water and an input rating of 58.56 kW (200,000 Btu/h) or more.
 - iv. Prescribed efficiency standard or requirement: U.S. DOE 10 Code of Federal Regulations Part 431, Subpart G, §431.110 Energy conservation standards and their effective dates, as it read on January 1, 2014.
- 8.2. Water heater, gas-fired, instantaneous, with an input rating of 58.56 kW (200,000 Btu/h) or more:
 - i. Date of manufacture: July 1, 2023 or later.
 - ii. Testing standard: ANSI Z21.10.3-2017 / CSA 4.3-2017, Gas-fired water heaters, volume III, storage water heaters with input ratings above 75,000 Btu per hour, circulating and instantaneous, or U.S. DOE 10 Code of Federal Regulations Part 431, Subpart G, §431.106 Uniform test method for the measurement of energy

efficiency of commercial water heaters and hot water supply boilers (other than commercial heat pump water heaters), as it read on the date the particular appliance or product is manufactured.

- iii. Scope of application: a flow-activated gas-fired instantaneous water heater that has an input rating of 309 watts or more per litre (4,000 Btu/h or more per US gallon) of stored water, and meets one or more of the following conditions:
 - A. Has an input rating of 58.56 kW (200,000 Btu/h) or more.
 - B. Is designed to provide hot water at temperatures higher than 82°C.
 - C. Has a tank volume >7.6 L (2 US gallons).
- iv. Prescribed efficiency standard or requirement:
 - A. If tank volume is ≤ 37.85 L (10 US gallons): Thermal efficiency ≥ 94 per cent.
 - B. If tank volume is > 37.85 L (10 US gallons): U.S. DOE 10 Code of Federal Regulations Part 431, Subpart G, §431.110 Energy conservation standards and their effective dates, as it read on the date the particular appliance or product is manufactured.

(7) Section 1 of Schedule 2 to the Regulation is amended by adding the following paragraphs:

- 17. Water heater, oil-fired, storage, with an input rate of more than 30.5 kW (105,000 Btu/h), to which paragraph 18 does not apply:
 - i. Date of manufacture: July 1, 2020 or later.
 - ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 431, Appendix A to Subpart G, §431.106 Uniform test method for the measurement of energy efficiency of commercial water heating equipment, as it read on the date the particular appliance or product is manufactured.
 - iii. Scope of application: a stationary oil-fired water heater, designed to supply hot water, that has an input rate of more than 30.5 kW (105,000 Btu/h) and meets one or more of the following conditions:
 - A. Has an input rate more than 40.99 kW (140,000 Btu/h).
 - B. Has a storage tank of nominal volume more than 454 L (120 US gallons).
 - C. Does not use single-phase electrical power.
 - D. Permits water temperatures of 82°C (180°F) or higher.
 - iv. Prescribed efficiency standard or requirement: thermal efficiency $\geq 80\%$ and standby loss in watts $\leq Q/0.8 + 16.57(V_s)^{1/2}$, where Q is the nameplate input rate in kilowatts and V_s is the measured storage volume in litres (or, equivalently, standby loss in Btu/h $\leq Q/800 + 110(V_s)^{1/2}$, where Q is the nameplate input rate in Btu/h and V_s is the measured storage volume in US gallons).
- 18. Water heater, oil-fired, storage, with an input rate of more than 30.5 kW (105,000 Btu/h) but not more than 40.99 kW (140,000 Btu/h) and with a tank volume of not more than 454 L (120 US gallons):
 - i. Date of manufacture: July 1, 2020 or later.
 - ii. Testing standard: U.S. DOE 10 Code of Federal Regulations, Appendix E to Subpart B of Part 430, Uniform Test Method for Measuring the Energy Consumption of Water Heaters, as it read on the date the particular appliance or product is manufactured.
 - iii. Scope of application: a stationary oil-fired water heater, designed to supply hot water, that has an input rate of more than 30.5 kW (105,000 Btu/h) but not more than 40.99 kW (140,000 Btu/h), has a storage tank with nominal volume not more than 454 L (120 US gallons), uses single-phase electrical power and limits water temperatures to less than 82°C (180°F).
 - iv. Prescribed efficiency standard or requirement: uniform energy factor (UEF) $\geq 0.6740 - 0.00035 V_s$, where V_s is the measured volume of the water heater's storage tank expressed in litres.

5. (1) Subparagraph 4 i of section 1 of Schedule 3 to the Regulation is amended by striking out “or later” at the end and substituting “to June 30, 2020 inclusive”.

(2) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraphs:

- 4.1. Furnace, gas-fired, with an input of less than 65.92 kW (225,000 Btu/h):
 - i. Date of manufacture: July 1, 2020 to December 31, 2023 inclusive.
 - ii. Testing standard:

- A. For thermal efficiency: ANSI Z21.47-2016 / CSA 2.3-2016, Gas-Fired Central Furnaces.
- B. For AFUE: CSA P.2-13, Testing method for measuring the annual fuel utilization efficiency of residential gas-fired or oil-fired furnaces and boilers.
- C. For FER: subparagraph 35 ii of section 1 of this Schedule.

iii. Scope of application: a gas-fired central furnace, with an input of less than 65.92 kW (225,000 Btu/h).

iv. Prescribed efficiency standard or requirement:

- A. For three-phase furnaces: AFUE $\geq$ 78 per cent, or thermal efficiency $\geq$ 80 per cent.
- B. For single-phase furnaces: AFUE $\geq$ 95 per cent and FER as specified in subparagraph 35 iv of section 1 of this Schedule, with the following exceptions:
 - 1. For single-phase furnaces in park model trailers and recreational vehicles, gas furnaces for relocatable buildings, and replacement non-condensing gas furnaces, AFUE $\geq$ 80 per cent and FER as specified in subparagraph 35 iv of section 1 of this Schedule.
 - 2. For single-phase outdoor furnaces with an integrated cooling component, AFUE $\geq$ 81 per cent and FER as specified in subparagraph 35 iv of section 1 of this Schedule.
 - 3. For through-the-wall furnaces with an integrated cooling component, AFUE $\geq$ 90 per cent and no FER requirement.

4.2. Furnace, gas-fired, with an input of less than 65.92 kW (225,000 Btu/h):

i. Date of manufacture: January 1, 2024 or later.

ii. Testing standard:

- A. For thermal efficiency: ANSI Z21.47-2016 / CSA 2.3-2016, Gas-Fired Central Furnaces.
- B. For AFUE: CSA P.2-13, Testing method for measuring the annual fuel utilization efficiency of residential gas-fired or oil-fired furnaces and boilers.
- C. For FER: subparagraph 35 ii of section 1 of this Schedule.

iii. Scope of application: a gas-fired central furnace, with an input of less than 65.92 kW (225,000 Btu/h).

iv. Prescribed efficiency standard or requirement:

- A. For three-phase furnaces: AFUE $\geq$ 78 per cent, or thermal efficiency $\geq$ 80 per cent.
- B. For single-phase furnaces: AFUE $\geq$ 95 per cent and FER as specified in subparagraph 35 iv of section 1 of this Schedule, with the following exceptions:
 - 1. For furnaces in park model trailers and recreational vehicles, gas furnaces for relocatable buildings, and replacement non-condensing gas furnaces, AFUE $\geq$ 80 per cent and FER as specified in subparagraph 35 iv of section 1 of this Schedule.
 - 2. For outdoor furnaces with an integrated cooling component, AFUE $\geq$ 81 per cent and FER as specified in subparagraph 35 iv of section 1 of this Schedule.
 - 3. For through-the-wall furnaces with an integrated cooling component, AFUE $\geq$ 90 per cent and FER as specified in subparagraph 35 iv of section 1 of this Schedule.

(3) Subparagraph 6 ii of section 1 of Schedule 3 to the Regulation is amended by striking out “ANSI Z21.47-2012 / CSA 2.3-2012” and substituting “ANSI Z21.47-2016 / CSA 2.3-2016”.

(4) Sub-subparagraph 6 iv A of section 1 of Schedule 3 to the Regulation is revoked and the following substituted:

- A. for central furnaces for installation in a park model trailer or recreational vehicle: thermal efficiency $\geq$ 75 per cent and no continuously burning pilot light unless the furnace has an AFUE $\geq$ 76 per cent when tested in accordance with CSA P.2-13, Testing method for measuring the annual fuel utilization efficiency of residential gas-fired or oil-fired furnaces and boilers, and

(5) Subparagraph 10 ii of section 1 of Schedule 3 to the Regulation is revoked and the following substituted:

- ii. Testing standard: CSA P.2-13, Testing method for measuring the annual fuel utilization efficiency of residential gas-fired or oil-fired furnaces and boilers, or U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (n) Furnaces, as it read on the date the particular appliance or product is manufactured.

(6) Subparagraph 10 iv of section 1 of Schedule 3 to the Regulation is amended by striking out the portion before sub-subparagraph A and substituting the following:

- iv. Prescribed efficiency standard or requirement: FER as specified in subparagraph 35 iv of section 1 of this Schedule, and

(7) Subparagraph 11 iii of section 1 of Schedule 3 to the Regulation is amended by striking out “January 1, 2014” at the end and substituting “the date the particular appliance or product is manufactured”.

(8) Subparagraph 11 iv of section 1 of Schedule 3 to the Regulation is amended by adding “and FER as specified in subparagraph 35 iv of section 1 of this Schedule” at the end.

(9) Subparagraph 14 i of section 1 of Schedule 3 to the Regulation is amended by striking out “or later” at the end and substituting “to June 30, 2023 inclusive”.

(10) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraph:

14.1 Boiler, gas-fired, with an input of less than 88 kW (300,000 Btu/h):

- i. Date of manufacture: July 1, 2023 or later.
- ii. Testing standard: US DOE 10 Code of Federal Regulations, Part 430, Subpart B, §430.23 (n) Furnaces, as it read on the date the particular appliance or product is manufactured.
- iii. Scope of application: a gas-heated boiler that is intended for application in a low-pressure steam or hot water central heating system and that has an input rate of less than 88 kW (300,000 Btu/h).
- iv. Prescribed efficiency standard or requirement: no standing pilot, and,
 - A. for hot water,
 - 1. AFUE $\geq$ 90 per cent,
 - 2. systems not equipped with tankless domestic water heating coils must be equipped with an “automatic water temperature adjustment device” and must not be operable without the device, and
 - 3. maximum standby and off mode power consumption $\leq$ 9 watts;
 - B. for steam,
 - 1. AFUE $\geq$ 82 per cent, and
 - 2. maximum standby and off mode power consumption $\leq$ 8 watts.

(11) Subparagraph 16 i of section 1 of Schedule 3 to the Regulation is amended by striking out “or later” at the end and substituting “to December 31, 2024 inclusive”.

(12) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraph:

16.1. Boiler, gas-fired, with an input of at least 88 kW (300,000 Btu/h) but not more than 732 kW (2,500,000 Btu/h):

- i. Date of manufacture: January 1, 2025 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations, Appendix A to Subpart E of Part 431 — Uniform Test Method for the Measurement of Thermal Efficiency and Combustion Efficiency of Commercial Packaged Boilers, as it read on the date the particular appliance or product is manufactured.
- iii. Scope of application: a gas-heated boiler that uses exclusively propane or natural gas, is intended for application in a low-pressure steam, or hot water, central heating system and has an input rate of at least 88 kW (300,000 Btu/h) but not more than 732 kW (2,500,000 Btu/h).
- iv. Prescribed efficiency standard or requirement: no standing pilot, and,
 - A. for hot water: thermal efficiency $\geq$ 90 per cent, and
 - B. for steam, thermal efficiency $\geq$ 81 per cent.

(13) Subparagraph 18 i of section 1 of Schedule 3 to the Regulation is amended by striking out “or later” at the end and substituting “to December 31, 2024 inclusive”.

(14) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraph:

18.1. Boiler, gas-fired, with an input of greater than 732 kW (2,500,000 Btu/h) but not more than 2,930 kW (10,000,000 Btu/h):

- i. Date of manufacture: January 1, 2025 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations, Appendix A to Subpart E of Part 431 — Uniform Test Method for the Measurement of Thermal Efficiency and Combustion Efficiency of Commercial Packaged Boilers, as it read on the date the particular appliance or product is manufactured.

- iii. Scope of application: a boiler that uses exclusively propane or natural gas, is intended for application in a low-pressure steam, or hot water, central heating system and has an input rate of greater than 732 kW (2,500,000 Btu/h) but not more than 2,930 kW (10,000,000 Btu/h).
- iv. Prescribed efficiency standard or requirement: no standing pilot, and,
 - A. for hot water: combustion efficiency $\geq$ 90 per cent, and
 - B. for steam, thermal efficiency $\geq$ 82 per cent.

(15) Subparagraph 21 i of section 1 of Schedule 3 to the Regulation is amended by striking out “or later” at the end and substituting “to December 31, 2024 inclusive”.

(16) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraphs:

21.1 Boiler, oil-fired, with an input of less than 88 kW (300,000 Btu/h):

- i. Date of manufacture: January 1, 2025 or later.
- ii. Testing standard: US DOE 10 Code of Federal Regulations, Part 430, Subpart B, §430.23 (n) Furnaces, as it read on the date the particular appliance or product is manufactured.
- iii. Scope of application: a boiler that is intended for application in a low-pressure steam, or hot water, central heating system, has an input rate of less than 88 kW (300,000 Btu/h) and that is either exclusively oil-fired, or capable of being fired, at the choice of the user, by either oil or another fuel. For greater certainty, this includes boilers equipped with tankless domestic water heating coils.
- iv. Prescribed efficiency standard or requirement: Maximum standby and off mode power consumption less than or equal to 11 watts, and
 - A. for hot water: AFUE $\geq$ 86 per cent, and systems not equipped with tankless domestic water heating coils must be equipped with an automatic water temperature adjustment device, and
 - B. for steam: AFUE $\geq$ 85 per cent.

.

22.1 Boiler, oil-fired, with an input of at least 88 kW (300,000 Btu/h) but not more than 732 kW (2,500,000 Btu/h):

- i. Date of manufacture: January 1, 2025 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations, Appendix A to Subpart E of Part 431 — Uniform Test Method for the Measurement of Thermal Efficiency and Combustion Efficiency of Commercial Packaged Boilers, as it read on the date the particular appliance or product is manufactured.
- iii. Scope of application: an oil-fired boiler that is intended for application in a low-pressure steam, or hot water, central heating system with an input rate of at least 88 kW (300,000 Btu/h) but not more than 732 kW (2,500,000 Btu/h).
- iv. Prescribed efficiency standard or requirement: for hot water, thermal efficiency $\geq$ 87 per cent; and for steam, thermal efficiency $\geq$ 84 per cent.

(17) Subparagraph 22 i of section 1 of Schedule 3 to the Regulation is amended by striking out “or later” at the end and substituting “to December 31, 2024 inclusive”.

(18) Subparagraph 23 i of section 1 of Schedule 3 to the Regulation is amended by striking out “or later” at the end and substituting “to December 31, 2024 inclusive”.

(19) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraph:

23.1. Boiler, oil-fired, with an input of more than 732 kW (2,500,000 Btu/h) but not more than 2,930 kW (10,000,000 Btu/h):

- i. Date of manufacture: January 1, 2025 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations, Appendix A to Subpart E of Part 431 — Uniform Test Method for the Measurement of Thermal Efficiency and Combustion Efficiency of Commercial Packaged Boilers, as it read on the date the particular appliance or product is manufactured.
- iii. Scope of application: an oil-fired boiler that is intended for application in a low-pressure steam, or hot water, central heating system with an input rate of more than 732 kW (2,500,000 Btu/h) but not more than 2,930 kW (10,000,000 Btu/h).
- iv. Prescribed efficiency standard or requirement: for hot water, combustion efficiency $\geq$ 88 per cent; and for steam, thermal efficiency $\geq$ 85 per cent.

(20) Paragraph 28 of section 1 of Schedule 3 to the Regulation is amended by striking out “(including fireplace heaters and fireplace inserts)” in the portion before subparagraph i.

(21) Subparagraph 28 iv of section 1 of Schedule 3 to the Regulation is amended by adding “and for a fireplace certified to ANSI Z21.88/CSA 2.33, Vented gas fireplace heaters, fireplace efficiency $\geq$ 50 per cent” at the end.

(22) Section 2 of Schedule 3 to the Regulation is amended by adding the following definitions:

“gas furnace for relocatable buildings” means a gas furnace that is intended for use in a temporary modular building that can be relocated from one site to another and is marked for use in relocatable buildings;

“manufactured home” means a factory-built, single- or multiple-section, one-storey dwelling that,

- (a) is designed and constructed for year-round occupancy,
- (b) is designed to be transported to its installation site, and
- (c) is ready for occupancy when it is installed in accordance with the manufacturer’s installation instructions;

.

“replacement non-condensing gas furnace” means a non-condensing gas furnace that is marked for use as a replacement for a non-condensing gas furnace in a manufactured home.

6. The definition of “large condensing unit” in section 2 of Schedule 4 to the Regulation is revoked and the following substituted:

“large condensing unit” means a commercial or industrial condensing unit intended for air-conditioning applications with a cooling capacity of at least 19 kW (65,000 Btu/h) but no greater than 70 kW (240,000 Btu/h);

7. Paragraph 25 ii of section 1 of Schedule 5 to the Regulation is revoked and the following substituted:

- ii. Testing standard: CAN/CSA C653-18, Photometric Performance of Roadway Lighting Luminaires. For luminaires manufactured on or before December 31, 2021, CAN/CSA C653-13, Photometric Performance of Roadway Lighting Luminaires, may be used instead.

8. Subparagraphs 2 ii and iii of section 1 of Schedule 7 to the Regulation are revoked and the following substituted:

- ii. Testing standard: CSA C828-19, Performance Requirements for Thermostats Used with Individual Room Electric Space Heating Devices. For thermostats manufactured on or before December 31, 2021, C828-13, Performance Requirements for Thermostats Used with Individual Room Electric Space Heating Devices, may be used instead.
- iii. Scope of application: the same scope as CSA C828-19.

9. (1) Subparagraph 1 i of section 1 of Schedule 8 to the Regulation is amended by striking out “or later” at the end and substituting “to December 31, 2021 inclusive”.

(2) Section 1 of Schedule 8 to the Regulation is amended by adding the following paragraph:

1.1. Window, intended for low-rise residential building:

- i. Date of manufacture: January 1, 2022 or later.
- ii. Testing standard: One of the following:
 - A. CAN/CSA A440.2:19/A440.3:19, Fenestration energy performance.
 - B. NFRC 100-2017 Procedure for Determining Fenestration Product U-Factors or for determining the energy rating, NFRC 200-2017 Procedure for Determining Fenestration Product Solar Heat Gain Coefficient and Visible Transmittance at Normal Incidence.
- iii. Scope of application: a window that separates heated space from unheated space or from the exterior air and that is to be installed in a building that is partially or entirely used for residential occupancy, has a building area not exceeding 600 square metres and has a building height of three storeys or less. However, the following windows are excluded:
 - A. Decorative windows that have stained glass panels, iron inserts or blinds contained in a sealed insulating glass unit.
 - B. Heritage replacement windows intended to be installed in a heritage building.
 - C. Glazing replacements in an existing sash or frame, if the U-factor of the replacement glazing is equal to or less than the U-factor of the original glazing.
 - D. Decorative sidelights for doors.

- E. Windows that are designed for a specific building.
 - F. Windows that fall outside the scope of the certification programs of the designated organizations described in subsections 9 (2) and (3) of this Regulation.
- iv. Prescribed efficiency standard or requirement:
- A. For basement windows that incorporate a loadbearing structural frame, double-glazed with a low-E coating.
 - B. For all other windows, U-factor $\leq 1.61 \text{ W}/(\text{m}^2\text{C})$ or an energy rating ≥ 25 .

Amending O. Reg. 429/04

(ADJUSTMENTS UNDER SECTION 25.33 OF THE ACT)

1. (1) Part III of Ontario Regulation 429/04 is amended by adding the following section:**Applicable base period for 2021-2022 adjustment period**

19.2 (1) Despite anything to the contrary in this Part, a base period of May 1, 2019 to April 30, 2020 shall be used for the purposes of determining the peak demand factor for the adjustment period commencing in 2021 in respect of a person or other entity that is a Class A market participant, deemed Class A market participant, Class A consumer or deemed Class A consumer at any time during the adjustment period commencing in 2020.

(2) For the purposes of this section, the peak demand factor for the adjustment period commencing in 2021 of a licensed distributor who is a market participant is, despite subsection 11 (5) and subject to subsection (3), the amount calculated to eight decimal places using the formula,

$$(X1/W1) + (X2/W2)$$

in which,

“X1” is the total volume of electricity distributed during the peak hours in the base period referred to in subsection (1) to those Class A consumers to whom that subsection applies by the licensed distributor or by a wholly-embedded distributor of which the licensed distributor is the host distributor,

“W1” is “W” as defined in subsection 11 (4), as applied in respect of the base period referred to in subsection (1),

“X2” is the total volume of electricity distributed during the peak hours in the base period commencing in 2020 to those Class A consumers to whom subsection (1) does not apply by the licensed distributor or by a wholly-embedded distributor of which the licensed distributor is the host distributor, and

“W2” is “W” as defined in subsection 11 (4), as applied in respect of the base period commencing in 2020.

(3) Despite subsection 11 (5.1), if a licensed distributor who is a market participant distributes electricity to Class A consumers who are eligible cogeneration customers in respect of the adjustment period commencing in 2021, the peak demand factor of the licensed distributor for the adjustment period is the amount calculated to eight decimal places using the formula,

$$((X1 - X.1.1) / W1) + ((X2 - X.1.2) / W2)$$

in which,

“X1” is the total volume of electricity distributed during the peak hours in the base period referred to in subsection (1) to those Class A consumers to whom that subsection applies by the licensed distributor or by a wholly-embedded distributor of which the licensed distributor is the host distributor,

“X.1.1” is “X.1” as defined in subsection 11 (5.1), as applied in respect of the base period referred to in subsection (1),

“W1” is “W” as defined in subsection 11 (4), as applied in respect of the base period referred to in subsection (1),

“X2” is the total volume of electricity distributed during the peak hours in the base period commencing in 2020 to those Class A consumers to whom subsection (1) does not apply by the licensed distributor or by a wholly-embedded distributor of which the licensed distributor is the host distributor,

“X.1.2” is “X.1” as defined in subsection 11 (5.1), as applied in respect of the base period commencing in 2020, and

“W2” is “W” as defined in subsection 11 (4), as applied in respect of the base period commencing in 2020.

(4) For the purposes of the definitions of “X.1.1” and “X.1.2” as regards the application of subsection 11 (5.2),

(a) a reference in that subsection to “X.1” shall be read as a reference to “X.1.1” or “X.1.2”, as the case may be; and

(b) a reference in that subsection to “X” shall be read as a reference to “X1” or “X2”, as the case may be.

(5) For the purposes of this section, the peak demand factor of a wholly-embedded distributor for the adjustment period commencing in 2021 is, despite subsection 12 (3), the amount calculated to eight decimal places using the formula,

$$(BB1/W1) + (BB2/W2)$$

in which,

“BB1” is the total volume of electricity distributed by the wholly-embedded distributor during the peak hours in the base period referred to in subsection (1) to those Class A consumers to whom that subsection applies,

“W1” is “W” as defined in subsection 11 (4), as applied in respect of the base period referred to in subsection (1),

“BB2” is the total volume of electricity distributed by the wholly-embedded distributor during the peak hours in the base period commencing in 2020 to those Class A consumers to whom subsection (1) does not apply, and

“W2” is “W” as defined in subsection 11 (4), as applied in respect of the base period commencing in 2020.

(2) Section 19.2 of the Regulation, as made by subsection (1), is revoked.

Commencement

2. (1) Subject to subsection (2), this Regulation comes into force on the day it is filed.

(2) Subsection 1 (2) comes into force on the later of July 1, 2022 and the day this Regulation is filed.

Amending Reg. 334 of R.R.O. 1990
(GENERAL)

1. Regulation 334 of the Revised Regulations of Ontario, 1990 is amended by adding the following section:

8.1 (1) The undertaking of forest management by or on behalf of Her Majesty in right of Ontario in the area described in subsection (2) is exempt from the Act.

(2) The area to which subsection (1) applies consists of,

(a) any Crown forest that is,

(i) located within an area that was designated as a management unit pursuant to section 7 of the *Crown Forest Sustainability Act, 1994* as of July 1, 2020, and

(ii) located north of the southern limit of the following management units, as those units existed as of July 1, 2020:

A. Mazinaw-Lanark Forest,

B. Bancroft-Minden Forest,

C. French-Severn Forest; and

(b) any Crown forest that is located in the Cat Lake-Slate Falls planning area depicted in the Cat Lake – Slate Falls Community Based Land Use Plan, entitled “Niigaan Bimaadiziwin” - A Future Life, dated July 11, 2011, prepared and approved under the *Far North Act, 2010*.

(3) In this section,

“accessing forest resources” means the construction, maintenance, use or decommissioning of roads that provide or provided access for the purpose of harvesting forest resources, transporting forest resources to wood processing facilities or maintaining and renewing forest resources; (“accès aux ressources forestières”)

“Crown forest” has the same meaning as in the *Crown Forest Sustainability Act, 1994*; (“forêt de la Couronne”)

“forest management” means,

(a) an activity related to accessing forest resources, or to the harvesting, renewal or maintenance of forest resources, in accordance with a forest management plan approved under the *Crown Forest Sustainability Act, 1994*, including a disposition of rights to forest resources,

(b) an activity related to accessing forest resources, or to the harvesting, renewal or maintenance of forest resources, respecting which written direction has been provided pursuant to subsection 42 (2) of the *Crown Forest Sustainability Act, 1994*, including a disposition of rights to forest resources, and

(c) planning conducted in accordance with Part II of the *Crown Forest Sustainability Act, 1994*; (“gestion forestière”)

“forest resources” has the same meaning as in the *Crown Forest Sustainability Act, 1994*. (“ressources forestières”)

imprimé dans la *Gazette de l'Ontario* le 18 juillet 2020modifiant le Règl. 334 des R.R.O. de 1990
(DISPOSITIONS GÉNÉRALES)**1. Le Règlement 334 des Règlements refondus de l'Ontario de 1990 est modifié par adjonction de l'article suivant :****8.1** (1) L'entreprise de gestion forestière réalisée par Sa Majesté du chef de l'Ontario ou en son nom dans le secteur visé au paragraphe (2) est exemptée de l'application de la Loi.

(2) Le secteur auquel s'applique le paragraphe (1) consiste en ce qui suit :

a) toute forêt de la Couronne qui, à la fois :

(i) est située dans un secteur qui était désigné comme unité de gestion en vertu de l'article 7 de la *Loi de 1994 sur la durabilité des forêts de la Couronne* le 1^{er} juillet 2020,(ii) est située au nord de la limite sud des unités de gestion suivantes, telles qu'elles existaient le 1^{er} juillet 2020 :

A. la forêt Mazinaw-Lanark,

B. la forêt Bancroft-Minden,

C. la forêt French-Severn;

b) toute forêt de la Couronne qui est située dans la zone d'aménagement de Cat Lake-Slate Falls illustrée dans le plan communautaire d'aménagement du territoire visant cette zone intitulé «*Niigaan Bimaadiziwin*» - *A Future Life*, daté du 11 juillet 2011 et élaboré et approuvé en application de la *Loi de 2010 sur le Grand Nord*.

(3) Les définitions qui suivent s'appliquent au présent article.

ONTARIO LINE PROJECT

DEFINITIONS

Definitions

1. In this Regulation,

“ancillary facilities” includes any maintenance yards, transmission lines or transmission stations;

“ancillary works” means modifications to existing infrastructure including roads, bridges or utility corridors;

“early works” means any components of the Ontario Line Project that Metrolinx proposes to proceed with before the completion of the Ontario Line assessment process, such as station construction, rail corridor expansion, utility relocation or bridge replacement or expansion;

“early works assessment process” means the process set out in sections 8 to 14 and section 21;

“Metrolinx” means the corporation continued under section 2 of the *Metrolinx Act, 2006*;

“Ontario Line Project” means,

(a) an enterprise or activity that is the planning, designing, establishing, constructing, operating, changing or retiring of a facility or service for the transportation of passengers by rail that begins near the Ontario Science Centre and terminates near Ontario Place in the City of Toronto and includes any ancillary facilities used to support or facilitate the transportation of passengers by rail and ancillary works needed to establish, construct, operate, change or retire those facilities or services, or

(b) a proposal, plan or program in respect of an enterprise or activity described in clause (a);

“Ontario Line project assessment process” means the process set out in sections 3 to 7 and 15 to 21.

EXEMPTIONS

Exemptions

2. (1) The Ontario Line Project, other than early works, is exempt from Part II and subsection 13 (3) of the Act if Metrolinx complies with the Ontario Line project assessment process.

(2) Early works are exempt from Part II and subsection 13 (3) of the Act if Metrolinx complies with the early works assessment process.

(3) Subsections 12.2 (2) and (6) of the Act do not apply to,

(a) the Minister of the Environment, Conservation and Parks with respect to any permit that Minister may issue under section 17 of the *Endangered Species Act, 2007* related to the Ontario Line Project; and

(b) the Minister of Heritage, Sport, Tourism and Culture Industries with respect to any consent that Minister may issue for the purpose of compliance with subsection 25.2 (6) of the *Ontario Heritage Act* related to the Ontario Line Project.

LIST OF INDIGENOUS COMMUNITIES

List of Indigenous communities

3. Before preparing the draft environmental conditions report, Metrolinx shall obtain from the Director of the Ministry’s Environmental Assessment Branch a list of Indigenous communities that, in the opinion of the Director, have or may have existing aboriginal or treaty rights, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, that may be negatively impacted by the Ontario Line Project.

ENVIRONMENTAL CONDITIONS REPORT

Draft environmental conditions report

4. (1) Metrolinx shall prepare a draft environmental conditions report in accordance with subsection (3).

(2) In preparing the draft environmental conditions report, Metrolinx shall request every Indigenous community that is identified on the list provided by the Director described in section 3 to advise it in writing of any negative impact that the Ontario Line Project may have on their existing aboriginal or treaty rights, as recognized and affirmed in section 35 of the *Constitution Act, 1982*.

(3) The draft environmental conditions report must contain the following:

1. A statement of the purpose of the Ontario Line Project and a summary of background information relating to it.
2. The description of the Ontario Line Project.
3. A map showing the area studied in respect of the Ontario Line Project.
4. A description of the local environmental conditions in the area studied in respect of the Ontario Line Project.
5. A description of all studies undertaken in relation to the Ontario Line Project, including,
 - i. a summary of all data collected or reviewed, and
 - ii. a summary of all results and conclusions.
6. A preliminary description of the potential impacts that the Ontario Line Project might have on the environment that have been identified to date and an indication of how those impacts will be studied and described in further detail in the environmental impact assessment report.
7. A description of any potential measures for mitigating any negative impacts that the Ontario Line Project might have on the environment.
8. A description of the future studies that will be carried out as part of the environmental impact assessment report to determine potential impacts to the environment caused by the Ontario Line Project and the potential measures for mitigating any negative impacts in respect of them.
9. A preliminary list of the potential municipal, provincial, federal or other approvals or permits that may be required for the Ontario Line Project.
10. A consultation record, including,
 - i. a description of the consultations carried out with Indigenous communities and interested persons,
 - ii. a list of the Indigenous communities and interested persons who participated in the consultations,
 - iii. summaries of the comments submitted by Indigenous communities and interested persons,
 - iv. a summary of discussions that Metrolinx had with Indigenous communities, and copies of all written comments submitted by Indigenous communities,
 - v. a description of what Metrolinx did to respond to concerns expressed by Indigenous communities and interested persons, and
 - vi. any commitments made by Metrolinx to Indigenous communities and interested persons in respect of the Ontario Line Project.

Notice of publication

5. (1) Metrolinx shall prepare a notice of publication of the draft environmental conditions report that complies with subsection (2) and distribute it as described in subsection (3).

(2) The notice shall include the following information:

1. Metrolinx's address.
2. The name and phone number and email address of a person who may be contacted on behalf of Metrolinx.
3. A description of the conceptual design of the Ontario Line Project.
4. A statement that the environmental impacts of the Ontario Line Project are being assessed in accordance with this Regulation.
5. A map showing the study area in respect of the Ontario Line Project.
6. Information on how to obtain a copy of the draft environmental conditions report.

7. Information about any opportunities Metrolinx is providing for consultation about the draft environmental conditions report.
 8. Information on how comments about the draft environmental conditions report can be submitted to Metrolinx.
- (3) Metrolinx shall distribute the notice by,
- (a) giving a copy of the notice to,
 - (i) the Director of the Ministry's Environmental Assessment Branch,
 - (ii) the Director of the Ministry's Central Region Office,
 - (iii) every Indigenous community that is identified on the list provided by the Director described in section 3, and
 - (iv) any other person who, in the opinion of Metrolinx, may be interested in the Ontario Line Project; and
 - (b) publishing the notice in a manner that, in the opinion of Metrolinx, will promptly bring the notice to the attention of interested persons in the study area.
- (4) For the purposes of identifying persons who may be interested in the Ontario Line Project under subclause (3) (a) (iv), Metrolinx shall have regard to Schedule 2 of Ontario Regulation 231/08 (Transit Projects and Metrolinx Undertakings) made under the Act.
- (5) Metrolinx shall also post the notice on its website.

Consultation on environmental conditions report

6. (1) Metrolinx shall, in accordance with subsection (2), consult with,
 - (a) Indigenous communities that have existing aboriginal or treaty rights, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, that may be negatively impacted by the Ontario Line Project; and
 - (b) persons who, in the opinion of Metrolinx, may be interested in the Ontario Line Project.
- (2) Metrolinx shall provide all of the Indigenous communities and persons to whom a copy of the notice under clause 5 (3) (a) is given with an opportunity to participate in the consultation.
- (3) Subject to subsections (4) and (5), the consultation shall be conducted in the way Metrolinx considers appropriate.
- (4) As part of the consultation, Metrolinx shall ensure that all of the persons and Indigenous communities to whom a copy of the notice under clause 5 (3) (a) is given are provided with access to a copy of the draft environmental conditions report.
- (5) As part of the consultation, Metrolinx shall discuss with each Indigenous community,
 - (a) any existing aboriginal or treaty rights, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, that are identified by the community as potentially being negatively impacted by the Ontario Line Project; and
 - (b) measures for preventing, mitigating or remedying potential negative impacts on the rights referred to in clause (a), including any measures identified by the community.

Final environmental conditions report

7. (1) Following the consultation described in section 6, Metrolinx shall update the draft environmental conditions report and publish a final environmental conditions report on its website.
- (2) Metrolinx shall ensure that all of the Indigenous communities and persons to whom a copy of the notice under clause 5 (3) (a) are given are notified of the publication of the final environmental conditions report and are provided with access to a copy of it.

EARLY WORKS

Draft early works report

8. (1) Metrolinx may prepare one or more draft early works reports in accordance with subsection (2).
- (2) A draft early works report must contain the following:
 1. A description of the early works including a description of the alternatives that were considered.
 2. The rationale for proceeding with the early works and a summary of background information relating to them.
 3. A map showing the site of the early works described under paragraph 1.
 4. A description of the local environmental conditions at the site of the early works.
 5. A description of all studies undertaken in relation to the early works, including,
 - i. a summary of all data collected or reviewed, and

- ii. a summary of all results and conclusions.
- 6. Metrolinx's assessment and evaluation of the impacts that the preferred method of carrying out the early works and other methods might have on the environment, and Metrolinx's criteria for assessment and evaluation of those impacts.
- 7. A description of any measures proposed by Metrolinx for mitigating any negative impacts that the preferred method of carrying out the early works might have on the environment.
- 8. A description of the means Metrolinx proposes to use to monitor or verify the effectiveness of mitigation measures proposed under paragraph 7.
- 9. A description of any municipal, provincial, federal or other approvals or permits that may be required for the early works.
- 10. A consultation record, including,
 - i. a description of the consultations carried out with Indigenous communities and interested persons,
 - ii. a list of the Indigenous communities and interested persons who participated in the consultations,
 - iii. summaries of the comments submitted by Indigenous communities and interested persons, and
 - iv. a summary of discussions that Metrolinx had with Indigenous communities, and copies of all written comments submitted by Indigenous communities.

Notice of draft early works report

9. (1) Metrolinx shall prepare a notice of publication of draft early works report that complies with subsection (3) and distribute it as described in subsection (4).

(2) In preparing the draft early works report, Metrolinx shall request every Indigenous community that is identified on the list provided by the Director described in section 3 to advise it in writing of any potential negative impact that the early works may have on their existing aboriginal or treaty rights, as recognized and affirmed in section 35 of the *Constitution Act, 1982*.

(3) The notice shall include the following information:

- 1. Metrolinx's address.
- 2. The name and phone number and email address of a person who may be contacted on behalf of Metrolinx.
- 3. A description of the early works.
- 4. A statement that the environmental impacts of the early works are being assessed in accordance with this Regulation.
- 5. A map showing the site of the early works described under paragraph 3.
- 6. Information on how to obtain a copy of the draft early works report.
- 7. Information about any opportunities Metrolinx is providing for consultation about the draft early works report.
- 8. Information on how comments about the draft early works report can be submitted to Metrolinx.

(4) Metrolinx shall distribute the notice by,

- (a) giving a copy of the notice to,
 - (i) every assessed owner of land within 30 metres of the site of the early works,
 - (ii) the Director of the Ministry's Environmental Assessment Branch,
 - (iii) the Director of the Ministry's Central Region Office,
 - (iv) every Indigenous community that is identified on the list provided by the Director described in section 3, and
 - (v) any other person who, in the opinion of Metrolinx, may be interested in the early works; and
- (b) publishing the notice in a manner that, in the opinion of Metrolinx, will promptly bring the notice to the attention of the public near the site of the early works.

(5) For the purposes of identifying persons who may be interested in the early works under subclause (4) (a) (v), Metrolinx shall have regard to Schedule 2 of Ontario Regulation 231/08 (Transit Projects and Metrolinx Undertakings) made under the Act.

(6) Metrolinx shall also post the notice on its website.

Consultation on early works report

10. (1) Subject to subsection (2), Metrolinx shall consult with every Indigenous community that is identified on the list provided by the Director described in section 3 and persons who, in the opinion of Metrolinx, may be interested in the early works.

(2) Metrolinx shall provide all of the persons to whom a copy of the notice under clause 9 (4) (a) is given an opportunity to participate in the consultation.

(3) Subject to subsections (4) to (6), the consultation shall be conducted in the way Metrolinx considers appropriate.

(4) As part of the consultation, Metrolinx shall ensure that all of the persons and Indigenous communities to whom a copy of the notice under clause 9 (4) (a) is given are provided with access to a copy of the draft early works report.

(5) As part of the consultation, Metrolinx shall discuss with each Indigenous community that may be negatively impacted by the early works,

(a) any existing aboriginal or treaty rights, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, that are identified by the community as potentially being negatively impacted by the early works; and

(b) measures for preventing, mitigating or remedying potential negative impacts on the rights referred to in clause (a), including any measures identified by the community.

(6) Metrolinx shall establish an issues resolution process to attempt to resolve,

(a) any concerns raised by Indigenous communities and interested persons, in a way that does not cause unreasonable delay to the implementation of the Ontario Line Project, and

(b) any adverse impacts to the existing aboriginal or treaty rights of the aboriginal peoples of Canada as recognized and affirmed in section 35 of the *Constitution Act, 1982*, related to the early works.

Final early works report

11. (1) Within 65 days of publishing the notice of publication of the draft early works report pursuant to clause 9 (4) (b), Metrolinx shall,

(a) complete the consultation and issues resolution process under section 10;

(b) update the draft early works report, including by adding,

(i) a description of the issues resolution process employed by Metrolinx in respect of any concerns raised by Indigenous communities and interested persons,

(ii) a description of the concerns raised by Indigenous communities and interested persons in the issues resolution process and of the outcome of the process, including what, if anything, Metrolinx did or will do in respect of the concerns raised, and

(iii) a description of any impacts to the timeline for implementation of the early works as a result of how Metrolinx has addressed the concerns; and

(c) publish the final early works report on its website.

(2) Metrolinx shall ensure that all of the persons and Indigenous communities to whom a copy of the notice under clause 9 (4) (a) is given are notified of the publication of the final early works report and are provided with access to a copy of it.

Minister's notice

12. (1) Within 35 days after receipt of the notice given under subsection 11 (2) by the Directors of the Ministry's Environmental Assessment Branch and Central Region Office, the Minister may, in the circumstances specified in subsection (2), issue a notice to Metrolinx imposing conditions related to the early works.

(2) The Minister may issue a notice under subsection (1) only if,

(a) the Minister is of the opinion that,

(i) the way in which Metrolinx has addressed a concern raised in the issues resolution process established under subsection 10 (6) in the final early works report would cause unreasonable delay to the implementation of the early works, and

(ii) the conditions in the Minister's notice change the way in which the concern is addressed in the final early works report without causing unreasonable delay to the implementation of the early works; or

(b) the Minister is of the opinion that,

(i) the early works may have an adverse impact on the existing aboriginal or treaty rights of the aboriginal peoples of Canada, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, and

(ii) the conditions may prevent, mitigate, or remedy the adverse impact referred to in subclause (i).

(3) If the Minister decides not to issue a notice pursuant to subsection (1), the Minister may, during the time period specified in that subsection, inform Metrolinx in writing of this decision.

Early works statement of completion

13. (1) Metrolinx shall submit a statement of completion of the early works assessment process to the Directors of the Ministry's Environmental Assessment Branch and Central Region Office after the time period specified in subsection 12 (1).

(2) Despite subsection (1), Metrolinx may submit the statement of completion before the expiry of the time period specified in subsection 12 (1) if the Minister informs Metrolinx pursuant to subsection 12 (3) that a notice will not be issued pursuant to subsection 12 (1).

(3) The statement of completion of the early works assessment process shall indicate that Metrolinx intends to proceed with the early works in accordance with the final early works report, subject to any conditions imposed by the Minister pursuant to subsection 12 (1).

(4) Metrolinx shall post the statement of completion on its website.

(5) Subject to subsection 21 (23), if Metrolinx proceeds with the early works, it shall proceed in accordance with the final early works report, subject to any conditions imposed by the Minister pursuant to subsection 12 (1).

Timing for early works assessment process

14. (1) Metrolinx may carry out the early works assessment process only until the notice of publication of the draft environmental impact assessment report has been distributed in accordance with subsection 16 (3).

(2) Once the notice of publication of the draft environmental impact assessment report has been distributed, Metrolinx shall immediately cease any early works assessment process that is underway.

(3) Subsections (1) and (2) do not apply to the early works assessment process for proposed changes pursuant to section 21.

ENVIRONMENTAL IMPACT ASSESSMENT REPORT

Draft environmental impact assessment report

15. (1) Metrolinx shall prepare a draft environmental impact assessment report in accordance with subsection (2).

(2) The draft environmental impact assessment report must contain the following:

1. A statement of the purpose of the Ontario Line Project and a summary of background information relating to the Ontario Line Project.
2. The final description of the Ontario Line Project, including a description of the preferred method of carrying it out, and a description of the other methods that were considered.
3. A map showing the site of the Ontario Line Project.
4. A description of the local environmental conditions at the site of the Ontario Line Project.
5. A description of all studies undertaken in relation to the Ontario Line Project, including,
 - i. a summary of all data collected or reviewed, and
 - ii. a summary of all results and conclusions.
6. Metrolinx's assessment and evaluation of the impacts that the preferred method of carrying out the Ontario Line Project and other methods might have on the environment, and Metrolinx's criteria for assessment and evaluation of those impacts.
7. A description of any measures proposed by Metrolinx for mitigating any negative impacts that the preferred method of carrying out the Ontario Line Project might have on the environment.
8. A description of the means Metrolinx proposes to use to monitor or verify the effectiveness of mitigation measures proposed under paragraph 7.
9. A description of any municipal, provincial, federal or other approvals or permits that may be required for the Ontario Line Project.
10. A consultation record, including,
 - i. a description of the consultations carried out with Indigenous communities and interested persons,
 - ii. a list of the Indigenous communities and interested persons who participated in the consultations,
 - iii. summaries of the comments submitted by Indigenous communities and interested persons, and

- iv. a summary of discussions that Metrolinx had with Indigenous communities, and copies of all written comments submitted by Indigenous communities.

Notice of draft environmental impact assessment report

16. (1) Metrolinx shall prepare a notice of publication of a draft environmental impact assessment report that complies with subsection (2) and distribute it as described in subsection (3).

(2) The notice shall include the following information:

1. Metrolinx's address.
2. The name and phone number and email address of a person who may be contacted on behalf of Metrolinx.
3. A description of the environmental impact assessment of the Ontario Line Project.
4. A statement that the environmental impacts of the Ontario Line Project are being assessed in accordance with this Regulation.
5. A map showing the site of the Ontario Line Project.
6. Information on how to obtain a copy of the draft environmental impact assessment report.
7. Information about any opportunities Metrolinx is providing for consultation about the draft environmental impact assessment report.
8. Information on how comments about the draft environmental impact assessment report can be submitted to Metrolinx.

(3) Metrolinx shall distribute the notice by,

(a) giving a copy of the notice to,

- (i) every assessed owner of land within 30 metres of the site of the Ontario Line Project,
- (ii) the Director of the Ministry's Environmental Assessment Branch,
- (iii) the Director of the Ministry's Central Region Office,
- (iv) every Indigenous community that is identified on the list provided by the Director described in section 3, and
- (v) any other person who, in the opinion of Metrolinx, may be interested in the Ontario Line Project; and

(b) publishing the notice in a manner that, in the opinion of Metrolinx, will promptly bring the notice to the attention of the public near the site of the Ontario Line Project.

(4) For the purposes of identifying persons who may be interested in the Ontario Line Project under subclause (3) (a) (v), Metrolinx shall have regard to Schedule 2 of Ontario Regulation 231/08 (Transit Projects and Metrolinx Undertakings) made under the Act.

(5) Metrolinx shall also post the notice on its website.

Consultation on environmental impact assessment report

17. (1) Subject to subsection (2), Metrolinx shall consult with every Indigenous community that is identified on the list provided by the Director described in section 3 and persons, who, in the opinion of Metrolinx, may be interested in the Ontario Line Project.

(2) Metrolinx shall provide all of the Indigenous communities and persons to whom a copy of the notice under clause 16 (3) (a) is given with an opportunity to participate in the consultation.

(3) Subject to subsections (4) to (6), the consultation shall be conducted in the way Metrolinx considers appropriate.

(4) As part of the consultation, Metrolinx shall ensure that all of the persons and Indigenous communities to whom a copy of the notice under clause 16 (3) (a) is given are provided with access to a copy of the draft environmental impact assessment report.

(5) As part of the consultation, Metrolinx shall discuss with each Indigenous community that may be negatively impacted by the Ontario Line Project,

- (a) any existing aboriginal or treaty rights as recognized and affirmed in section 35 of the *Constitution Act, 1982* that are identified by the community as potentially being negatively impacted by the Ontario Line Project; and
- (b) measures for preventing, mitigating or remedying potential negative impacts on the rights referred to in clause (a), including any measures identified by the community.

(6) Metrolinx shall establish an issues resolution process to attempt to resolve,

- (a) any concerns raised by Indigenous communities and interested persons, in a way that does not cause unreasonable delay to the implementation of the Ontario Line Project, and
- (b) any adverse impacts to the existing aboriginal or treaty rights of the aboriginal peoples of Canada as recognized and affirmed in section 35 of the *Constitution Act, 1982*, related to the Ontario Line Project.

Final environmental impact assessment and statement of completion

18. (1) Within 65 days of publishing the notice of publication of the draft environmental impact assessment report pursuant to clause 16 (3) (b), Metrolinx shall,

- (a) complete the consultation and issues resolution process under section 17;
- (b) update the draft environmental impact assessment report, including by adding,
 - (i) a description of the issues resolution process employed by Metrolinx in respect of any concerns raised by Indigenous communities and interested persons,
 - (ii) a description of the concerns raised by Indigenous communities and interested persons in the issues resolution process and of the outcome of the process, including what, if anything, Metrolinx did or will do in respect of the concerns, and
 - (iii) a description of any impacts to the timeline for implementation of the Ontario Line Project as a result of how Metrolinx has addressed the concerns; and
- (c) publish the final environmental impact assessment report on its website.

(2) Metrolinx shall ensure that all of the persons to whom a copy of the notice under clause 16 (3) (a) is given are notified of the publication of the final environmental impact assessment report and are provided with access to a copy of it.

Minister's notice

19. (1) Within 35 days after receipt of the notice given under subsection 18 (2) by the Directors of the Ministry's Environmental Assessment Branch and Central Region Office, the Minister may, in the circumstances specified in subsection (2), issue a notice to Metrolinx imposing conditions related to the Ontario Line Project.

(2) The Minister may issue a notice pursuant to subsection (1) only if,

- (a) the Minister is of the opinion that,
 - (i) the way in which Metrolinx has addressed a concern raised in the issues resolution process established under subsection 17 (6) in the final environmental impact assessment report would cause unreasonable delay to the implementation of the Ontario Line Project, and
 - (ii) the conditions in the Minister's notice change the way in which the concern is addressed in the final environmental impact assessment report without causing unreasonable delay to the implementation of the Ontario Line Project; or
- (b) the Minister is of the opinion that,
 - (i) the Ontario Line Project may have an adverse impact on the existing aboriginal or treaty rights of the aboriginal peoples of Canada, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, and
 - (ii) the conditions may prevent, mitigate, or remedy the adverse impact referred to in subclause (i).

(3) If the Minister decides not to issue a notice pursuant to subsection (1), the Minister may, during the time period specified in that subsection, inform Metrolinx in writing of this decision.

Ontario Line Project statement of completion

20. (1) Metrolinx shall submit a statement of completion of the Ontario Line project assessment process to the Directors of the Ministry's Environmental Assessment Branch and Central Region Office after the time period specified in subsection 19 (1).

(2) Despite subsection (1), Metrolinx may submit the statement of completion before the expiry of the time period specified in subsection 19 (1) if the Minister informs Metrolinx pursuant to subsection 19 (3) that a notice will not be issued pursuant to subsection 19 (1).

(3) The statement of completion of the Ontario Line project assessment process shall indicate that Metrolinx intends to proceed with the Ontario Line Project in accordance with the final environmental impact assessment report, subject to any conditions imposed by the Minister pursuant to subsection 19 (1).

(4) Metrolinx shall post the statement of completion on its website.

(5) Subject to subsection 21 (23), if Metrolinx proceeds with the Ontario Line Project, it shall proceed in accordance with the final environmental impact assessment report, subject to any conditions imposed by the Minister pursuant to subsection 19 (1).

PROJECT CHANGES

Project changes inconsistent with final environmental impact assessment or early works

21. (1) If, after submitting a statement of completion of the Ontario Line Project assessment process or the early works assessment process, Metrolinx wishes to make a change to the Ontario Line Project or early works that is inconsistent with the environmental impact assessment report or final early works report referred to in that statement, or any conditions imposed by the Minister pursuant to subsections 12 (1) or 19 (1), Metrolinx shall prepare an addendum to that report that contains the following information:

1. A description of the change.
2. The reasons for the change.
3. Metrolinx's assessment and evaluation of any impacts that the change might have on the environment.
4. A description of any measures proposed by Metrolinx for mitigating any negative impacts that the change might have on the environment.
5. A statement of whether Metrolinx is of the opinion that the change is a significant change to the Ontario Line Project or the early works, and the reasons for the opinion.
6. A description of any impacts to the timeline for implementation of the Ontario Line Project or early works.

(2) Subsection (1) does not apply to a change that is required to comply with another Act, a regulation made under another Act, or an order, permit, approval or other instrument issued under another Act.

(3) If Metrolinx is of the opinion that a change described in an addendum prepared under subsection (1) is a significant change to the Ontario Line Project or early works, Metrolinx shall prepare a notice of addendum in accordance with subsection (4).

(4) The notice of addendum shall contain the following:

1. A description of the change.
2. The reasons for the change.
3. Information as to where and how members of the public may examine the addendum to the final environmental impact assessment report or to the final early works report and obtain copies.
4. Information on how members of the public and Indigenous communities can provide comments to Metrolinx in respect of the addendum to the final environmental impact assessment report or final early works report.
5. A description of any impacts to the timeline for implementation of the Ontario Line Project.

(5) Metrolinx shall distribute the notice of addendum by,

- (a) giving a copy of the notice to,
 - (i) every assessed owner of land within 30 metres of the site of the change to the Ontario Line Project or early works,
 - (ii) the Director of the Ministry's Environmental Assessment Branch,
 - (iii) the Director of the Ministry's Central Region Office,
 - (iv) every Indigenous community that is identified on the list provided by the Director described in section 3, and
 - (v) any other person who, in the opinion of Metrolinx, may be interested in the change; and
- (b) publishing the notice in a manner that, in the opinion of Metrolinx, will promptly bring the notice to the attention of interested persons near the site of the change to the Ontario Line Project or early works.

(6) For the purposes of identifying persons who may be interested in the Ontario Line Project or early works under subclause (5) (a) (v), Metrolinx shall have regard to Schedule 2 of Ontario Regulation 231/08 (Transit Projects and Metrolinx Undertakings) made under the Act.

(7) Metrolinx shall post the notice of addendum on its website.

(8) Metrolinx shall provide all of the persons to whom a copy of the notice under clause (5) (a) is given an opportunity to participate in the consultation.

(9) Subject to subsections (10) to (12), Metrolinx shall consult with Indigenous communities and interested persons in the way Metrolinx considers appropriate.

(10) Metrolinx shall ensure that all of the persons or Indigenous communities to whom a copy of the notice under clause (5) (a) is given are provided with access to a copy of the addendum to the final environmental impact assessment report or final early works report.

(11) As part of the consultation, Metrolinx shall discuss with each Indigenous community that may be negatively impacted by the change to the Ontario Line Project or early works,

- (a) any existing aboriginal or treaty rights as recognized and affirmed in section 35 of the *Constitution Act, 1982* that are identified by the community as potentially being negatively impacted by the change; and
- (b) measures for preventing, mitigating or remedying potential negative impacts on the rights referred to in clause (a), including any measures identified by the community.

(12) Metrolinx shall establish an issues resolution process to attempt to resolve,

- (a) any concerns raised by Indigenous communities or interested persons, in a way that does not cause unreasonable delay to the implementation of the Ontario Line Project or early works, and
- (b) any adverse impacts to the existing aboriginal or treaty rights of the aboriginal peoples of Canada, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, related to the change.

(13) Within 65 days of publishing the notice of addendum to the final environmental impact assessment report or final early works report pursuant to clause (5) (b), Metrolinx shall,

- (a) complete the consultation and issues resolution under this section;
- (b) update the addendum to the final environmental impact assessment report or final early works report, including by adding,
 - i a description of the issues resolution process employed by Metrolinx in respect of any concerns raised by Indigenous communities and interested persons,
 - ii. a description of the concerns raised by Indigenous communities and interested persons in the issues resolution process and of the outcome of the process, including what, if anything, Metrolinx did or will do in respect of the concerns raised, and
 - iii. a description of any impacts to the timeline for implementation of the Ontario Line Project or early works as a result of how Metrolinx has addressed the concerns; and
- (c) publish the addendum to the final environmental impact assessment report or final early works report, as updated in accordance with clause (b), on its website.

(14) Metrolinx shall ensure that all of the persons to whom a copy of the notice under clause (5) (a) was given are notified of the updated addendum to the final environmental impact assessment report or final early works report that is published under clause (13) (c) and provided with access to a copy of it.

(15) Within 35 days after receipt of the notice given under subsection (14) by the Directors of the Ministry's Environmental Assessment Branch and Ministry's Central Region Office, the Minister may, in the circumstances specified in subsection (16), issue a notice to Metrolinx imposing conditions related to the change to the Ontario Line Project or early works.

(16) The Minister may issue a notice pursuant to subsection (15) only if,

- (a) the Minister is of the opinion that,
 - (i) the way in which Metrolinx has addressed a concern raised in the issues resolution process established under subsection (12) in the updated addendum to the final environmental impact assessment report or the final early works report that is published under clause (13) (c) would cause unreasonable delay to the implementation of the Ontario Line Project or the early works, and
 - (ii) the conditions in the Minister's notice change the way in which the concern is addressed in the updated addendum to the final environmental impact assessment report or final early works report without causing unreasonable delay to the implementation of the Ontario Line Project or early works; or
- (b) the Minister is of the opinion that,
 - (i) the change to the Ontario Line Project or early works may have an adverse impact on the existing aboriginal or treaty rights of the aboriginal peoples of Canada, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, and
 - (ii) the conditions may prevent, mitigate, or remedy the adverse impact referred to in subclause (i).

(17) If the Minister decides not to issue a notice pursuant to subsection (15), the Minister may, during the time period specified in that subsection, inform Metrolinx in writing of this decision.

(18) Metrolinx shall submit a statement of completion of the change process to the Director of the Ministry's Environmental Assessment Branch and the Director of the Ministry's Central Region Office after the time period specified in subsection (15).

(19) Despite subsection (18), Metrolinx may submit the statement of completion of the change process before the expiry of the time period specified in subsection (15) if the Minister informs Metrolinx pursuant to subsection (17) that a notice will not be issued pursuant to subsection (15).

(20) The statement of completion of the change process shall indicate that Metrolinx intends to proceed with the change to the Ontario Line Project or early works in accordance with the updated addendum to the final environmental impact assessment report or final early works report that is published pursuant to clause (13) (c), subject to any conditions imposed by the Minister pursuant to subsection (15).

(21) Metrolinx shall post the statement of completion on its website.

(22) Metrolinx shall not, after submitting a statement of completion pursuant to section 13 or 20 make a change to the early works or Ontario Line Project that is inconsistent with the final early works report or final environmental impact assessment report referred to in that statement, or any conditions imposed by the Minister pursuant to subsections 12 (1) or 19 (1), unless,

- (a) the change is required to comply with another Act, a regulation made under another Act, or an order, permit, approval or other instrument issued under another Act; or
- (b) Metrolinx has prepared an addendum to the final early works report or final environmental impact assessment report in accordance with subsection (1) that describes the change and,
 - (i) Metrolinx is of the opinion that the change is not a significant change to the early works or Ontario Line Project, or
 - (ii) Metrolinx is of the opinion that the change is a significant change to the early works or the Ontario Line Project and complies with the requirements in subsections (3) to (14) and any conditions imposed by the Minister pursuant to subsection (15).

(23) If Metrolinx proceeds with a change to the early works or the Ontario Line Project, it shall do so in accordance with the updated addendum to the final early works report or final environmental impact assessment report in respect of the change that is published pursuant to clause (13) (c), subject to any conditions imposed by the Minister pursuant to subsection (15).

12. (1) Paragraph 4 of subsection 15 (4) of the Regulation is revoked and the following substituted:

4. Other than in respect of a transit project described in subsection (22.1), a statement that there are circumstances in which the Minister has authority to require further consideration of the change to the transit project, or to impose conditions on the change, if he or she is of the opinion that,
 - i. the change may have a negative impact on a matter of provincial importance that relates to the natural environment or has cultural heritage value or interest, or
 - ii. the change may have a negative impact on the existing aboriginal or treaty rights of the aboriginal peoples of Canada, as recognized and affirmed in section 35 of the *Constitution Act, 1982*.

(2) Paragraph 5 of subsection 15 (4) of the Regulation is amended by striking out “A statement” at the beginning and substituting “Other than in respect of a transit project described in subsection (22.1), a statement”.

(3) Subsection 15 (4) of the Regulation is amended by adding the following paragraph:

6. In respect of a transit project described in subsection (22.1), a description of any impacts to the timeline for implementation of the transit project.

(4) Subclause 15 (5) (a) (ii) of the Regulation is amended by striking out “Environmental Approvals Branch” at the end and substituting “Environmental Assessment Branch”.

(5) Clause 15 (6) (a) of the Regulation is amended by striking out “Environmental Approvals Branch” and substituting “Environmental Assessment Branch”.

(6) Subclause 15 (15) (b) (i) of the Regulation is amended by striking out “a constitutionally protected aboriginal or treaty right” and substituting “the existing aboriginal or treaty rights of the aboriginal peoples of Canada, as recognized and affirmed in section 35 of the *Constitution Act, 1982*”.

(7) Subclause 15 (16) (b) (i) of the Regulation is amended by striking out “a constitutionally protected aboriginal or treaty right” and substituting “the existing aboriginal or treaty rights of the aboriginal peoples of Canada, as recognized and affirmed in section 35 of the *Constitution Act, 1982*”.

(8) Section 15 of the Regulation is amended by adding the following subsections:

(22.1) Subject to subsection (22.2), subsections (11) to (22) do not apply in respect of changes to the following transit projects, and subsections (22.3) to (22.12) apply instead:

1. The transit project for a subway extension located in the City of Toronto known as the Scarborough Subway Extension and also known as the Line 2 East Extension for which the Minister issued a notice pursuant to clause 12 (1) (a) dated October 30, 2017, subject to any changes to the project made in accordance with this section, whether before or after the coming into force of 342/20.
2. The transit project for a subway extension extending from within the City of Toronto to within the Regional Municipality of York known as the Yonge Subway Extension and also known as the Yonge North Subway Extension, for which the Minister issued a notice pursuant to clause 12 (1) (a) dated April 6, 2009, subject to any changes to the project made in accordance with this section, whether before or after the coming into force of 342/20.
3. The transit project for a light rail extension extending from within the City of Toronto to within the Regional Municipality of Peel known as the Eglinton West Light Rail Transit Extension and also known as the Western Extension (Phase 2) of the Eglinton Crosstown Light Rail Transit line for which the Minister issued a notice pursuant to clause 12 (1) (a) dated May 17, 2010, subject to any changes to the project made in accordance with this section, whether before or after the coming into force of 342/20.

(22.2) Subsection (22.1) does not apply to a change to a project that is described in that subsection where, as of the date 342/20 comes into force, the proponent has distributed a notice of environmental project report addendum in respect of the change pursuant to subsection (5).

(22.3) The proponent shall provide all of the persons to whom a copy of the notice under clause (5) (a) is given an opportunity to participate in consultation respecting the proposed change to the transit project.

(22.4) Subject to subsections (22.5) to (22.7), the proponent shall consult with Indigenous communities and interested persons in the way the proponent considers appropriate.

(22.5) The proponent shall ensure that all of the persons or Indigenous communities to whom a copy of the notice under clause (5) (a) is given are provided with access to a copy of the addendum to the environmental project report.

(22.6) As part of the consultation, the proponent shall discuss with each Indigenous community that may be negatively impacted by the change to the transit project,

- (a) any existing aboriginal or treaty rights of the aboriginal peoples of Canada, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, that are identified by the community as potentially being negatively impacted by the change; and

(b) measures for preventing, mitigating or remedying potential negative impacts on the rights referred to in clause (a), including any measures identified by the community.

(22.7) The proponent shall establish an issues resolution process to attempt to resolve,

(a) any concerns raised by Indigenous communities or interested persons in a way that does not cause unreasonable delay to the implementation of the transit project; and

(b) any adverse impacts to the existing aboriginal or treaty rights of the aboriginal peoples of Canada, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, related to the change.

(22.8) Within 65 days of publishing the notice of environmental project report addendum under clause (5) (b) or subsection (8), the proponent shall,

(a) complete the issues resolution process described in subsection (22.7);

(b) update the addendum to the environmental project report, including by adding,

(i) a description of the issues resolution process employed by the proponent in respect of any concerns expressed by Indigenous communities and interested persons,

(ii) a description of what the proponent did in respect of the concerns expressed by Indigenous communities and interested persons, and

(iii) a description of any impacts to the timeline for implementation of the transit project as a result of how the proponent has addressed the concerns; and

(c) publish the addendum, as updated in accordance with clause (b), on its website.

(22.9) The proponent shall ensure that all of the persons to whom a copy of the notice under clause 5 (a) was given are notified of the updated addendum to the environmental project report that is published under clause (22.8) (c) and are provided with access to a copy of the updated addendum.

(22.10) Within 35 days after receipt of the notice given under subsection (22.9) by the Director of the Ministry's Environmental Assessment Branch, the Minister may, in the circumstances specified in subsection (22.11), issue a notice to Metrolinx imposing conditions related to the change to the transit project.

(22.11) The Minister may issue a notice pursuant to subsection (22.10) only if,

(a) the Minister is of the opinion that,

(i) the way in which the proponent has addressed a concern raised in the issues resolution process established pursuant to subsection (22.7) in the updated addendum to the environmental project report that is published under clause (22.8) (c) would cause unreasonable delay to the implementation of the transit project, and

(ii) the conditions in the Minister's notice change the way in which the concern is addressed in the updated addendum to the environmental project report that is published under clause (22.8) (c) without causing unreasonable delay to the implementation of the transit project; or

(b) the Minister is of the opinion that,

(i) the change may have an adverse impact on the existing aboriginal or treaty rights of the aboriginal peoples of Canada, as recognized and affirmed in section 35 of the *Constitution Act, 1982*, and

(ii) the conditions may prevent, mitigate or remedy the adverse impact referred to in subclause (i).

(22.12) If the Minister decides not to issue a notice pursuant to subsection (22.10), the Minister may, during the time period specified in that subsection, inform the proponent in writing of this decision.

(9) Clause 15 (24) (b) of the Regulation is amended by striking out "or" at the end of subclause (v), by adding "or" at the end of subclause (vi) and by adding the following subclause:

(vii) the proponent complies with the requirements in subsections (4) to (10) and (22.3) to (22.9), and any conditions imposed by the Minister pursuant to subsection (22.10).

13. Item 15 of the Table to section 1 of Schedule 2 to the Regulation is amended by striking out "Ministry of Aboriginal Affairs" in Column 2 and substituting "Ministry of Indigenous Affairs".

Commencement

14. This Regulation comes into force on the later of July 1, 2020 and the day it is filed.

1. In this Order,

“ancillary” means a use, building or structure that is naturally and normally incidental, subordinate in purpose or floor area, and exclusively devoted to the apartment building on the same land, including but not limited to,

- (a) administrative offices,
- (b) kitchen and dining facilities,
- (c) activity rooms, and
- (d) a lounge.

Application

2. This Order applies to lands in the City of Toronto in the Province of Ontario, being all of Lots 21, 22, 87 and 88 and part of Lots 23, 86 and 89, as identified by Property Identification Number 060003-0148 (LT) registered in the Land Registry Office for the Land Titles Division of Toronto (No. 80).

Permitted uses

3. Every use of land and every erection, location or use of any building or structure is prohibited on the lands described in section 2 except for an apartment building and ancillary uses, buildings or structures.

Zoning requirements

4. Despite City of Toronto Zoning By-law No. 569-2013, the zoning requirements for the lands described in section 2 are as follows:

- 1. The maximum building height is 12 metres and 3 storeys.
- 2. A maximum of 56 dwelling units is permitted.
- 3. The maximum lot coverage is 40 per cent.
- 4. The minimum yard setback to the north lot line is 7.5 metres for a building and 1.5 metres for an ancillary building or structure.
- 5. The minimum yard setback to the south lot line is 9.5 metres for a building and 5 metres for an ancillary building or structure.
- 6. The minimum rear yard setback to the east lot line is 15.5 metres.
- 7. The minimum front yard setback to the west lot line is 4.5 metres.
- 8. No minimum wide strip of soft landscaping along any part of a lot line abutting another lot is required.
- 9. A minimum of 60 square metres of indoor amenity space shall be provided.
- 10. A minimum of 230 square metres of outdoor amenity space shall be provided.
- 11. No parking spaces are required.
- 12. No loading spaces are required.
- 13. A minimum of five short-term and 38 long-term bicycle parking spaces shall be provided.
- 14. An ancillary building or structure is permitted in the front yard provided it is set back a minimum of 3 metres from the front lot line.
- 15. The minimum separation distance between the apartment building and any ancillary building or structure is 0.25 metres.

16. The maximum permitted height of an ancillary building or structure is 4.5 metres.
17. The maximum gross floor area of all ancillary buildings and structures is 120 square metres.
18. The maximum gross floor area of an ancillary building or structure located less than 1.8 metres from the apartment building is 75 square metres.
19. Ground-mounted heating, air-conditioning devices and mechanical equipment may be located in the front and side yard.

Terms of use

5. (1) Every use of land and every erection, location or use of any building or structure shall be in accordance with this Order.

(2) Nothing in this Order prevents the use of any land, building or structure for any use prohibited by this Order if the land, building or structure is lawfully so used on the day this Order comes into force.

(3) Nothing in this Order prevents the reconstruction of any building or structure that is damaged or destroyed by causes beyond the control of the owner if the dimensions of the original building or structure are not increased and its original use is not altered.

(4) Nothing in this Order prevents the strengthening or restoration to a safe condition of any building or structure.

Deemed by-law

6. This Order is deemed for all purposes, except the purposes of section 24 of the *Planning Act*, to be and to always have been a by-law passed by the council of the City of Toronto.

EMERGENCY MANAGEMENT AND CIVIL PROTECTION ACT

Made: July 2, 2020 (5:10 pm)

Filed: July 2, 2020

Published on e-Laws: July 3, 2020

Printed in *The Ontario Gazette*: July 18, 2020**ORDER UNDER SUBSECTION 7.0.2 (4) OF THE ACT - PATIOS**

Whereas an emergency was declared pursuant to Order in Council 518/2020 (Ontario Regulation 50/20) on March 17, 2020 at 7:30 a.m. Toronto time pursuant to section 7.0.1 of the *Emergency Management and Civil Protection Act* (the “Act”) and has been extended pursuant to section 7.0.7 of the Act;

And Whereas the criteria set out in subsection 7.0.2 (2) of the Act have been satisfied;

And Whereas hospitality sector workers and businesses have been significantly impacted by the coronavirus (COVID-19) outbreak;

And Whereas the Government of Ontario has sought to respond to the impacts of the outbreak on the hospitality sector by allowing restaurants and bars to temporarily create or extend outdoor patio spaces to safely accommodate patrons and staff once licensed establishments are permitted to reopen for business;

And Whereas municipal zoning by-laws would prohibit the establishment or extension of some restaurant and bar patios;

And Whereas it is necessary to address certain legislative provisions that are affecting the ability of municipalities to make decisions to allow the quick establishment or extension of restaurant and bar patios;

Now Therefore, this Order is made pursuant to subsection 7.0.2 (4) of the Act, in particular paragraphs 6, 8 and 14 of that subsection, the terms of which are set out in Schedule 1;

And Further, this Order applies generally throughout Ontario.

SCHEDULE 1**Interpretation**

1. In this order,

“restaurant or bar patio” means an area that is not an enclosed public place or an enclosed workplace and that meets the following criteria:

1. The public is ordinarily invited or permitted access to the area, either expressly or by implication, whether or not a fee is charged for entry, or the area is worked in or frequented by employees during the course of their employment, whether or not they are acting in the course of their employment at the time.
2. Food or drink is served or sold or offered for consumption in the area, or the area is part of, or operated in conjunction with, an area where food or drink is served or sold or offered.
3. The area is not primarily a private dwelling.

Exemption from certain provisions

2. A by-law that would authorize the temporary use of land for a restaurant or bar patio under section 39 of the *Planning Act* is exempt from subsections 34 (12) to (14.3), (14.5) to (15) and (19) of that Act and paragraphs 4 and 5 of subsection 6 (9) of Ontario Regulation 545/06 under that Act.

DÉCRET PRIS EN VERTU DU PARAGRAPHE 7.0.2 (4) DE LA LOI - TERRASSES

Attendu qu'une situation d'urgence a été déclarée le 17 mars 2020 à 7 h 30, heure de Toronto, en vertu du décret 518/2020 (Règlement de l'Ontario 50/20) conformément à l'article 7.0.1 de la *Loi sur la protection civile et la gestion des situations d'urgence* (la «Loi») et que cette situation d'urgence a été prorogée conformément à l'article 7.0.7 de la Loi;

Et attendu qu'il a été satisfait aux critères énoncés au paragraphe 7.0.2 (2) de la Loi;

Et attendu que les travailleurs et les entreprises du secteur de l'hôtellerie et de la restauration ont été gravement touchés par l'éclosion du coronavirus (COVID-19);

Et attendu que le gouvernement de l'Ontario s'est efforcé de réagir aux répercussions de l'éclosion sur le secteur de l'hôtellerie et de la restauration en permettant aux restaurants et aux bars d'aménager des terrasses en plein air ou d'agrandir celles qu'ils ont déjà, temporairement, pour accueillir de façon sécuritaire les clients et le personnel une fois que les établissements titulaires d'un permis seront autorisés à rouvrir;

Et attendu que les règlements municipaux de zonage interdiraient l'aménagement ou l'agrandissement de certaines terrasses de restaurant et de bar;

Et attendu qu'il est nécessaire de traiter de certaines dispositions législatives qui influent sur la capacité des municipalités à prendre des décisions permettant l'aménagement ou l'agrandissement rapide de terrasses de restaurant et de bar;

Par conséquent, le présent décret est pris conformément au paragraphe 7.0.2 (4) de la Loi, en particulier les dispositions 6, 8 et 14 de ce paragraphe; les termes du décret sont énoncés à l'annexe 1;

En outre, le présent décret s'applique généralement et partout en Ontario.

ANNEXE 1**Définition**

1. La définition qui suit s'applique au présent décret.

«terrasse de restaurant ou de bar» Zone qui n'est ni un lieu public clos ni un lieu de travail clos et qui satisfait aux critères suivants :

1. Le public est ordinairement invité dans la zone ou l'accès lui est ordinairement permis, expressément ou implicitement, avec ou sans droits d'entrée, ou des employés y travaillent ou le fréquentent au cours de leur emploi, que ce soit ou non dans le cadre de celui-ci.
2. Des aliments ou des boissons sont servis ou vendus dans la zone ou y sont offerts aux fins de consommation, ou cette zone fait partie d'une zone où des aliments ou des boissons sont servis, vendus ou offerts, ou est exploitée conjointement avec cette zone.
3. La zone n'est pas utilisée principalement comme logement privé.

Soustraction à l'application de certaines dispositions

2. Le règlement municipal qui autoriserait l'utilisation temporaire du sol pour une terrasse de restaurant ou de bar prévue à l'article 39 de la *Loi sur l'aménagement du territoire* est soustrait à l'application des paragraphes 34 (12) à (14.3), (14.5) à (15) et (19) de cette loi et des dispositions 4 et 5 du paragraphe 6 (9) du Règlement de l'Ontario 545/06 pris en vertu de cette loi.
