Notice of Minister of Health and Long-Term Care

Under s. 74 of the *Personal Health Information Protection Act, 2004*

Under section 74 of the *Personal Health Information Protection Act, 2004* (PHIPA), the Minister of Health and Long-Term Care may decide that the requirements under subsection 74(1) to (5), including notice of the proposed regulation and a 60-day public consultation period, should not apply to the power of the Lieutenant Governor in Council to make a regulation under section 73 of PHIPA. The Minister is required to provide public notice of this decision and his reason for making the decision.

I have determined that the proposed regulation is of a minor or technical nature and therefore the requirements outlined in subsections 74(1) to (5) of PHIPA should not apply to the power of the Lieutenant Governor in Council to make a regulation under PHIPA respecting the following matter:

A proposed regulation to amend the date on which section 6.2 of Ontario Regulation 329/04 (General) under PHIPA is revoked. If made, the revocation date will be changed from December 31, 2014 to January 1, 2016.

I have determined that the regulation is of a minor or technical nature, as its sole effect is to extend the revocation date of section 6.2 of O. Reg. 329/04 by one year and one day. The amending regulation does not affect business or introduce any new costs or financial burden to stakeholders or the Government.

THE HONOURABLE DR. ERIC HOSKINS
Minister of Health and Long-Term Care

(147-G603E)

Avis du ministre de la Santé et des Soins de longue durée

En vertu de l'article 74 de la *Loi de 2004 sur la protection des renseignements personnels sur la santé*

Selon l'article 74 de la *Loi de 2004 sur la protection des renseignements personnels sur la santé* (LPRPS), le ministre de la Santé et des Soins de longue durée peut décider que les exigences des paragraphes 74 (1) à (5), y compris l'avis de règlement proposé et la période de consultation publique de 60 jours, ne devraient pas s'appliquer au pouvoir du lieutenant-gouverneur en conseil de prendre un règlement en vertu de l'article 73 de la LPRPS. Le ministre est tenu de publier un avis public de cette décision et la raison de cette décision.

J'ai déterminé que le règlement proposé est mineur ou de nature technique et qu'en conséquence les exigences énoncées dans les paragraphes 74 (1) à (5) de la LPRPS ne devraient pas s'appliquer au pouvoir du lieutenant-gouverneur en conseil de prendre un règlement en vertu de la LPRPS sur le sujet suivant :

Un règlement proposé pour modifier la date à laquelle l'article 6.2 du Règlement de l'Ontario 329/04 (Dispositions générales) pris en vertu de la LPRPS est révoqué. S'il est pris la date de révocation sera changée du 31 décembre 2014 au 1^{er} janvier 2016.

J'ai déterminé que le règlement est mineur ou de nature technique car son seul effet est de repousser la date de révocation de l'article 6.2 du Règlement de l'Ontario 329/04 d'une année plus un jour. Le règlement modificatif n'a pas d'effet sur les activités et n'entraîne pas de nouveaux coûts ni de fardeau financier pour les parties concernées et le gouvernement.

L'HONORABLE DR ERIC HOSKINS
Ministre de la Santé et des Soins de longue durée

If, under subsection 34.7 (3) of the Act, the Director directs a term or condition described in subsection 34.7 (2) of the Act to a particular holder of a permit who is or will be taking water under the permit or who is or will be a related transferor with respect to the permit or to any two or more of them, the term or condition must be included in the part or parts of the permit or any schedule or schedules to the permit that are applicable to the holder or holders to whom the term or condition is directed.

Determining amount of water currently being transferred

19. (1) If a holder of a permit is a person who transfers water that is taken under the authority of two or more permits, the holder may make a request under section 34.8 of the Act for a determination in respect of all the permits that relate to the holder's transfers, and subsections (2) to (6) of this section apply to the request with necessary modifications.

(2) Subject to subsections (3), (4) and (5), for the purposes of section 34.8 of the Act, the amount of water the Director may specify is deemed to currently be transferred by a holder shall be the amount of water any holder is authorized to take under the holder's permit as of the day this section comes into force.

(3) Despite subsection (2), if the *Environmental Assessment Act* applies to a permit holder and the holder's permit is amended or a new permit is issued on or after the day this section comes into force to increase the amount of water the holder is permitted to take, the amount of water the Director may specify is deemed to currently be transferred by the holder shall be the increased amount of water the holder is authorized to take, but only if that increased amount is authorized as a result of,

- (a) an environmental assessment of an undertaking that was approved on or before December 31, 2014; or

(4) Despite subsection (2), if water is taken under a permit by a municipality and the majority of the water that is being transferred under the permit is for use by another municipality, the Director may specify that the amount of water that is deemed to currently be transferred by the permit holder is lower than the amount authorized under the permit if the Director is of the opinion that it is reasonable to do so under the circumstances.

(5) Despite subsection (2), if a proposed new transfer or increased transfer has undergone the prior notice and consultation process under the Great Lakes Charter or that process was begun on or before December 31, 2014, the Director shall deem the person making the request to currently be transferring under the permit the amount of water considered under the Great Lakes Charter if the Ministry of Natural Resources and Forestry has notified the Director that Ontario's prior notice and consultation obligations under the Great Lakes Charter in respect of the proposed new transfer or increased transfer have been satisfied.

(6) After determining the amount of water that is currently deemed to be transferred for the purpose of section 34.8 of the Act, the Director shall amend the permit or issue a new permit to,

- (a) specify the amount of water that is deemed to be currently transferred under the permit;
- (b) designate, for each person who is a related transferor with respect to the permit, a part of or schedule to the permit that will apply to the person and include any conditions the Director considers appropriate to be directed specifically to that person in that part or schedule; and
