made under the

ENDANGERED SPECIES ACT, 2007

Published on e-Laws: January 25, 2022

Printed in *The Ontario Gazette*: February 12, 2022**TEMPORARY SUSPENSION OF STATUTORY PROTECTIONS FOR BLACK ASH****Application**

1. This Regulation applies with respect to the classification of black ash (*Fraxinus nigra*) as an endangered species in the annual report submitted by COSSARO to the Minister on January 27, 2021.

Temporary suspension

2. Despite any amendment to Ontario Regulation 230/08 (Species at Risk in Ontario List), made under the Act, listing black ash as an endangered species, the prohibitions in subsections 9 (1) and 10 (1) of the Act do not apply with respect to black ash for the period that begins on January 26, 2022 and ends on January 25, 2024.

Reason

3. The reason for the temporary suspension described in section 2 is that, without such a suspension, the application of the prohibitions in subsections 9 (1) and 10 (1) of the Act with respect to black ash would likely have significant social and economic implications for many parts of Ontario, and, as a result, additional time is required to determine the best approach to protecting black ash and its habitat.

1. Le présent règlement s'applique à l'égard du classement du frêne noir (*Fraxinus nigra*) comme espèce en voie de disparition dans le rapport annuel que le CDSEPO a présenté au ministre le 27 janvier 2021.

Suspension temporaire

2. Malgré toute modification apportée au Règlement de l'Ontario 230/08 (Liste des espèces en péril en Ontario) pris en vertu de la Loi visant à inscrire le frêne noir comme espèce en voie de disparition, les interdictions prévues aux paragraphes 9 (1) et 10 (1) de la Loi ne s'appliquent pas à l'égard du frêne noir pendant la période qui commence le 26 janvier 2022 et se termine le 25 janvier 2024.

Motif de la suspension

3. La suspension temporaire visée à l'article 2 se motive par le fait que, sans celle-ci, l'application des interdictions prévues aux paragraphes 9 (1) et 10 (1) de la Loi à l'égard du frêne noir aura vraisemblablement d'importantes conséquences sociales ou économiques pour de nombreuses parties de l'Ontario et, par conséquent, un délai plus long est nécessaire pour trouver la meilleure approche pour protéger le frêne noir et son habitat.
