Note: The text of the amendments is set out in italics below, for identification only.

1. Section 1.2.1 of the Unit Sub-Metering Code is amended to include the following definitions in the appropriate locations based on alphabetical order:

“eligible low-income consumer” means:

- (a) *a residential electricity consumer who has a pre-tax household income at or below the pre-tax Low Income Cut-Off, according to Statistics Canada, plus 15%, taking into account family size and community size, as qualified by a Social Service Agency or Government Agency; or*
- (b) *a residential electricity consumer who has been qualified for Emergency Financial Assistance;*

“Emergency Financial Assistance” means any Board-approved emergency financial assistance program made available by a distributor to eligible low-income residential consumers;

“load control device” means a load limiter, timed load interrupter or similar device that limits or interrupts normal electricity service;

“load limiter device” means a device that will allow a consumer to run a small number of electrical items in his or her premises at any given time, and if the consumer exceeds the limit of the load limiter, then the device will interrupt the power until it is reset;

“Social Service Agency or Government Agency” means:

- (a) *a social service agency or government agency that partners with a given distributor to assess eligibility for Emergency Financial Assistance; or*
- (b) *a social service agency or government agency that assesses eligibility for other energy financial assistance or low-income financial assistance programs, and partners with a given distributor to qualify consumers for eligibility under this Code;*

“timed load interrupter device” means a device that will completely interrupt the consumer’s electricity intermittently for periods of time and allows full load capacity outside of the time periods that the electricity is interrupted;

2. Section 1.3 of the Unit Sub-Metering Code is amended by adding the following new sections:

1.3.2 For the purposes of the definition of “eligible low-income consumer” in section 1.2.1 of this Code, a residential electricity consumer who has been qualified as an eligible low-income consumer shall remain an eligible low-income consumer for a period of 2 years from the date on which he or she was so qualified.

1.3.3 A consumer shall be treated as an eligible low-income consumer for the purposes of this Code once the consumer has been qualified as an eligible low-income consumer according to the definition in section 1.2.1 of this Code or has identified himself or herself as provided under section 1.3.2 of this Code.

3. Section 1.5 of the Unit Sub-Metering Code is amended by adding the following new section:

6. Section 4.1 of the Unit Sub-Metering Code is amended by adding the following new sections immediately after section 4.1.5:

4.1.5A When issuing a bill for a security deposit in accordance with section 4.1.3, the unit sub-meter provider shall advise a residential consumer that the security deposit requirement will be waived for an eligible low-income consumer provided that such a consumer contacts the unit sub-meter provider and thereafter confirms his or her low-income eligibility. The unit sub-meter provider shall notify the consumer by means of a bill insert, bill message, letter or outgoing telephone message and shall include the unit sub-meter provider’s contact information where the consumer can obtain further information and a referral to a Social Service Agency or Government Agency to review the consumer’s low-income eligibility.

- 4.1.5B Where a unit sub-meter provider is advised by a Social Service Agency or a Government Agency that the agency is assessing the consumer for eligibility as a low-income consumer, the due date for payment of the security deposit shall be extended for at least 21 days pending the eligibility decision of the Social Service Agency or Government Agency.*
- 4.1.5C A unit sub-meter provider shall not collect a security deposit from a consumer who has been qualified as an eligible low-income consumer and requests a waiver under section 4.1.5A.*

The unit sub-meter provider may also accept other forms of security such as surety bonds and third party guarantees.
 10. Section 4.1 of the Unit Sub-Metering Code is amended by adding the following new section immediately after section 4.1.11:

4.1.11A Despite section 4.1.11, a unit sub-meter provider shall permit a residential consumer to provide a security deposit in equal installments paid over a period of at least 6 months, including where a new security deposit is required due to the unit sub-meter provider having applied the existing security deposit against amounts owing under section 4.1.18. A consumer may elect to pay the security deposit over a shorter period of time.
 11. Section 4.1.13 of the Unit Sub-Metering Code is amended by adding the phrase “or 4.1.5C” immediately after the phrase “paying a security deposit under 4.1.3”.

4.1.14B A unit sub-meter provider shall give notice to all residential consumers, at least annually, that any residential consumer that qualifies as an eligible low-income consumer may request and receive a refund of any security deposit previously paid to the unit sub-meter provider by the consumer; after application of the security deposit to any outstanding arrears on the consumer’s account.

4.1.14C Where an eligible low-income consumer requests refund of a security deposit previously paid to a unit sub-meter provider by the consumer, the unit sub-meter provider shall advise the consumer within 10 days of the request that the balance remaining after application of the security deposit to any outstanding arrears will be credited to his or her account where the remaining amount is less than one month’s average billing or, where the remaining amount is equal to or greater than one month’s average billing, the consumer may elect to receive the refund by cheque and the unit sub-meter provider shall issue a cheque within 11 days of the consumer requesting payment by cheque.
 15. Section 4.1.15 of the Unit Sub-Metering Code is amended by adding the following sentence after the first sentence:

 16. Section 4.1 of the Unit Sub-Metering Code is amended by adding the following new section immediately after section 4.1.15:

4.1.15A Despite section 4.1.15, where a residential electricity consumer is required to adjust the security deposit upwards, a unit sub-meter provider shall permit the consumer to pay the adjustment amount in equal installments paid over a period of at least 6 months. A consumer may elect to pay the security deposit over a shorter period of time.
 17. Section 4.1.17 of the Unit Sub-Metering Code is amended by adding “Despite sections 4.1.13, 4.1.14, 4.1.15, and 4.1.16,” at the start of the paragraph and replacing the capital “W” with a lower case “w”.

18. Section 4.1 of the Unit Sub-Metering Code is amended by adding the following new sections immediately after section 4.1.17:

- 4.1.18 A unit sub-meter provider shall not issue a disconnection notice to a residential consumer for non-payment unless the unit sub-meter provider has first applied any security deposit held on account for the consumer against any amounts owing at that time and the security deposit was insufficient to cover the total amount owing.*
- 4.1.19 Where a unit sub-meter provider applies all or part of a security deposit to offset amounts owing by a residential consumer under section 4.1.18, the unit sub-meter provider may request that the consumer repay the amount of the security deposit that was so applied. The unit sub-meter provider shall allow the residential consumer to repay the security deposit in installments in accordance with section 4.1.11A.*

19. The Unit Sub-Metering Code is amended by adding the following new sections immediately after section 4.2.5:

- 4.2.5A A unit sub-meter provider that intends to disconnect, pursuant to section 31 of the Electricity Act, the property of a residential consumer for non-payment shall send or deliver a disconnection notice to the consumer that contains, at a minimum, the following information:*
- (a) the date on which the disconnection notice was printed by the unit sub-meter provider;*
 - (b) the earliest and latest dates on which disconnection may occur, in accordance with sections 4.2.5C and 4.2.6;*
 - (c) the amount that is then overdue for payment, including all applicable late payment and other charges associated with non-payment to that date;*
 - (d) the amount of any service charge(s) that may apply if disconnection occurs, and the circumstances in which each of these charges is payable;*
 - (e) the forms of payment that the consumer may use to pay all amounts that are identified as overdue in the disconnection notice, including any method of payment that the unit sub-meter provider ordinarily accepts and which can be verified within the time period remaining before disconnection;*
 - (f) the time period during which any given form of payment listed under paragraph (e) will be accepted by the unit sub-meter provider;*
 - (g) that a disconnection may take place whether or not the consumer is at the premises;*
 - (h) that, where applicable, the disconnection may occur without attendance at the consumer's premises;*
 - (i) that a Board-prescribed standard arrears management program may be available to all residential consumers, along with contact information for the unit sub-meter provider where the consumer can obtain further information;*
 - (j) that the following additional assistance may be available to an eligible low-income consumer, along with contact information for the unit sub-meter provider or distributor, as applicable, where the consumer can obtain further information about the additional assistance:*
 - (i) a Board-prescribed arrears management program, and other expanded consumer service provisions, specifically for eligible low-income consumers; and*
 - (ii) a Board-approved Emergency Financial Assistance program administered through a Social Service Agency or Government Agency;*
 - (k) that the unit sub-meter provider may install a load control device at the consumer's premises in lieu of disconnection; and*
 - (l) any additional option(s) that the unit sub-meter provider chooses, in its discretion, to offer to the consumer to avoid disconnection and the deadline for the consumer to avail himself or herself of such option(s).*
- 4.2.5B A unit sub-meter provider that sends or delivers to a consumer a disconnection notice, pursuant to section 31(2) of the Electricity Act, for non-payment shall not include that notice in the same envelope as a bill or any other documentation emanating from the unit sub-meter provider.*
- 4.2.5C A unit sub-meter provider shall, at the request of a residential consumer, send a copy of any disconnection notice issued to the consumer for non-payment to a third party designated by the consumer for that purpose provided that the request is made no later than the last day of the applicable minimum notice period set out in section 4.2.6. In such a case:*
- (a) the unit sub-meter provider shall notify the third party that the third party is not, unless otherwise agreed with the unit sub-meter provider, responsible for the payment of any charges for the provision of electricity service in relation to the consumer's property; and*
 - (b) the rules set out in sections 4.5.4 and 4.5.11 shall apply, with such modifications as the context may require, for the purposes of determining the date of receipt of the disconnection notice by the third party.*
- 4.2.5D A residential consumer may, at any time prior to disconnection, designate a third party to also receive any future notice of disconnection and the unit sub-meter provider shall send notice of disconnection to such third party.*
- 4.2.5E A unit sub-meter provider shall accept electronic mail (e-mail) or telephone communications from the consumer for purposes of section 4.2.5D.*

4.2.5F A disconnection notice issued for non-payment shall expire on the date that is 11 days from the last day of the applicable minimum notice period referred to in section 4.2.6, determined in accordance with the rules set out in section 4.5.11. The arrears payment agreement shall include, at a minimum, the terms and conditions specified in sections 4.6.3–4.6.16 inclusive.*

4.6.2 *If a unit sub-meter provider enters into discussions with a residential consumer and offers an arrears agreement but the consumer declines to enter into an arrears agreement, the unit sub-meter provider may proceed with disconnection and is not required to offer an arrears agreement to such a consumer after disconnection.*

4.6.3 *Before entering into an arrears payment agreement under section 4.6, a unit sub-meter provider shall apply any security deposit held on account of the consumer against any electricity charges owing at the time.*

4.6.4 *As part of the arrears payment agreement, a unit sub-meter provider may require that the consumer pay a down payment of up to 15% of the electricity charges arrears accumulated, inclusive of any applicable late payment charges, when entering into the arrears management program.*

4.6.5 *Where an eligible low-income consumer enters into an arrears payment agreement for the first time or subsequent to having successfully completed a previous arrears payment agreement as an eligible low-income consumer, a unit sub-meter provider may require that the consumer pay a down payment of up to 10% of the electricity charge arrears accumulated, inclusive of late payment charges.*

4.6.6 *The arrears payment agreement referred to in section 4.6.1 shall allow the residential consumer to pay all remaining electricity charges that are then overdue for payment as well as the current bill amount if the consumer elects to do so, after applying a security deposit under section 4.6.3, and the down payment referred to in section 4.6.4, including all electricity-related service charges that have accrued to the date of the agreement, over the following periods:*

4.6.7 *For the purposes of section 4.6.6, the consumer's average monthly billing amount shall be calculated by taking the aggregate of the total electricity charges billed to the consumer in the preceding 12 months and dividing that value by 12. If the consumer has been a consumer of the unit sub-meter provider for less than 12 months, the consumer's average monthly billing amount shall be based on a reasonable estimate made by the unit sub-meter provider. For the purposes of this section, "electricity charges" has the same meaning as in section 4.5.10.*

- 4.6.10 *If the unit sub-meter provider cancels an arrears payment agreement pursuant to section 4.6.9, the unit sub-meter provider will give written notice of cancellation to the consumer and to any third party designated by the consumer under section 4.6.11 at least 10 days before the effective date of the cancellation.*
- 4.6.11 *Where, at the time of entering into an arrears payment agreement a consumer has designated a third party to receive notice of cancellation of the arrears payment agreement, the unit sub-meter provider shall provide notice of cancellation to such third party.*

- 4.6.14 *Where an eligible low-income consumer defaults on more than two occasions in making a payment in accordance with an arrears payment agreement, or a payment on account of a current electricity charge billing or an under-billing adjustment, the unit sub-meter provider may cancel the arrears payment agreement.*

- 4.6.16 *A unit sub-meter provider shall make available to a residential electricity consumer a second arrears payment agreement if the consumer so requests, provided that 2 years or more has passed since a first arrears payment agreement was entered into and provided that the consumer performed his or her obligations under the first arrears payment agreement.*
- 4.6.17 *In the case of an eligible low-income consumer, the unit sub-meter provider shall allow such a consumer to enter into a subsequent arrears payment agreement upon successful completion of the previous arrears payment agreement on the following terms:*

- 4.6.18 *The unit sub-meter provider shall not disconnect the property of a residential consumer, for failing to make a payment subject to an arrears payment agreement, unless the consumer is in default, according to sections 4.6.9, 4.6.14 and 4.6.15, and the unit sub-meter provider has cancelled the arrears payment agreement in accordance with the provisions of this Code.*
- 4.6.19 *In the event a residential electricity consumer failed to perform his or her obligations under a previous arrears payment agreement and the unit sub-meter provider terminated the agreement pursuant to section 4.6.9, the unit sub-meter provider may require that the consumer wait 1 year after termination of the previous agreement before entering into another arrears payment agreement with the unit sub-meter provider.*

4.7.3 *Despite any other provision of this Code, with the exception of the parties mentioned in section 4.7.2, where a unit sub-meter provider has opened an account for a property in the name of a person at the request of a third party, the unit sub-meter provider shall not seek to recover from that person any charges for service provided to the property unless the person has agreed to be the consumer of the unit sub-meter provider in relation to the property.*

4.7.4 *Despite any other provision of this Code, with the exception of the parties mentioned in section 4.7.2, where a unit sub meter provider receives a request to close or transfer an account in relation to a rental unit in a residential complex as defined in the Residential Tenancies Act, 2006 or another residential property, the unit sub-meter provider shall not seek to recover any charges for service provided to that rental unit or residential property after closure of the account from any person, including the landlord for the residential complex or a new owner of the residential property, unless the person has agreed to assume responsibility for those charges.*
