Ontario Highway Transport Board

Periodically, temporary applications are filed with the Board. Details of these applications can be made available at anytime to any interested parties by calling (416) 326-6732.

The following are applications for extra-provincial and public vehicle operating licenses filed under the Motor Vehicle Transport Act, 1987, and the Public Vehicles Act. All information pertaining to the applicant i.e. business plan, supporting evidence, etc. is on file at the Board and is available upon request.

Any interested person who has an economic interest in the outcome of these applications may serve and file an objection within 29 days of this publication. The objector shall:

1. complete a Notice of Objection Form,
2. serve the applicant with the objection,
3. file a copy of the objection and provide proof of service of the objection on the applicant with the Board,
4. pay the appropriate fee.

Serving and filing an objection may be effected by hand delivery, mail, courier or facsimile. Serving means the date received by a party and filing means the date received by the Board.

LES LIBELLÉS DES DEMANDES PUBLIÉES CI-DESSOUS SONT AUSSI DISPONIBLES EN FRANÇAIS SUR DEMANDE.

Pour obtenir de l'information en français, veuillez communiquer avec la Commission des transports routiers au 416-326-6732.

On April 25, 2013, the Minister of Finance approved amendments (the Rule Amendments) made by the Ontario Securities Commission to the following rules:

- National Instrument 41-101 *General Prospectus Requirements*;
- National Instrument 44-101 *Short Form Prospectus Distributions*;
- National Instrument 44-102 *Shelf Distributions*;
- National Instrument 81-101 *Mutual Fund Prospectus Disclosure*; and
- Consequential Amendments to National Instrument 52-107 *Acceptable Accounting Principles and Auditing Standards*, National Instrument 51-102 *Continuous Disclosure Obligations* and National Instrument 13-101 *System for Electronic Document Analysis and Retrieval*.

The Rule Amendments were made by the Commission on January 29, 2013.

On January 29, 2013 the Commission also adopted amendments (the Policy Amendments) to the following policies;

- Companion Policy 41-101CP to *National Instrument 41-101 General Prospectus Requirements*;
- Companion Policy 44-101CP to *National Instrument 44-101 Short Form Prospectus Distributions*;
- Companion Policy 44-102CP to *National Instrument 44-102 Shelf Distributions*; and
- Companion Policy 81-101CP to *National Instrument 81-101 Mutual Fund Prospectus Disclosure*.

National Instrument 41-101 *General Prospectus Requirements* provides a comprehensive set of prospectus requirements for issuers. National Instrument 44-101 *Short Form Prospectus Distributions* sets out requirements for an issuer intending to file a prospectus in the form of a short form prospectus. National Instrument 44-102 *Shelf Distributions* sets out requirements for a distribution under a short form prospectus using shelf procedures. National Instrument 81-101 *Mutual Fund Prospectus Disclosure* sets out requirements for an issuer that is a mutual fund to file a simplified prospectus, annual information form and fund facts document.

The full text of the amendments is available in the Ontario Securities Commission's Bulletin at (2013) 36 OSCB 4884 and on the Commission's website at <http://www.osc.gov.on.ca>.

 - (d) public hospitals regulated under the **Public Hospitals Act**.

20. Subsection 9.4.5. of Division B of the Regulation is amended by adding the following Article:

Sprinkler systems

9.4.5.5. (1) **Buildings** containing a home described in Clause 9.4.1.1.(1)(a) or (b) that is a **care occupancy** or a **care and treatment occupancy** shall be **sprinklered** in conformance with Sentences (2) to (5).

(2) Except as permitted in Sentence (3), an automatic sprinkler system shall be installed in accordance with NFPA 13, "Standard for the Installation of Sprinkler Systems".

(3) In **buildings** not greater than 6 **storeys** in **building height**, sprinkler systems may be installed in accordance with NFPA 13R, "Standard for the Installation of Sprinkler Systems in Residential Occupancies up to and Including Four Stories in Height".

(4) Sprinkler systems shall be equipped with local electric waterflow alarms.

(5) If a fire pump is required by NFPA 13 or NFPA 13R, it shall be installed in accordance with NFPA 20, "Installation of Stationary Pumps for Fire Protection", if it has a rated net head pressure greater than 280 kPa.

(6) **Buildings** described in Sentence (1) that are **sprinklered** in conformance with Article 9.4.5.2. on January 1, 2014 are deemed to be in compliance with Sentence (1).

21. Part 9 of Division B of the Regulation is amended by adding the following Section:

SECTION 9.7 BUILDINGS WITH A CARE OCCUPANCY OR RETIREMENT HOME

Subsection 9.7.1. Application and General

Application

9.7.1.1. (1) This Section applies to **buildings** containing a **care occupancy** or **retirement home**.

(2) Despite Sentence (1), this Section does not apply to a **building** or part of a **building** that is a home or hospital regulated by Section 9.4.

(3) Despite Sentence (1), if a **building** containing a **care occupancy** or **retirement home** also contains one or more other **occupancies** that are not governed by this Part, this Section does not apply to the fire safety systems, devices and structural elements of any of the other **occupancies** that do not affect the life safety of the **care occupancy** or **retirement home**.

Conflict

9.7.1.2. (1) In the event of a conflict between this Section and any other Section of this Part that applies to a **care occupancy** or **retirement home**, this Section prevails.

(2) If a **building** containing a **care occupancy** or **retirement home** also contains one or more other **occupancies** that are governed by other Sections of this Part, the fire safety systems, devices and structural elements of all the **occupancies** governed by this Part shall comply with the requirements that provide the greatest protection for life safety.

Additional requirements

9.7.1.3. (1) In addition to the requirements of this Section,

- (a) a **building** not greater than 6 **storeys** in **building height** shall comply with Subsections 9.5.2. to 9.5.5., and
- (b) a **building** greater than 6 **storeys** in **building height** shall comply with Subsections 9.6.2. to 9.6.5.

(2) Clause (1) (a) does not apply to a **building** not greater than 3 **storeys** in **building height** that provides sleeping accommodation for not more than four persons.

Definitions

9.7.1.4. For the purposes of this Section,

"**1990 Building Code**" means Ontario Regulation 413/90, as it read on October 9, 1992;

"existing" means in existence on January 1, 2014.

Subsection 9.7.2. Containment

Self-closing devices

9.7.2.1. (1) Except for doors opening directly to the exterior, doors to **suites** and sleeping rooms not within **suites** shall be equipped with self-closing devices.

(2) Sentence (1) does not apply

(a) in **buildings** not greater than 3 **storeys** in **building height** that provide sleeping accommodation for not more than 10 persons, or

(b) in **buildings** having **public corridors** on each **floor area** which are subdivided in accordance with Sentence (3).

(3) The **public corridor** subdivision referred to in Clause (2)(b) is one

(a) that separates the corridor into at least two zones by **fire separations**,

(b) that is able to accommodate, in addition to its own occupants, the occupants of the adjacent zone based on the requirements of 1.6 m² per person, unless otherwise **approved**,

(c) in which the travel distance from any point in one zone to an adjacent zone does not exceed 25 m, and

(d) that contains smoke-tight doors equipped with self-closing devices that act as **closures** in the **fire separation**.

Subsection 9.7.3. Means of Egress

Emergency lighting

9.7.3.1. (1) Emergency lighting shall be provided in **exit** stairways, **public corridors** and other principal **access to exits**.

(2) Emergency lighting required in Sentence (1) shall be designed to provide illumination for at least 30 minutes.

(3) Sentence (1) does not apply in **buildings** not greater than 3 **storeys** in **building height** that provide sleeping accommodation for not more than 10 persons.

Subsection 9.7.4. Fire Alarm and Detection

Fire signal to fire department

9.7.4.1. (1) Fire alarm systems shall have provision for notifying the **fire department** in accordance with Article 3.2.4.7. of the **1990 Building Code** that a fire **alarm signal** or **alert signal** has been initiated.

(2) Sentence (1) does not apply to **buildings** equipped with an interconnected **smoke alarm** system.

Sprinkler signal to fire department

9.7.4.2. (1) Sprinkler systems shall have provision for notifying the **fire department** in accordance with Article 3.2.4.7. of the **1990 Building Code** that the sprinkler system has been activated.

(2) Sentence (1) does not apply where the fire alarm system or interconnected **smoke alarm** system has provision for notifying the **fire department** in accordance with Article 3.2.4.7. of the **1990 Building Code** that a fire **alarm signal** or **alert signal** has been initiated.

Smoke alarms

9.7.4.3. (1) A **smoke alarm** shall be installed in each **suite** and in each sleeping room not within a **suite**.

(2) **Smoke alarms** shall be installed with permanent connections to an electrical circuit and shall have no disconnect switch between the overcurrent device and the **smoke alarm**.

(3) Battery-operated **smoke alarms** are deemed to be in compliance with Sentence (2).

(4) **Smoke alarms** required in Sentence (1) shall conform to CAN/ULC-S531, "Standard for Smoke-Alarms".

(5) **Smoke alarms** required in Sentence (1) shall be installed in accordance with CAN/ULC-S553, "Standard for the Installation of Smoke-Alarms".

(6) Existing **smoke alarms** meeting the requirements of CAN/ULC-S531-M87, "Standard for Smoke-Alarms", are deemed to be in compliance with Sentence (4).

(7) A **smoke detector** that is installed in each **suite** and in each sleeping room not within a **suite** is deemed to be in compliance with Sentence (1) if it is connected to a fire alarm system.

Voice communication systems

9.7.4.4. (1) A voice communication system conforming to Article 3.2.4.22. of the **1990 Building Code** shall be provided in every **building** where a **floor area** that is more than 18 metres above **grade** contains a **care occupancy** or a **retirement home**.

(2) A voice communication system is deemed to be in compliance with Sentence (1) if it

- (a) consists of loudspeakers operated from,
 - (i) the central alarm and control facility, or
 - (ii) another location that is accessible to the **fire department** and **supervisory staff** required under Subsection 2.8.2. and that is **approved**,
 - (b) provides a clear verbal signal throughout the **building**, except within elevator cars, and
 - (c) provides for automatic silencing of the fire alarm devices when the loudspeakers are in use.
- (3) A public address system capable of providing a clear verbal signal throughout the **building**, though not within elevator cars, is deemed to be in compliance with Sentence (1).

Subsection 9.7.5. Suppression

Sprinkler systems

9.7.5.1. (1) An automatic sprinkler system shall be installed in each **building** in accordance with NFPA 13, “Standard for the Installation of Sprinkler Systems”.

(2) Despite Sentence (1), in a **building** not greater than 3 **storeys** in **building height** that provides sleeping accommodation for not more than 10 persons, a sprinkler system may be installed in accordance with NFPA 13D, “Standard for the Installation of Sprinkler Systems in One- and Two-Family Dwellings and Manufactured Homes”, except that the minimum quantity of available water shall be adequate for a demand duration of at least 20 minutes if stored water is used as the sole water supply source.

(3) Despite Sentence (1), in a **building** not greater than 6 **storeys** in **building height**, a sprinkler system may be installed in accordance with NFPA 13R, “Standard for the Installation of Sprinkler Systems in Residential Occupancies up to and Including Four Stories in Height”.

(4) An existing sprinkler system that provides an average sprinkler discharge density over a design area that is equal to the minimum density corresponding to the area for light hazard classification as defined in NFPA 13, “Standard for the Installation of Sprinkler Systems”, is deemed to be in compliance with Sentence (1).

(5) Sprinkler systems shall be equipped with local electric waterflow alarms.

(6) If a fire pump is required by NFPA 13 or NFPA 13R, it shall be installed in accordance with NFPA 20, “Installation of Stationary Pumps for Fire Protection”, if it has a rated net head pressure greater than 280 kPa.

(7) Sentences (1) to (6) do not apply to a **building** not greater than 3 **storeys** in **building height** that provides sleeping accommodation for not more than four persons, if the **building** is equipped with **smoke alarms** that comply with Article 9.5.4.4. and that are interconnected so that the activation of any **smoke alarm** will sound a similar signal in each of the interconnected **smoke alarms**.

22. Section 1.2 of Division C of the Regulation is amended by adding the following Subsections:

Subsection 1.2.3. Qualifications of Persons who are Required to Implement the Provisions of Section 2.8 of Division B

Application

1.2.3.1. This Subsection applies to every person who is required to implement the provisions of Section 2.8 of Division B in a **building** containing a **care occupancy**, a **care and treatment occupancy** or a **retirement home**.
