Filed: September 22, 2000Amending O. Reg. 213/91
(Construction Projects)

Note: Since the end of 1999, Ontario Regulation 213/91 has been amended by Ontario Regulation 145/00. Previous amendments are listed in the Table of Regulations published in *The Ontario Gazette* dated January 22, 2000.

1. Subsections 29 (1) and (2) of Ontario Regulation 213/91 are revoked and the following substituted:

(1) In this section,

“facilities” means toilet, urinal and clean-up facilities;

“service”, when used as a verb, means to have waste pumped out and to have the facilities replenished where necessary.

2. (1) Section 29.1 of the Regulation is amended by adding the following subsections:

(0.1) In this section,

“non-sewered flush toilet facilities” means water flush toilets or chemical flush toilets that have the features listed in subsection (0.2);

“sewered toilet facilities” means water flush toilets that are connected to a sanitary sewer system and equipped with a trap in accordance with Part 7 of the Building Code.

(0.2) The features referred to in the definition of “non-sewered flush toilet facilities” in subsection (0.1) are:

1. The toilets are not connected to a sanitary sewer system.
2. They are equipped with a trap or a positive seal separating stored waste from the bowl.
3. The waste is first flushed from the bowl with water or with water containing chemical additives. Then the waste is deposited into a container and chemically treated sufficiently for the container’s maximum capacity.

(2) Paragraph 1 of subsection 29.1 (1) of the Regulation is revoked and the following substituted:

1. There shall be a toilet with an open-front toilet seat.

(3) Subparagraph 4 ii of subsection 29.1 (1) of the Regulation is revoked and the following substituted:

- ii. adequately heated, if that is possible, and

(4) Subsection 29.1 (4) of the Regulation is revoked and the following substituted:

(4) If a project is being carried out in a remote unpopulated area and it is not reasonably possible to provide the toilet facilities required under subsection (3), other types of toilet facilities that come as close as possible to having the features of non-sewered flush toilet facilities shall be provided instead.

(5) Subsection 29.1 (5) of the Regulation is amended by striking out “When toilets are provided as described in subsection (3)” and substituting “When water flush toilets or non-recirculating chemical flush toilets are provided”.

(6) Subsection 29.1 (7) of the Regulation is amended by striking out “When toilets are provided as described in subsection (4)” and substituting “When toilets other than water flush toilets or non-recirculating chemical flush toilets are provided”.

3. Subsection 29.2 (1) of the Regulation is revoked and the following substituted:

(1) Each single-toilet facility shall be provided with its own clean-up facility.

(1.1) In a multiple-toilet facility at a project, one clean-up facility shall be provided for every two toilets.

4. Clause 135 (1) (c) of the Regulation is amended by striking out “section 86” and substituting “section 26.3”.

5. Subclause 153 (2) (b) (v) of the Regulation is amended by striking out “sections 85 and 86” and substituting “section 26.3”.

ONTARIO REGULATION 528/00

made under the

OCCUPATIONAL HEALTH AND SAFETY ACT

Made: September 20, 2000

Filed: September 22, 2000

Amending Reg. 851 of R.R.O. 1990
(Industrial Establishments)

Note: Regulation 851 has previously been amended. Those amendments are listed in the Table of Regulations published in *The Ontario Gazette* dated January 22, 2000.

1. The heading to section 6 of Regulation 851 of the Revised Regulations of Ontario, 1990 is revoked and the following substituted:

RETENTION OF REPORTS AND RECORDS

2. Section 7 of the Regulation is revoked and the following substituted:

PRE-START HEALTH AND SAFETY REVIEWS

7. (1) In this section,

“apparatus” means equipment or a machine or device;

“protective element” means a shield, a guard, an operating control acting as a guard, a locking device or any other device preventing access;

“spray booth” means a spray booth as defined in Ontario Regulation 388/97 made under the *Fire Protection and Prevention Act, 1997*;

“Table” means the Table to this section.

(2) Subject to subsections (5), (7), (8) and (9), a pre-start health and safety review is required if, in a factory other than a logging operation, a provision of this Regulation listed in the Table applies and the circumstances described in the Table will exist,

- (a) because a new apparatus, structure or protective element is to be constructed, added or installed or a new process is to be used; or
- (b) because an existing apparatus, structure, protective element or process is to be modified and one of the following steps must be taken to obtain compliance with the applicable provision:

1. New or modified engineering controls are used.

2. Other new or modified measures are used.

3. A combination of new, existing or modified engineering controls and other new or modified measures is used.

(3) When a pre-start health and safety review is required, the owner, lessee or employer shall ensure that the apparatus, structure or protective element is not operated or used or that the process is not used, as the case may be, unless the review has been conducted, and,

- (a) all measures identified in the review as being required for compliance with the relevant provisions of this Regulation that are listed in the Table have been taken; or
- (b) if some or all of the measures specified in clause (a) are not taken, the owner, lessee or employer has provided written notice to the joint health and safety committee or the health and safety representative, if any, of what measures have been taken to comply with the relevant provisions of this Regulation that are listed in the Table.

(4) A pre-start health and safety review includes the preparation of a written report that is made to the owner, lessee or employer and contains,

- (a) details of the measures to be taken for compliance with the relevant provisions of this Regulation that are listed in the Table;
- (b) if testing is required before the apparatus or structure can be operated or used or before the process can be used, details of measures to protect the health and safety of workers that are to be taken before the testing is carried out; and
- (c) if item 3 or 7 of the Table applies, details of the structural adequacy of the apparatus or structure.

(5) When item 2 of the Table applies, a pre-start health and safety review is not required if,

- (a) the protective element was installed at the time the apparatus was manufactured and the conditions set out in paragraphs 1, 2 and 3 of subsection (6) are met; or
- (b) the protective element was not installed at the time the apparatus was manufactured and the conditions set out in paragraphs 1, 2, 3 and 4 of subsection (6) are met.

(6) The following are the conditions mentioned in clauses (5) (a) and (b):

- 1. The apparatus was manufactured in accordance with and meets current applicable standards, or it has been modified to meet current applicable standards.
- 2. The apparatus is installed in accordance with the manufacturer's instructions and current applicable standards.
- 3. The protective element was manufactured in accordance with and meets current applicable standards, or it has been modified to meet current applicable standards.
- 4. The protective element is installed in accordance with the manufacturer's instructions, and current applicable standards, if any.

(7) When item 3 of the Table applies, a pre-start health and safety review is not required if the rack or stacking structure is designed and tested for use in accordance with current applicable standards.

(8) When item 4 of the Table applies, a pre-start health and safety review is not required if the process is conducted inside a spray booth that is manufactured and installed in accordance with current applicable standards.

(9) When item 7 of the Table applies, a pre-start health and safety review is not required,

- (a) in the case of a lifting device or travelling crane, if it is in or on a supporting structure originally designed for it and its capacity does not exceed the capacity provided for in that original design;
- (b) in the case of an automobile hoist, if it is certified that it meets current applicable standards.

(10) If no pre-start health and safety review is required because subsection (5), (7), (8) or (9) applies, the owner, lessee or employer shall keep documents establishing the exemption readily accessible in the workplace for as long as the protective element, rack or stacking structure or lifting device, travelling crane or automobile hoist remains in the workplace or the process is used in the workplace, as the case may be.

(11) A pre-start health and safety review required under item 1, 2, 3, 4, 5, 6 or 7 of the Table shall be conducted by a professional engineer.

(12) A pre-start health and safety review required under item 8 of the Table shall be conducted by a professional engineer or by a person who in the opinion of the owner, lessee or employer possesses special expert or professional knowledge or qualifications appropriate to assess any potential or actual hazards.

(13) The person conducting a pre-start health and safety review shall,

- (a) date and sign the written report mentioned in subsection (4);
- (b) if the person is a professional engineer, affix his or her seal to the report; and
- (c) if the person is not a professional engineer, include in the report details of his or her special expert or professional knowledge or qualifications.

(14) Reports of pre-start health and safety reviews conducted under this section shall,

- (a) be kept readily accessible in the workplace together with any supporting documents; and
- (b) be provided to the joint health and safety committee or the health and safety representative, if any, before the apparatus, structure or protective element is operated or used or the process is used.

(15) Documents kept under subsection (10) may be reviewed, on request, by,

- (a) the joint health and safety committee or the health and safety representative, if any; or
- (b) an inspector.
