Ontario Securities Commission

AMENDMENTS TO

NATIONAL INSTRUMENT 51-102 *CONTINUOUS DISCLOSURE OBLIGATIONS*,
FORM 51-102F3 *MATERIAL CHANGE REPORT*,
NATIONAL INSTRUMENT 52-108 *AUDITOR OVERSIGHT*,
AND
NATIONAL INSTRUMENT 81-106 *INVESTMENT FUND CONTINUOUS DISCLOSURE*

On July 4, 2008, amendments to the following rules and form came into force under the Securities Act:

- National Instrument 51-102 *Continuous Disclosure Obligations* (NI 51-102);
- Form 51-102F3 *Material Change Report*;
- National Instrument 52-108 *Auditor Oversight*; and
- National Instrument 81-106 *Investment Fund Continuous Disclosure*.

National Instrument 51-102 and its related forms set out continuous disclosure obligations of reporting issuers, other than investment funds. National Instrument 81-106 sets out continuous disclosure obligations for investment funds. National Instrument 52-108 contains auditor oversight requirements for reporting issuers.

The amendments to NI 51-102 add a new exemption from the information circular requirements for certain proxy solicitations made to the public by broadcast, speech or publication. The amendments also revise the existing exemption in section 9.5 of NI 51-102 so that it applies to a person or company that solicits proxies, not just reporting issuers. The other amendments are primarily "housekeeping" in nature and reflect local amendments in other jurisdictions.

The full text of the amendments is available in the Ontario Securities Commission's Bulletin at (2008) 31 OSCB 6571 and on the Commission's web site at http://www.osc.gov.on.ca/Regulation/Rulemaking/Current/rrn_part5_index.jsp.

INTERPRETATION

Interpretation

1. (1) In this Regulation,

“GO Transit” means the Greater Toronto Transit Authority continued under section 2 of the *GO Transit Act, 2001*;

“project commencement date” means, with respect to a transit project, the earliest date that,

- (a) any construction or installation begins as part of the project, or
- (b) any service is started, stopped or changed as part of the project;

“transit project” means,

- (a) an enterprise or activity that is the planning, designing, establishing, constructing, operating, changing or retiring of,
 - (i) a facility or service that, aside from any incidental use for walking, bicycling or other means of transporting people by human power, is used exclusively for the transportation of passengers by bus or rail, or
 - (ii) anything that is ancillary to a facility or service described in subclause (i) and that is used to support or facilitate the transportation of passengers by bus or rail, or
- (b) a proposal, plan or program in respect of an enterprise or activity described in clause (a);

“transit project assessment process” means the process set out in sections 5 to 17 of this Regulation.

(2) For the purposes of this Regulation,

- (a) the site of a transit project is the site of the facility or service referred to in subclause (a) (i) of the definition of “transit project” in subsection (1); and
- (b) the site of a change to a transit project is the site of the change to the facility or service referred to in subclause (a) (i) of the definition of “transit project” in subsection (1).

EXEMPTIONS

Exemption conditional on compliance with transit project assessment process

2. (1) A transit project that belongs to a class of transit projects described in Schedule 1 is exempt from Part II of the Act if the proponent complies with the transit project assessment process.

(2) Subsection (3) applies if, before the day this section came into force,

- (a) the proponent of a transit project submitted an environmental assessment or proposed terms of reference in respect of the project to the Ministry; or
- (b) the proponent of a transit project gave a notice to the public in accordance with an approved class environmental assessment.

(3) In the circumstances described in subsection (2), subsection (1) does not apply to the transit project unless, not later than 60 days after the day this section comes into force, the Director of the Ministry’s Environmental Assessment and Approvals Branch and the appropriate regional director of the Ministry have received written notice from the proponent stating that the proponent will comply with the transit project assessment process.

(4) The validity of anything done before the day this section came into force is not affected if, after receipt of the notices referred to in subsection (3), the transit project assessment process is terminated under subsection 6 (3) or clause 13 (4) (b) or 15 (20) (b).

(5) If, pursuant to subsection (1), Part II of the Act does not apply to a transit project and proceeding with the project conflicts with a condition imposed by an approval under the Act that applies to another undertaking, subsections 5 (4) and 12.2 (6) and section 38 of the Act do not apply to the condition to the extent of the conflict.

(6) Subsection (1) ceases to apply to a transit project if the proponent gives the Director of the Ministry’s Environmental Assessment and Approvals Branch and the appropriate regional director of the Ministry written notice indicating that the proponent will proceed with the transit project in accordance with Part II of the Act or an approved class environmental assessment.

Unconditional exemption of other transit projects

3. (1) A transit project that does not belong to a class of transit projects described in Schedule 1 is exempt from Part II of the Act.

(2) Subsection (1) ceases to apply to a transit project if the proponent gives the Director of the Ministry’s Environmental Assessment and Approvals Branch and the appropriate regional director of the Ministry written notice indicating that the proponent will proceed with the transit project in accordance with Part II of the Act or an approved class environmental assessment.

GTТА undertakings

4. (1) Any undertaking of the Greater Toronto Transportation Authority that is described in section 6, 7, 8 or 8.1 of the *Greater Toronto Transportation Authority Act, 2006* is exempt from Part II of the *Environmental Assessment Act*.

(2) Subsection (1) does not apply to an undertaking that is a transit project if the transit project belongs to a class of transit projects described in Schedule 1.

Application

5. Sections 6 to 17 apply if the proponent of a transit project that belongs to a class of transit projects described in Schedule 1 seeks to rely on subsection 2 (1).

Notice of issue, suspension of 120-day period

10. (1) If, at any time during the 120-day period referred to in subsection 6 (2), the proponent is of the opinion that the transit project may have a negative impact on a matter of provincial importance that relates to the natural environment or has cultural heritage value or interest, or on a constitutionally protected aboriginal or treaty right, the proponent may give written notices describing the issue to the Director of the Ministry's Environmental Assessment and Approvals Branch and the appropriate regional director of the Ministry.
