Notice of Amendments to the Distribution System Code

Amendments made on December 18, 2025 and come into effect on May 1, 2026:

1. Section 1.2 is amended by deleting the definition of "load displacement".
2. The definition of "micro-embedded generation facility" in section 1.2 is amended by replacing the words "10 kW" with the words "12 kW".

3. Section 1.7 is amended by adding the following sentences at the end of the section:

The amendments to sections 1.2, 6.2.4.2, 6.2.12, 6.2.25, and Appendix E made by the Board on December 18, 2025 come into force on May 1, 2026.

4. Section 6.2.4.2 is amended by deleting the words "or an embedded generation facility that is not an embedded retail generation facility".

5. Section 6.2.12 is amended as following:

- a. by deleting the word "and" at the end of paragraph (a);
- b. by adding the following new paragraph (b) immediately after paragraph (a):

(b) 75 days of the receipt of the application where no distribution system reinforcement or expansion is required, and where a host distributor connection impact assessment is needed; and

- c. by renumbering paragraph (b) to become paragraph (c) and by adding the words “, regardless of the need for a host distributor connection impact assessment” at the end of that paragraph.
6. Section 6.2.25 is amended by replacing the words “CSA C22.3 No. 9” with the words “applicable industry standards”.
7. The first paragraph of the “Micro-Embedded Generation Facility Connection Agreement” in Appendix E is amended by replacing the words “10 kW” with the words “12 kW”.
8. The “Form of Connection Agreement for a Small Embedded Generation Facility or a Mid-Sized Embedded Generation Facility” in Appendix E is amended as follows:
- a. by replacing the words “10kW” with the words “12 kW” in section 2.1;
- b. by adding the words “, either under the Customer’s name or the name of a third party that has a generation agreement with the Customer” at the end of the first sentence of the last paragraph of section 9.1;
- c. by adding the words “or any change that causes the insurance policy to no longer meet the requirements of section 9.1” at the end of the second sentence of the last paragraph of section 9.1; and
- d. by adding a new section 9.2 immediately after section 9.1 that reads as follows:

9.2 Section 9.1 shall not apply to residential customers.

Application for Absolute Title
By: Fifth Avenue Homes (Newmarket) Inc.

Land Titles Act, R.S.O. 1990, c. L.5

Notice of Application for Absolute Title
(Subsection 46(2) of the Act)

Take notice that Fifth Avenue Homes (Newmarket) Inc. has made an application to be registered as the owner with an absolute title of land described as follows:

- (a) **Part of Lots 10, 11 and 12 on Plan 385 and Part of Lot 1, Concession 2; Town of Newmarket and shown as Part 1 on a draft reference Plan signed by R. Denbroeder, Ontario Land Surveyor dated October 21, 2025; Town of Newmarket; having P.I.N. 03559-0086 (LT);**
- (b) **All of Lot 13 Plan 385; Town of Newmarket and shown as Part 2 on a draft reference Plan signed by R. Denbroeder, Ontario Land Surveyor dated October 21, 2025; Town of Newmarket; having P.I.N. 03559-0085 (LT)**

And take notice that any person claiming to have any title to or interest in the said lands or any part thereof is required on or before **May 29, 2026**, to file a statement of objection which sets out the nature and extent of the interest claimed in the objection, together with evidence, documents or legal provisions and precedents relied upon in support of the objection, directed to the land registrar at the address of the solicitor at Piccin Bottos Professional Corporation/Paul R. Bottos, 4370 Steeles Ave., West, Suite 201, Woodbridge, Ontario, L4L 4Y4 (email: pbottos@piccinbottos.com).

If no such statement of objection is filed by May 29, 2026, the parties will proceed with the application and any interest claimed in the subject lands will be thereby extinguished and no party will be entitled to receive any further notice with respect to the proceedings.

The Notice of Application for Absolute Title, together with the draft reference plan, were registered in the land registry office of York (LRO #65) on 2026/04/27 as Instrument No. YR3917583.

This Application for Absolute Title is governed by the *Land Titles*

Act, R.S.O. 1990, c. L.5

Minimum Tender Amount: \$34,792.92

Tenders must be submitted in the prescribed form and must be accompanied by a deposit of at least 20 per cent of the tender amount, which deposit shall be made by way of a certified cheque/bank draft/money order payable to the municipality.

Except as follows, the municipality makes no representation regarding the title to or any other matters relating to the lands to be sold. Responsibility for ascertaining these matters rests with the potential purchasers. The assessed value, according to the last returned assessment roll, may or may not be representative of the current market value of the property.

Pursuant to the *Prohibition on the Purchase of Residential Property by Non-Canadians Act*, S.C. 2022, c. 10, s. 235 (the "Act"), effective January 1, 2023, it is prohibited for a non-Canadian to purchase, directly or indirectly, any residential property, as those terms are defined in the legislation. Contraventions of the Act are punishable by a fine, and offending purchasers may be ordered to sell the residential property.

The municipality assumes no responsibility whatsoever for ensuring bidders/tenderers comply with the Act, and makes no representations regarding same. Prospective bidders/tenderers are solely responsible for ensuring compliance with the Act and are advised to seek legal advice before participating in this sale.

Transfers of properties that contain at least one and not more than six single family residences and are transferred to non-residents of Canada or foreign entities, are subject to the Province's Non-Resident Speculation Tax (NRST).

This sale is governed by the *Municipal Act, 2001* and the Municipal Tax Sales Rules made under that Act. The successful purchaser will be required to pay the amount tendered plus accumulated taxes and any taxes that may be applicable, such as a land transfer tax and HST.

Take notice: Where a refund is claimed by a qualifying first-time Homebuyer under the *Land Transfer Tax Act*, the Municipality requires the purchaser to retain legal counsel to complete the transfer.

The municipality has no obligation to provide vacant possession to the successful purchaser.

A copy of the prescribed form of tender is available on the website of the Government of Ontario Central Forms Repository under the listing for the Ministry of Municipal Affairs.

INTERPRETATION AND APPLICATION

Interpretation

1. (1) In this Regulation,

“CSA” means the CSA Group; (“CSA”)

“elevating work platform” is any machine or device intended for moving persons, tools and materials to working positions, typically powered by hydraulic or electric systems and includes mast climbing work platforms, mobile elevating work platforms and vehicle mounted aerial devices; (“plateforme de travail élévatrice”)

“mast climbing work platform” is a machine or device intended to be installed in a fixed location with hold-to-run controls located on an open carrier type platform that are intended to be operated by workers on the platform of the device to vertically transport material and persons to working levels on a structure, and includes a mast climbing transport platform; (“plateforme de travail élévatrice sur mât”)

“mobile elevating work platform” is a mobile machine or device intended for moving persons, tools and materials to working positions, consisting of at least a work platform with controls, an extending structure and a chassis, and includes elevating rolling work platforms, self-propelled elevating work platforms and boom-type elevating work platforms; (“plateforme élévatrice mobile de personnel”)

“vehicle mounted aerial device” is a machine or device installed on a chassis, primarily used to position workers at an elevated working position and includes extensible boom aerial devices, aerial ladders, articulating boom aerial devices, vertical towers and any combination of such devices. (“engin élévateur à nacelle porté sur véhicule”)

(2) In this Regulation, a requirement that something be done in accordance with good engineering practice includes a requirement that it be done in a manner that protects the health and safety of all workers.

(3) In this Regulation, a requirement that a design, drawing, instruction, report, specification, opinion or other document be prepared by an engineer includes a requirement that he or she sign and seal it.

Application

2. This Regulation applies to all projects.

REQUIREMENTS RE PLATFORMS**Requirement to comply**

3. (1) Subject to subsection (2), every elevating work platform shall comply with section 4.
 (2) Subsection (1) does not apply to,
 (a) suspended scaffolds or suspended work platforms; and
 (b) buckets or baskets suspended from or attached to the boom of a crane.

Design, manufacture, use, etc.

4. (1) An elevating work platform shall be designed by an engineer in accordance with good engineering practice,
 (a) to meet the requirements of the applicable CSA standard set out in the Table to subsection (6); and
 (b) to support a minimum of 1.3 kilonewtons rated working load as determined in accordance with the applicable CSA standard set out in the Table to subsection (6).
 (2) An elevating work platform shall be manufactured in accordance with the design referred to in subsection (1).
 (3) An elevating work platform,
 (a) shall be tested in accordance with the applicable CSA standard set out in the Table to subsection (6); and
 (b) shall be inspected each day before use, in accordance with the manufacturer's instructions by a worker trained in accordance with section 9 or 13, as applicable.
 (4) An elevating work platform shall only be used if an engineer has certified in writing that it complies with the CSA standard set out in the Table to subsection (6).
 (5) The certification required by subsection (4) shall include the details of testing.
 (6) The CSA standards applicable to the type of elevating work platform listed in Column 1 of the Table to this subsection are the standards set out opposite it in Column 2:

TABLE

Item	Column 1 Type of elevating work platform	Column 2 CSA standard
1.	Elevating rolling work platform	CAN3-B354.1-M82, published December 1982
2.	Self-propelled elevating work platform	CAN3-B354.2-M82, published December 1982 CAN3-B354.3-M82, published December 1982
3.	Boom-type elevating work platform	CAN3-B354.4-M82, published December 1982
4.	Vehicle-mounted aerial device	CAN/CSA-C225-10, published July 2010
5	Mast climbing work platforms	CAN/CSA-B354.9-17, published May 2017

- (7) An elevating work platform shall be equipped with guardrails.
 (8) An elevating work platform shall have signs that are clearly visible to an operator at its controls indicating,
 (a) the rated working load;
 (b) all limiting operating conditions, including the use of outriggers, stabilizers, and extendable axles;
 (c) the specific firm level surface conditions required for use in the elevated position;
 (d) such warnings as may be specified by the manufacturer;
 (e) other than for a boom-type elevating work platform, the direction of machine movement for each operating control;
 (f) the name and number of the CSA standard to which it was designed; and
 (g) the name and address of the owner.

MAINTENANCE**Maintenance**

5. (1) The owner of an elevating work platform shall maintain it such that the safety factors of the original design are maintained.

(2) The owner of an elevating work platform shall keep a permanent record of all inspections, tests, repairs, modifications, and maintenance performed on it.

(3) The permanent record required by subsection (2),

(a) shall be kept up to date;

(b) shall include complete records from the more recent of,

(i) the date of purchase, or

(ii) May 10, 1991; and

(c) shall include the signature and name of the person who performed the inspection, test, repair, modification, or maintenance.

Inspection

6. A maintenance and inspection record tag,

(a) shall be provided and attached to the elevating work platform near the operator's station; and

(b) shall include,

(i) the date of the last maintenance and inspection,

(ii) the signature and name of the person who performed the maintenance and inspection, and

(iii) an indication that the maintenance has been carried out in accordance with the manufacturer's recommendations.

Use

7. (1) An elevating work platform,

(a) shall not be loaded in excess of its rated working load;

(b) shall be used and moved only in accordance with the manufacturer's written instructions;

(c) shall not be loaded or used in such a manner as to affect its stability or endanger a worker;

(d) shall not be moved unless all workers on it are protected from ejection by being attached to an adequate anchorage point on the elevating work platform by a method of fall protection; and

(e) shall not be used, in the case of a self-propelled or vehicle-mounted boom-type elevating work platform or a vehicle-mounted aerial device, unless all workers on it are attached to an adequate anchorage point on the elevating work platform by a method of fall protection.

(2) Clause (1) (d) does not apply to,

(a) a mast climbing work platform, if the platform has guardrails protecting all open sides of the platform where a worker is exposed to a hazard of falling 2.4 metres or more; and

(b) a vehicle-mounted aerial device if the non-conductive requirements of the basket prevent the placement of an anchorage attachment inside the basket.

Operator's manual

8. The operator's manual for an elevating work platform shall be kept with it while it is on a project.

TRAINING – MOBILE ELEVATING WORK PLATFORMS

Training program

9. (1) An employer shall ensure that a worker who operates any mobile elevating work platform completes the training program described in section 10 before operating it for the first time.

(2) If the training program described in section 10 was not provided with respect to the make and model of the mobile elevating work platform that the worker will use at the workplace, then an employer shall ensure that the worker is familiarized with that specific make and model of equipment in accordance with section 11.

(3) The training program described in section 10 is valid for five years from the date of successful completion of the training program.

Training program, group and type of equipment

10. (1) A training program for the operation of a mobile elevating work platform shall include training for each group and type of equipment that a worker will operate and must consist of both theory and practical training that addresses the following:

1. The safe movement of the equipment under structures to avoid trapping or crushing anyone on the platform.
2. The proper conduct of a risk assessment process related to a workplace and the work to be performed.
3. The selection of an appropriate mobile elevating work platform for the work to be performed.
4. The purpose and use of a manufacturer's operator's manual, placards, decals and applicable standards.
5. Proper storage and maintenance of an operator's manual.
6. Inspection and maintenance requirements, including pre-start inspection requirements.
7. Factors affecting the stability of the mobile elevating work platform in all operation configurations.
8. Hazard identification and avoidance, including daily workplace inspections.
9. The intended purpose and function of device controls, including emergency controls.
10. Addressing problems or malfunctions affecting the operation of the device.
11. Use of personal protective equipment, including fall protection equipment, appropriate to the task and the conditions at the workplace.
12. Safe travelling procedures and route inspections.
13. Loading and unloading procedures for transport.
14. Securing the device from unauthorized use.
15. Worker rescue procedures.
16. The importance of workers familiarizing themselves with the device and accessories prior to operation.
17. The importance of providing instructions to any occupants of the device to work safely, including the following:
 - i. Use of appropriate fall protection equipment and the location of anchorage.
 - ii. Factors affecting stability.
 - iii. Safe use of device accessories.
 - iv. Site-specific work procedures.
 - v. Hazards and their avoidance, including any applicable site risk assessment.
 - vi. General knowledge of the intended purpose and function of device controls, including emergency shutdown and lowering procedures.
 - vii. The manufacturer's specific warnings and instructions related to the work to be completed.
 - viii. The location of the manufacturer's operator's manual.

(2) A training program for the operation of a mobile elevating work platform shall include methods for evaluating a worker's ability to operate the equipment and must require a worker to demonstrate proficient operation of the equipment.

(3) If, before the day this Regulation comes into force, a worker completed training for a mobile elevated work platform that meets the requirements of section 147 of Ontario Regulation 213/91 (Construction Projects) for the group and type of equipment that the worker uses, the worker does not need to complete the training program described in this section until five years after the date that training was completed.

Familiarization

11. (1) If a training program described in section 10 was not provided with respect to the make and model of mobile elevating work platform that the worker will use at the workplace, the employer shall ensure that the worker is familiar with the following with respect to that specific make and model of platform:

1. The location of the manufacturer's operator's manuals.
2. The manufacturer's specific warnings and instructions related to the work to be completed.
3. The functions of specific commands for the device.
4. The functions of specific safety mechanisms for the device.
5. Any specific operating characteristics of the device.
6. Verification that an annual inspection of the device and components was conducted.

Records

- 12.** (1) An employer shall maintain written records of the training described in section 10 that includes the following:
1. The type of equipment covered in the training.
 2. The date the training was provided.
 3. The name of the worker who received the training.
 4. The name and signature of the instructor.
- (2) The employer shall make the training record for each worker available to an inspector on request.
- (3) If a worker completes a training program described in section 10 for an employer, the employer shall, at the request of the worker, provide the worker with written proof of completion of the training.
- (4) If a worker is no longer performing work for an employer, but within 3 years after the training is delivered, the worker requests the written proof described in subsection (3), the employer shall provide it to the worker.

TRAINING – OTHER ELEVATING WORK PLATFORMS**Oral and written instruction**

- 13.** (1) Before operating an elevating work platform other than a mobile elevating work platform for the first time, a worker shall be given oral and written instruction on the operation and be trained to operate that group and type of work platform.
- (2) The instruction and training required by subsection (1) shall include,
- (a) the manufacturer's instruction;
 - (b) instruction in the load limitations;
 - (c) instruction in and a hands-on demonstration of the proper use of all controls; and
 - (d) instruction in the limitations on the kinds of surfaces on which it is designed to be used.

Commencement

DÉFINITION ET CHAMP D'APPLICATION

Définition

1. (1) Les définitions qui suivent s'appliquent au présent règlement.

«CSA» Le Groupe CSA. («CSA»)

«engin élévateur à nacelle porté sur véhicule» Machine ou appareil installé sur un châssis, utilisé principalement pour positionner les travailleurs à un poste de travail situé en hauteur. S'entend notamment des engins élévateurs à nacelle avec flèche extensible, des échelles aériennes, des engins élévateurs à nacelle avec flèche articulée, des tours verticales ou une combinaison de ces engins. («vehicle mounted aerial device»)

«plateforme de travail élévatrice» Machine ou appareil conçu pour déplacer des personnes, des outils et des matériaux à des postes de travail, habituellement alimenté par des systèmes hydrauliques ou électriques. S'entend notamment des plateformes de travail élévatrices sur mât, des plateformes élévatrices mobiles de personnel et des engins élévateurs à nacelle portés sur véhicule. («elevating work platform»)

«plateforme de travail élévatrice sur mât» Machine ou appareil conçu pour être installé à un emplacement fixe avec des dispositifs de commande nécessitant un actionnement maintenu situés sur une plateforme de type transporteur ouvert qui sont conçus pour être utilisés par les travailleurs sur la plateforme de l'engin pour transporter verticalement des matériaux et des personnes à des postes de travail sur une structure. Il comprend en outre une plateforme de transport élévatrice sur mât. («mast climbing work platform»)

«plateforme élévatrice mobile de personnel» Machine ou appareil mobile conçu pour déplacer des personnes, des outils et des matériaux à des postes de travail, composée au moins d'une plateforme de travail avec des commandes, d'une structure extensible et d'un châssis. S'entend notamment des plateformes de travail élévatrices mobiles, des plateformes de travail élévatrices automotrices et des plateformes de travail élévatrices à mât articulé. («mobile elevating work platform»)

- (2) Dans le présent règlement, l'exigence selon laquelle une chose doit être faite conformément aux bonnes pratiques d'ingénierie comprend l'exigence qu'elle soit réalisée d'une manière qui protège la santé et la sécurité de tous les travailleurs.

(3) Dans le présent règlement, l'exigence selon laquelle une conception, un plan, une instruction, un rapport, une spécification, un devis, une opinion ou un autre document doit être préparé par un ingénieur comprend l'exigence qu'il le signe et l'y appose son sceau.

Champ d'application

2. Le présent règlement s'applique à tous les chantiers.

EXIGENCES : PLATEFORMES

Obligation de se conformer

3. (1) Sous réserve du paragraphe (2), les plateformes de travail élévatrices doivent être conformes à l'article 4.

(2) Le paragraphe (1) ne s'applique pas :

- a) aux échafaudages suspendus et aux plateformes de travail suspendues;
- b) aux godets ou paniers suspendus ou fixés à la flèche d'une grue.

Conception, fabrication, utilisation et autres

4. (1) Les plateformes de travail élévatrices doivent être conçues par un ingénieur conformément aux bonnes pratiques d'ingénierie :

- a) de manière à répondre aux exigences à la norme CSA applicable figurant au tableau du paragraphe (6);
- b) de manière à supporter une charge de service nominale d'au moins 1,3 kilonewton déterminée conformément à la norme CSA applicable figurant au tableau du paragraphe (6).

(2) Les plateformes de travail élévatrices doivent être fabriquées conformément aux plans de l'ingénieur visés au paragraphe (1).

(3) Les plateformes de travail élévatrices doivent être :

- a) mises à l'essai conformément à la norme CSA applicable figurant au tableau du paragraphe (6);
- b) inspectées chaque jour avant leur utilisation, selon les instructions du fabricant, par un travailleur formé conformément à l'article 9 ou 13, selon le cas.

(4) Il est interdit d'utiliser une plateforme de travail élévatrice tant qu'un ingénieur n'a pas attesté par écrit qu'elle est conforme à la norme CSA applicable figurant au tableau du paragraphe (6).

(5) L'attestation exigée par le paragraphe (4) doit comprendre les détails de l'essai.

(6) Les normes CSA applicables au type de plateforme de travail élévatrice qui figure à la colonne 1 du tableau du présent paragraphe sont celles indiquées en regard à la colonne 2 :

TABLEAU

Point	Colonne 1 Type de plateformes de travail élévatrices	Colonne 2 Normes CSA
1.	Plateformes de travail élévatrices mobiles	CAN3-B354.1-M82 publiée en décembre 1982
2.	Plateformes de travail élévatrices automotrices	CAN3-B354.2-M82 et CAN3-B354.3-M82 publiée en décembre 1982
3.	Plateformes de travail élévatrices à mât articulé	CAN3-B354.4-M82 publiée en décembre 1982
4.	Engins élévateurs à nacelle portés sur véhicule	CAN/CSA-C225-10 publiée en juillet 2010
5	Plateformes de travail élévatrices sur mât	CAN/CSA-B354.9-17 publiée en mai 2017

(7) Les plateformes de travail élévatrices doivent être équipées de garde-corps.

(8) Les plateformes de travail élévatrices doivent comporter, bien en vue du conducteur aux commandes, des panneaux qui indiquent ce qui suit :

- a) la charge de service nominale;
- b) les restrictions d'usage, y compris l'utilisation de porte-en-dehors, de stabilisateurs et d'arbres télescopiques;
- c) les caractéristiques précises de la surface d'appui plane et ferme nécessaire pour l'utilisation en position haute;
- d) les mises en garde données par le fabricant, le cas échéant;
- e) s'il ne s'agit pas d'une plateforme de travail élévatrice à mât articulé, l'indication de la direction de déplacement de l'appareil pour chaque commande;
- f) le titre et le numéro de la norme CSA applicable en fonction de laquelle les appareils ont été conçus;

- g) le nom et l'adresse du propriétaire.

ENTRETIEN

Entretien

5. (1) Le propriétaire d'une plateforme de travail élévatrice doit l'entretenir de manière à maintenir les coefficients de sécurité du plan initial.

(2) Le propriétaire d'une plateforme de travail élévatrice doit tenir un registre permanent des inspections, essais, réparations, modifications et travaux d'entretien effectués sur l'appareil.

(3) Le registre permanent exigé par le paragraphe (2) doit :

- a) être tenu à jour;
- b) constituer un relevé complet remontant à celle des dates suivantes qui est postérieure à l'autre :
 - (i) la date d'achat de l'appareil,
 - (ii) le 10 mai 1991;
- c) porter la signature et le nom de la personne qui a effectué l'inspection, l'essai, la réparation, la modification ou le travail d'entretien.

Inspection

6. L'étiquette d'inspection et d'entretien doit :

- a) être fournie et fixée à la plateforme de travail élévatrice près du poste du conducteur;
- b) comporter ce qui suit :
 - (i) la date des derniers travaux d'entretien et de la dernière inspection effectués,
 - (ii) la signature et le nom de la personne qui a effectué les travaux d'entretien et l'inspection,
 - (iii) la mention que les travaux d'entretien ont été effectués conformément aux recommandations du fabricant.

Utilisation

7. (1) La plateforme de travail élévatrice :

- a) ne doit pas être soumise à une charge supérieure à sa charge de service nominale;
- b) ne doit être utilisée et déplacée que conformément aux instructions écrites du fabricant;
- c) ne doit pas être chargée ou utilisée d'une manière qui nuit à sa stabilité ou qui met un travailleur en danger;
- d) ne doit être déplacée que si tous les travailleurs qui s'y trouvent sont protégés contre l'éjection en étant attachés à un point d'ancrage adéquat sur la plateforme de travail élévatrice par un moyen de protection contre les chutes;
- e) ne doit être utilisée, s'il s'agit d'une plateforme de travail élévatrice mobile ou automotrice à mât articulé ou d'un engin élévateur à nacelle porté sur véhicule, que si tous les travailleurs qui s'y trouvent sont attachés à un point d'ancrage adéquat sur la plateforme de travail élévatrice par un moyen de protection contre les chutes.

(2) L'alinéa (1) d) ne s'applique pas :

- a) aux plateformes de travail élévatrices sur mât qui sont équipées de garde-corps protégeant leurs côtés ouverts lorsqu'un travailleur est exposé à un risque de chute de 2,4 mètres ou plus;
- b) aux engins élévateurs à nacelle portés sur véhicule, si les exigences voulant que le panier ne soit pas conducteur interdisent de placer une attache d'ancrage à l'intérieur du panier.

Guide d'utilisation

8. Le guide d'utilisation d'une plateforme de travail élévatrice doit être gardé avec la plateforme tant que la plateforme se trouve sur le chantier.

FORMATION – PLATEFORMES ÉLÉVATRICES MOBILES DE PERSONNEL

Programme de formation

9. (1) L'employeur veille à ce que les travailleurs qui utilisent les plateformes élévatrices mobiles de personnel suivent le programme de formation visé à l'article 10 avant la première utilisation.

(2) Si le programme de formation visé à l'article 10 n'a pas été fourni à l'égard de la marque et du modèle de plateforme élévatrice mobile de personnel que le travailleur utilisera sur le lieu de travail, l'employeur veille à ce que le travailleur ait des connaissances sur la marque et le modèle de matériel en particulier conformément à l'article 11.

(3) Le programme de formation visé à l'article 10 est valide pendant cinq ans à compter de la date à laquelle l'employé a terminé le programme de formation avec succès.

Programme de formation, groupe et type de matériel

10. (1) Le programme de formation pour l'utilisation des plateformes élévatrices mobiles de personnel comprend une formation pour chaque groupe et type de matériel que le travailleur utilisera, et il doit inclure à la fois une partie théorique et une partie pratique qui portent sur ce qui suit :

1. Le déplacement sécuritaire du matériel sous les structures afin d'éviter de coincer ou d'écraser quiconque sur la plateforme.
2. La mise en œuvre correcte d'un procédé d'évaluation des risques liés au lieu de travail et au travail à effectuer.
3. Le choix d'une plateforme élévatrice mobile de personnel appropriée pour le travail à effectuer.
4. L'objet et l'application du guide d'utilisation, des affiches, des autocollants et des normes applicables du fabricant.
5. L'entreposage et l'entretien corrects du guide d'utilisation.
6. Les exigences en matière d'inspection et d'entretien, notamment les exigences en matière d'inspection avant la mise en marche.
7. Les facteurs influant sur la stabilité de la plateforme élévatrice mobile de personnel dans toutes les configurations d'utilisation.
8. Un relevé des dangers et la manière de les éviter, notamment des inspections quotidiennes du lieu de travail.
9. L'usage prévu des commandes de l'appareil et leur fonction, notamment des commandes de secours.
10. La prise en charge des problèmes ou des défaillances ayant une incidence sur le fonctionnement de l'appareil.
11. L'utilisation de vêtements de protection appropriés pour la tâche et les conditions du lieu de travail, notamment des équipements de protection contre les chutes.
12. Les procédures de déplacement sûr et les inspections de parcours.
13. Les procédures de chargement et de déchargement pour le transport.
14. La sécurisation de l'appareil contre les utilisations non autorisées.
15. Les procédures de sauvetage des travailleurs.
16. L'importance de l'initiation des travailleurs à l'appareil et à ses accessoires avant leur utilisation.
17. L'importance de fournir des instructions aux personnes à bord de l'appareil pour un travail en sécurité, notamment sur ce qui suit :
 - i. l'utilisation du matériel approprié de protection contre les chutes et l'emplacement de l'ancrage,
 - ii. les facteurs influant sur la stabilité,
 - iii. l'utilisation sûre des accessoires de l'appareil,
 - iv. les procédures de travail propres au site,
 - v. les dangers et les moyens de prévention, notamment les évaluations des risques liés au lieu de travail,
 - vi. les connaissances générales de l'utilisation prévue et du fonctionnement des commandes de l'appareil, notamment les procédures d'arrêt d'urgence et d'abaissement d'urgence,
 - vii. les mises en garde et instructions données par le fabricant liées au travail à effectuer,
 - viii. l'emplacement du manuel de l'utilisateur fourni par le fabricant.

(2) Le programme de formation pour l'utilisation des plateformes élévatrices mobiles de personnel comprend des méthodes pour évaluer la capacité du travailleur à utiliser l'équipement et doit exiger que le travailleur ait une connaissance éprouvée de l'utilisation de l'équipement.

(3) Si, avant le jour de l'entrée en vigueur du présent règlement, le travailleur a terminé avec succès une formation sur les plateformes élévatrices mobiles de personnel qui satisfait aux exigences de l'article 147 du Règlement de l'Ontario 213/91 (Chantiers de construction) pour le groupe et le type d'équipement qu'il utilise, le travailleur a cinq ans, après avoir terminé avec succès la formation prévue à ce règlement, pour terminer avec succès le programme de formation prévu au présent article.

Initiation

11. Si un programme de formation visé à l'article 10 n'a pas été fourni à l'égard de la marque et du modèle de plateforme élévatrice mobile de personnel que le travailleur utilisera sur le lieu de travail, l'employeur veille à ce que le travailleur ait des connaissances sur ce qui suit à l'égard de la marque et du modèle de plateforme :

1. L'emplacement des manuels de l'utilisateur fournis par le fabricant.
2. Les mises en garde et les instructions du fabricant de l'appareil liées à l'exécution du travail en particulier.
3. Les fonctions propres aux commandes de l'appareil.
4. Les fonctions des dispositifs de sécurité propres à l'appareil.
5. Toute caractéristique particulière liée au fonctionnement de l'appareil.
6. La vérification de la conduite d'une inspection annuelle de l'appareil et de ses composants.

Dossier

12. (1) L'employeur tient un dossier sur la formation visée à l'article 10 qui comprend ce qui suit :

1. Le type de matériel dont a traité la formation.
2. La date où la formation a été fournie.
3. Le nom du travailleur qui a reçu la formation.
4. Le nom et la signature du formateur.

(2) L'employeur met, sur demande, le dossier sur la formation de chaque travailleur à la disposition des inspecteurs.

(3) Si un travailleur termine le programme de formation visé à l'article 10 pour un employeur, ce dernier, à la demande du travailleur, lui fournit la preuve écrite qu'il l'a terminé.

(4) Si un travailleur n'exécute plus de travail pour un employeur, mais que dans les trois ans de la fourniture de la formation, il demande la preuve écrite visée au paragraphe (3), l'employeur la lui fournit.

FORMATION – AUTRES PLATEFORMES DE TRAVAIL ÉLÉVATRICES**Instructions orales et écrites**

13. (1) Avant la première utilisation d'une plateforme de travail élévatrice autre qu'une plateforme élévatrice mobile de personnel, le travailleur doit recevoir des instructions orales et écrites sur le fonctionnement de l'appareil et être formé à l'utilisation de ce groupe et de ce type de plateforme de travail.

(2) Les instructions et la formation exigées par le paragraphe (1) doivent comprendre notamment :

- a) les instructions du fabricant;
- b) des instructions relatives aux limites imposées quant à la charge;
- c) des instructions relatives à la bonne utilisation de toutes les commandes, démonstration à l'appui;
- d) des instructions relatives aux limites imposées quant aux surfaces d'appui pour lesquelles l'appareil est conçu.

Entrée en vigueur

14. Le présent règlement entre en vigueur le dernier en date du 1^{er} janvier 2027 et du jour de son dépôt.

5.1	Sections 56 to 58	Municipal Service and Right of Way Access	1. Before making a municipal service and right of way access order, Metrolinx shall in good faith make reasonable efforts to comply with any technical requirements for the use, alteration, relocation, occupation, modification or temporary closure of, or access or connection to, a municipal highway or municipal right of way. 2. Before making a municipal service and right of way access order, Metrolinx shall give due consideration to the matters described in paragraphs 1 to 6 of subsection 57 (2) of the Act, in addition to complying, as required by the Act, with any applicable requirements under Part V of the Act and any directives imposed by the Minister relating to the delegation of the Minister's functions to Metrolinx. 3. Metrolinx shall give written notice of its intent to make a municipal service and right of way access order to the Assistant Deputy Ministry of Transit Division at the Ministry of Transportation at least 20 days before issuing the order. The notice shall be accompanied by a written summary of the actions and steps that have been taken, including a description of Metrolinx's approach to negotiations, the dispute resolution process and the persons who engaged in negotiations, and any other details as requested by the Ministry. 4. Metrolinx shall give written notice of its intent to make a municipal service and right of way access order to the affected municipality at least 15 days before issuing the order. 5. If a municipality does not comply with a municipal service and right of way access order, Metrolinx shall notify the Assistant Deputy Minister of Transit Division at the Ministry of Transportation of its intent to file the order at least 15 days before filing it in the Superior Court of Justice under section 70 of the Act. 6. Metrolinx may revise or cancel a municipal service and right of way access order in accordance with the requirements set out in section 58 of the Act. If Metrolinx determines that an order needs to be revised or cancelled, Metrolinx shall notify the Assistant Deputy Minister of Transit Division at the Ministry of Transportation and the affected municipality of its intent to revise or cancel the order at least 15 days before revising or cancelling it.

(DÉLÉGATION)

1. Le tableau de l'article 1 du Règlement de l'Ontario 181/21 est modifié par adjonction du numéro suivant :

5.1	Articles 56 à 58	Accès aux services municipaux et par droit de passage	1. Avant de prendre un arrêté d'accès aux services municipaux et par droit de passage, Metrolinx doit, de bonne foi, faire des efforts raisonnables pour se conformer aux exigences techniques applicables à l'utilisation, à la transformation, au déplacement, à l'occupation, à la modification ou à la fermeture temporaire d'une voie publique municipale ou d'un droit de passage municipal, ou encore à l'accès ou au raccordement à une telle voie publique ou à un tel droit de passage. 2. Avant de prendre un arrêté d'accès aux services municipaux et par droit de passage, Metrolinx tient dûment compte des éléments visés aux dispositions 1 à 6 du paragraphe 57 (2) de la Loi en plus de se conformer, comme l'exige la Loi, aux exigences applicables prévues à la partie V de la Loi et aux directives qu'impose le ministre relativement à la délégation de ses fonctions à Metrolinx. 3. Metrolinx donne un avis écrit de son intention de prendre un arrêté d'accès aux services municipaux et par droit de passage au sous-ministre adjoint de la Division des transports en commun du ministère des Transports au moins 20 jours avant de prendre un tel arrêté. Sont joints à l'avis un récapitulatif écrit des mesures déjà prises, y compris une description de l'approche de Metrolinx en matière de négociations, du processus de règlement des différends et des personnes ayant participé aux négociations, ainsi que tous les autres détails que demande le ministère. 4. Metrolinx donne un avis écrit de son intention de prendre un arrêté d'accès aux services municipaux et par droit de passage à la municipalité concernée au moins 15 jours avant de prendre un tel arrêté. 5. En cas de non-conformité d'une municipalité à un arrêté d'accès aux services municipaux et par droit de passage, Metrolinx avise le sous-ministre adjoint de la Division des transports en commun du ministère des Transports de son intention de déposer l'arrêté au moins 15 jours avant de le déposer auprès de la Cour supérieure de justice en vertu de l'article 70 de la Loi. 6. Metrolinx peut réviser ou annuler un arrêté d'accès aux services municipaux et par droit de passage conformément aux exigences prévues à l'article 58 de la Loi. Si elle établit qu'un arrêté doit être révisé ou annulé, Metrolinx avise le sous-ministre adjoint de la Division des transports en commun du ministère des Transports et la municipalité concernée de son intention de réviser ou d'annuler l'arrêté au moins 15 jours avant de ce faire.
