Government Notices Respecting Corporations Avis du gouvernements relatifs aux compagnies

Notice of Default in Complying with the Corporations Tax Act Avis de non-observation de la Loi sur l'imposition des sociétés

The Director has been notified by the Minister of Finance that the following corporations are in default in complying with the *Corporations Tax Act*.

NOTICE IS HEREBY GIVEN under subsection 241(1) of the *Business Corporations Act*, that unless the corporations listed hereunder comply with the requirements of the *Corporations Tax Act* within 90 days of this notice, orders will be made dissolving the defaulting corporations. All enquiries concerning this notice are to be directed to Ministry of Finance, Corporations Tax, 33 King Street West, Oshawa, Ontario L1H 8H6.

Le ministre des Finances a informé le directeur que les sociétés suivantes n'avaient pas respecté la *Loi sur l'imposition des sociétés*.

AVIS EST DONNÉ PAR LA PRÉSENTE que, conformément au paragraphe 241(1) de la *Loi sur les sociétés par actions*, si les sociétés citées ci-dessous ne se conforment pas aux prescriptions énoncées par la *Loi sur l'imposition des sociétés* dans un délai de 90 jours suivant la réception du présent avis, lesdites sociétés se verront dissoutes par décision. Pour tout renseignement relatif au présent avis, veuillez vous adresser à l'Imposition des sociétés, ministère des Finances, 33, rue King ouest, Oshawa ON L1H 8H6.

Ligne directrice sur la suffisance du capital

à l'intention des caisses populaires et des credit unions de l'Ontario

Publié dans la Gazette de l'Ontario du 21 décembre 2013

La *Loi de 1994 sur les caisses populaires et les credit unions* et le Règlement de l'Ontario 237/09 incorporent par renvoi la présente *Ligne directrice sur la suffisance du capital à l'intention des caisses populaires et des credit unions de l'Ontario*. La présente ligne directrice est donc exécutoire au même titre que la Loi et le Règlement qui l'incorporent.

TABLE DES MATIÈRES

Annexe 1 : Renseignements supplémentaires sur les engagements et autres	6

Actif total – Autres montants à déduire [art. 16(1)]

En vertu du Règlement, l'actif total d'une caisse populaire correspond à la somme de tous ses éléments d'actif, de laquelle on soustrait les montants précisés dans le Règlement, y compris ceux qui sont énoncés dans la présente ligne directrice. Voici les montants qu'il faut retenir sur l'actif total :

- Gains (pertes) de juste valeur après impôt concernant une propriété utilisée à des fins personnelles au moment du passage aux Normes internationales d'information financière (IFRS) lorsque le modèle fondé sur le coût est utilisé;
- Perte nette accumulée de réévaluation après impôt concernant une propriété utilisée à des fins personnelles, comptabilisée à l'aide du modèle fondé sur la réévaluation;
- Montant d'un régime à prestations déterminées qui est un actif au bilan de la caisse populaire ou fédération.

Actif total – Méthode de comptabilisation à la valeur de consolidation [art.16 (2) 3]

En vertu du Règlement, la caisse populaire doit calculer son placement dans les parts sociales d'adhésion d'une filiale selon la méthode de comptabilisation à la valeur de consolidation décrite dans la présente ligne directrice.

Selon cette méthode, la caisse populaire comptabilise initialement le coût original de son placement dans la filiale. La valeur du placement comptabilisée est ensuite redressée pour tenir compte de la part de l'établissement au prorata du revenu net acquis (ou de la perte encourue) par la filiale depuis l'acquisition, moins l'amortissement de l'achalandage et les dividendes reçus de la filiale.

Les caisses populaires détenant des placements dans des filiales sont tenues de s'assurer que toutes les valeurs de l'actif et du passif de ces filiales sont déterminées conformément aux principes comptables généralement reconnus pour chaque période de déclaration, et que toute dégradation de ces valeurs est correctement prise en compte pour l'établissement de la valeur comptable des placements.

COÛT D'ACQUISITION	XXX \$
PLUS : Part calculée au prorata du revenu net (ou de la perte nette) depuis l'acquisition, y compris les autres dégradations de la valeur comptabilisées par la filiale à la date de déclaration	XXX
MOINS : Amortissement de l'achalandage	(XXX)
Dividendes reçus de la filiale	<u>(XXX)</u>
VALEUR DU PLACEMENT DANS LA FILIALE	<u>XXX \$</u>

Capital de catégorie 2 [art. 17(3) 6]

En vertu du Règlement, le calcul du capital de catégorie 2 doit comprendre tous les autres montants énoncés dans la présente ligne directrice. Le montant qui suit doit être déduit du capital de catégorie 2 :

- les pertes actuarielles cumulées qui découlent de toute obligation au titre d'un régime à prestations déterminées figurant au bilan de la caisse populaire ou de la fédération lorsque ces pertes ont été comptabilisées au cumul des autres éléments du résultat global et n'ont pas été déduites des bénéfices non répartis.

Valeur attribuée aux expositions hors bilan [art. 18(3) 6, 18(4) 3, 18(5) 4 et 18(6) 5]

Pour déterminer la valeur attribuée à n'importe quelle exposition hors bilan liée aux éléments d'actif énumérés dans chacune des catégories de coefficients de pondération des risques énoncées aux paragraphes 18(3) à 18(6), la valeur nominale (montant du principal notionnel) de l'exposition doit d'abord être multipliée par un facteur de conversion en équivalent-crédit approprié. Les facteurs de conversion en équivalent-crédit sont les suivants :

Facteur de conversion de 100 p. 100

- *Substituts directs de crédit*, tels qu'ils sont décrits à l'annexe 1 de la présente ligne directrice;
- Acquisitions de participations à risque dans des acceptations bancaires, participation à des substituts directs de crédit (par exemple des lettres de crédit de soutien);
- Accords de vente et de rachat;
- *Achats à terme d'actifs*, tels qu'ils sont décrits à l'annexe 1 de la présente ligne directrice.

Facteur de conversion de 50 p. 100

- *Provisions pour imprévus liés à la transaction*, telles qu'elles sont décrites à l'annexe 1 de la présente ligne directrice;
- *Engagements*, tels qu'ils sont décrits à l'annexe 1 de la présente ligne directrice, avec une échéance initiale de plus d'un an, y compris des garanties d'émission et des lignes de crédit commerciales;
- *Engagements* variables annulables sans condition par la caisse populaire à tout moment sous réserve d'un préavis.

Facteur de conversion de 20 p. 100

- *Provisions pour imprévus liés au commerce*, telles qu'elles sont décrites à l'annexe 1 de la présente ligne directrice;
- *Engagements*, tels qu'ils sont décrits à l'annexe 1 de la présente ligne directrice, dont l'échéance initiale est d'un an ou moins.

Facteur de conversion de 0 p. 100

- *Engagements*, tels qu'ils sont décrits à l'annexe 1 de la présente ligne directrice, révocables sans condition par la caisse populaire à tout moment et sans préavis, ou devenant automatiquement caducs en cas de dégradation de la solvabilité de l'emprunteur. Cela comprend les engagements sans échéance ou variables comme les marges de cartes de crédit, les lignes personnelles de crédit et les autorisations

de découvert de comptes chèques personnels qui ne sont pas utilisées et qui sont annulables sans condition à tout moment.

Exemple :

Une caisse populaire a une exposition hors bilan sous forme d'un engagement arrivant à échéance dans moins d'un an, soit un prêt agricole de 500 000 \$.

Comme un facteur de conversion de 20 p. 100 s'applique aux engagements dont l'échéance initiale est d'un an ou moins, on détermine la valeur de cette exposition hors bilan en multipliant la valeur nominale de l'engagement par un facteur de conversion de 20 p. 100.

Exemple : Exposition hors bilan

Valeur nominale (montant du principal notionnel)	500 000 \$
Facteur de conversion	20 %
Valeur de l'exposition hors bilan	100 000 \$

On applique ensuite à cette valeur une pondération du risque en fonction des exigences du Règlement, comme suit :

Exemple : Exposition hors bilan

Valeur de l'exposition hors bilan	100 000 \$
Coefficient de pondération du risque pour un prêt agricole en fonction de l'art. 17(5) 5 du Règlement	75 %
Pondération du risque	75 000 \$

Notation de crédit des prêts commerciaux et des titres [18(7)]

En vertu du Règlement, le risque lié aux prêts commerciaux est pondéré selon un facteur de 100 p. 100, ou conformément à la présente ligne directrice si une notation respectant les normes établies a été attribuée à la personne à qui le prêt commercial est consenti.

Le tableau ci-après illustre la pondération du risque liée à un prêt commercial consenti à une personne ayant reçu la notation indiquée par une agence externe de notation du crédit. Les caisses populaires devraient utiliser les données de la même agence de notation aussi bien pour la pondération que pour la gestion du risque. Si une caisse populaire choisit des notations attribuées par deux agences différentes et utilisant une pondération du risque différente, la pondération la plus élevée doit être appliquée.

Tableau 1 : Notations de crédit

Coefficient de pondération du risque	Établissement de notation externe		
	DBRS	S&P/FITCH	Moody's
20%	AAA à AA (faible)	AAA à AA -	Aaa à Aa3
50%	A(élevé) à A (faible)	A+ à A-	A1 à A3
100%	BBB (élevé) à B (faible)	BBB+ à B-	Ba1 à B3
150%	CCC	Inférieur à B-	Inférieur à B3

Hypothèques résidentielles assurées au privé [18(8)]

Le tableau 1 doit servir à déterminer la pondération du risque de la portion du prêt hypothécaire résidentiel dont il est question au paragraphe 18(8) du Règlement.

Liquidités [20(4)4.ii]

Le tableau 1 énonce aussi les notations équivalentes à celles du Dominion Bond Rating Service (DBRS) aux fins de l'alinéa 4.ii du paragraphe 20(4) du Règlement.

Annexe 1

Renseignements supplémentaires sur les engagements et autres

1. Substituts directs de crédit

Les substituts directs de crédit comprennent les garanties ou les instruments équivalents qui garantissent des créances. Avec un substitut direct de crédit, le risque de perte pour l'établissement dépend directement de la solvabilité de la contrepartie.

Les substituts directs de crédit comprennent les garanties ou les obligations d'un sociétaire ainsi que :

- les garanties accordées, au nom des sociétaires, par la caisse populaire qui s'engage à satisfaire aux obligations financières de ces derniers au cas où ceux-ci ne le feraient pas, comme dans les cas suivants :
 - acquittement de créances existantes pour des services rendus;
 - paiement du montant exigé par un contrat d'achat;
 - versements pour un contrat de location, un prêt ou une hypothèque;
 - paiement de chèques non certifiés;
 - versement de taxes (de vente) au gouvernement;
 - acquittement de créances existantes pour des achats de marchandises;
 - acquittement du passif non capitalisé découlant du régime de retraite;
 - réassurance d'obligations financières;
- les lettres de crédit de soutien ou d'autres obligations irrévocables et équivalentes servant de garanties financières à l'appui de prêts et de titres;
- les participations à risque dans des acceptations bancaires et des lettres de crédit financières. Les participations à risque constituent des garanties de la part des institutions participantes en vertu desquelles, si le client concerné ne respecte pas ses obligations, elles indemniseront l'institution émettrice du montant total d'intérêt et de principal qui leur est attribuable.

2. Achats à terme d'actifs

Par achat à terme d'actifs on entend l'engagement à acheter un prêt, un titre ou un autre élément d'actif à une date future déterminée, habituellement selon des modalités prédéterminées. Cela comprend les facilités de financement avec certitude d'appel de fonds.

3. Provisions pour imprévus liés à la transaction

Les provisions pour imprévus liés à des transactions (par exemple, les cautionnements de soumission, les garanties de bonne fin, les contre-garanties et les garanties à demande liées à des opérations particulières) concernent les activités commerciales courantes d'une contrepartie, lorsque le risque de perte pour

l'établissement déclarant dépend de la vraisemblance d'un événement futur indépendant de la solvabilité de la contrepartie. Essentiellement, les provisions pour imprévus liés à des transactions sont des garanties qui soutiennent des contrats ou engagements non financiers ou commerciaux d'exécution particulière plutôt que des obligations financières générales de clients. Les garanties liées à l'exécution excluent explicitement les éléments liés à l'inexécution d'obligations financières.

4. Engagements

Un engagement implique l'obligation (avec ou sans clause de détérioration ou clause semblable) de la part d'une caisse populaire de financer son sociétaire dans le cours normal de ses activités au cas où ce sociétaire chercherait à utiliser cet engagement. Normalement, les engagements comportent un contrat ou une entente dûment couchés par écrit ainsi que des frais ou une autre forme de rémunération.

Pour déterminer l'échéance d'un engagement, la durée doit être mesurée à partir de la date où l'engagement a été accepté par le client, jusqu'au premier en date du jour où l'engagement arrive à échéance ou du jour où la caisse populaire peut, à sa discrétion, annuler l'engagement sans condition.

5. Provisions pour imprévus liés au commerce

Ces provisions comprennent des éléments liés au commerce, à court terme et auto-amortissables, telles des lettres de crédit commerciales et documentaires émises par la caisse populaire et qui sont garanties par la marchandise sous-jacente ou vont l'être. Les lettres de crédit émises au nom d'une contrepartie avec des lettres de crédit dont celle-ci est bénéficiaire (lettres adossées) doivent être déclarées comme des lettres de crédit documentaires. Les lettres de crédit émises par une caisse populaire qui agit comme agence de couverture ne doivent pas être considérées comme un élément d'actif à risque.

The tenders will then be opened in public on the same day as soon as possible after 3:00 p.m. at the Municipal Office, 21 Queen Street, Ripley.

Description of Land(s):

ROLL NO. 41 07 160 005 13700 0000, 172 SENECA ST, PIN 33329-0525 LT, PT LT 2-3, 12 PL 706 AS IN R109175, R51024; HURON-KINLOSS, FILE BEHK12-002-TT

Minimum Tender Amount:

\$26,003.36

Tenders must be submitted in the prescribed form and must be accompanied by a deposit in the form of a money order or of a bank draft or cheque certified by a bank or trust corporation payable to the municipality (or board) and representing at least 20 per cent of the tender amount.

Except as follows, the municipality makes no representation regarding the title to, existing interests in favour of the Crown, environmental concerns or any other matters relating to the land(s) to be sold. Any existing Federal or Provincial Crown liens or executions will remain on title and may become the responsibility of the potential purchaser. Responsibility for ascertaining these matters rests with the potential purchasers.

This sale is governed by the *Municipal Act, 2001* and the Municipal Tax Sales Rules made under that Act. The successful purchaser will be required to pay the amount tendered plus accumulated taxes and the relevant land transfer tax.

The municipality has no obligation to provide vacant possession to the successful purchaser.

Note: H.S.T. may be payable by successful purchaser.

Tender packages will be available for sale on www.Tri-Target.com and at the Municipal Office for \$10.00 plus HST.

Printed in *The Ontario Gazette*: December 28, 2013

Amending O. Reg. 114/99

(FAMILY LAW RULES)

1. Subrule 1 (8) of Ontario Regulation 114/99 is revoked and the following substituted:**FAILURE TO OBEY ORDER**

(8) If a person fails to obey an order in a case or a related case, the court may deal with the failure by making any order that it considers necessary for a just determination of the matter, including,

- (a) an order for costs;
- (b) an order dismissing a claim;
- (c) an order striking out any application, answer, notice of motion, motion to change, response to motion to change, financial statement, affidavit, or any other document filed by a party;
- (d) an order that all or part of a document that was required to be provided but was not, may not be used in the case;
- (e) if the failure to obey was by a party, an order that the party is not entitled to any further order from the court unless the court orders otherwise;
- (f) an order postponing the trial or any other step in the case; and
- (g) on motion, a contempt order.

FAILURE TO FOLLOW RULES

(8.1) If a person fails to follow these rules, the court may deal with the failure by making any order described in subrule (8), other than a contempt order under clause (8) (g).

DOCUMENT THAT MAY DELAY OR IS INFLAMMATORY, ETC.

(8.2) The court may strike out all or part of any document that may delay or make it difficult to have a fair trial or that is inflammatory, a waste of time, a nuisance or an abuse of the court process.

POWER TO MAKE ORDER UNDER SUBRULE (8), (8.1) OR (8.2)

(8.3) For greater certainty, a court may make an order under subrule (8), (8.1) or (8.2) at any time during a case, and the power to make such an order exists unless these rules expressly provide otherwise.

CONSEQUENCES OF STRIKING OUT CERTAIN DOCUMENTS

(8.4) If an order is made striking out a party's application, answer, motion to change or response to motion to change in a case, the following consequences apply unless a court orders otherwise:

- 1. The party is not entitled to any further notice of steps in the case, except as provided by subrule 25 (13) (service of order).
- 2. The party is not entitled to participate in the case in any way.
- 3. The court may deal with the case in the party's absence.
- 4. A date may be set for an uncontested trial of the case.

2. (1) Rule 4 of the Regulation is amended by adding the following subrule:**DEFINITION**

(0.1) In this rule,

“limited scope retainer” means the provision of legal services by a lawyer for part, but not all, of a party's case by agreement between the lawyer and the party.

(2) Clause 4 (1) (a) of the Regulation is revoked and the following substituted:

- (a) act in person;

(3) Rule 4 of the Regulation is amended by adding the following subrules:

INTERPRETATION, ACTING IN PERSON

(1.1) Where a party acts in person, anything these rules require or permit a lawyer or other representative to do shall be done by the party.

LIMITED SCOPE RETAINER

- (1.2) Clause (1) (b) permits a party to be represented by a lawyer acting under a limited scope retainer.

INTERPRETATION, LIMITED SCOPE RETAINER

(1.3) A party who is represented by a lawyer acting under a limited scope retainer is considered for the purposes of these rules to be acting in person, unless the lawyer is acting as the party's lawyer of record.

(4) Subrule 4 (9) of the Regulation is revoked and the following substituted:

CHOICE OF LAWYER

(9) A party who is acting in person may choose a lawyer by serving on every other party and filing a notice of change in representation (Form 4) containing the lawyer's consent to act.

NON-APPLICATION

(9.1) Subrule (9) does not apply if the party chooses a lawyer acting under a limited scope retainer and that lawyer is not the lawyer of record for the party.

(5) Clause 4 (10) (b) of the Regulation is revoked and the following substituted:

- (b) act in person.

3. Clause 5 (5) (c) of the Regulation is amended by striking out "consents" and substituting "so chooses".

4. (1) The English version of subrule 6 (4) of the Regulation is amended by striking out "subclause" in the portion before paragraph 1 and substituting "clause".

(2) Subrule 6 (15) of the Regulation is amended by striking out "on motion without notice" in the portion before clause (a).

(3) Rule 6 of the Regulation is amended by adding the following subrule:

SAME, NOTICE

(15.1) An order under subrule (15) may be obtained on motion without notice, except where the person to be served is a government agency.

5. Subrule 9 (6) of the Regulation is amended by striking out "July 1, 2006" and substituting "October 21, 2013".

6. Subrule 10 (5) of the Regulation is revoked and the following substituted:

NO ANSWER

(5) The consequences set out in paragraphs 1 to 4 of subrule 1 (8.4) apply, with necessary modifications, if a respondent does not serve and file an answer.

7. Subrule 13 (17) of the Regulation is revoked.

8. (1) Clause 14 (6) (e) of the Regulation is revoked and the following substituted:

- (e) to limit or stay a support order, the enforcement of arrears under a support order, or an alternative payment order under the *Family Responsibility and Support Arrears Enforcement Act, 1996*;

(2) Subrules 14 (22) and (23) of the Regulation are revoked.

9. (1) Subrule 15 (14) of the Regulation is revoked and the following substituted:

NO RESPONSE OR CONSENT

(14) The consequences set out in paragraphs 1 to 4 of subrule 1 (8.4) apply, with necessary modifications, if a party does not serve and file a response to motion to change (Form 15B) or return a consent motion to change (Form 15C) to the party making the motion as required under subrule (9).

(2) Subrule 15 (15) of the Regulation is amended by striking out "If subrule (14) applies" at the beginning and substituting "If a party does not serve and file a response to motion to change (Form 15B) or return a consent motion to change (Form 15C) to the party making the motion as required under subrule (9), or if the party's response is struck out by an order".

(3) Subrule 15 (27) of the Regulation is revoked and the following substituted:

APPLICATION OF SUBRULE 14 (21)

(27) Subrule 14 (21) applies with necessary modifications to a motion to change a final order or agreement.

10. Subclause 17 (8) (b) (ii) of the Regulation is amended by striking out “subrule 17 (9)” at the end and substituting “subrule (9)”.

11. Subrule 19 (10) of the Regulation is revoked and the following substituted:

FAILURE TO FOLLOW RULE 19 OR OBEY ORDER

(10) If a party does not follow this rule or obey an order made under this rule, the court may, in addition to any power to make an order under subrule 1 (8) or (8.1),

- (a) order the party to give another party an affidavit, let the other party examine a document or supply the other party with a copy free of charge;
- (b) order that a document favourable to the party’s case may not be used except with the court’s permission; or
- (c) order that the party is not entitled to obtain disclosure under these rules until the party follows the rule or obeys the order.

12. (1) Clause 20 (3) (a) of the Regulation is amended by striking out “by a method of special service set out in clause 6 (3) (a)” and substituting “by special service in accordance with subrule 6 (4)”.

(2) Subrule 20 (9) of the Regulation is amended by striking out “(subrule 6 (3))” at the end and substituting “(subrules 6 (3) and (4))”.

13. Subrule 23 (3) of the Regulation is amended by adding “by special service in accordance with subrule 6 (4)” after “(Form 23)”.

14. Subrule 24 (16) of the Regulation is revoked and the following substituted:

FAILURE TO GIVE SECURITY

(16) If the party does not give the security as ordered and, as a result, a judge makes an order dismissing the party’s case or striking out the party’s answer or any other document filed by the party, then subrule (15) no longer applies.

15. Clause 25 (13) (a) of the Regulation is revoked and the following substituted:

- (a) on every other party, including a party to whom paragraph 1 of subrule 1 (8.4) (no notice to party) applies;

16. (1) Subrule 27 (4) of the Regulation is amended by striking out “13 (17) (failure to file)”.

(2) Subrule 27 (12) of the Regulation is amended by striking out “(subrule 6 (3))” at the end and substituting “(subrules 6 (3) and (4))”.

17. Clause 29 (12) (a) of the Regulation is amended by striking out “subsection 4 (1) of the *Creditors’ Relief Act*” and substituting “subsection 2 (3) of the *Creditors’ Relief Act, 2010*”.

18. (1) Subrule 30 (2) of the Regulation is amended by striking out “by special service (subrule 6 (3))” and substituting “by special service in accordance with subrule 6 (4)”.

(2) Subrule 30 (9) of the Regulation is amended by striking out “with special service (subrule 6 (3))” and substituting “with special service in accordance with subrule 6 (4)”.

19. Subrule 31 (2) of the Regulation is amended by striking out “by special service as provided in clause 6 (3) (a)” and substituting “by special service in accordance with subrule 6 (4)”.

20. Subrule 39 (15) of the Regulation is revoked.

21. Subrule 40 (10) of the Regulation is revoked.

22. Subrule 41 (10) of the Regulation is revoked.

23. (1) Subclause 42 (5) (d) (iv) of the Regulation is amended by striking out “wilful”.

(2) Subrule 42 (7) of the Regulation is revoked and the following substituted:

MOTIONS UNDER RULE 14

(7) The Family Case Manager may hear motions under rule 14 relating to matters over which he or she has jurisdiction and, for the purpose, may exercise any power under that rule, other than a power under subrule 14 (21).

(3) Subrule 42 (8) of the Regulation is amended by adding the following paragraphs:

- 0.1 Subject to subclause (5) (d) (iv), an order under subrule 1 (8), other than a contempt order under clause 1 (8) (g), and an order under subrule 1 (8.1).
- 0.2 An order under subrule 1 (8.2).
- 0.3 An order under subrule 1 (8.4), if the Family Case Manager made the order striking out the document.

(4) Subrule 42 (19) of the Regulation is amended by striking out “July 1, 2014” and substituting “July 1, 2016”.

24. The Table of Forms to the Regulation is amended by striking out

4	Notice of change in representation	September 1, 2005
----------	---	--------------------------

and substituting,

4	Notice of change in representation	October 21, 2013
----------	---	-------------------------

Commencement

25. This Regulation comes into force on the later of January 1, 2014 and the day it is filed.

RÈGLEMENT DE L'ONTARIO 322/13

pris en vertu de la

LOI SUR LES TRIBUNAUX JUDICIAIRES

pris le 11 décembre 2013
déposé le 12 décembre 2013
publié sur le site Lois-en-ligne le 12 décembre 2013
imprimé dans la *Gazette de l'Ontario* le 28 décembre 2013

modifiant le Règl. de l'Ont. 114/99
(RÈGLES EN MATIÈRE DE DROIT DE LA FAMILLE)

1. Le paragraphe 1 (8) du Règlement de l'Ontario 114/99 est abrogé et remplacé par ce qui suit :**INOBSERVATION D'UNE ORDONNANCE**

(8) Si une personne n'observe pas une ordonnance rendue dans une cause ou une cause connexe, le tribunal peut remédier à l'inobservation en rendant toute ordonnance qu'il juge nécessaire afin d'assurer une résolution équitable de la question, y compris :

- a) une ordonnance d'adjudication des dépens;
- b) une ordonnance rejetant une demande;
- c) une ordonnance radiant une requête, une défense, un avis de motion, une motion en modification, une réponse à une motion en modification, un état financier, un affidavit ou tout autre document déposé par une partie;
- d) une ordonnance portant que tout ou partie d'un document dont la fourniture était exigée mais qui n'a pas été fourni ne peut pas être utilisé dans la cause;
- e) si l'inobservation est le fait d'une partie, une ordonnance portant que la partie n'a droit à aucune autre ordonnance du tribunal, sauf ordonnance contraire de celui-ci;
- f) une ordonnance reportant le procès ou toute autre étape de la cause;
- g) sur motion une ordonnance pour outrage.

INOBSERVATION DES RÈGLES

(8.1) Si une personne n'observe pas les présentes règles, le tribunal peut remédier à l'inobservation en rendant une ordonnance visée au paragraphe (8), autre qu'une ordonnance pour outrage prévue à l'alinéa (8) g).

DOCUMENT SUSCEPTIBLE DE RETARDER LE PROCÈS OU INCENDIAIRE

(8.2) Le tribunal peut radier tout ou partie d'un document susceptible de retarder ou de rendre difficile la tenue d'un procès équitable ou d'un document qui est incendiaire, est présenté dans l'intention de causer des embêtements ou constitue une perte de temps ou un recours abusif au tribunal.

POUVOIR DE RENDRE UNE ORDONNANCE EN VERTU DU PARAGRAPHE (8), (8.1) OU (8.2)

(8.3) Il est entendu qu'un tribunal peut rendre une ordonnance en vertu du paragraphe (8), (8.1) ou (8.2) à n'importe quel moment de la cause et que le pouvoir de rendre une telle ordonnance existe, sauf disposition expresse contraire des présentes règles.

CONSÉQUENCES DE LA RADIATION DE CERTAINS DOCUMENTS

(8.4) Si une ordonnance radiant la requête, la défense, la motion en modification ou la réponse à une motion en modification d'une partie dans une cause est rendue, les conséquences suivantes s'appliquent, sauf ordonnance contraire du tribunal :

- 1. La partie n'a droit à aucun autre préavis des étapes de la cause, sauf dans les cas prévus par le paragraphe 25 (13) (signification de l'ordonnance).
- 2. La partie n'a pas le droit de prendre part à la cause de quelque façon que ce soit.
- 3. Le tribunal peut traiter la cause en l'absence de la partie.
- 4. Une date peut être fixée pour la tenue d'un procès non contesté de la cause.

2. (1) La règle 4 du Règlement est modifiée par adjonction du paragraphe suivant :

DÉFINITION

(0.1) La définition qui suit s'applique à la présente règle.

«mandat à portée limitée» S'entend de la prestation de services juridiques par un avocat pour une partie, et non la totalité de la cause d'une partie, selon une entente convenue avec celle-ci.

(2) L'alinéa 4 (1) a) du Règlement est abrogé et remplacé par ce qui suit :

a) agir en son propre nom;

(3) La règle 4 du Règlement est modifiée par adjonction des paragraphes suivants :

INTERPRÉTATION : AGIR EN SON PROPRE NOM

(1.1) La partie qui agit en son propre nom accomplit elle-même tout ce que les présentes règles exigent d'un avocat ou d'un autre représentant ou lui permettent de faire.

MANDAT À PORTÉE LIMITÉE

(1.2) L'alinéa (1) b) permet à une partie de se faire représenter par un avocat agissant en vertu d'un mandat à portée limitée.

INTERPRÉTATION : MANDAT À PORTÉE LIMITÉE

(1.3) La partie qui est représentée par un avocat agissant en vertu d'un mandat à portée limitée est considérée, pour l'application des présentes règles, comme agissant en son propre nom, à moins que l'avocat n'agisse en tant qu'avocat de la partie commis au dossier.

(4) Le paragraphe 4 (9) du Règlement est abrogé et remplacé par ce qui suit :

CHOIX D'UN AVOCAT

(9) La partie qui agit en son propre nom peut choisir un avocat en signifiant à chacune des autres parties un avis de changement de représentation (formule 4) comportant le consentement à agir de l'avocat et en le déposant.

NON-APPLICATION

(9.1) Le paragraphe (9) ne s'applique pas si la partie choisit un avocat agissant en vertu d'un mandat à portée limitée et que cet avocat n'est pas l'avocat de la partie commis au dossier.

(5) L'alinéa 4 (10) b) du Règlement est abrogé et remplacé par ce qui suit :

b) soit agir en son propre nom.

3. L'alinéa 5 (5) c) du Règlement est modifié par remplacement de «y consent» par «le choisit».

4. (1) La version anglaise du paragraphe 6 (4) du Règlement est modifiée par remplacement de «subclause» par «clause» dans le passage qui précède la disposition 1.

(2) Le paragraphe 6 (15) du Règlement est modifié par suppression de «, sur motion présentée sans préavis,» dans le passage qui précède l'alinéa a).

(3) La règle 6 du Règlement est modifiée par adjonction du paragraphe suivant :

IDEM : AVIS

(15.1) Une ordonnance visée au paragraphe (15) peut être obtenue sur motion présentée sans préavis, sauf si la personne qui doit en recevoir signification est un organisme gouvernemental.

5. Le paragraphe 9 (6) du Règlement est modifié par remplacement de «1^{er} juillet 2006» par «21 octobre 2013».

6. Le paragraphe 10 (5) du Règlement est abrogé et remplacé par ce qui suit :

ABSENCE DE DÉFENSE

(5) Les conséquences énoncées aux dispositions 1 à 4 du paragraphe 1 (8.4) s'appliquent, avec les adaptations nécessaires, si un intimé ne signifie ni ne dépose de défense.

7. Le paragraphe 13 (17) du Règlement est abrogé.

8. (1) L'alinéa 14 (6) e) du Règlement est abrogé et remplacé par ce qui suit :

e) une motion visant à limiter une ordonnance alimentaire, l'exécution du versement d'un arriéré exigible aux termes d'une ordonnance alimentaire ou une ordonnance de paiement de remplacement prévue par la *Loi de 1996 sur les obligations familiales et l'exécution des arriérés d'aliments*, ou à y surseoir;

(2) Les paragraphes 14 (22) et (23) du Règlement sont abrogés.

9. (1) Le paragraphe 15 (14) du Règlement est abrogé et remplacé par ce qui suit :

ABSENCE DE RÉPONSE OU DE CONSENTEMENT

(14) Les conséquences énoncées aux dispositions 1 à 4 du paragraphe 1 (8.4) s'appliquent, avec les adaptations nécessaires, si une partie ne signifie ni ne dépose de réponse à la motion en modification (formule 15B) ou ne retourne pas une motion en modification sur consentement (formule 15C) à l'auteur de la motion, contrairement à ce qu'exige le paragraphe (9).

(2) Le paragraphe 15 (15) du Règlement est modifié par remplacement de «Si le paragraphe (14) s'applique,» par «Si une partie ne signifie ni ne dépose de réponse à la motion en modification (formule 15B) ou ne retourne pas une motion en modification sur consentement (formule 15C) à l'auteur de la motion, contrairement à ce qu'exige le paragraphe (9), ou si sa réponse est radiée par une ordonnance,» au début du paragraphe.

(3) Le paragraphe 15 (27) du Règlement est abrogé et remplacé par ce qui suit :

CHAMP D'APPLICATION DU PARAGRAPHE 14 (21)

(27) Le paragraphe 14 (21) s'applique, avec les adaptations nécessaires, à une motion en modification d'une ordonnance définitive ou d'un accord.

10. Le sous-alinéa 17 (8) b) (ii) du Règlement est modifié par remplacement de «paragraphe 17 (9)» par «paragraphe (9)» à la fin du sous-alinéa.

11. Le paragraphe 19 (10) du Règlement est abrogé et remplacé par ce qui suit :

INOBSERVATION DE LA RÈGLE 19 OU D'UNE ORDONNANCE

(10) Si une partie n'observe pas la présente règle ou une ordonnance rendue en vertu de celle-ci, le tribunal peut, en plus de rendre une ordonnance visée au paragraphe 1 (8) ou (8.1), prendre une des mesures suivantes :

- a) ordonner à la partie de remettre un affidavit à une autre partie, de permettre à l'autre partie d'examiner un document ou d'en fournir une copie gratuitement à cette dernière;
- b) ordonner qu'un document favorable à la cause de la partie ne puisse être utilisé qu'avec la permission du tribunal;
- c) ordonner que la partie n'ait pas droit à la divulgation prévue par les présentes règles tant qu'elle n'observe pas la règle ou l'ordonnance.

12. (1) L'alinéa 20 (3) a) du Règlement est modifié par remplacement de «par un mode de signification spéciale précisé à l'alinéa 6 (3) a)» par «par voie de signification spéciale conformément au paragraphe 6 (4)» à la fin de l'alinéa.

(2) Le paragraphe 20 (9) du Règlement est modifié par remplacement de «(paragraphe 6 (3))» par «(paragraphe 6 (3) et (4))».

13. Le paragraphe 23 (3) du Règlement est modifié par insertion de «par voie de signification spéciale conformément au paragraphe 6 (4)» après «(formule 23)».

14. Le paragraphe 24 (16) du Règlement est abrogé et remplacé par ce qui suit :

OMISSION DE VERSER LE CAUTIONNEMENT

(16) Si la partie ne verse pas le cautionnement ordonné et que, en conséquence, un juge rend une ordonnance rejetant sa cause ou radiant sa défense ou tout autre document déposé par elle, alors le paragraphe (15) ne s'applique plus.

15. L'alinéa 25 (13) a) du Règlement est abrogé et remplacé par ce qui suit :

- a) les autres parties, y compris celle à qui s'applique la disposition 1 du paragraphe 1 (8.4) (absence de préavis à la partie);

16. (1) Le paragraphe 27 (4) du Règlement est modifié par suppression de «13 (17) (non-dépôt)».

(2) Le paragraphe 27 (12) du Règlement est modifié par remplacement de «(paragraphe 6 (3))» par «(paragraphe 6 (3) et (4))».

17. L'alinéa 29 (12) a) du Règlement est modifié par remplacement de «le paragraphe 4 (1) de la Loi sur le désintéressement des créanciers» par «le paragraphe 2 (3) de la Loi de 2010 sur le désintéressement des créanciers».

18. (1) Le paragraphe 30 (2) du Règlement est modifié par remplacement de «par voie de signification spéciale (paragraphe 6 (3))» par «par voie de signification spéciale conformément au paragraphe 6 (4)».

(2) Le paragraphe 30 (9) du Règlement est modifié par remplacement de «par voie de signification spéciale (paragraphe 6 (3))» par «par voie de signification spéciale conformément au paragraphe 6 (4)».

19. Le paragraphe 31 (2) du Règlement est modifié par remplacement de «par voie de signification spéciale conformément à l'alinéa 6 (3) a)» par «par voie de signification spéciale conformément au paragraphe 6 (4)» à la fin du paragraphe.

20. Le paragraphe 39 (15) du Règlement est abrogé.

21. Le paragraphe 40 (10) du Règlement est abrogé.

22. Le paragraphe 41 (10) du Règlement est abrogé.

23. (1) Le sous-alinéa 42 (5) d) (iv) du Règlement est modifié par suppression de «intentionnelle».

(2) Le paragraphe 42 (7) du Règlement est abrogé et remplacé par ce qui suit :

MOTIONS PRÉVUES À LA RÈGLE 14

(7) Le gestionnaire des causes en droit de la famille peut entendre les motions prévues à la règle 14 qui se rapportent à des questions relevant de sa compétence et, à cette fin, il peut exercer les pouvoirs conférés par cette règle, à l'exclusion du pouvoir conféré par le paragraphe 14 (21).

(3) Le paragraphe 42 (8) du Règlement est modifié par adjonction des dispositions suivantes :

0.1 Sous réserve du sous-alinéa (5) d) (iv), une ordonnance prévue au paragraphe 1 (8), autre qu'une ordonnance pour outrage prévue à l'alinéa 1 (8) g), et une ordonnance prévue au paragraphe 1 (8.1).

0.2 Une ordonnance prévue au paragraphe 1 (8.2).

0.3 Une ordonnance prévue au paragraphe 1 (8.4), si le gestionnaire des causes en droit de la famille a rendu l'ordonnance radiant le document.

(4) Le paragraphe 42 (19) du Règlement est modifié par remplacement de «le 1^{er} juillet 2014» par «le 1^{er} juillet 2016» à la fin du paragraphe.

24. Le tableau des formules du Règlement est modifié par remplacement de :

4	Avis de changement de représentation	1 ^{er} septembre 2005
---	--------------------------------------	--------------------------------

par :

4	Avis de changement de représentation	21 octobre 2013
---	--------------------------------------	-----------------

Entrée en vigueur

25. Le présent règlement entre en vigueur le dernier en date du 1^{er} janvier 2014 et du jour de son dépôt.

ONTARIO REGULATION 323/13

made under the

ENDANGERED SPECIES ACT, 2007

Made: December 11, 2013

Filed: December 13, 2013

Published on e-Laws: December 13, 2013

Printed in *The Ontario Gazette*: December 28, 2013

Amending O. Reg. 242/08

(GENERAL)

1. Subsection 1 (1) of Ontario Regulation 242/08 is amended by adding the following definition:

“land classification system for southern Ontario” means the land classification system set out in the document entitled *Ecological Land Classification for Southern Ontario: First Approximation and its Application*, dated September, 1998 and published by the Ontario Ministry of Natural Resources; (“système de classification écologique des terres du Sud de l’Ontario”)

2. Subsection 2 (2) of the Regulation is revoked.**3. Clause 23.5 (7) (b) of the Regulation is amended by striking out “500 metres” and substituting “200 metres”.****4. Subparagraph 9 iv of subsection 23.7 (10) of the Regulation is amended by striking out “15 metres” at the beginning and substituting “five metres”.****5. Subsection 23.11 (3) of the Regulation is revoked.****6. Subparagraph 1 ii of subsection 23.20 (11) of the Regulation is amended by striking out “reducing” at the beginning and substituting “adjusting”.****7. Subsection 24.1.1 (4) of the Regulation is revoked.****8. The Regulation is amended by adding the following section:****Bogbean buckmoth habitat**

24.1.1.1 (1) For the purposes of clause (a) of the definition of “habitat” in subsection 2 (1) of the Act, the areas described in subsection (2) that are located in the following geographic townships are prescribed as the habitat of bogbean buckmoth:

1. The geographic Townships of Goulbourn and Marlborough, within the City of Ottawa.
2. The geographic Township of McNab, within the County of Renfrew.
3. The geographic Township of Pakenham, within the County of Lanark.

(2) Subsection (1) applies to the following areas:

1. An area that belongs to a community class identified as a fen under the land classification system for southern Ontario and that,
 - i. is being used by a bogbean buckmoth or is a fen on which a bogbean buckmoth depends to carry on its life processes, or
 - ii. was used by a bogbean buckmoth at any time during the previous three years and provides suitable conditions for a bogbean buckmoth to carry on its life processes.
2. Any area within 120 metres of an area described in paragraph 1.

9. Subsection 24.1.2 (4) of the Regulation is revoked.**10. Paragraph 2 of subsection 24.2 (2) of the Regulation is amended by striking out the portion before subparagraph i and substituting the following:**

2. An area populated by a vegetation type referred to in the land classification system for southern Ontario if,

11. The Regulation is amended by adding the following sections:**Four-leaved milkweed habitat**

27.0.1 (1) For the purpose of clause (a) of the definition of “habitat” in subsection 2 (1) of the Act, the areas described in subsection (2) that are located in the following geographic areas and parts of geographic areas are prescribed as the habitat of four-leaved milkweed:

1. The geographic area of Prince Edward.
2. The parts of the geographic area of Hastings composed of the single-tier municipality of Belleville and the lower-tier municipality of Tyendinaga.
3. The part of the geographic area of Lennox and Addington composed of the lower-tier municipality of Greater Napanee.
4. The parts of the geographic area of Niagara composed of the lower-tier municipalities of Niagara Falls and Niagara-on-the-Lake.

(2) Subsection (1) applies to the following areas:

1. An area where a four-leaved milkweed exists or existed at any time in the previous six years.
2. Any area within 50 metres of an area described in paragraph 1.
3. Any area that is beyond 50 metres of an area described in paragraph 1 but within 200 metres of that area if the area is suitable for natural colonization by four-leaved milkweed such as a treed alvar, woodland, cultural meadow, thicket, young deciduous forest or similar area.

Fowler's toad habitat

27.0.2 (1) For the purpose of clause (a) of the definition of "habitat" in subsection 2 (1) of the Act, the areas described in subsection (2) that are located in the following geographic areas are prescribed as the habitat of fowler's toad:

1. The geographic Township of Bayham within Elgin county.
2. The geographic Townships of Harwich and Howard within the Municipality of Chatham-Kent.
3. The geographic Townships of Bertie, Humberstone and Wainfleet within the Regional Municipality of Niagara.
4. The geographic Townships of Charlotteville, Houghton and Walsingham within Norfolk County.
5. The geographic Townships of Cayuga, Dunn, Moulton, Rainham and Sherbrooke within Haldimand County.

(2) Subsection (1) applies to the following areas:

1. Any part of a wetland, pond or other body of water, including a vernal or other temporary pool, that is being used, or was used at any time in the previous five years, by a Fowler's toad for breeding, egg laying or tadpole development.
2. Any area within 30 metres of an area described in paragraph 1.
3. An area that is being used, or was used at any time in the previous five years, by a Fowler's toad as a hibernation site or for any purpose other than migration or dispersal.
4. Any of the following types of areas near Lake Erie that fall within a surrounding zone described in subsection (3):
 - i. a sand or pebble beach that is open or populated by shrubs or trees,
 - ii. a sand dune or sand barren that is open or populated by shrubs or trees,
 - iii. a marsh or a pond, pool or other body of water, including vernal or other temporary pools, or
 - iv. a rock shoal.
5. An area that is being used, or was used at any time in the previous five years, by a Fowler's toad to migrate between two or more areas described in paragraphs 1, 3 or 4 if,
 - i. the areas are within one kilometre of each other, and
 - ii. the areas belong to a community series identified in the land classification system for southern Ontario.
6. An area situated between two areas described in paragraph 4, whether or not the two areas are within the same surrounding zone, if,
 - i. the two areas are within one kilometre of each other, as measured along the water's edge of Lake Erie, and
 - ii. the area provides suitable conditions for Fowler's toad to disperse from one of the two areas to the other.

(3) A surrounding zone referred to in paragraph 4 of subsection (2) is a zone that is in the shape of an approximate square or rectangle and that surrounds a habitat area described in paragraph 1 or 3 of subsection (2) near Lake Erie. The limits of the surrounding zone are determined as follows:

1. Trace two lines beginning from the outer edges of a habitat area described in paragraph 1 or 3 of subsection (2) and extending in both directions parallel to the water's edge for 150 metres to reach either side of the square or rectangle.

2. Then, changing direction and beginning at the end of both lines traced under paragraph 1, trace two lines towards the water's edge of Lake Erie until it is reached on both sides of the square or rectangle.
3. The water's edge of Lake Erie between the two lines traced under paragraph 2 forms the bottom line of the square or rectangle.
4. The top line of the square or rectangle is parallel to the bottom line and runs between the two side lines of the square or rectangle determined under paragraph 2, and is situated at a distance from the bottom line determined by extending the two side lines above the high water mark of Lake Erie to a distance of,
 - i. 700 metres, in the case of a surrounding zone situated in the geographic township of Walsingham within Norfolk County, or
 - ii. 300 metres, in any other case.

Laura's clubtail habitat

28.0.0.1 (1) For the purposes of clause (a) of the definition of "habitat" in subsection 2 (1) of the Act, the areas described in subsection (2) that are located in the following geographic areas or parts of geographic areas are prescribed as the habitat of Laura's clubtail:

1. The geographic areas of Brant and Norfolk.
 2. The parts of the geographic area of Elgin composed of the lower-tier municipalities of Bayham and Malahide.
 3. The parts of the geographic area of Oxford composed of the lower-tier municipalities of Norwich, South-West Oxford and Tilsonburg.
- (2) Subsection (1) applies to the following areas:
1. Any part of a river, stream or other body of water, up to the high water mark, that is being used by a Laura's clubtail or on which a Laura's clubtail directly depends in order to carry on its life processes.
 2. Any part of a river, stream or other body of water, up to the high water mark, that was used by a Laura's clubtail at any time during the previous 5 years and that provides suitable conditions for a Laura's clubtail to carry on its life processes.
 3. An area within 200 metres of a high water mark referred to in paragraph 1 or 2 that is populated by a vegetation type referred to in the land classification system for southern Ontario if the vegetation type occurs naturally in Ontario.

12. (1) Subsection 28.2 (1) of the Regulation is revoked and the following substituted:

(1) For the purpose of clause (a) of the definition of "habitat" in subsection 2 (1) of the Act, the areas described in subsection (2) that are located in the following geographic areas, parts of geographic areas and provincial park are prescribed as the habitat of pale-bellied frost lichen:

1. Algonquin Provincial Park.
2. The geographic areas of Haliburton, Hastings, Lanark, Lennox and Addington, Peterborough and Renfrew.
3. The parts of the geographic area of Frontenac composed of the lower-tier municipalities of Central Frontenac, North Frontenac and South Frontenac.
4. The parts of the geographic area of Leeds and Grenville composed of the lower-tier municipalities of Athens, Elizabethtown-Kitley, Merrickville-Wolford and Rideau Lakes.
5. The parts of the geographic area of Nipissing composed of the lower-tier municipality of South Algonquin.

(2) Subsection 28.2 (3) of the Regulation is revoked.

13. The Regulation is amended by adding the following sections:

Queensnake habitat

29. (1) For the purpose of clause (a) of the definition of "habitat" in subsection 2 (1) of the Act, the areas described in subsection (2) that are located in the geographic areas of Brant, Bruce, Chatham-Kent, Essex, Haldimand, Huron, Lambton, Oxford, Middlesex, Norfolk and Waterloo are prescribed as the habitat of queensnake.

(2) Subsection (1) applies to the following areas:

1. A queensnake hibernaculum.
2. All areas within 50 metres of an area described in paragraph 1.
3. Any part of a river, stream or other body of water or marsh that is below the high water mark and that,

- i. is being used, or has been used at any time in the previous five years, by a queensnake,
 - ii. is within 250 metres of an area described in subparagraph i, or
 - iii. is situated between two or more areas described in subparagraph ii that are within 500 metres of each other and provides suitable conditions for dispersal of queensnake.
4. The area adjacent to the part of a river, stream or other body of water or marsh described in subparagraph 3 i or ii and within 30 metres above the relevant high water mark.
 5. The area adjacent to the part of a river, stream or other body of water or marsh described in subparagraph 3 iii and within five metres above the relevant high water mark.

Rusty-patched bumble bee habitat

29.1.1 (1) For the purpose of clause (a) of the definition of “habitat” in subsection 2 (1) of the Act, the areas described in subsection (2) that are located south of 45°30'0” north latitude are prescribed as the habitat of the rusty-patched bumble bee.

(2) Subject to subsection (3), subsection (1) applies to the following areas:

1. An area that is being used by a rusty-patched bumble bee as a nesting or hibernation site.
2. All areas within 30 metres of the area described in paragraph 1.
3. Any area that is part of a prairie, savannah, woodland, marsh, bog, forest, sand dune, old field or similar area that,
 - i. is being used by a rusty-patched bumble bee for any purpose, or was used by a rusty-patched bumble bee for any purpose at any time in the previous five years,
 - ii. is within 500 metres of an area described in subparagraph i and provides suitable foraging conditions for a rusty-patched bumble bee,
 - iii. is beyond the area described in subparagraph ii but within 1000 metres of an area described in subparagraph i and provides suitable foraging conditions for a rusty-patched bumble bee during the period from April 1 to May 31 of any given year,
 - iv. is within 500 metres of an area described in subparagraph ii and contiguous to that area and provides suitable foraging conditions for a rusty-patched bumble bee.

(3) Subsection (1) does not apply to an area that was used in the past 12 months for,

- (a) pasture;
- (b) growing, producing or raising farm animals;
- (c) producing agricultural crops; or
- (d) growing a garden or lawn.

14. Subsection 29.2 (3) of the Regulation is revoked.

Commencement

15. This Regulation comes into force on the later of January 1, 2014 and the day it is filed.

RÈGLEMENT DE L'ONTARIO 323/13

pris en vertu de la

LOI DE 2007 SUR LES ESPÈCES EN VOIE DE DISPARITION

pris le 11 décembre 2013
 déposé le 13 décembre 2013
 publié sur le site Lois-en-ligne le 13 décembre 2013
 imprimé dans la *Gazette de l'Ontario* le 28 décembre 2013

modifiant le Règl. de l'Ont. 242/08
 (DISPOSITIONS GÉNÉRALES)

1. Le paragraphe 1 (1) du Règlement de l'Ontario 242/08 est modifié par adjonction de la définition suivante :

«système de classification écologique des terres du Sud de l'Ontario» Système de classification des terres décrit dans le document intitulé *Ecological Land Classification for Southern Ontario: First Approximation and its Application*, daté de septembre 1998 et publié par le ministère des Richesses naturelles de l'Ontario. («land classification system for southern Ontario»)

2. Le paragraphe 2 (2) du Règlement est abrogé.**3. L'alinéa 23.5 (7) b) du Règlement est modifié par remplacement de «500 mètres» par «200 mètres».****4. La sous-disposition 9 iv du paragraphe 23.7 (10) du Règlement est modifiée par remplacement de «15 mètres» par «cinq mètres» au début de la sous-disposition.****5. Le paragraphe 23.11 (3) du Règlement est abrogé.****6. La sous-disposition 1 ii du paragraphe 23.20 (11) du Règlement est modifiée par remplacement de «la réduction» par «l'ajustement» au début de la sous-disposition.****7. Le paragraphe 24.1.1 (4) du Règlement est abrogé.****8. Le Règlement est modifié par adjonction de l'article suivant :****Habitat de l'hémileucin du ményanthe**

24.1.1.1 (1) Pour l'application de l'alinéa a) de la définition de «habitat» au paragraphe 2 (1) de la Loi, les aires visées au paragraphe (2) qui sont situées dans les cantons géographiques suivants sont prescrites comme étant l'habitat de l'hémileucin du ményanthe :

1. Les cantons géographiques de Goulbourn et de Marlborough dans la ville d'Ottawa.
2. Le canton géographique de McNab dans le comté de Renfrew.
3. Le canton géographique de Pakenham dans le comté de Lanark.

(2) Le paragraphe (1) s'applique aux aires suivantes :

1. Une aire qui appartient à une catégorie de communautés identifiée comme une tourbière basse dans le système de classification écologique des terres du Sud de l'Ontario et, selon le cas :
 - i. qu'utilise un hémileucin du ményanthe ou qui est une tourbière basse dont dépendent ses processus de vie,
 - ii. qu'a utilisé un hémileucin du ményanthe à quelque moment que ce soit au cours des trois dernières années et qui offre des conditions propices à ses processus de vie.
2. Toute aire située dans un rayon de 120 mètres d'une aire visée à la disposition 1.

9. Le paragraphe 24.1.2 (4) du Règlement est abrogé.**10. La disposition 2 du paragraphe 24.2 (2) du Règlement est modifiée par remplacement du passage qui précède la sous-disposition i par ce qui suit :**

2. Une aire peuplée d'un type de végétation décrit dans le système de classification écologique des terres du Sud de l'Ontario, si les conditions suivantes sont réunies :

11. Le Règlement est modifié par adjonction des articles suivants :

Habitat de l'asclépiade à quatre feuilles

27.0.1 (1) Pour l'application de l'alinéa a) de la définition de «habitat» au paragraphe 2 (1) de la Loi, les aires visées au paragraphe (2) qui sont situées dans les zones géographiques et parties de zones géographiques suivantes sont prescrites comme étant l'habitat de l'asclépiade à quatre feuilles :

1. La zone géographique de Prince Edward.
2. Les parties de la zone géographique de Hastings qui se composent de la municipalité à palier unique de Belleville et de la municipalité à palier inférieur de Tyendinaga.
3. La partie de la zone géographique de Lennox et Addington qui se compose de la municipalité de palier inférieur de Greater Napanee.
4. Les parties de la zone géographique de Niagara qui se composent des municipalités de palier inférieur de Niagara Falls et de Niagara-on-the-Lake.

(2) Le paragraphe (1) s'applique aux aires suivantes :

1. Une aire où existe ou a existé à quelque moment que ce soit au cours des six dernières années une asclépiade à quatre feuilles.
2. Toute aire située dans un rayon de 50 mètres d'une aire visée à la disposition 1.
3. Toute aire qui est située au-delà du rayon de 50 mètres entourant une aire visée à la disposition 1, mais dans un rayon de 200 mètres de celle-ci, s'il s'agit d'une aire propice à la colonisation naturelle par l'asclépiade à quatre feuilles comme un alvar arboré, un terrain boisé, un pré culturel, un taillis, une jeune forêt caducifoliée ou une aire semblable.

Habitat du crapaud de Fowler

27.0.2 (1) Pour l'application de l'alinéa a) de la définition de «habitat» au paragraphe 2 (1) de la Loi, les aires visées au paragraphe (2) qui sont situées dans les zones géographiques suivantes sont prescrites comme étant l'habitat du crapaud de Fowler :

1. Le canton géographique de Bayham dans le comté d'Elgin.
2. Les cantons géographiques de Harwich et de Howard dans la municipalité de Chatham-Kent.
3. Les cantons géographiques de Bertie, de Humberstone et de Wainfleet dans la municipalité régionale de Niagara.
4. Les cantons géographiques de Charlottetown, de Houghton et de Walsingham dans le comté de Norfolk.
5. Les cantons géographiques de Cayuga, de Dunn, de Moulton, de Rainham et de Sherbrooke dans le comté de Haldimand.

(2) Le paragraphe (1) s'applique aux aires suivantes :

1. Toute partie d'une terre marécageuse, d'un étang ou d'une autre étendue d'eau, notamment une mare vernale ou autre mare temporaire qu'utilise ou qu'a utilisé à quelque moment que ce soit au cours des cinq dernières années un crapaud de Fowler pour la reproduction, la ponte ou le développement des têtards.
2. Toute aire située dans un rayon de 30 mètres d'une aire visée à la disposition 1.
3. Une aire qu'un crapaud de Fowler utilise ou a utilisée à quelque moment que ce soit au cours des cinq dernières années comme site d'hibernation ou à une fin autre que la migration ou la dispersion.
4. Les types d'aires suivants situés près du lac Érié qui se trouvent dans une zone environnante visée au paragraphe (3) :
 - i. une plage de sable ou de galets qui est ouverte ou encore peuplée d'arbustes ou d'arbres,
 - ii. une dune de sable ou une lande qui est ouverte ou encore peuplée d'arbustes ou d'arbres,
 - iii. un marais, un étang, une mare ou une autre étendue d'eau, notamment une mare vernale ou autre mare temporaire,
 - iv. un haut-fond rocheux.
5. Une aire qu'utilise ou qu'a utilisée à quelque moment que ce soit au cours des cinq dernières années un crapaud de Fowler pour sa migration entre deux aires ou plus visées à la disposition 1, 3 ou 4 si, à la fois :
 - i. les aires se trouvent dans un rayon d'un kilomètre l'une de l'autre,
 - ii. les aires appartiennent à une série de communautés indiquée dans le système de classification écologique des terres du Sud de l'Ontario.
6. Une aire située entre deux aires visées à la disposition 4, peu importe si ces aires sont situées dans la même zone environnante, si, à la fois :

- i. les deux aires se trouvent dans un rayon d'un kilomètre l'une de l'autre, selon les mesures effectuées sur le rivage du lac Érié,
- ii. l'aire offre des conditions propices à la dispersion du crapaud de Fowler de l'une à l'autre des deux aires.

(3) La zone environnante mentionnée à la disposition 4 du paragraphe (2) est une zone qui a la forme approximative d'un carré ou d'un rectangle et qui entoure une aire d'habitat visée à la disposition 1 ou 3 du paragraphe (2) située près du lac Érié. Les limites de la zone environnante sont déterminées de la façon suivante :

- 1. À partir de la périphérie d'une aire d'habitat visée à la disposition 1 ou 3 du paragraphe (2), tracer une ligne parallèle au rivage d'une longueur de 150 mètres dans chacun des deux sens pour atteindre les deux côtés du carré ou du rectangle.
- 2. Changer de direction et, à partir de l'extrémité des deux lignes tracées en application de la disposition 1, tracer deux lignes vers le rivage du lac Érié pour atteindre le rivage des deux côtés du carré ou du rectangle.
- 3. La partie du rivage du lac Érié qui se trouve entre les deux lignes tracées en application de la disposition 2 forme la limite inférieure du carré ou du rectangle.
- 4. La limite supérieure du carré ou du rectangle est parallèle à la limite inférieure et s'étend entre les deux lignes constituant les côtés du carré ou du rectangle qui ont été tracées en application de la disposition 2. Elle est située à une distance de la limite inférieure qui se détermine en prolongeant les deux lignes constituant les côtés au-dessus de la ligne des hautes eaux du lac Érié sur une distance :
 - i. de 700 mètres, dans le cas d'une zone environnante située dans le canton géographique de Walsingham dans le comté de Norfolk,
 - ii. de 300 mètres, dans les autres cas.

Habitat du gomphe de Laura

28.0.0.1 (1) Pour l'application de l'alinéa a) de la définition de «habitat» au paragraphe 2 (1) de la Loi, les aires visées au paragraphe (2) qui sont situées dans les zones géographiques ou parties de zones géographiques suivantes sont prescrites comme étant l'habitat du gomphe de Laura :

- 1. Les zones géographiques de Brant et de Norfolk.
 - 2. Les parties de la zone géographique d'Elgin qui se composent des municipalités de palier inférieur de Bayham et de Malahide.
 - 3. Les parties de la zone géographique d'Oxford qui se composent des municipalités de palier inférieur de Norwich, de South-West Oxford et de Tilsonburg.
- (2) Le paragraphe (1) s'applique aux aires suivantes :
- 1. Une partie d'une rivière, d'un cours d'eau ou d'une autre étendue d'eau, allant jusqu'à la ligne des hautes eaux, qu'utilise un gomphe de Laura ou dont dépendent directement ses processus de vie.
 - 2. Une partie d'une rivière, d'un cours d'eau ou d'une autre étendue d'eau, allant jusqu'à la ligne des hautes eaux, qu'a utilisée un gomphe de Laura à quelque moment que ce soit au cours des cinq dernières années et qui offre des conditions propices aux processus de vie du gomphe de Laura.
 - 3. Une aire qui est située dans un rayon de 200 mètres d'une ligne des hautes eaux visée à la disposition 1 ou 2 et qui est peuplée d'un type de végétation décrit dans le système de classification écologique des terres du Sud de l'Ontario, si le type de végétation croît à l'état naturel en Ontario.

12. (1) Le paragraphe 28.2 (1) du Règlement est abrogé et remplacé par ce qui suit :

(1) Pour l'application de l'alinéa a) de la définition de «habitat» au paragraphe 2 (1) de la Loi, les aires visées au paragraphe (2) qui sont situées dans les zones géographiques, les parties de zones géographiques et le parc provincial suivants sont prescrites comme étant l'habitat de la physconie pâle :

- 1. Le parc provincial Algonquin.
- 2. Les zones géographiques de Haliburton, de Hastings, de Lanark, de Lennox et Addington, de Peterborough et de Renfrew.
- 3. Les parties de la zone géographique de Frontenac qui se composent des municipalités de palier inférieur de Central Frontenac, de North Frontenac et de South Frontenac.
- 4. Les parties de la zone géographique de Leeds et Grenville qui se composent des municipalités de palier inférieur d'Athens, d'Elizabethtown-Kitley, de Merrickville-Wolford et de Rideau Lakes.

5. Les parties de la zone géographique de Nipissing qui se composent de la municipalité de palier inférieur de South Algonquin.

(2) Le paragraphe 28.2 (3) du Règlement est abrogé.

13. Le Règlement est modifié par adjonction des articles suivants :

Habitat de la couleuvre royale

29. (1) Pour l'application de l'alinéa a) de la définition de «habitat» au paragraphe 2 (1) de la Loi, les aires visées au paragraphe (2) qui sont situées dans les zones géographiques de Brant, de Bruce, de Chatham-Kent, d'Essex, de Haldimand, de Huron, de Lambton, d'Oxford, de Middlesex, de Norfolk et de Waterloo sont prescrites comme étant l'habitat de la couleuvre royale.

- (2) Le paragraphe (1) s'applique aux aires suivantes :

1. L'hibernaculum de la couleuvre royale.
2. Les aires situées dans un rayon de 50 mètres d'une aire visée à la disposition 1.
3. Une partie d'une rivière, d'un cours d'eau ou d'une autre étendue d'eau ou d'un marais au-dessous de la ligne des hautes eaux qui remplit l'une ou l'autre des conditions suivantes :
 - i. elle est ou a été utilisée à quelque moment que ce soit au cours des cinq dernières années par une couleuvre royale,
 - ii. elle est située dans un rayon de 250 mètres d'une aire visée à la sous-disposition i,
 - iii. elle est située entre deux aires ou plus visées à la sous-disposition ii qui se trouvent dans un rayon de 500 mètres l'une de l'autre et offre des conditions propices à la dispersion d'une couleuvre royale.
4. L'aire adjacente à la partie d'une rivière, d'un cours d'eau ou d'une autre étendue d'eau ou d'un marais visée à la sous-disposition 3 i ou ii et qui est située dans un rayon de 30 mètres au-dessus de la ligne des hautes eaux pertinente.
5. L'aire adjacente à la partie d'une rivière, d'un cours d'eau ou d'une autre étendue d'eau ou d'un marais visée à la sous-disposition 3 iii et qui est située dans un rayon de cinq mètres au-dessus de la ligne des hautes eaux pertinente.

Habitat du bourdon à tache rousse

29.1.1 (1) Pour l'application de l'alinéa a) de la définition de «habitat» au paragraphe 2 (1) de la Loi, les aires visées au paragraphe (2) qui sont situées au sud de 45°30'0" de latitude nord sont prescrites comme étant l'habitat du bourdon à tache rousse.

- (2) Sous réserve du paragraphe (3), le paragraphe (1) s'applique aux aires suivantes :

1. Une aire qu'utilise un bourdon à tache rousse comme site de nidification ou d'hibernation.
2. Les aires situées dans un rayon de 30 mètres de l'aire visée à la disposition 1.
3. Toute aire qui fait partie d'une prairie, d'une savane, d'un terrain boisé, d'un marais, d'une tourbière haute, d'une forêt, d'une dune de sable, d'une terre stérile ou d'une aire semblable et qui, à la fois :
 - i. est utilisée par un bourdon à tache rousse à une fin quelconque ou a été utilisée par un bourdon à tache rousse à une fin quelconque à quelque moment que ce soit au cours des cinq dernières années,
 - ii. est située dans un rayon de 500 mètres d'une aire visée à la sous-disposition i et offre des conditions de recherche de nourriture qui conviennent au bourdon à tache rousse,
 - iii. est située au-delà de l'aire visée à la sous-disposition ii, mais dans un rayon de 1 000 mètres d'une aire visée à la sous-disposition i, et offre des conditions de recherche de nourriture qui conviennent au bourdon à tache rousse pendant la période du 1^{er} avril au 31 mai d'une année donnée,
 - iv. est située dans un rayon de 500 mètres d'une aire visée à la sous-disposition ii et contiguë à cette aire et offre des conditions de recherche de nourriture qui conviennent au bourdon à tache rousse.

- (3) Le paragraphe (1) ne s'applique pas à une aire qui a été utilisée au cours des 12 derniers mois pour, selon le cas :

- a) le pâturage;
- b) l'élevage ou la production d'animaux d'élevage;
- c) la production de récoltes agricoles;
- d) la culture d'un jardin ou d'un gazon.

14. Le paragraphe 29.2 (3) du Règlement est abrogé.

Entrée en vigueur

15. Le présent règlement entre en vigueur le dernier en date du 1^{er} janvier 2014 et du jour de son dépôt.

Amending O. Reg. 664/98

(FISH LICENSING)

1. Subsection 20 (2) of Ontario Regulation 664/98 is revoked and the following substituted:

(2) An aquaculture licence is valid for the period specified in the licence.

2. (1) Subsection 24 (1) of the Regulation is revoked and the following substituted:

(1) A person who engages in aquaculture without a licence is exempt from subsection 47 (1) of the Act if the person engages in aquaculture in any of the following circumstances:

1. The person cultures fish in an aquarium for personal use.
2. The person cultures fish in an aquarium for the purpose of engaging in the aquarium trade.
3. Subject to subsection (1.1), the person cultures fish in an aquarium located at an educational institution or facility for one of the following purposes,
 - i. to exhibit the fish at the educational institution or facility, or
 - ii. to raise the fish in a classroom at the educational institution or facility, other than a post-secondary institution for stocking purposes as part of a program to assist in the conservation of that species in Ontario.
4. Subject to subsection (1.1), the person cultures fish in an aquarium located at premises that are generally open to the public for the sole purpose of exhibiting the fish to the public at the premises.

(1.1) A person who engages in aquaculture in the circumstances described in paragraph 3 or 4 of subsection (1) is not exempt from subsection 47 (1) of the Act unless the following conditions are met:

1. All wastewater and effluent from the aquarium is,
 - i. discharged into a municipal wastewater treatment system, or
 - ii. disinfected by a process that removes or inactivates pathogens such as viruses, bacteria and protozoa in water.
2. Any fish that are cultured in the aquarium and subsequently die shall not be deposited into natural waters.

(2) The definition of “aquarium” in subsection 24 (3) of the Regulation is revoked and the following substituted:

“aquarium” means an artificial container used to culture fish with no inflow or outflow directly connected to natural waters;

(3) Subsection 24 (3) of the Regulation is amended by adding the following definition:

“educational institution or facility” means a daycare, nursery school, primary school, high school, private school or post-secondary institution.

3. Subsection 25 (3) of the Regulation is revoked and the following substituted:

(3) A licence to stock fish is valid for the period specified in the licence.

ONTARIO REGULATION 326/13

made under the

PENSION BENEFITS ACT

Made: December 11, 2013

Filed: December 13, 2013

Published on e-Laws: December 13, 2013

Printed in *The Ontario Gazette*: December 28, 2013

Amending O. Reg. 156/13

(GENERAL SYNOD PENSION PLAN OF THE ANGLICAN CHURCH OF CANADA)

1. Section 2 of Ontario Regulation 156/13 is amended by adding the following subsections:

(3) A reference in this Regulation to an August 2011, August 2012, December 2013, December 2014 or December 2015 valuation report is a reference to a valuation report with a valuation date of August 31, 2011, August 31, 2012, December 31, 2013, December 31, 2014 or December 31, 2015, as applicable.

(4) In the event of a conflict between this Regulation and the General Regulation, this Regulation prevails.

2. Section 3 of the Regulation is amended by striking out “November 30, 2013” and substituting “December 31, 2013”.**3. Section 4 of the Regulation is revoked and the following substituted:****Election re solvency funding requirements**

4. (1) The administrator of the pension plan may elect to have all of the following rules apply to the pension plan:

1. Despite subsections 14 (1) and (3) of the General Regulation, valuation reports must be filed with a valuation date of August 31, 2012, December 31, 2013, December 31, 2014 and December 31, 2015.
2. For all valuation reports with a valuation date on or after August 31, 2011 and before December 31, 2015, the sufficiency of the required contributions is determined on the basis of a going concern valuation, despite subsection 6 (4.1) of the General Regulation.
3. The period beginning on August 31, 2011 and ending on December 30, 2015 is deemed for the purposes of subsection 7 (3) of the General Regulation to remain a period for which special payments are required to be made under section 5 of the General Regulation.
4. A solvency deficiency determined in an August 2011, August 2012, December 2013 or December 2014 valuation report must be liquidated, with interest at the rates described in subsection 5 (2) of the General Regulation, by equal monthly instalments over a five year period starting no later than December 31, 2016, despite clause 5 (1) (e) and subsection 5 (1.0.1) of the General Regulation. The monthly instalments are deemed to be special payments under subsection 5 (1) of the General Regulation made for the purpose of liquidating a solvency deficiency.
5. Despite clause 1.2 (1) (d) of the General Regulation, the solvency asset adjustment for a solvency deficiency determined in a report under section 3 or 14 of the General Regulation with a valuation date on or after August 31, 2012 but before December 31, 2015 must include,
 - i. the present value of special payments with respect to any going concern unfunded liability that are scheduled for payment within the period that begins on the valuation date of the report and ends on December 31, 2021, and
 - ii. the present value of special payments with respect to any solvency deficiency — other than a solvency deficiency determined in the report — that are scheduled for payment within the period that begins on the valuation date of the report and ends on December 31, 2021.
6. No amendment to the pension plan that increases the going concern unfunded liability or the solvency deficiency may be filed before the later of December 31, 2016 and the date on which the solvency deficiencies referred to in paragraph 4 have been liquidated. However, this restriction does not apply with respect to an amendment made to confer a benefit improvement that is required by law.
7. The administrator is not permitted to make an election under section 5.6.1 of the General Regulation on or after December 31, 2013. An election made under that section before December 31, 2013 ceases to have effect on December 31, 2013.

(2) The election must be made in writing and must be filed with the Superintendent no later than December 31, 2013.

(3) The election may be made only once and cannot be rescinded.

Required contributions

5. (1) This section applies despite subsection 6 (4.2) of the General Regulation, if the administrator makes the election authorized by section 4.

(2) For the purposes of clause 6 (4) (a) of the General Regulation, the required contributions to the pension plan for the period that begins on August 31, 2011 and ends on December 30, 2015 are sufficient if, for each year of that period that is covered by the report, the required contributions are not less than the sum of the following amounts determined using the benefit allocation method:

1. The normal cost of the pension plan.
2. The special payments set out in a previous report that remain to be paid with respect to any going concern unfunded liability.
3. The special payments to be paid with respect to any going concern unfunded liability that is determined in the report.

Notice of election for members, etc.

6. (1) If the administrator makes the election authorized by section 4, the administrator shall send a notice containing the following information to every person who is a member, former member or retired member:

1. The name and provincial registration number of the pension plan.
2. The name and contact information of the administrator.
3. A statement indicating that the administrator has obtained the consent of the members, former members and retired members to an exemption for the pension plan from the solvency funding requirements under the General Regulation from August 31, 2011 until December 30, 2015. The statement must indicate the proportion of the members, former members and retired members who have given their consent.
4. A statement confirming that the pension plan is exempted from the solvency funding requirements under the General Regulation from August 31, 2011 until December 30, 2015.

(2) The notice must be sent to every member, former member and retired member no later than January 31, 2014 at the person's last known address in the administrator's records.

(3) A copy of the notice must be filed with the Superintendent no later than 45 days after the day on which the administrator sends the notice to the members, former members and retired members.

Progress reports for members, etc.

7. (1) If the administrator makes the election authorized by section 4, the administrator shall send the progress reports required by this section to every person who is a member, former member or retired member on the day on which the progress report is prepared.

(2) A progress report must be sent not more than six months after the end of each fiscal year of the pension plan in which a report under section 3 or 14 of the General Regulation is filed.

(3) Each progress report must contain the following information:

1. The name and provincial registration number of the pension plan.
2. The name and contact information of the administrator.
3. A statement that the pension plan is exempted from the solvency funding requirements under the General Regulation from August 31, 2011 until December 30, 2015. If the progress report is sent after December 31, 2015, the statement must indicate that the pension plan was exempted from the solvency funding requirements during that period.
4. An explanation of how the security of the pension benefits and the ancillary benefits for members, former members and retired members might be affected as a result of the exemption of the pension plan from the solvency funding requirements.
5. The valuation date of the most recent report filed under section 3 or 14 of the General Regulation.
6. The transfer ratio of the pension plan as of the valuation date of the two most recent reports filed under section 3 or 14 of the General Regulation.
7. The amount of the solvency deficiency of the pension plan as of the valuation date of the two most recent reports filed under section 3 or 14 of the General Regulation.
8. The estimated annual contributions required to fund the normal cost of the pension plan and all special payments as set out in the report referred to in paragraph 5.
9. The total annual contributions made to the pension plan in the two previous fiscal years of the plan.

(4) A progress report may be included in the written statement that is required to be sent to members under section 27 of the Act for the same fiscal year.

(5) A copy of the progress report must be filed with the Superintendent no later than 45 days after the day on which the administrator sends the progress report to the members, former members and retired members.

Revocation

8. This Regulation is revoked on September 1, 2022.

Commencement

4. This Regulation comes into force on the day it is filed.

ONTARIO REGULATION 327/13

made under the

PENSION BENEFITS ACT

Made: December 11, 2013

Filed: December 13, 2013

Published on e-Laws: December 13, 2013

Printed in *The Ontario Gazette*: December 28, 2013

Amending O. Reg. 202/02

(ALGOMA STEEL INC. PENSION PLANS)

1. The title to Ontario Regulation 202/02 is amended by striking out “Algoma Steel Inc.” and substituting “Essar Steel Algoma Inc.”.

2. (1) The definition of “Guaranteed Benefit liability” in subsection 3 (6) of the Regulation is amended by striking out “subsection 34 (4)” and substituting “subsection 34 (5)”.

(2) The definition of “modified Ontario wind up liability” in subsection 3 (6) of the Regulation is amended by striking out “subsection 34 (3)” and substituting “subsection 34 (6)”.

3. Section 5 of the Regulation is amended by adding the following subsection:

(5) The filing of an election under section 14 of this Regulation does not affect the operation of this section.

4. The heading immediately before section 11 and section 11 of the Regulation are revoked.

5. The Regulation is amended by adding the following section:

Special payments for special early retirement window benefit deficiency, benefit offered on or after April 1, 2017

12.1 (1) This section applies if, under a temporary program, an early retirement window benefit is offered to members of the new Hourly Employees Plan or the new Salaried Employees Plan for a period that begins on or after April 1, 2017.

(2) For the purposes of subsection 5 (1) of the General Regulation, special payments required to liquidate any special early retirement window benefit deficiency arising from the temporary program referred to in subsection (1), with interest at the rates used in the report under section 14 of the General Regulation in which the deficiency is determined, shall be made in equal monthly instalments over a period of five years beginning on the valuation date of the report in which the deficiency is determined.

6. Sections 14, 14.1, 15, 16 and 17 of the Regulation are revoked and the following substituted:

ELECTION RE SOLVENCY FUNDING RELIEF FROM DECEMBER 1, 2013 TO MARCH 31, 2024

Opting out of solvency funding relief measures

14. (1) The administrators of the new pension plans may jointly file an election with the Superintendent to permit all of the new pension plans to be governed by the General Regulation and by subsection (4), instead of being governed by sections 15 to 23 of this Regulation.

(2) The election must be filed before April 1, 2018 and it cannot be withdrawn.

(3) An election filed on or before March 31 in any year takes effect on March 31 of that year, and an election filed after March 31 in any year takes effect on March 31 of the following year.

(4) If an election is filed, the following rules apply to each of the new pension plans:

1. For the period of three months after the effective date of the election, Essar Steel Algoma Inc. shall make the contributions required under sections 15, 18, 19, 22 and 23.
2. Essar Steel Algoma Inc. shall pay the amount of excess net cash owing under section 16 to the new pension plans as of the effective date of the election. The amount must be paid in accordance with section 16.
3. Within three months after the effective date of the election, the administrator of each new pension plan shall file a valuation report, as of that effective date, determining the consolidated prior solvency deficiency of the plan as described in subsection (5).
4. The consolidated prior solvency deficiency of each of the new pension plans must be liquidated by equal monthly instalments over the period that begins on the valuation date of the report and ends on March 31, 2024.
5. The new pension plans are not entitled to the deferral authorized by subsection 5 (1.0.1) of the General Regulation in respect of special payments to liquidate the consolidated prior solvency deficiency.

(5) The consolidated prior solvency deficiency of a new pension plan, for the purposes of this section, is the present value, as of the effective date of the election, of all special payments that are required before the effective date and are scheduled to be paid on or after the effective date with respect to the following deficiencies:

1. Any solvency deficiency determined in a valuation report filed under section 3, 13 or 14 of the General Regulation on or after December 1, 2013 and before the effective date.
2. Any special early retirement window benefit deficiency determined in a valuation report filed under section 3, 13 or 14 of the General Regulation on or after December 1, 2013 and before the effective date.

(6) The consolidated prior solvency deficiency of a new pension plan must be determined without the use of an averaging method that stabilizes short-term fluctuations in the market value of the plan assets in the calculation of a “solvency asset adjustment” as defined in subsection 1 (2) of the General Regulation.

CONTRIBUTIONS AND OTHER PAYMENTS — DECEMBER 1, 2013 TO OCTOBER 1, 2017

Aggregate contributions to the new pension plans

15. (1) Essar Steel Algoma Inc. shall make the following contributions to the new pension plans for the period indicated, despite subsection 5 (1) of the General Regulation:

1. For the month of December 2013, \$4.6 million.
2. For the year 2014, \$55 million, payable in 12 equal monthly instalments.
3. For the year 2015, \$55 million, payable in 12 equal monthly instalments.
4. For the year 2016, \$60 million payable in 12 equal monthly instalments.
5. For each month in 2017 ending with the month in which the April 1, 2017 valuation report is filed for the new Hourly Employees Plan and for the new Salaried Employees Plan, \$5 million.

(2) Payment of the contributions for a month is due on the last business day of the month.

(3) The contributions for a month shall be paid to the new pension plans in accordance with the following rules:

1. First, the normal costs that are payable in the month to the new Hourly Employees Plan and to the new Salaried Employees Plan must be paid in full.
2. Second, the amount that is the greater of “A” and “B” must be paid in full to the new Wrap Plan, where,
 “A” is the amount of the special payments that are payable in the month to the new Wrap Plan, and
 “B” is the total of all pension benefits and ancillary benefits that were payable for the preceding month to retired members and other persons entitled to benefits under the new Wrap Plan.
3. Third, the balance of the contributions for the month must be allocated between and paid to the new Hourly Employees Plan and the new Salaried Employees Plan using the formula,

$$C \times D/E$$

in which,

“C” is the balance of the contributions for the month,

“D” is the solvency deficiency of the new Hourly Employees Plan or the new Salaried Employees Plan, as applicable, as determined in the most recently filed report under section 14 of the General Regulation, and

“E” is the sum of the solvency deficiencies of the new Hourly Employees Plan and the new Salaried Employees Plan as determined in the most recently filed report under section 14 of the General Regulation for each pension plan.

Payments to the new pension plans from excess net cash

16. (1) This section applies if Essar Steel Algoma Inc. has excess net cash, as determined under subsection (6), for any fiscal year ending after December 1, 2013 and on or before March 31, 2017.

(2) However, this section does not apply for a fiscal year if the ratio of the solvency assets to the solvency liabilities at the end of the year for each of the new pension plans is 1.0 or higher.

(3) For each fiscal year in which Essar Steel Algoma Inc. has excess net cash, a payment equal to the lesser of the following amounts shall be made to the new pension plans within 90 days after the end of the fiscal year:

1. Twenty per cent of the excess net cash.
2. The sum of the solvency deficiencies and special early retirement window deficiencies in all of the new pension plans as determined in the most recently filed report under section 14 of the General Regulation for each plan, as adjusted under subsection (5).

(4) The payment for a fiscal year shall be allocated among the new pension plans, and the share of each new pension plan is calculated using the formula,

$$F \times G/H$$

in which,

“F” is the payment to be made to all of the new pension plans under subsection (3),

“G” is the solvency deficiency of the new pension plan as determined in the most recently filed report under section 14 of the General Regulation for the pension plan, as adjusted under subsection (5), and

“H” is the sum of the solvency deficiencies of the new pension plans as determined in the most recently filed report under section 14 of the General Regulation for each pension plan, as adjusted under subsection (5).

(5) Each solvency deficiency referred to in the definitions of “G” and “H” in subsection (4) must be adjusted by including the liabilities referred to in clauses (a) to (h) of the definition of “solvency liabilities” in subsection 1 (2) of the General Regulation.

(6) Essar Steel Algoma Inc.’s excess net cash for a fiscal year, for the purposes of this section, is the amount of its consolidated earnings in excess of \$100 million for the year after taking into account any deductions for capital investment, depreciation, working capital, interest, financing fees and taxes, but excluding the following amounts:

1. Any loans made or obtained.
2. The contributions payable to the new pension plans in the following fiscal year.

(7) The excess net cash for a fiscal year is determined using information in Essar Steel Algoma Inc.’s most recent audited financial statements and in the most recently filed reports under section 14 of the General Regulation for each of the new pension plans.

(8) At the Superintendent’s request, the administrator of any of the new pension plans shall give the Superintendent such information and documents as the Superintendent may specify to enable the Superintendent to verify the amount of Essar Steel Algoma Inc.’s excess net cash for a fiscal year, as determined for the purposes of this section.

(9) A reference in this section to a fiscal year means a fiscal year of Essar Steel Algoma Inc.

WRAP PLAN: DECEMBER 1, 2013 TO DECEMBER 31, 2024

Annual reports, new Wrap Plan

17. (1) The administrator of the new Wrap Plan shall prepare a report under section 14 of the General Regulation with a valuation date of December 1, 2013, and shall file the report within six months after the valuation date.

(2) The administrator shall prepare a report under section 14 of the General Regulation for each subsequent year from 2014 to 2024, covering a period not greater than 12 months, and shall file the report within six months after the applicable valuation date.

(3) The report under section 14 of the General Regulation with a valuation date of December 1, 2013 must also contain the following information:

1. Whether there is a consolidated prior solvency deficiency as described in subsection 18 (1) of this Regulation.
 2. If there is a consolidated prior solvency deficiency, the amount of the deficiency, the special payments that would be required to liquidate it in accordance with section 5 of the General Regulation and the special payments that are required to liquidate it in accordance with subsection 18 (2) of this Regulation.
- (4) The following requirements apply for the preparation of the report under section 14 of the General Regulation:
1. In determining the solvency deficiency in the report with a valuation date of December 1, 2013, it is not permitted to use an averaging method that stabilizes short-term fluctuations in the market value of the plan assets in the calculation of a “solvency asset adjustment” as defined in subsection 1 (2) of the General Regulation.
 2. Subsection 5 (17) of the General Regulation does not apply to the valuation of the consolidated prior solvency deficiency.
 3. For the purposes of the definition of “solvency asset adjustment” in subsection 1 (2) of the General Regulation, the solvency asset adjustment also includes the present value of the special payments described in paragraph 1 of subsection 18 (2) and section 19 of this Regulation.

Special payments for consolidated prior solvency deficiency, new Wrap Plan

18. (1) For the purposes of this section, the consolidated prior solvency deficiency of the new Wrap Plan is the present value, as of the December 1, 2013 valuation date, of all special payments that are required with respect to any solvency

deficiency determined in a report under section 3, 13 or 14 of the General Regulation with a valuation date earlier than December 1, 2013 and that are scheduled to be paid after December 1, 2013.

(2) For the period beginning on December 1, 2013 and ending on March 31, 2024, a payment shall be made each month to the new Wrap Plan in the greater of the amounts determined under the following paragraphs:

1. The special payment for the month that, under subsection 5 (1) of the General Regulation, is required to liquidate the consolidated prior solvency deficiency of the pension plan, with interest at the rates described in subsection 5 (2) of the General Regulation, by equal monthly instalments over the period beginning on December 1, 2013 and ending on March 31, 2024.
2. The total of all pension benefits and ancillary benefits payable to retired members and other persons entitled to benefits under the pension plan for the month preceding the month in which the payment under this subsection is due.
- (3) The consolidated prior solvency deficiency of the new Wrap Plan is excluded, for the purposes of subsection 5 (1) of the General Regulation, from the solvency deficiency described in clause 5 (1) (e) of the General Regulation.
- (4) Subsection 5 (1.0.1) of the General Regulation does not apply to the new Wrap Plan in respect of a special payment described in paragraph 1 of subsection (2) of this section.

Other special payments

19. The special payments that, under subsection 5 (1) of the General Regulation, are required to be made to the new Wrap Plan include special payments in respect of a solvency deficiency disclosed in a report filed under subsection 17 (2) of this Regulation on or after December 1, 2013 and on or before March 31, 2017, with interest at the rates described in subsection 5 (2) of the General Regulation, payable by equal monthly instalments over the period beginning on April 1, 2017 and ending on March 31, 2024.

NEW HOURLY EMPLOYEES AND SALARIED EMPLOYEES PLANS: DECEMBER 1, 2013 TO MARCH 31, 2024

Annual reports, December 1, 2013 to March 31, 2017

20. (1) A report required under section 14 of the General Regulation for the new Hourly Employees Plan and the new Salaried Employees Plan with a valuation date on or after December 1, 2013 and before April 1, 2017 shall also set out the following information:

1. Whether there is a special early retirement window benefit deficiency described in section 12 of this Regulation.
2. If there is such a deficiency, the amount of the deficiency and the special payments required to liquidate it in accordance with section 5 of the General Regulation.

(2) In determining the solvency deficiency in a report referred to in subsection (1), it is not permitted to use an averaging method that stabilizes short term fluctuations in the market value of the plan assets in the calculation of a "solvency asset adjustment" as defined in subsection 1 (2) of the General Regulation.

Annual reports, April 1, 2017 to March 31, 2024

21. (1) The administrator of the new Hourly Employees Plan and the new Salaried Employees Plan shall prepare a report under section 14 of the General Regulation with a valuation date of April 1, 2017, and shall file the report within six months after the valuation date.

(2) The administrator shall prepare a report under section 14 of the General Regulation with a valuation date of April 1 of each subsequent year, from 2018 to 2024, and shall file the report within six months after the applicable valuation date.

(3) The report under section 14 of the General Regulation must also contain the following information:

1. For a report with a valuation date of April 1, 2017, whether there is a consolidated prior solvency deficiency as described in subsection 22 (1) of this Regulation.
2. For a report with a valuation date of April 1, 2017, if there is a consolidated prior solvency deficiency, the amount of the deficiency, the special payments that would be required to liquidate it in accordance with section 5 of the General Regulation and the special payments that are required to liquidate it in accordance with subsection 22 (2) of this Regulation.
3. Whether there is a special early retirement window benefit deficiency described in section 12 of this Regulation.
4. If there is a special early retirement window benefit deficiency, the amount of the deficiency and the special payments required to liquidate it in accordance with section 5 of the General Regulation.

(4) The following requirements apply for the preparation of the report under section 14 of the General Regulation:

1. Subsection 5 (17) of the General Regulation does not apply to the valuation of the consolidated prior solvency deficiency.

2. For the purposes of the definition of “solvency asset adjustment” in subsection 1 (2) of the General Regulation, the solvency asset adjustment also includes the present value of the special payments described in subsections 22 (2) and 23 (1) of this Regulation.

Special payments for consolidated prior solvency deficiency

22. (1) For the purposes of this section, the consolidated prior solvency deficiency of the new Hourly Employees Plan and the new Salaried Employees Plan, respectively, is the present value, as of the April 1, 2017 valuation date, of all special payments that are required with respect to any solvency deficiency and special early retirement window benefit deficiency determined in a report under section 3, 13 or 14 of the General Regulation filed before the April 1, 2017 report and that are scheduled to be paid after April 1, 2017, with interest at the rates described in subsection 5 (2) of the General Regulation.

(2) For the purposes of subsection 5 (1) of the General Regulation, special payments to liquidate the consolidated prior solvency deficiency of the new Hourly Employees Plan and the new Salaried Employees Plan, respectively, with interest at the rates described in subsection 5 (2) of the General Regulation, shall be made in equal monthly instalments over the period beginning on April 1, 2017 and ending on March 31, 2024.

(3) The consolidated prior solvency deficiency of the new Hourly Employees Plan and the new Salaried Employees Plan, respectively, is excluded, for the purposes of subsection 5 (1) of the General Regulation, from the solvency deficiency described in clause 5 (1) (e) of the General Regulation.

(4) Subsection 5 (1.0.1) of the General Regulation does not apply to the new Hourly Employees Plan or the new Salaried Employees Plan, as the case may be, in respect of the special payments described in subsection (2) of this section.

Adjustment re special payments

23. (1) On or before October 31, 2017, Essar Steel Algoma Inc. shall make a payment to the new Hourly Employees Plan and the new Salaried Employees Plan, respectively, in the amount by which “J” exceeds “K” — including interest on that amount at the rates described in subsection 5 (2) of the General Regulation — where,

“J” is the sum of the monthly special payments required to be paid, under a valuation report with a valuation date of April 1, 2017, for the period commencing on April 1, 2017 and ending on the earlier of October 31, 2017 and the date on which the valuation report referred to in subsection 21 (1) of this Regulation for the pension plan is filed, and

“K” is the amount of the contribution made under paragraph 5 of subsection 15 (1) of this Regulation to the pension plan less the sum of the normal costs paid to the pension plan on or after April 1, 2017 and on or before October 31, 2017.

(2) Subsection (1) does not apply if an election with an effective date of March 31, 2017 or earlier is filed under section 14 of this Regulation.

Commencement

7. This Regulation is deemed to have come into force on December 1, 2013.

Amending O. Reg. 404/12

(ENERGY EFFICIENCY — APPLIANCES AND PRODUCTS)

1. Section 2 of Ontario Regulation 404/12 is amended by adding the following subsections:

(1.1) If another efficiency standard or requirement set out in section 1 of the applicable Schedule to this Regulation would apply to an appliance or a product if it were manufactured on a later date, that standard or requirement may be applied if the testing standard that would apply on the later date is also applied.

(1.2) If another testing standard set out in section 1 of the applicable Schedule to this Regulation would apply to an appliance or a product if it were manufactured on a later date, that testing standard may be applied if the efficiency standard or requirement that would apply on the later date is also applied.

2. (1) Paragraph 1 of subsection 5 (1) of the Regulation is amended by striking out “subsection 4 (2)” and substituting “subsection 3 (2)”.**(2) Paragraph 1 of subsection 5 (2) of the Regulation is revoked and the following substituted:**

1. The annual energy efficiency of the fireplace is tested by an organization designated under subsection 3 (2) using the testing method specified in the applicable paragraph of the Schedule.

(3) Section 5 of the Regulation is amended by adding the following subsection:

(3) For greater certainty, cartons containing light bulbs or vented gas fireplaces described in this section must comply with subsection 4 (3).

3. Table 1 of the Regulation is amended by adding the following item:

0.1	AC	alternating current
-----	----	---------------------

4. (1) Subparagraph 3 i of section 1 of Schedule 1 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: January 1, 2007 to March 6, 2015 inclusive.

(2) Section 1 of Schedule 1 to the Regulation is amended by adding the following paragraphs:**3.1 Clothes washer, residential:**

- i. Date of manufacture: March 7, 2015 to December 31, 2017 inclusive.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (j) Clothes washers, as it read on June 18, 2013.
- iii. Scope of application: an electrically-operated appliance that is designed for residential use to clean clothes, using a water solution of soap or detergent, or both, and that does not require mechanical fastening to a floor or wall for safe operation. This includes a product appliance that is either standard or compact and is either top-loading or front-loading.
- iv. Prescribed efficiency standard or requirement:
 - A. for a top-loading standard washer: must have a minimum integrated modified energy factor of 1.29 ft³/kWh/cycle,
 - B. for a top-loading compact washer: must have a minimum integrated modified energy factor of 0.86 ft³/kWh/cycle,
 - C. for a front-loading standard washer: must have a minimum integrated modified energy factor of 1.84 ft³/kWh/cycle,
 - D. for a front-loading compact washer: must have a minimum integrated modified energy factor of 1.13 ft³/kWh/cycle, and

- E. for an automatic front-loading washer or a semi-automatic washer: must also have an unheated rinse water option.

3.2 Clothes washer, residential:

- i. Date of manufacture: January 1, 2018 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (j) Clothes washers, as it read on June 18, 2013.
- iii. Scope of application: an electrically-operated appliance that is designed for residential use to clean clothes, using a water solution of soap or detergent, or both, and that does not require mechanical fastening to a floor or wall for safe operation. This includes a product appliance that is either standard or compact and is either top-loading or front-loading.
- iv. Prescribed efficiency standard or requirement:
 - A. for a top-loading standard washer: must have a minimum integrated modified energy factor of 1.57 ft³/kWh/cycle,
 - B. for a top-loading compact washer: must have a minimum integrated modified energy factor of 1.15 ft³/kWh/cycle,
 - C. for a front-loading standard washer: must have a minimum integrated modified energy factor of 1.84 ft³/kWh/cycle,
 - D. for a front-loading compact washer: must have a minimum integrated modified energy factor of 1.13 ft³/kWh/cycle, and
 - E. for an automatic front-loading washer or a semi-automatic washer: must also have an unheated rinse water option.

(3) Subparagraph 5 i of section 1 of Schedule 1 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: May 14, 1995 to December 31, 2014 inclusive.

(4) Section 1 of Schedule 1 to the Regulation is amended by adding the following paragraph:

5.1 Clothes dryer, residential, electrically-heated:

- i. Date of manufacture: January 1, 2015 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (d) Clothes dryers, as it read on June 18, 2013.
- iii. Scope of application: a tumble-type electrically-operated and electrically- heated residential clothes dryer designed for a 60 Hz AC supply with a nominal system voltage of 120 volt single-phase, 120/240 volt single-phase, or 120/208 volt three-phase.
- iv. Prescribed efficiency standard or requirement: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart C, §430.32 (h) Clothes dryers, as it read on September 13, 2013.

(5) Subparagraph 6.1 i of section 1 of Schedule 1 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: July 1, 2013 to December 31, 2014 inclusive.

(6) Section 1 of Schedule 1 to the Regulation is amended by adding the following paragraphs:

6.2 Clothes dryer, residential, gas-fired:

- i. Date of manufacture: January 1, 2015 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (d) Clothes dryers, as it read on September 13, 2013.
- iii. Scope of application: the same scope as the testing standard, but excluding ventless dryers.
- iv. Prescribed efficiency standard or requirement: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart C, §430.32 (h) Clothes dryers, as it read on September 13, 2013.

6.3 Integrated/combination clothes washer and dryer:

- i. Date of manufacture: July 1, 2014 to March 6, 2015 inclusive.
- ii. Testing standard:
 - A. if the clothes drying function uses gas: no requirement for clothes drying,

- B. if the clothes drying function uses only electricity: CAN/CSA-C361-92, Test Method for Measuring Energy Consumption and Drum Volume for clothes drying, and
 - C. for the clothes washing function: CSA C360-03, Energy Performance, Water Consumption, and Capacity of Household Clothes Washers.
- iii. Scope of application:
- A. an integrated clothes washer and dryer: a household appliance with a clothes dryer component located above, below or beside a clothes washer component and with both components controlled by a common control panel and powered by a single power source or by gas and a single electrical power source, and
 - B. a combination clothes washer and dryer: a household appliance with a clothes washer function and clothes dryer function utilizing the same drum and with both functions controlled by a common control panel and powered by a single power source or by gas and a single electrical power source.
- iv. Prescribed efficiency standard or requirement:
- A. if the clothes drying function uses gas: no requirement for clothes drying,
 - B. if the clothes drying function uses only electricity: Clause 8.3 and Table 8.1 of CAN/CSA-C361-92 for clothes drying, and
 - C. for the clothes washing function: Clause 8.5.2 and Table 10 of CSA C360-03.
- 6.4 Integrated/combination clothes washer and dryer:
- i. Date of manufacture: March 7, 2015 or later.
 - ii. Testing standard:
 - A. for the clothes drying function using gas or electricity: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (d) Clothes dryers, as it read on September 13, 2013, and
 - B. for the clothes washing function: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (j) Clothes washers, as it read on June 18, 2013.
 - iii. Scope of application:
 - A. an integrated clothes washer and dryer: a household appliance with a clothes dryer component located above, below or beside a clothes washer component and with both controlled by a common control panel and powered by a single power source or by gas and a single electrical power source, and
 - B. a combination clothes washer and dryer: a household appliance with a clothes washer function and clothes dryer function utilizing the same drum and with both controlled by a common control panel and powered by a single power source or by gas and a single electrical power source.
 - iv. Prescribed efficiency standard or requirement:
 - A. for clothes drying functions using gas or electricity: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart C, §430.32 (h) Clothes dryers, as it read on September 13, 2013,
 - B. for an integrated or combination clothes washer and dryer manufactured March 7, 2015 to December 31, 2017 inclusive, if the washer component is:
 - 1. top-loading and standard: must have a minimum integrated modified energy factor of 1.29 ft³/kWh/cycle,
 - 2. top-loading and compact: must have a minimum integrated modified energy factor of 0.86 ft³/kWh/cycle,
 - 3. front-loading and standard: must have a minimum integrated modified energy factor of 1.84 ft³/kWh/cycle,
 - 4. front-loading and compact: must have a minimum integrated modified energy factor of 1.13 ft³/kWh/cycle, and
 - 5. automatic and front-loading, or semi-automatic: must also have an unheated rinse water option, and
 - C. for an integrated or combination clothes washer and dryer manufactured January 1, 2018 or later, if the washer component is:
 - 1. top-loading and standard: must have a minimum integrated modified energy factor of 1.57 ft³/kWh/cycle,

2. top-loading and compact: must have a minimum integrated modified energy factor of 1.15 ft³/kWh/cycle,
3. front-loading and standard: must have a minimum integrated modified energy factor of 1.84 ft³/kWh/cycle,
4. front-loading and compact: must have a minimum integrated modified energy factor of 1.13 ft³/kWh/cycle, and
5. automatic and front-loading, or semi-automatic: must also have an unheated rinse water option.

(7) Subparagraph 7 i of section 1 of Schedule 1 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: June 24, 2005 to December 31, 2013 inclusive.

(8) Section 1 of Schedule 1 to the Regulation is amended by adding the following paragraph:

7.1 Dishwasher, residential:

- i. Date of manufacture: January 1, 2014 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (c) Dishwashers, as it read on June 18, 2013.
- iii. Scope of application: a dishwasher as defined in the Federal Energy Efficiency Regulations (May 4, 2012 version).
- iv. Prescribed efficiency standard or requirement:
 - A. for standard size dishwashers: the annual energy consumption must not exceed 307 kWh/year, and
 - B. for compact size dishwashers: the annual energy consumption must not exceed 222 kWh/year.

(9) Subparagraph 8 ii of section 1 of Schedule 1 to the Regulation is revoked and the following substituted:

- ii. Testing standard: CAN/CSA C749-94, Performance of Dehumidifiers.

(10) Subparagraph 8.1 iii of section 1 of Schedule 1 to the Regulation is revoked and the following substituted:

- iii. Scope of application: the same scope as the testing standard, but limited to products whose primary purpose is to remove moisture from the air.

(11) Paragraphs 9 and 10 of section 1 of Schedule 1 to the Regulation are revoked and the following substituted:

9. Freezer, refrigerator or refrigerator-freezer, residential:

- i. Date of manufacture:
 - A. freezer: April 1, 2002 to September 14, 2014 inclusive.
 - B. refrigerator or refrigerator-freezer: December 31, 2002 to September 14, 2014 inclusive.
- ii. Testing standard: CSA C300-00, Energy Performance and Capacity of Household Refrigerators, Refrigerator-Freezers and Freezers.
- iii. Scope of application: the same scope as the testing standard, but limited to residential freezers, residential refrigerators and residential refrigerator-freezers. However, wine chillers and hybrid wine chillers are excluded.
- iv. Prescribed efficiency standard or requirement: Table 2, Column B of the testing standard.

9.1 Freezer, refrigerator or refrigerator-freezer, residential:

- i. Date of manufacture: September 15, 2014 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (a) Refrigerators and refrigerator-freezers, and §430.23 (b) Freezers, as they read on the date of manufacture.
- iii. Scope of application:
 - A. a freezer as defined in U.S. DOE 10 Code of Federal Regulations Part 430, Subpart A, §430.2 Definitions, as it read on June 18, 2013, but limited to freezers with a maximum capacity of 850 L (30ft³) and excluding refrigerator-freezers, freezers using an absorption refrigeration system, wine chillers and hybrid wine chillers,
 - B. a refrigerator as defined in U.S. DOE 10 Code of Federal Regulations Part 430, Subpart A, §430.2 Definitions, as it read on June 18, 2013, but limited to refrigerators with a maximum capacity of 1,100 L (39ft³) and excluding refrigerators using an absorption refrigeration system and hybrid wine chillers. For greater certainty, refrigerator-freezers and wine chillers are excluded, and

C. a refrigerator-freezer as defined in U.S. DOE 10 Code of Federal Regulations Part 430, Subpart A, §430.2 Definitions, as it read on June 18, 2013, but limited to refrigerator-freezers with a maximum capacity of 1,100 L (39ft³) and excluding refrigerator-freezers using an absorption refrigeration system and hybrid wine chillers.

iv. Prescribed efficiency standard or requirement: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart C, §430.32 (a) Refrigerators/refrigerator-freezers/freezers, as it read on June 18, 2013.

(12) Sub-subparagraph 12.1 iv D of section 1 of Schedule 1 to the Regulation is revoked and the following substituted:

D. for wedge cases, the total display area (TDA, expressed in cubic metres) is the product of the vertical height of the air curtain or glass in a transparent door and the largest overall width of the case, when viewed from the front.

(13) Subparagraph 13 iii of section 1 of Schedule 1 to the Regulation is revoked and the following substituted:

iii. Scope of application: the same scope as the testing standard, but excluding products covered in paragraph 12.1.

5. (1) Subparagraph 1 i of section 1 of Schedule 2 to the Regulation is revoked and the following substituted:

i. Date of manufacture: March 1, 2004 to April 15, 2015 inclusive.

(2) Subparagraph 1 iii of section 1 of Schedule 2 to the Regulation is revoked and the following substituted:

iii. Scope of application: the same scope as the testing standard, but limited to storage water heaters and excluding units with an input rating of 4,000 Btu/h or more per US gallon of stored water and units designed for combination space and water heating applications.

(3) Section 1 of Schedule 2 to the Regulation is amended by adding the following paragraph:

1.1 Water heater, oil-fired, tank-type, with an input rating of not more than 30.5 kW (105,000 Btu/h):

- i. Date of manufacture: April 16, 2015 or later.
- ii. Testing standard: CAN/CSA B211-00, Energy Efficiency of Oil-Fired Storage Tank Water Heaters, or U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (e) Water Heaters, as it read on June 18, 2013.
- iii. Scope of application: a stationary oil-fired water heater designed to supply domestic hot water that has a capacity of ≤ 190 L (50 US gallons), that heats and stores water within the appliance at a thermostatically controlled temperature for delivery on demand and that has an input of 30.7 kW (105,000 Btu/h) or less. However, units with an input rating of 4,000 Btu/h or more per US gallon of stored water and units designed for combination space and water heating applications are excluded.
- iv. Prescribed efficiency standard or requirement: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart C, §430.32 (d) Water Heaters, as it read on June 18, 2013.

(4) Subparagraph 2.1 i of section 1 of Schedule 2 to the Regulation is revoked and the following substituted:

i. Date of manufacture: January 1, 2013 to March 31, 2016 inclusive.

(5) Subparagraph 2.1 iii of section 1 of Schedule 2 to the Regulation is revoked and the following substituted:

iii. Scope of application: the same scope as the testing standard, but excluding units designed for combination space and water heating applications.

(6) Section 1 of Schedule 2 to the Regulation is amended by adding the following paragraph:

2.2 Water heater, gas-fired, tank-type, with an input rating of not more than 22 kW (75,000 Btu/h):

- i. Date of manufacture: April 1, 2016 or later.
- ii. Testing standard: CAN/CSA-P3-04, Testing Method for Measuring Energy Consumption and Determining Efficiencies of Gas-Fired Storage Water Heaters, or U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (e) Water Heaters, as it read on June 18, 2013.
- iii. Scope of application: a stationary gas-fired water heater designed to supply domestic hot water that has a capacity of not less than 76 L (20 US gallons) and not more than 380 L (100 US gallons), that heats and stores water within the appliance at a thermostatically controlled temperature of less than 82°C (180°F) for delivery on demand and that has an input of 22 kW (75,000 Btu/h) or less. However, units designed for combination space and water heating applications are excluded.
- iv. Prescribed efficiency standard or requirement: energy factor $\geq 0.75 - 0.0005 \times$ rated storage volume in L, or $\geq 0.75 - 0.00189 \times$ rated storage volume in US gallons.

(7) Subparagraphs 3 ii, iii and iv of section 1 of Schedule 2 to the Regulation are revoked and the following substituted:

- ii. Testing standard: ANSI Z21.10.3-2013 / CSA 4.3-2013, Gas-fired water heaters, volume III, storage water heaters with input ratings above 75,000 Btu per hour, circulating and instantaneous. For water heaters manufactured on or before July 31, 2014, ANSI Z21.10.3-2011 / CSA 4.3-2011, Gas Water Heaters, Volume III, Storage Water Heaters With Input Ratings Above 75,000 Btu Per Hour, Circulating and Instantaneous, may be used instead.
- iii. Scope of application: the same scope as the testing standard, but limited to storage water heaters that are designed to supply domestic hot water and excluding units designed for combination space and water heating.
- iv. Prescribed efficiency standard or requirement: thermal efficiency ≥ 80 per cent, and standby loss $\leq Q/800 + 110 (V_r)^{1/2}$ in Btu/h, where Q is the nameplate input rate in Btu/h and V_r is the rated volume in US gallons.

(8) Subparagraph 4 iii of section 1 of Schedule 2 to the Regulation is revoked and the following substituted:

- iii. Scope of application: the same scope as the testing standard, but includes water heaters with an input rating from zero to less than 73 kW (250,000 Btu/h) and excludes units designed for combination space and water heating applications.

(9) Section 1 of Schedule 2 to the Regulation is amended by adding the following paragraph:

4.1 Water heater, gas-fired, instantaneous, with an input rating of 73 kW (250,000 Btu/h) or more:

- i. Date of manufacture: August 1, 2014 or later.
- ii. Testing standard: ANSI Z21.10.3-2013 / CSA 4.3-2013, Gas-fired water heaters, volume III, storage water heaters with input ratings above 75,000 Btu per hour, circulating and instantaneous, or U.S. DOE 10 Code of Federal Regulations Part 431, Subpart G, §431.106 Uniform test method for the measurement of energy efficiency of commercial water heaters and hot water supply boilers (other than commercial heat pump water heaters), as it read on June 18, 2013.
- iii. Scope of application: a stationary gas-fired water heater designed to supply domestic hot water that has an input rating of 4,000 Btu/h or more per US gallon of stored water and an input of 73 kW (250,000 Btu/h) or more. This includes combination space and water heating applications that meet this description.
- iv. Prescribed efficiency standard or requirement: U.S. DOE 10 Code of Federal Regulations Part 431, Subpart G, §431.110 Energy conservation standards and their effective dates, as it read on June 18, 2013.

(10) Paragraph 5 of section 1 of Schedule 2 to the Regulation is revoked and the following substituted:

5. Water heater, electric, tank-type, 50 L to 450 L:

- i. Date of manufacture: June 24, 2005 to April 15, 2015 inclusive.
- ii. Testing standards:
 - A. CAN/CSA C191-04, Performance of Electric Storage Tank Water Heaters for Domestic Hot Water Service, and
 - B. CAN/CSA C745-03, Energy Efficiency of Electric Storage Tank Water Heaters and Heat Pump Water Heaters.
- iii. Scope of application: a stationary electrically-heated storage water heater with a capacity of at least 50 L but not more than 450 L that is intended for use on a pressurized system. However, units with an input rating of 4,000 Btu/h or more per US gallon of stored water and units designed for combination space and water heating applications are excluded.
- iv. Prescribed efficiency standard or requirement: Clause 4.8 of CAN/CSA C191-04 and Clause 9.2 of CAN/CSA C745-03.

(11) Section 1 of Schedule 2 to the Regulation is amended by adding the following paragraphs:

5.1 Water heater, electric, tank-type, 50 L to 454 L and with an input rating of not more than 12 kW:

- i. Date of manufacture: April 16, 2015 or later.
- ii. Testing standards:
 - A. CAN/CSA C191-04, Performance of Electric Storage Tank Water Heaters for Domestic Hot Water Service, and

- B. CAN/CSA C745-03, Energy Efficiency of Electric Storage Tank Water Heaters and Heat Pump Water Heaters, or U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, § 430.23 (e) Water Heaters, as it read on June 18, 2013.
- iii. Scope of application: a stationary electrically-heated water heater designed to supply domestic hot water that has a capacity of not less than 50 L (13 US gallons) and not more than 454 L (120 US gallons), that heats and stores water within the appliance at a thermostatically controlled temperature for delivery on demand and that has an input of 12 kW or less. This includes all heat pump water heaters and storage table top water heaters that meet this description. However, units with an input rating of 4,000 Btu/h or more per US gallon of stored water and units designed for combination space and water heating applications are excluded.
- iv. Prescribed efficiency standard or requirement: in calculating the maximum standby loss in accordance with sub-subparagraph A or B, and in calculating the energy factor (EF) in accordance with sub-subparagraph C or D, “V” is the rated volume in L of the storage tank:
- A. for tanks with bottom inlet, maximum standby loss in $W =$,
 - 1. $0.2 V + 40$ for tanks with $V \geq 50$ L and ≤ 270 L, and
 - 2. $0.472 V - 33.5$ for tanks with $V > 270$ L and ≤ 454 L,
 - B. for tanks with top inlet, maximum standby loss in $W =$,
 - 1. $0.2 V + 35$ for tanks with $V \geq 50$ L and < 160 L,
 - 2. $0.2 V + 25$ for tanks with $V \geq 160$ L and < 270 L,
 - 3. $0.472 V - 48.5$ for tanks with $V \geq 270$ L and ≤ 290 , and
 - 4. $0.472 V - 38.5$ for tanks with $V > 290$ L and ≤ 454 L,
 - C. for tabletop water heaters: $EF \geq 0.93 - 0.000349 V$, and
 - D. for water heaters, excluding tabletop water heaters,
 - 1. if V is ≥ 50 L (13 US gallons) and < 76 L (20 US gallons): $EF \geq 0.97 - 0.000349 \times V$,
 - 2. if V is ≥ 76 L (20 US gallons) and ≤ 208 L (55 US gallons): $EF \geq 0.960 - 0.0000793 V$, and
 - 3. if V is > 208 L (55 US gallons) and ≤ 454 L (120 US gallons): $EF \geq 0.97 - 0.000349 \times V$.
- 5.2 Water heater, electric, tank-type, greater than 454 L or with an input rating of more than 12 kW:
- i. Date of manufacture: July 1, 2014 or later.
 - ii. Testing standards: either U.S. DOE 10 Code of Federal Regulations Part 431, Subpart G, §431.106 Uniform test method for the measurement of energy efficiency of commercial water heaters and hot water supply boilers (other than commercial heat pump water heaters), as it read on June 18, 2013; or U.S. DOE 10 Code of Federal Regulations Part 431, Subpart G, §431.106 Uniform test method for the measurement of energy efficiency of commercial water heaters and hot water supply boilers (other than commercial heat pump water heaters), as it read on June 18, 2013, but using ANSI Z21.10.3-2013 / CSA 4.3-2013 Annex E2 instead of ANSI Z21.10.3-2011 Exhibit G2.
 - iii. Scope of application: an electrically-heated water heater designed to supply domestic hot water that has a capacity of more than 454 L (120 US gallons) or an input of more than 12 kW, or both, and that heats and stores water within the appliance at a thermostatically controlled temperature for delivery on demand. For greater certainty, this includes appliances that provide both space heating and domestic hot water that meet this description. However, units with an input rating of 4,000 Btu/h or more per US gallon of stored water are excluded.
 - iv. Prescribed efficiency standard or requirement: must have a maximum standby loss (in per cent per hour) of $0.30 + 102.21 / V$, where V is the measured storage volume in L, or $0.30 + 27/V$, where V is the measured storage volume in US gallons. However, water heaters having more than 530 L (140 US gallons) of storage capacity need not meet the standby loss requirement if the tank surface area is thermally insulated to R-value 2.20 (in kelvin x square meters /W) or R-value 12.5 (in Fahrenheit x square feet / Btu/h) or more.
- (12) Paragraph 6.1 of section 1 of Schedule 2 to the Regulation is revoked and the following substituted:**
- 6.1 Pool heater, gas-fired:
- i. Date of manufacture: July 1, 2013 or later.

- ii. Testing standard: ANSI Z21.56-2013 / CSA 4.7-2013, Gas-Fired Pool Heaters or CSA P.6-09, Test Method for Measuring Thermal Efficiency of Gas-Fired Pool Heaters. For pool heaters manufactured on or before May 31, 2014, ANSI Z21.56-2006 / CSA 4.7-2006, Gas-Fired Pool Heaters, may be used instead.
- iii. Scope of application: the combined scope of both testing standards and, for greater certainty, includes a heater for a swimming pool, spa or hot tub.
- iv. Prescribed efficiency standard or requirement:
 - A. for convection-type pool heaters: steady state operating efficiency ≥ 78 per cent,
 - B. for other pool heaters: thermal efficiency ≥ 82 per cent, and
 - C. for all pool heaters: Clause 2.10 of ANSI Z21.56-2013 / CSA 4.7-2013, or Clause 7.2 of CSA P.6-09. For pool heaters manufactured on or before May 31, 2014, Clause 2.10 of ANSI Z21.56-2006 / CSA 4.7-2006 may be used instead.

(13) Schedule 2 to the Regulation is amended by adding the following section:

- 2. In this Schedule,

“tank surface area” means, for the purpose of determining portions of a tank requiring insulation, those areas of a storage tank, including hand holes and manholes, in an uninsulated or pre-insulated state that do not have pipe penetrations or tank supports attached.

6. (1) Subparagraph 1.1 ii of section 1 of Schedule 3 to the Regulation is revoked and the following substituted:

- ii. Testing standard: CSA P.2-13, Testing method for measuring the annual fuel utilization efficiency of residential gas-fired or oil-fired furnaces and boilers. For furnaces manufactured on or before June 30, 2016, CAN/CSA P.2-07, Testing Method for Measuring the Annual Fuel Utilization Efficiency of Residential Gas-Fired Furnaces and Boilers, may be used instead.

(2) Subparagraph 1.2 ii of section 1 of Schedule 3 to the Regulation is revoked and the following substituted:

- ii. Testing standard: ANSI Z21.47-2012 / CSA 2.3-2012, Gas-Fired Central Furnaces. For furnaces manufactured on or before August 31, 2013, ANSI Z21.47-2003 / CSA 2.3-2003, Gas-Fired Central Furnaces, may be used instead.

(3) Subparagraph 1.2 iv of section 1 of Schedule 3 to the Regulation is revoked and the following substituted:

- iv. Prescribed efficiency standard or requirement: AFUE ≥ 78 per cent, or thermal efficiency ≥ 80 per cent.

(4) Subparagraph 2 i of section 1 of Schedule 3 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: June 1, 2006 to December 31, 2013 inclusive.

(5) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraph:

2.1 Furnace, gas-fired, with an input of at least 65.92 kW (225,000 Btu/h) but not more than 117.23 kW (400,000 Btu/h):

- i. Date of manufacture: January 1, 2014 or later.
- ii. Testing standard: ANSI Z21.47-2012 / CSA 2.3-2012, Gas-Fired Central Furnaces.
- iii. Scope of application: a gas-fired central furnace with an input of at least 65.92 kW (225,000 Btu/h) but not more than 117.23 kW (400,000 Btu/h).
- iv. Prescribed efficiency standard or requirement:
 - A. for central furnaces for installation in a mobile home or recreational vehicle: thermal efficiency ≥ 75 per cent and no continuously burning pilot light unless the furnace has an AFUE ≥ 76 per cent when tested in accordance with CSA P.2-13, Testing method for measuring the annual fuel utilization efficiency of residential gas-fired or oil-fired furnaces and boilers, or when tested in accordance with CAN/CSA P.2-07, Testing Method for Measuring the Annual Fuel Utilization Efficiency of Residential Gas-Fired Furnaces and Boilers, if the furnace is manufactured on or before June 30, 2016, and
 - B. for other central furnaces: thermal efficiency ≥ 80 per cent.

(6) Subparagraphs 4 i and ii of section 1 of Schedule 3 to the Regulation are revoked and the following substituted:

- i. Date of manufacture: January 1, 2003 to December 31, 2013 inclusive.
- ii. Testing standard: CSA B212-00, Energy Utilization Efficiencies of Oil-Fired Furnaces and Boilers.

(7) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraphs:

4.1 Furnace, oil-fired, with an input of not more than 65.92 kW (225,000 Btu/h):

- i. Date of manufacture: January 1, 2014 or later.
- ii. Testing standard: CSA P.2-13, Testing method for measuring the annual fuel utilization efficiency of residential gas-fired or oil-fired furnaces and boilers, or U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (n) Furnaces, as it read on July 10, 2013. For furnaces manufactured on or before June 30, 2016, CSA B212-00, Energy Utilization Efficiencies of Oil-Fired Furnaces and Boilers, may be used instead.
- iii. Scope of application: a warm-air central furnace having an input rate not exceeding 65.92 kW (225 000 Btu/h) and that is either exclusively oil-fired, or capable of being fired, at the choice of the user, by either oil or another fuel.
- iv. Prescribed efficiency standard or requirement:
 - A. for weatherized and non-weatherized furnaces designed for use only in mobile homes or recreational vehicles: AFUE $\geq$ 75 per cent,
 - B. for weatherized furnaces not designed for use only in mobile homes or recreational vehicles: AFUE $\geq$ 78 per cent,
 - C. for non-weatherized furnaces not designed for use only in mobile homes or recreational vehicles: AFUE $\geq$ 83 per cent, and
 - D. for all non-weatherized furnaces: maximum standby mode electrical power consumption of 11W and maximum off mode electrical power consumption of 11W.

4.2 Furnace, electric, with an input of less than 66 kW (225,000 Btu/h), connected to a single-phase supply:

- i. Date of manufacture: July 1, 2014 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (n) Furnaces, as it read on July 10, 2013.
- iii. Scope of application: an “electric central furnace” as defined in U.S. DOE 10 Code of Federal Regulations Part 430, Subpart A, §430.2 Definitions, as it read on July 10, 2013.
- iv. Prescribed efficiency standard or requirement: maximum standby mode electrical power consumption of 10W and maximum off mode electrical power consumption of 10W.

(8) Subparagraphs 5.1 ii and iii of section 1 of Schedule 3 to the Regulation are revoked and the following substituted:

- ii. Testing standard: CSA P.2-13, Testing method for measuring the annual fuel utilization efficiency of residential gas-fired or oil-fired furnaces and boilers. However, for boilers manufactured on or before June 30, 2016, CAN/CSA P.2-07, Testing Method for Measuring the Annual Fuel Utilization Efficiency of Residential Gas-Fired Furnaces and Boilers, may be used instead.
- iii. Scope of application: a gas-heated boiler that uses propane or natural gas, that is intended for application in a low pressure steam or hot water heating system and that has an input rate of less than 88 kW (300,000 Btu/h). However, units that are designed for combination space and water heating are excluded other than systems equipped with tankless domestic water heating coils.

(9) Subparagraph 6 iii of section 1 of Schedule 3 to the Regulation is revoked and the following substituted:

- iii. Scope of application: the same scope as the testing standard, but limited to gas-fired boilers with an input rate of at least 88 kW (300,000 Btu/h) but less than 732 kW (2,500,000 Btu/h) that are used for space heating. However, units that are designed for combination space and water heating and that have an input rating of 4,000 Btu/h or more per US gallon of stored water are excluded.

(10) Subparagraph 7 iii of section 1 of Schedule 3 to the Regulation is revoked and the following substituted:

- iii. Scope of application: the same scope as the testing standard, but limited to gas-fired boilers with an input rate of at least 732 kW (2,500,000 Btu/h) that are used for space heating. However, units that are designed for combination space and water heating and that have an input rating of 4,000 Btu/h or more per US gallon of stored water are excluded.

(11) Subparagraphs 8 i, ii and iii of section 1 of Schedule 3 to the Regulation are revoked and the following substituted:

- i. Date of manufacture: January 1, 2003 to December 31, 2013 inclusive.
- ii. Testing standard: CSA B212-00, Energy Utilization Efficiencies of Oil-Fired Furnaces and Boilers.
- iii. Scope of application: the same scope as the testing standard, but limited to boilers.

(12) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraph:

8.1 Boiler, oil-fired, with an input of not more than 88 kW (300,000 Btu/h):

- i. Date of manufacture: January 1, 2014 or later.
- ii. Testing standard: CSA P.2-13, Testing method for measuring the annual fuel utilization efficiency of residential gas-fired or oil-fired furnaces and boilers, or ANSI/ASHRAE 103-2007, Method of Testing for Annual Fuel Utilization Efficiency of Residential Central Furnaces and Boilers. For boilers manufactured on or before June 30, 2016, CSA B212-00, Energy Utilization Efficiencies of Oil-Fired Furnaces and Boilers, may be used instead.
- iii. Scope of application: an “oil-fired boiler” as defined in the Federal Energy Efficiency Regulations (May 4, 2012 version). For greater certainty, this includes boilers equipped with tankless domestic water heating coils but not other units designed for combination space and water heating applications.
- iv. Prescribed efficiency standard or requirement:
 - A. for hot water: AFUE $\geq$ 84 per cent, and systems not equipped with tankless domestic water heating coils must be equipped with an automatic water temperature adjustment device (as defined in the Federal Energy Efficiency Regulations (May 4, 2012 version)), and
 - B. for steam: AFUE $\geq$ 82 per cent.

(13) Subparagraph 9 iii of section 1 of Schedule 3 to the Regulation is revoked and the following substituted:

- iii. Scope of application: the same scope as the testing standard, but limited to oil-fired boilers that are used for space heating with an input rate of more than 88 kW (300,000 Btu/h) but not more than 732 kW (2,500,000 Btu/h). However, units that are designed for combination space and water heating and that have an input rating of 4,000 Btu/h or more per US gallon of stored water are excluded.

(14) Subparagraph 10 iii of section 1 of Schedule 3 to the Regulation is revoked and the following substituted:

- iii. Scope of application: the same scope as the testing standard, but limited to oil-fired boilers that are used for space heating with an input rate of more than 732 kW (2,500,000 Btu/h). However, units that are designed for combination space and water heating and that have an input rating of 4,000 Btu/h or more per US gallon of stored water are excluded.

(15) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraph:

10.1 Boiler, electric, with an input of less than 88 kW (300,000 Btu/h):

- i. Date of manufacture: July 1, 2014 or later.
- ii. Testing standard: not applicable.
- iii. Scope of application: an “electric boiler” as defined in the Federal Energy Efficiency Regulations (May 4, 2012 version). For greater certainty, boilers that also provide domestic hot water are excluded.
- iv. Prescribed efficiency standard or requirement: must be equipped with an automatic water temperature adjustment device as defined in the Federal Energy Efficiency Regulations (May 4, 2012 version).

(16) Subparagraphs 13.1 ii and iii of section 1 of Schedule 3 to the Regulation are revoked and the following substituted:

- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (o) Vented home heating equipment, as it read on June 20, 2012.
- iii. Scope of application: a self-contained free-standing non-recessed gas-fired heater that furnishes warmed air without the use of ducts. However, hearth heaters and fireplaces are excluded.

(17) Subparagraphs 14.1 ii and iii of section 1 of Schedule 3 to the Regulation are revoked and the following substituted:

- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (o) Vented home heating equipment, as it read on June 20, 2012.
- iii. Scope of application: a self-contained gas-fired heater that is designed for incorporation in, or permanent attachment to, a wall and that furnishes warmed air without the use of ducts. However, hearth heaters and fireplaces are excluded.

(18) Section 1 of Schedule 3 to the Regulation is amended by adding the following paragraph:

15. Floor furnace, gas-fired:

- i. Date of manufacture: July 1, 2014 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (o) Vented home heating equipment, as it read on June 18, 2013.

- iii. Scope of application: a self-contained gas-fired heater suspended from or attached below the floor of the space being heated that takes air for combustion from outside this space and that furnishes warmed air without the use of ducts.
- iv. Prescribed efficiency standard or requirement:
 - A. if $\leq 37,000$ Btu/h, AFUE ≥ 57 per cent, and
 - B. if $> 37,000$ Btu/h, AFUE ≥ 58 per cent.

7. (1) Subparagraph 1.1 i of section 1 of Schedule 4 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: July 1, 2013 to December 31, 2014 inclusive.

(2) Section 1 of Schedule 4 to the Regulation is amended by adding the following paragraph:

1.2 Air conditioner or heat pump, central, less than 19 kW (65,000 Btu/h), excluding single-package vertical:

- i. Date of manufacture: January 1, 2015 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (m) Central Air Conditioners and heat pumps, as it read on June 18, 2013. However, the heating season performance factor — Region V (HSPF V) must be calculated and used instead of HSPF IV.
- iii. Scope of application: an air conditioner or heat pump intended for air conditioning, space heating or both in buildings, that is centrally ducted, unitary, air-source, air-sink, powered by single-phase or three-phase electric current and that is equipment-rated below 19.0 kW (65 000 Btu/h) heating and cooling. For greater certainty, this includes air conditioners or heat pumps that are within the same cabinet as a furnace. However, single-package vertical air conditioners and heat pumps are excluded.
- iv. Prescribed efficiency standard or requirement:
 - A. a seasonal energy efficiency rating (SEER), if applicable, and heating season performance factor — Region V (HSPF V), if applicable, as follows:
 - 1. for split-system air conditioners, excluding small-duct high-velocity, through-the-wall and other space constrained air conditioners: SEER ≥ 13 ,
 - 2. for split-system heat pumps, excluding small-duct high-velocity, through-the-wall and other space constrained heat pumps: SEER ≥ 14 and HSPF V ≥ 7.1 ,
 - 3. for single-package air conditioners and heat pumps, excluding through-the-wall or other space constrained systems: SEER ≥ 14 and HSPF V ≥ 7.0 ,
 - 4. for through-the-wall or other space constrained air conditioners and heat pumps: SEER ≥ 12 and HSPF V ≥ 6.4 , and
 - 5. for small-duct high-velocity air conditioners and heat pumps: SEER ≥ 13 and HSPF V ≥ 6.7 , and
 - B. an average off mode electrical power consumption as follows:
 - 1. for air conditioners: maximum 30 W,
 - 2. for heat pumps, excluding small-duct high-velocity: maximum 33 W, and
 - 3. for small-duct high-velocity heat pumps: maximum 30 W.

(3) Paragraph 2 of section 1 of Schedule 4 to the Regulation is amended by striking out “at least 19 kW (65,000 Btu/h), or single-package vertical of any size, excluding packaged terminal” in the portion before subparagraph i and substituting “at least 19 kW (65,000 Btu/h), excluding packaged terminal, or single-package vertical of any size”.

(4) Paragraph 2.1 of section 1 of Schedule 4 to the Regulation is amended by striking out “at least 19 kW (65,000 Btu/h), or single-package vertical of any size, excluding packaged terminal” in the portion before subparagraph i and substituting “at least 19 kW (65,000 Btu/h), excluding packaged terminal, or single-package vertical of any size”.

(5) Subparagraph 2.1 iii of section 1 of Schedule 4 to the Regulation is revoked and the following substituted:

- iii. Scope of application: a large unitary air conditioner or heat pump, as defined in section 2 of this Schedule, and a single-package vertical air conditioner, a single-package vertical heat pump and a large condensing unit, all as defined in the Federal Energy Efficiency Regulations (May 4, 2012 version). However, heat pumps to which paragraph 5, 6 or 7 of this Schedule applies and packaged terminal air conditioners and heat pumps that are not single package vertical are excluded.

(6) Subparagraph 3 i of section 1 of Schedule 4 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: September 1, 2005 to June 30, 2014 inclusive.

(7) Subparagraph 3 iii of section 1 of Schedule 4 to the Regulation is revoked and the following substituted:

- iii. Scope of application: an air conditioner in the form of a factory-manufactured wall sleeve with either a separate unencased cooling assembly or a separate unencased combination heating and cooling assembly, or an air-to-air heat pump in the form of a factory-manufactured wall sleeve and a separate unencased assembly with a refrigeration system, if the air conditioner or the air-to-air heat pump is intended for mounting through a wall with either unducted installation or with ductwork having external static resistance up to 25 Pa (0.1 in H₂O) and has an electrically-operated vapour-compression refrigeration system and forced ventilation, but excluding units with integral gas-heating.

(8) Section 1 of Schedule 4 to the Regulation is amended by adding the following paragraph:**3.1 Air conditioner or heat pump, packaged-terminal:**

- i. Date of manufacture: July 1, 2014 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations Part 431, Subpart F, §431.96 Uniform test method for the measurement of energy efficiency of commercial air conditioners and heat pumps, as it read on June 18, 2013.
- iii. Scope of application: an air conditioner in the form of a factory-manufactured wall sleeve with either a separate unencased cooling assembly or a separate unencased combination heating and cooling assembly, or an air-to-air heat pump in the form of a factory-manufactured wall sleeve and a separate unencased assembly with a refrigeration system, if the air conditioner or the air-to-air heat pump is intended for mounting through a wall with either unducted installation or with ductwork having external static resistance up to 25 Pa (0.1 in H₂O) and has an electrically-operated vapour-compression refrigeration system and forced ventilation, but excluding units with integral gas-heating.
- iv. Prescribed efficiency standard or requirement: for the purposes of the following standards and requirements, Cap_c means the rated cooling capacity of a product in W [or Btu/h]:
 - A. for a standard air conditioner with a rated cooling capacity of <2030 W [or <7000 Btu/h]: minimum EER = 11.7,
 - B. for a standard air conditioner with a rated cooling capacity of 2030 to 4390 W [or 7000 to 5000 Btu/h]: minimum EER = $13.8 - 0.300 \times Cap_c / 293.1$ [or $13.8 - 0.300 \times Cap_c / 1000$],
 - C. for a standard air conditioner with a rated cooling capacity of >4390 W [or >15000 Btu/h]: minimum EER = 9.305,
 - D. for a non-standard air conditioner: minimum EER = $10.9 - 0.213 \times Cap_c / 293.1$ [or $10.9 - 0.213 \times Cap_c / 1000$]; but in calculating EER, use 2030 W [7000 Btu/h] as Cap_c if the unit's Cap_c is less than 2030 W [7000 Btu/h] and use 4390 W [15000 Btu/h] as Cap_c if the unit's Cap_c is greater than 4390 W [15000 Btu/h],
 - E. for a standard heat pump with a rated cooling capacity of <2030 W [or <7000 Btu/h]: minimum EER = 11.9, if applicable; minimum COP = 3.3,
 - F. for a standard heat pump with a rated cooling capacity of 2030 to 4390 W [7000 to 15000 Btu/h]: minimum EER = $14.0 - 0.3 \times Cap_c / 293.1$ [or $14.0 - 0.3 \times Cap_c / 1000$], if applicable; minimum COP = $3.7 - 0.052 \times Cap_c / 293.1$ [or $3.7 - 0.052 \times Cap_c / 1000$],
 - G. for a standard heat pump with a rated cooling capacity of >4390 W [or >15000 Btu/h]: minimum EER = 9.5, if applicable; minimum COP = 2.9, and
 - H. for a non-standard heat pump: minimum EER = $10.8 - 0.213 \times Cap_c / 293.1$ [or $10.8 - 0.213 \times Cap_c / 1000$], if applicable; minimum COP = $2.9 - 0.026 \times Cap_c / 293.1$ [or $2.9 - 0.026 \times Cap_c / 1000$]; but in calculating EER and COP, use 2030 W [7000 Btu/h] as Cap_c if the unit's Cap_c is less than 2030 W [7000 Btu/h] and use 4390 W [15000 Btu/h] as Cap_c if the unit's Cap_c is greater than 4390 W [15000 Btu/h].

(9) Paragraph 4 of section 1 of Schedule 4 to the Regulation is revoked and the following substituted:**4. Air conditioner, room:**

- i. Date of manufacture: July 1, 2002 to May 31, 2014 inclusive.
- ii. Testing standard: CAN/CSA C368.1-M90, Performance Standard for Room Air-Conditioners.
- iii. Scope of application: the same scope as the testing standard, but excluding single-packaged vertical air conditioners and split system air conditioners that are not packaged. For greater certainty, packaged terminal air conditioners are excluded.
- iv. Prescribed efficiency standard or requirement: Clause 8 and Table 2 of the testing standard.

4.1 Air conditioner, room:

- i. Date of manufacture: June 1, 2014 or later.
- ii. Testing standard:
 - A. for through-the-wall and in-the-window systems: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (f) Room air conditioners, as it read on August 15, 2013, and
 - B. for split-system air conditioners: CAN/CSA C368.1-M90, Performance Standard for Room Air-Conditioners.
- iii. Scope of application: an encased assembly designed to provide air conditioned air that has a prime source of refrigeration, is powered by a single phase electric current, is designed for unducted applications, that may include a means for heating or ventilation or both, and that either has a cooling capacity of less than 19 kW (65,000 Btu/h) and is designed for mounting in a window or through a wall, or has a cooling capacity of 11 kW (36,000 Btu/h) or less and is a packaged split system but not a water-cooled system. However, evaporation-cooled air conditioners, packaged terminal air conditioners, and single-package vertical air conditioners are excluded. For greater certainty, portable air conditioners are excluded.
- iv. Prescribed efficiency standard or requirement:
 - A. for through-the-wall and in-the-window systems: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart C, §430.32 (b) Room air conditioners, as it read on August 15, 2013,
 - B. for split-system air conditioners: Clause 8 and Table 2 of CAN/CSA C368.1-M90.

8. (1) Subparagraph 1.1 ii of section 1 of Schedule 5 to the Regulation is revoked and the following substituted:

- ii. Testing standard: CAN/CSA-C861-10, Performance of self-ballasted compact fluorescent lamps and ballasted adapters. For lamps manufactured on or before July 1, 2016, CAN/CSA C861-06, Performance of Self-ballasted Compact Fluorescent Lamps and Ballasted Adapters, may be used instead.

(2) Subparagraph 1.1 iv of section 1 of Schedule 5 to the Regulation is revoked and the following substituted:

- iv. Prescribed efficiency standard or requirement: Clauses 7.6 to 7.11 and Tables 1 to 4 of the testing standard.

(3) Subparagraph 2 i of section 1 of Schedule 5 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: June 1, 1998 to December 31, 2014 inclusive.

(4) Section 1 of Schedule 5 to the Regulation is amended by adding the following paragraph:

2.1 Lamp, fluorescent, general service:

- i. Date of manufacture: January 1, 2015 or later.
- ii. Testing standard: C819-11, Performance of General Service Fluorescent Lamps.
- iii. Scope of application: the same scope as the testing standard.
- iv. Prescribed efficiency standard or requirement: Clause 7.2 and Table 1 of the testing standard and the following requirements for Colour Rendering Index (CRI):
 - A. for a 4-foot medium bipin lamp with nominal lamp wattage of >35 W: minimum average CRI of 69,
 - B. for a 4-foot medium bipin lamp with nominal lamp wattage of ≤ 35 W: minimum average CRI of 45,
 - C. for a 2-foot U-shaped lamp with nominal lamp wattage of >35 W: minimum average CRI of 69,
 - D. for a 2-foot U-shaped lamp with nominal lamp wattage of ≤ 35 W: minimum average CRI of 45,
 - E. for an 8-foot slimline lamp with nominal lamp wattage of >65 W: minimum average CRI of 69,
 - F. for an 8-foot slimline lamp with nominal lamp wattage of ≤ 65 W: minimum average CRI of 45,
 - G. for an 8-foot high output lamp with nominal lamp wattage of >100 W: minimum average CRI of 69, and
 - H. for an 8-foot high output lamp with nominal lamp wattage of ≤ 100 W: minimum average CRI of 45.

(5) Subparagraph 7 i of section 1 of Schedule 5 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: December 31, 2014 or later.

(6) Subparagraph 8.1 i of section 1 of Schedule 5 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: July 1, 2013 to November 13, 2014 inclusive.

(7) Section 1 of Schedule 5 to the Regulation is amended by adding the following paragraph:

8.2 Ballast, fluorescent lamp:

- i. Date of manufacture: November 14, 2014 or later.
- ii. Testing standard:
 - A. for power factor: CAN/CSA C654-10, Fluorescent Lamp Ballast Efficiency Measurements, or U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (q) Fluorescent Lamp Ballasts, as it read on June 18, 2013,
 - B. for ballast luminous efficiency or ballast efficacy factor for ballasts designed to operate at nominal input voltages of 120 or 277 volts: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart B, §430.23 (q) Fluorescent Lamp Ballasts, as it read on June 18, 2013, and
 - C. for ballast efficacy factor for ballasts designed to operate at nominal input voltages of 347 volts: CAN/CSA C654-10, Fluorescent Lamp Ballast Efficiency Measurements.
- iii. Scope of application: a “fluorescent lamp ballast” described in U.S. DOE 10 Code of Federal Regulations Part 430, Subpart A, §430.2 Definitions, as it read on June 18, 2013, but limited to ballasts designed to operate at a nominal input voltage of 120, 277 or 347 volts and excluding specialty application mercury vapour lamp ballasts.
- iv. Prescribed efficiency standard or requirement:
 - A. for power factor: ballasts used with F32T8 lamps with a colour rendering index greater than 75 in residential applications at 120 volts must have a power factor of at least 0.5 and all other ballasts must have a power factor of at least 0.9,
 - B. for ballasts designed to operate at nominal input voltages of 120 or 277 volts: U.S. DOE 10 Code of Federal Regulations Part 430, Subpart C, §430.32 (m), as it read on June 18, 2013, excluding the requirements for power factor, and
 - C. for ballast efficacy factor for ballasts designed to operate at nominal input voltages of 347 volts: Clause 5.1 and Tables 2 and 3 of CAN/CSA C654-10.

(8) Subparagraph 9 i of section 1 of Schedule 5 to the Regulation is revoked and the following substituted:

- i. Date of manufacture: June 1, 2006 to June 30, 2014 inclusive.

(9) Section 1 of Schedule 5 to the Regulation is amended by adding the following paragraph:

9.1 Ballast, high intensity discharge (HID) or low pressure sodium (LPS) lamp:

- i. Date of manufacture: July 1, 2014 or later.
- ii. Testing standard: CAN/CSA C863-11, Energy Efficiency of high-intensity discharge (HID) and low-pressure sodium (LPS) lamp ballasts.
- iii. Scope of application: the same scope as the testing standard, but excluding ballasts that are for non-screw base mercury vapour lamps or that are designed and marketed for the operation of mercury vapour lamps used in quality inspection or in industrial processing, or for scientific use, including fluorescent microscopy and ultraviolet curing.
- iv. Prescribed efficiency standard or requirement:
 - A. for high pressure sodium, low pressure sodium and mercury vapour lamp ballasts: Clause 4, Clause 5.2 and Tables 1, 2 and 4 of the testing standard,
 - B. for metal halide lamp ballasts sold with fixtures manufactured after July 1, 2014: Clause 4, Clause 5.2 and Table 3 of the testing standard and the following:
 - 1. for a probe start reactor (R) circuit ballast for lamps in the wattage range of 20 to 149 W: minimum ballast efficiency = 80 per cent,
 - 2. for a probe start high-reactance autotransformer (HX) circuit ballast for lamps in the wattage range of 20 to 149 W: minimum ballast efficiency = 65 per cent,
 - 3. for a probe start constant-wattage autotransformer (CWA) circuit ballast for lamps in the wattage range of 20 to 149 W: minimum ballast efficiency = 70 per cent,
 - 4. for a probe start constant-wattage autotransformer (CWA) circuit ballast for lamps in the lamp wattage range of 1001 to 2000 W: minimum ballast efficiency = 82 per cent,
 - 5. for a probe start constant-wattage isolated (CWI) circuit ballast for lamps in the wattage range of 35 to 149 W: minimum ballast efficiency = 75 per cent,

- 6. for a probe start regulated lag or magnetic regulated circuit ballast for lamps in the wattage range of 1001 to 2000 W: minimum ballast efficiency = 83 per cent,
 - 7. for a probe start electronic circuit ballast for lamps in the wattage range of 20 to 149 W: minimum ballast efficiency = 85 per cent,
 - 8. for a pulse start reactor (R) circuit ballast for lamps in the wattage range of 1001 to 1500 W: minimum ballast efficiency = 85 per cent,
 - 9. for a pulse start constant-wattage autotransformer (CWA) circuit ballast for lamps in the wattage range of 1001 to 2000 W: minimum ballast efficiency = 82 per cent, and
 - 10. for a pulse start regulated lag or magnetic regulated circuit ballast for lamps in the lamp wattage range of 1001 to 2000 W: minimum ballast efficiency = 83 per cent, and
- C. for other ballasts used for metal halide lamps: Clause 4 of CAN/CSA C863-11 and Clause 5 and Table 3 of CAN/CSA C863-04.

9. (1) Section 1 of Schedule 6 to the Regulation is amended by adding the following paragraph:

0.1 Induction motor, 0.18 to 2.2 kW (0.25 to 3 horsepower), single-speed, alternating current:

- i. Date of manufacture: March 9, 2017 or later.
- ii. Testing standard: U.S. DOE 10 Code of Federal Regulations, Part 431, Subpart X, §431.444 Test procedures for the measurement of energy efficiency, as it read on June 18, 2013.
- iii. Scope of application: “small electric motor” as defined in U.S. DOE 10 Code of Federal Regulations Part 431, Subpart X, §431.442 Definitions, as it read on June 18, 2013, but limited to open motors that have two, four or six poles. However, motors within the scope of paragraph 1 of section 1 of this Schedule and motors that are components of other products covered in this Regulation are excluded.
- iv. Prescribed efficiency standard or requirement: U.S. DOE 10 Code of Federal Regulations Part 431, Subpart X, §431.446 Small electric motors energy conservation standards and their effective dates, as it read on June 18, 2013.

(2) Paragraph 1 of section 1 of Schedule 6 to the Regulation is amended by striking out “(1 to 300 horsepower)” in the portion before subparagraph i and substituting “(1 to 200 horsepower)”.

(3) Paragraph 3 of section 1 of Schedule 6 to the Regulation is revoked and the following substituted:

- 3. Transformer, liquid-filled, distribution, 60 Hz, rated at 10 to 833 kVA for single-phase or at 15 to 3000 kVA for three-phase, insulation class 34.5 kV and less:
 - i. Date of manufacture: March 1, 2004 or later.
 - ii. Testing standard: CSA C802.1-13, Minimum efficiency values for liquid-filled distribution transformers. For transformers manufactured on or before June 30, 2016, CAN/CSA C802.1-00, Minimum Efficiency Values for Liquid Filled Distribution Transformers, may be used instead.
 - iii. Scope of application: the same scope as CSA C802.1-13.
 - iv. Prescribed efficiency standard or requirement: Clause 7 and Table 1 of CSA C802.1-13.

10. (1) Subparagraph 1 ii of section 1 of Schedule 7 to the Regulation is amended by striking out “CSA C380-11” and substituting “CAN/CSA C380-11”.

(2) Paragraph 2.1 of section 1 of Schedule 7 to the Regulation is revoked and the following substituted:

2.1 Thermostat for room electric space heaters:

- i. Date of manufacture: July 1, 2013 or later.
- ii. Testing standard: CSA C828-13, Performance Requirements for Thermostats Used with Individual Room Electric Space Heating Devices. For thermostats manufactured on or before June 30, 2016, CAN/CSA C828-06, Performance Requirements for Thermostats Used with Individual Room Electric Space Heating Devices, may be used instead.
- iii. Scope of application: the same scope as CSA C828-13, but excluding thermostats used exclusively for radiant heating systems.
- iv. Prescribed efficiency standard or requirement:
 - A. maximum absolute thermostat droop in temperature: $\leq 1.5^{\circ}\text{C}$,

- B. maximum difference between the original thermostat set point of 22°C and the average temperature at the centre of the test room for a duty cycle of 50 per cent: $\leq 0.5^{\circ}\text{C}$,
- C. maximum thermostat differential for thermostats used on fan forced heaters: 1.0°C , and
- D. maximum thermostat differential for thermostats used on other heaters: 0.5°C .

(3) Subparagraph 3 ii of section 1 of Schedule 7 to the Regulation is amended by striking out “CAN/CSA-C62301-11” and substituting “CAN/CSA C62301-11”.

(4) Sub-subparagraph 3 iv A 3 of section 1 of Schedule 7 to the Regulation is revoked and the following substituted:

- 3. a standby mode with a power consumption ≤ 0.5 watts, without information or status display, or

(5) Paragraph 4 of section 1 of Schedule 7 to the Regulation is revoked and the following substituted:

4. Television:

i. Date of manufacture:

- A. standby mode and off mode: July 1, 2013 or later,
- B. on-mode: July 1, 2014 or later, and
- C. power factor: July 1, 2016 or later.

ii. Testing standard:

- A. standby mode and off mode: CAN/CSA C62301-11, Household Electrical Appliances — Measurement of Standby Power, and
- B. on-mode and power factor: CAN/CSA-C382-11, Energy performance of televisions and displays. However, the television must be tested in a mode where the peak luminance is not less than 65 per cent of the brighter of the peak luminance of the product in retail mode and the brightest selectable preset picture mode.

iii. Scope of application: a “television” as defined in the Federal Energy Efficiency Regulations (May 4, 2012 version), but limited to consumer products and excluding front projectors and digital photo frames.

iv. Prescribed efficiency standard or requirement:

A. must be capable of entering one of the following modes, or more if applicable:

- 1. a standby mode with a power consumption ≤ 1.0 W, with information or status display active,
- 2. a standby mode with a power consumption ≤ 0.5 W, with information or status display inactive,
- 3. a standby mode with a power consumption ≤ 0.5 W, without information or status display, or
- 4. an off mode with a power consumption ≤ 0.5 W.

B. must have on mode power consumption of $\leq 0.019 \text{ W/cm}^2 \times A + 25 \text{ W}$, if A is the screen area in cm^2 , or $\leq 0.120 \text{ W/in}^2 \times A + 25 \text{ W}$, if A is the screen area in in^2 ,

C. for models with an active power $< 100\text{W}$, must have power factor of ≥ 0.4 , and

D. for models with an active power $\geq 100\text{W}$, must have power factor ≥ 0.9 .

(6) Subparagraph 5 ii of section 1 of Schedule 7 to the Regulation is amended by striking out “CAN/CSA-C62301-11” and substituting “CAN/CSA C62301-11”.

(7) Sub-subparagraph 5 iv C of section 1 of Schedule 7 to the Regulation is revoked and the following substituted:

- C. a standby mode with a power consumption ≤ 0.5 watts, without information or status display, or

Commencement

11. This Regulation comes into force on the later of January 1, 2014 and the day it is filed.

52/13

NOTE: Consolidated regulations and various legislative tables pertaining to regulations can be found on the e-Laws website (www.e-Laws.gov.on.ca).

Texte d'information pour la gazette de l'Ontario

La Gazette de l'Ontario paraît chaque samedi, et les annonces à y insérer doivent parvenir à ses bureaux le jeudi à 15h au plus tard, soit au moins neuf jours avant la parution du numéro dans lequel elles figureront. Pour les semaines incluant le lundi de Pâques, le 11 novembre et les congés statutaires, accordez une journée de surplus. Pour connaître l'horaire entre Noël et le Jour de l'An s'il vous plaît communiquez avec le bureau de La Gazette de l'Ontario au (416) 326-5310 ou par courriel à mbs.GazettePubsOnt@ontario.ca

Tarifs publicitaires et soumission de format:

- 1) Envoyer les annonces dans le format **Word.doc** par courriel à mbs.GazettePubsOnt@ontario.ca
- 2) Le tarif publicitaire pour la première insertion envoyée électroniquement est de 75,00\$ par espace-colonne jusqu'à un ¼ de page.
- 3) Pour chaque insertion supplémentaire commandée en même temps que l'insertion initiale, le tarif est 40,00\$
- 4) Les clients peuvent confirmer la publication d'une annonce en visitant le site web de La Gazette de l'Ontario www.ontariogazette.gov.on.ca ou en visionnant une copie imprimée à une bibliothèque locale.

Abonnement:

Le tarif d'abonnement annuel est de 126,50\$ + T.V.H. pour 52 ou 53 numéros hebdomadaires débutant le premier samedi du mois de janvier (payable à l'avance) L'inscription d'un nouvel abonnement au courant de l'année sera calculée de façon proportionnelle pour la première année. Un nouvel abonné peut commander des copies d'éditions précédentes de la Gazette au coût d'une copie individuelle si l'inventaire le permet.

Le remboursement pour l'annulation d'abonnement sera calculé de façon proportionnelle à partir de 50% ou moins selon la date. Pour obtenir de l'information sur l'abonnement ou les commandes s.v.p. téléphonez le (416) 326-5306 durant les heures de bureau.

Copies individuelles:

Des copies individuelles de la Gazette peuvent être commandées en direct en ligne au site www.serviceontario.ca/publications ou en téléphonant 1-800-668-9938.

Options de paiement:

Les paiements peuvent être effectués au moyen de la carte Visa, MasterCard ou Amex, ou chèques ou mandats fait à l'ordre du MINISTRE DES FINANCES. Toute correspondance, notamment les changements d'adresse, doit être adressée à :

LA GAZETTE DE L'ONTARIO

700, avenue University, 6e étage, Toronto, Ontario M74 2S4

Téléphone (416) 326-5306

Paiement – Annonces:

Pour le traitement rapide les clients peuvent faire leur paiement au moyen de la carte Visa, MasterCard ou Amex lorsqu'ils soumettent leurs annonces. Les frais peuvent également être facturés.

MINISTÈRES DU GOUVERNEMENT DE L'ONTARIO S.V.P. NOTEZ

Paiements par écriture de journal seulement. S.V.P. communiquez avec le bureau de la Gazette au 416 326-5310 ou à mbs.GazettePubsOnt@ontario.ca

Information Text for Ontario Gazette

The Ontario Gazette is published every Saturday. Advertisements/notices must be received no later than 3 pm on Thursday, 9 days before publication of the issue in which they should appear. For weeks including Easter Monday, November 11th or a statutory holiday allow an extra day. For the Christmas/New Year holiday schedule please contact the Gazette at (416) 326-5310 or by email at mbs.GazettePubsOnt@ontario.ca

Advertising rates and submission formats:

- 1) Please submit all notices in a **Word.doc** format to: mbs.GazettePubsOnt@ontario.ca
- 2) For a first insertion electronically submitted the basic rate is \$75 up to ¼ page.
- 3) For subsequent insertions of the same notice ordered at the same time the rate is \$40 each.
- 4) Clients may confirm publication of a notice by visiting The Ontario Gazette web site at: www.ontariogazette.gov.on.ca or by viewing a printed copy at a local library.

Subscriptions:

The annual subscription rate is \$126.50 + H.S.T. for 52 or 53 weekly issues beginning the first Saturday in January, payable in advance. In-year new subscriptions will be pro-rated for the first year. A new subscriber may order back issues of the Gazette at the single-copy rate as inventory permits.

Refunds for cancelled subscriptions will be pro-rated from 50% or less depending upon date. For subscription information/orders please call (416) 326-5306 during normal business hours.

Single Copies:

Individual Gazette copies may be ordered on-line through the website at www.serviceontario.ca/publications or by phone at 1-800-668-9938.

Payment Options:

Subscriptions may be paid by VISA, AMEX or MasterCard or by Cheque or Money order payable to THE MINISTER OF FINANCE. All subscription enquiries and correspondence, including address changes, should be mailed to:

THE ONTARIO GAZETTE

700 University Avenue, 6th Floor, Toronto, Ontario M7A 2S4

Telephone: (416) 326-5306

Payment – Notices:

For fastest processing clients may pay by VISA, AMEX or MasterCard when submitting notices. Charges may also be invoiced.

ONTARIO GOVERNMENT MINISTRIES PLEASE NOTE:

Payment by Journal Entry only. Please contact the Gazette office at 416 326-5310 or at mbs.GazettePubsOnt@ontario.ca
