2. The amount, if any, by which the estimated taxes exceeds the tax liability of the financing entity in respect of the particular tax reporting period, as determined without taking into account paragraph 1, shall be deemed to be a tax refund received by the financing entity during the period of time described in subsection (4).
3. The amount, if any, by which the tax liability of the financing entity in respect of the particular tax reporting period, as determined without taking into account paragraph 1, exceeds the estimated taxes shall be deemed to be a tax liability payable by the financing entity during the period of time described in subsection (4).
4. If a financing entity receives an assessment or reassessment of taxes for a particular tax reporting period that differs from the amount shown on a tax return filed with the applicable governmental authority, the following rules apply:
    i. The assessed or reassessed amount shall be deemed to be a tax liability payable by the financing entity during the first period of time, commencing after the date of the assessment or reassessment, in respect of which the finance amount is determined.
    ii. Any interest charged on the assessed or reassessed amount following the date of the assessment or reassessment shall be deemed to be a tax liability payable by the financing entity as the interest is paid or accrues.
    iii. Once there has been a final determination with respect to the tax liability payable by the financing entity in respect of the particular tax reporting period, the amount, if any, by which the tax liability payable by the financing entity during the tax reporting period is decreased from the assessed or reassessed amount, together with the after-tax amount of any refund interest received by the financing entity, shall be deemed to be a tax refund received by the financing entity during the first period of time, commencing after the final determination, in respect of which the finance amount is determined.

(4) For the purposes of paragraphs 2 and 3 of subsection (3), the period of time is the first period of time, commencing after the filing of the tax return with the applicable governmental authority for the particular tax reporting period, in respect of which the finance amount is determined.

(5) For the purposes of subparagraph 4 iii of subsection (3),

"final determination" means a determination made by the applicable governmental authority or court of competent jurisdiction and in respect of which all rights to object to or appeal have been exhausted or have expired.

Determining true up amount

6. (1) Unless all funding obligations and other finance amounts are paid in full, the Financial Services Manager shall calculate the true up amount in respect of each reference period.

(2) The Financial Services Manager may, at any time during a reference period, determine the true up amount in respect of the remaining portion of the reference period if,

(a) all funding obligations and other finance amounts have not been paid in full;

(b) the Board has made a determination under subsection 15 (4) of the Act in respect of the reference period; and

(c) the Financial Services Manager reasonably forecasts that the collection of the clean energy adjustment will be insufficient to pay the estimated finance amount for a reference period.

(3) The true up amount in respect of a reference period or a portion of the reference period shall be determined, as follows:

$$T = (A - B) + C$$

where,

T = the true up amount in respect of the period of time,

A = the aggregate of the finance amounts in respect of all reference periods preceding the current reference period and, if the determination is being made at a point in time during the current reference period, in respect of the portion of the current reference period that precedes the point in time,

B = the aggregate of all amounts of the clean energy adjustment remitted to or for the benefit of the investment interest owners during all reference periods preceding the current reference period and, if the determination is being made at a point in time during the current reference period, in respect of the portion of the current reference period that precedes the point in time,

C = the amount representing reasonably foreseeable differences between the amounts to be invoiced in respect of the clean energy adjustment and the amounts to be remitted by the IESO to the investment interest owners in respect of the invoices due to various factors, including those mentioned in subparagraphs 2 ii and iii of subsection 15 (2) of the Act.

(4) The Financial Services Manager shall, when determining the amounts described in "C" in the formula set out in subsection (3), have regard to amounts payable that were not collected and any amounts in respect of which an overpayment was made, which may include amounts resulting from a default of specified consumers, an electricity vendor or the IESO, whether in its capacity as an electricity vendor or its activities as agent or otherwise under section 16 or 17 of the Act.

(5) If the Financial Services Manager determines that an error in the determination of the clean energy adjustment or any other error relating to the clean energy adjustment requires correction, the Financial Services Manager may reflect the correction in a subsequent determination of the true up amount.

Notification to Board

7. (1) The Financial Services Manager shall notify the Board of the clean energy adjustment in respect of a reference period or a portion of a reference period in accordance with this section.

(2) Subject to subsection (6), until such time as all funding obligations and other finance amounts have been paid in full, the notification in respect of each reference period shall be provided,

(a) in the case of a reference period that begins on May 1, on or before April 1 in the same year; and

(b) in the case of a reference period that begins on November 1, on or before October 1 in the same year.

(3) In addition to complying with subsection (2), the Financial Services Manager shall, starting on the day after the final scheduled payment date of the funding obligation described in subsection (4) and until such time as all funding obligations and other finance amounts have been paid in full, comply with subsection (5).

(4) For the purposes of subsection (3), the relevant funding obligation is the outstanding funding obligation that has the latest maturity date of all outstanding funding obligations.

(5) During the period of time mentioned in subsection (3), the Financial Services Manager shall update its most recent determination of the clean energy adjustment and notify the Board of the updated determination,

(a) on or before January 1 in each year, in respect of the months of February, March and April in the same year; and

(b) on or before July 1 in each year, in respect of the months of August, September and October in the same year.

(6) If the Financial Services Manager makes a determination of the true up amount under subsection 6 (2) in respect of the remaining portion of a reference period, the Financial Services Manager shall redetermine the clean energy adjustment in respect of the remaining months in the reference period for which the Board has made a determination under subsection 15 (4) of the Act and notify the Board of the redetermination as soon as possible.

Board to determine rates

8. (1) The Board shall, upon receiving a notice of the clean energy adjustment under section 7, determine the rates at which specified consumers are to be invoiced in respect of the period of time in respect of which the notice was given.

(2) The rates shall be expressed as a cent per kWh amount and determined by dividing the clean energy adjustment in respect of the relevant period of time by the forecast electricity consumption of specified consumers in respect of the period.

(3) For the purposes of subsection (2), the forecast electricity consumption of specified consumers shall be based on forecast information provided to the Board by the IESO.

(4) If notice is provided under subsection 7 (2) or (5), the rates shall be determined by the Board so that the rate takes effect on the first day of the month following the month in which the notice was required to be provided.

(5) If notice of a redetermination is provided under subsection 7 (6), the rates shall be determined by the Board so that they take effect,

(a) if the notice was provided before the 15th day in a month, on the first day of the month following the month in which the notice was provided; or

(b) if the notice was provided on or after the 15th day in a month, on the first day of the second month following the month in which the notice was provided.

IESO to receive, remit amounts

9. (1) The IESO shall ensure that amounts actually received in respect of the clean energy adjustment under subsection 16 (1) of the Act are identifiable as such.

(2) For the purposes of subsection 16 (4) of the Act, the IESO shall remit the amounts to the financing entities within a reasonable period of time.

Electricity vendors to invoice, collect

10. (1) Each electricity vendor shall ensure that invoices issued to specified consumers include a separate line item for the amount in respect of the clean energy adjustment.

(2) Each electricity vendor shall ensure that amounts collected from specified consumers in respect of the clean energy adjustment are deposited into a segregated account established for the purpose of receiving those amounts exclusively.

(3) Each electricity vendor shall maintain separate records with respect to amounts invoiced to specified consumers in respect of clean energy adjustments.

(4) Subject to any requirement to the contrary under any Act or regulation, each electricity vendor shall make the records mentioned in subsection (3) available, upon request, to the IESO, the Financial Services Manager, financing entities and investment interest owners.

(2) If the sum of the amounts determined under paragraphs 1 and 2 of subsection 20 (1) of the Act is less than or equal to the amount determined under paragraph 3 of subsection 20 (1) of the Act, the amount determined by applying the following formula is prescribed for the purposes of paragraph 5 of subsection 20 (1) of the Act:

$$A = B - C$$

where,

A = the amount prescribed for the purposes of paragraph 5 of subsection 20 (1) of the Act,

B = the sum of the amounts determined under paragraphs 1 and 2 of subsection 20 (1) of the Act, and

1. Estimated funding costs.

(2) In estimating amounts for the purposes of subsection (1), the Minister shall make the following assumptions:

1. The entire amount of the regulatory asset is transferred over time in accordance with section 26 of the Act.
2. The principal owing by a financing entity during a reference period is paid in full by applying funds that are forecast to be available to it under the Financing Plan after all other estimated finance amounts for the reference period have been paid in full.

(3) For the purposes of subsection 20 (2) of the Act, the prescribed circumstances are that one or more determinations under section 9 or 11 of the Act in respect of a past reference period have resulted in a readjustment amount.

(4) If the circumstances mentioned in subsection (3) apply, the Minister shall, in addition to calculating the sum of the costs set out in paragraphs 1 to 3 of subsection (1), calculate a portion of the readjustment amount that should be attributed to the reference period and include it in the determination of the estimated financing costs in respect of the reference period.

(5) For the purposes of subsection (4), the Minister shall determine the portion to be attributed to the reference period in such a manner as to ensure that readjustment amounts are recovered equally over the remaining reference periods.

13. For the purposes of subsection 20 (3) of the Act, the Minister shall have regard to the following matters:

1. Electricity prices.
2. Interest rates.
3. Inflation.

However, it does not apply with respect to any excluded plan described in subsection (7).

(2) This section applies despite any other provision of this Regulation and, in particular, despite subsections 5.6 (2), 5.6.1 (2) and 5.6.2 (2).

(3) The administrator of a plan that is not an excluded plan may, subject to this section, elect to use the following type of solvency relief:

1. Option 8: if there is a new solvency deficiency, the deferral for up to 24 months of the start of the period during which special payments are required to be made to liquidate the new solvency deficiency.

(4) An administrator of a pension plan may not elect both Option 7 and Option 8 with respect to the solvency relief report referred to in subsection (1).

(5) An election under this section must be in writing, may be made only once, cannot be rescinded and must be filed with the Superintendent no later than the day on which the solvency relief report under this section is filed with the Superintendent.

(6) If the administrator of a plan makes an election under this section, the following rules apply in the circumstances described in the following paragraphs:

ii. If a benefit allocation method is not used to set contribution rates for the plan, the following rules apply:

A. If the administrator has not elected Option 5 or Option 7 in respect of a previous report, the solvency asset adjustment under subsection 1.2 (2) for the new solvency deficiency must be determined as if "C" in the definition of "B" in that subsection were the present value of the required contributions, which are determined using the actuarial cost method adopted by the plan, for the period that begins on the valuation date of the solvency relief report and ends at the end of the five-year amortization period chosen by the administrator in accordance with paragraph 1.

B. If the administrator has elected Option 5 in respect of a previous report but has not elected Option 7 in respect of a previous report, the solvency asset adjustment under subsection 1.2 (2) for the new solvency deficiency must be determined in accordance with subparagraph 7 iv of subsection 5.6.1 (6) as if the reference in the definition of "A" in that subparagraph to "12 months" were a reference to "24 months".

If the administrator has elected Option 7 in respect of a previous report, the solvency asset adjustment under subsection 1.2 (2) for the new solvency deficiency must be determined in accordance with subparagraph 7 v of subsection 5.6.2 (6) as if the reference in the definition of "A" in that subparagraph to "12 months" were a reference to "24 months".

3. The period during which special payments are deferred when Option 8 is elected is deemed for the purposes of subsections 7 (3) and (4) to still be a period for which special payments are required to be made under section 5.

5. Le Règlement est modifié par adjonction de l'article suivant :

5.6.3 (1) Le présent article s'applique à l'égard du premier rapport d'un régime de retraite que dépose son administrateur en application de l'article 13 ou 14 et dont la date d'évaluation tombe le 31 décembre 2016 ou après cette date, mais avant le 31 décembre 2017. Toutefois, il ne s'applique pas à l'égard des régimes exclus visés au paragraphe (7).

(2) Le présent article s'applique malgré toute autre disposition du présent règlement**,** notamment les paragraphes 5.6 (2), 5.6.1 (2) et 5.6.2 (2).

(3) L'administrateur d'un régime qui n'est pas un régime exclu peut, sous réserve du présent article, choisir d'avoir recours au type suivant d'allègement de la capitalisation du déficit de solvabilité :

1. Option 8 : En présence d'un nouveau déficit de solvabilité, le report d'au plus 24 mois du début de la période pendant laquelle des paiements spéciaux doivent être versés pour l'acquitter.

(5) Le choix visé au présent article se fait par écrit, ne peut se faire qu'une seule fois, ne peut être annulé et doit être déposé auprès du surintendant au plus tard le même jour que le rapport sur l'allègement de la capitalisation du déficit de solvabilité visé au présent article.

(6) Si l'administrateur d'un régime fait un choix aux termes du présent article, les règles suivantes s'appliquent dans les circonstances énoncées dans les dispositions suivantes :

1. Le début de la période d'amortissement de cinq ans, visée à l'article 5, des paiements spéciaux servant à acquitter le nouveau déficit de solvabilité peut être reporté à un jour qui tombe au plus tard 24 mois après la date d'évaluation.
2. Le rajustement de l'actif de solvabilité à l'égard du nouveau déficit de solvabilité doit être rajusté de la façon suivante :
    i. Si les taux de cotisation du régime sont fixés au moyen d'une méthode de répartition des prestations, le rajustement de l'actif de solvabilité visé à l'alinéa 1.2 (1) d) à l'égard de ce nouveau déficit doit tenir compte des valeurs suivantes :

C. Si l'administrateur a choisi l'option 7 à l'égard d'un rapport antérieur, le rajustement de l'actif de solvabilité visé au paragraphe 1.2 (2) à l'égard de ce nouveau déficit doit être déterminé conformément à la sous-disposition 7 v du paragraphe 5.6.2 (6) comme si la mention de «12 mois» dans la définition de l'élément «A» à cette sous-disposition valait mention de «24 mois».

modifiant le Règl. de l'Ont. 132/12
(EFFECTIF DES CLASSES)

1. L'article 2 du Règlement de l'Ontario 132/12 est abrogé et remplacé par ce qui suit :

Effectif moyen des classes

2. L'effectif moyen, pendant chaque année scolaire, des classes d'un conseil qui comprennent un ou plusieurs élèves inscrits à la maternelle ou au jardin d'enfants ne doit pas dépasser 26 élèves.

Plafond de l'effectif des classes

2.1 (1) Le plafond de l'effectif d'une classe d'un conseil qui comprend uniquement des élèves inscrits à la maternelle et au jardin d'enfants est de 29 élèves.

(2) Pendant chaque année scolaire, 10 % ou moins des classes d'un conseil qui comprennent uniquement des élèves inscrits à la maternelle et au jardin d'enfants peuvent avoir un effectif qui dépasse le plafond de l'effectif des classes, sans toutefois dépasser 32 élèves, dans l'un ou l'autre des cas suivants :

1. Le fait de dépasser le plafond de l'effectif des classes réduirait le nombre de classes comprenant à la fois un élève de la maternelle ou du jardin d'enfants et un élève de 1re année.
2. Le fait de ne pas dépasser le plafond de l'effectif des classes aurait une incidence négative sur un programme, tel qu'un programme d'immersion en français.
3. À l'égard d'une année scolaire comprise dans la période commençant au cours de l'année scolaire 2017-2018 et allant jusqu'à l'année scolaire 2021-2022 inclusivement, aucune installation spécialement aménagée n'est disponible.

Plafond de l'effectif des classes — disposition transitoire

2.2 (1) Pour l'année scolaire 2017-2018, le plafond de l'effectif des classes prévu à l'article 2.1 est de 30 élèves, et non 29.

(2) Le présent article est abrogé le 31 août 2018.

2. L'article 7 du Règlement est abrogé et remplacé par ce qui suit :

OUTLYING SCHOOLS ALLOCATION

Outlying schools allocation

33. The outlying schools allocation is determined as follows:

1. For each outlying elementary school, calculate an amount as follows:

   i. Take the lesser of $622,878.08 and the amount determined using the following formula:

   $$\$72,033.52 + (A \times \$11,016.89)$$

   in which,

   "A" is the greater of one and the current fiscal year's enrolment of the school.

   ii. Subtract the amount determined using the following formula from the amount determined under subparagraph i:

   $$A \times \$3,856.86 + B \times \$4,997.97 + C \times \$4,105.18$$

   in which,

   "A" is the current fiscal year's enrolment of the school, counting only pupils enrolled in junior kindergarten and kindergarten,

   "B" is the current fiscal year's enrolment of the school, counting only pupils enrolled in grades 1, 2 and 3, and

   "C" is the current fiscal year's enrolment of the school, counting only pupils enrolled in grades 4, 5, 6, 7 and 8.

   iii. Take the greater of zero and the amount determined under subparagraph ii.

   iv. Calculate an amount using the following formula:

$$A – (B \times \$1,727.11)$$

in which,

"A" is $0 if B is less than 16, $44,473 if B is at least 16 and less than 42, and $88,945.99 in all other cases, and

"B" is the current fiscal year's enrolment of the school, counting only pupils enrolled in junior kindergarten and kindergarten.

v. Take the amount determined under subparagraph iv. If the number is negative, it is deemed to be zero.

vi. Total the amounts taken under subparagraphs iii and v.

2. For each outlying combined school, calculate an amount as follows:

i. Take the lesser of $622,878.08 and the amount determined using the following formula:

CONTINUING EDUCATION AND OTHER PROGRAMS ALLOCATION

Continuing education and other programs allocation

37. (1) The continuing education and other programs allocation is determined as follows:

1. Determine the current fiscal year's day school high-credit average daily enrolment of secondary school pupils.
2. Determine the current fiscal year's day school average daily enrolment of pupils who are 21 years old or older.
3. Determine the current fiscal year's continuing education average daily enrolment of pupils, counting only pupils enrolled in classes or courses described in paragraphs 1, 2, 6 and 7 of subsection 14 (1) of the current fiscal year's A.D.E. regulation.
4. Determine the current fiscal year's summer school average daily enrolment of pupils, counting only pupils enrolled in classes or courses described in subclause (c) (i), (ii), (v) or (vi) of the definition of "summer school class or course" in subsection 17 (1) of the current fiscal year's A.D.E. regulation.
5. Add the numbers determined under paragraphs 1 to 4.
6. Multiply the total number determined under paragraph 5 by $3,418.
7. Determine the international languages amount.
8. Determine the prior learning assessment and recognition that is not provided as part of a day school program amount.
9. Total the amounts determined under paragraphs 6, 7 and 8.

(2) Subsections (3) and (4) apply if a board establishes classes to provide instruction in a language other than English or French and the classes are approved by the Minister as part of an international languages elementary school program.

(3) Except as provided in subsection (4), the international languages amount is the number of hours of instruction provided by the board in classes described in subsection (2), multiplied by $55.79.

(4) If the quotient obtained by dividing the number of elementary school pupils enrolled in classes described in subsection (2) that have been established by the board by the number of those classes is less than 23, the $55.79 per hour rate specified in subsection (3) is reduced by the product of $1 and the difference between the quotient and 23.

(5) The prior learning assessment and recognition that is not provided as part of a day school program amount is the total of the amounts determined under the following paragraphs:

1. Multiply $123 by the number of mature students who, during the current fiscal year, received an individual student assessment for grade 9 or 10 credits in accordance with section 7.2.5.2 of the document entitled "Ontario Schools, Kindergarten to Grade 12: Policy and Program Requirements, 2016".
2. Multiply $123 by the number of mature students who, during the current fiscal year, received an individual student equivalency assessment for grade 11 or 12 credits in accordance with section 7.2.5.2 of the document entitled "Ontario Schools, Kindergarten to Grade 12: Policy and Program Requirements, 2016".
3. Multiply $369 by the number of completed challenges for grades 11 and 12 credits undertaken during the current fiscal year by mature students in accordance with section 7.2.5.2 of the document entitled "Ontario Schools, Kindergarten to Grade 12: Policy and Program Requirements, 2016".

(6) The following rules apply for purposes of subsection (5):

1. A pupil is a mature student for the current fiscal year if he or she is at least 18 years of age on December 31 of the current fiscal year and was not enrolled in a day school program at any time in the 10-month period immediately preceding the date of enrolment.
2. In determining the number of completed challenges for grades 11 and 12 credits undertaken by mature students, a full credit course is counted as one challenge and a half-credit course is counted as 0.5 challenges.

COST ADJUSTMENT AND NEW TEACHER INDUCTION PROGRAM ALLOCATION

Cost adjustment and new teacher induction program allocation

38. (1) The cost adjustment and new teacher induction program allocation is determined as follows:

1. Take the new teacher induction program amount.
2. Add the elementary and secondary school teacher qualification and experience amount.
3. Add the educator qualification and experience amount.
4. Add the Crown contribution and stabilization adjustment for benefits trusts amount.
5. Add the professional development amount.
6. Subtract the sick leave credit gratuities re-payment amount.
7. Add the cost adjustment amount for non-teachers.
8. Subtract the public sector compensation restraint amount.
9. Add the conditional supports for extending eligibility for maternity leave, sick leave and short-term sick leave and disability plans amount.
10. Subtract the earned leave plan amount.

(2) For purposes of this section and sections 39 and 40, the counting practices usually followed by the board for staffing purposes apply, subject to the following rules:

1. A teacher who is not assigned to provide instruction to pupils in a regular timetable that is in effect as of October 31 of the current fiscal year is not counted, unless he or she is on a leave of absence with pay on October 31 of the current fiscal year and the board is not reimbursed for the teacher's pay during the leave of absence.
2. The provision of library instruction or guidance to pupils is considered the provision of instruction to pupils for the purposes of paragraph 1.
3. A temporary teacher is counted.
4. A continuing education teacher is not counted.
5. An occasional teacher is not counted, except as provided in paragraph 3 of subsection 40 (5).

New teacher induction program amount

39. The new teacher induction program amount is the lesser of the following two amounts:

1. The sum of,
   i. $50,000, and
   ii. the product of $1,490.49 and the number of teachers of the board counted for the purposes of subsection 41 (3) of the 2016-2017 grant regulation who had two or fewer full years of teaching experience under subsection 41 (6) of that regulation.
2. The expenses of the board during the fiscal year for its new teacher induction program.

Elementary and secondary school teacher qualification and experience amount

40. (1) The elementary and secondary school teacher qualification and experience amount is the total of the following amounts:

1. The elementary school teacher qualification and experience amount.
2. The secondary school teacher qualification and experience amount.

(2) The elementary school teacher qualification and experience amount is determined as follows:

1. For each cell in the Table to this section, determine the number of teachers employed by the board to provide instruction to elementary school pupils who have the teacher qualification category and the number of full years of

teaching experience that correspond with the co-ordinates of the cell. For example, a teacher with a teacher qualification category of D and 0.7 years of teaching experience is counted for the purposes of cell D-1 and a teacher with a teacher qualification category of A2 or group 2 and 3.2 years of teaching experience is counted for the purposes of cell A2/group 2-3.

2. For each cell in the Table to this section, multiply the number of teachers employed by the board to provide instruction to elementary school pupils who are counted under paragraph 1 for the purposes of the cell by the number set out in that cell in that Table.

3. Add all the products obtained under paragraph 2 for the board.

4. Divide the sum determined under paragraph 3 by the total number of teachers employed by the board to provide instruction to elementary school pupils.

5. Subtract one from the number obtained under paragraph 4.

6. Take the greater of zero and the number determined under paragraph 5.

7. Multiply the result obtained under paragraph 6 by $3,982.10.

8. Multiply the amount determined under paragraph 7 by the current fiscal year's day school average daily enrolment of elementary school pupils, counting only pupils enrolled in junior kindergarten or kindergarten.

9. Multiply the result obtained under paragraph 6 by $5,123.22.

10. Multiply the amount determined under paragraph 9 by the current fiscal year's day school average daily enrolment of elementary school pupils, counting only pupils enrolled in grades 1 to 3.

11. Multiply the amount determined under paragraph 6 by $4,230.43.

12. Multiply the amount determined under paragraph 11 by the current fiscal year's day school average daily enrolment of elementary school pupils, counting only pupils enrolled in grades 4 to 8.

13. Total the amounts determined under paragraphs 8, 10 and 12.

(3) The secondary school teacher qualification and experience amount is determined as follows:

1. For each cell in the Table to this section, determine the number of teachers employed by the board to provide instruction to secondary school pupils who have the teacher qualification category and the number of full years of teaching experience that correspond with the co-ordinates of the cell. For example, a teacher with a teacher qualification category of D and 0.7 years of teaching experience is counted for the purposes of cell D-1 and a teacher with a teacher qualification category of A2 or group 2 and 3.2 years of teaching experience is counted for the purposes of cell A2/group 2-3.

2. For each cell in the Table to this section, multiply the number of teachers employed by the board to provide instruction to secondary school pupils who are counted under paragraph 1 for the purposes of the cell by the number set out in that cell in that Table.

3. Add all the products obtained under paragraph 2 for the board.

4. Divide the sum determined under paragraph 3 by the total number of teachers employed by the board to provide instruction to secondary school pupils.

5. Subtract one from the number obtained under paragraph 4.

6. Take the greater of zero and the number determined under paragraph 5.

7. Multiply the result obtained under paragraph 6 by $5,188.99.

8. Multiply the amount determined under paragraph 7 by the current fiscal year's day school average daily enrolment of secondary school pupils.

(4) For the purposes of this section, the number of teachers employed by a board is the full-time equivalent number of persons employed by the board as of October 31 of the current fiscal year to teach.

(5) The following rules apply to the counting of teachers for the purposes of subsection (3):

1. If a teacher is assigned in a regular timetable that is in effect as of October 31 of the current fiscal year to spend part of his or her time providing instruction to pupils and is also assigned, as of that date, under section 17 of Regulation 298 of the Revised Regulations of Ontario, 1990 (Operation of Schools — General) made under the Act, to spend part of his or her time acting as a consultant, co-ordinator or supervisor, the full-time equivalency for the teacher is determined as follows:

   i. Determine the average number of hours per day in the cycle that includes October 31 of the current fiscal year for which the teacher is regularly scheduled, in accordance with the timetable, to provide instruction to pupils or to

prepare for such instruction. For the purposes of this subparagraph, a count of hours is accurate to one decimal place.

ii. Divide the total determined under subparagraph i by 5.

2. If a principal or vice-principal is assigned in a regular timetable that is in effect as of October 31 of the current fiscal year to spend part of his or her time providing instruction to pupils, the principal or vice-principal is counted as a teacher for the purposes of this section and his or her full-time equivalency as a teacher is determined as follows:

i. Determine the average number of hours per day in the cycle that includes October 31 of the current fiscal year for which the principal or vice-principal is regularly scheduled, in accordance with the timetable, to provide instruction to pupils. For the purposes of this subsection, a count of hours is accurate to one decimal place.

ii. Divide the number determined under subparagraph i by 5.

3. An occasional teacher who is assigned to provide instruction to pupils in a regular timetable in effect on October 31 of the current fiscal year is counted as a teacher for the purposes of this section unless the teacher whom the occasional teacher replaces is included in determining the number of teachers employed by the board under subsection (4) and the board can reasonably expect the teacher to resume instructional duties with the board in the fiscal year.

(6) The following rules apply in determining the number of full years of teaching experience of a teacher:

1. The number of full years of teaching experience of a teacher is deemed to be the teacher's number of years of teaching experience before the first day of the 2017-2018 school year, rounded to the nearest whole number if the teacher's number of years of teaching experience is not a whole number and, for this purpose, a number ending in .5 is considered to be nearer to the next whole number.

2. If the number of full years of teaching experience of a teacher exceeds 10, the number of full years of teaching experience of the teacher is deemed to be 10.

3. The number of full years of teaching experience of a principal or vice-principal is deemed to be 10.

(7) The following rules apply, as of October 31 of the current fiscal year, to determine the teacher qualification category of a teacher:

1. If a board uses an AEFO certification system for salary purposes in relation to a teacher employed by it, that AEFO certification system is used for that teacher for the purposes of this section.

2. If a board uses a QECO categories system for salary purposes in relation to a teacher employed by it, that QECO categories system is used for that teacher for the purposes of this section.

3. If a board uses an OSSTF certification system for salary purposes in relation to a teacher employed by it, that OSSTF certification system is used for that teacher for the purposes of this section.

4. Subject to paragraph 6, if a board does not use a QECO categories system for salary purposes in relation to an elementary school teacher employed by it, the classification system used by the board for elementary school teachers in filling out the 2005 Data Form A is used for that teacher for the purposes of this section.

5. Subject to paragraph 6, if a board does not use an AEFO certification system, a QECO categories system or an OSSTF certification system for salary purposes in relation to a secondary school teacher employed by it, the classification system used by the board for secondary school teachers in filling out the 2005 Data Form A is used for that teacher for the purposes of this section.

6. In the circumstances described in paragraph 4 or 5, the board may elect, by written notice to the Minister, to use the AEFO certification system, the QECO categories system referred to by QECO as QECO Programme Level 4 or the 1992 OSSTF certification system, instead of the classification system required under paragraph 4 or 5.

7. The teacher qualification category of a principal or vice-principal is deemed to be A4/Group 4.

8. If the teacher qualification category of a person is changed after October 31 of the current fiscal year and the change for salary purposes is retroactive to a day in the period between the first day of the current fiscal year and October 31 of the current fiscal year, the changed teacher qualification category must be used for the purposes of this section.

7. Multiply the amount obtained under paragraph 6 by the adjusted elementary school area requirement for the board determined under paragraph 3 of subsection 53 (1).
8. Take the percentage of the total secondary school area that relates to buildings that are less than 20 years old, as specified for the board in Column 4 of the Table to this subsection (which is found at the very end of this subsection).
9. Apply the percentage referred to in paragraph 8 to the benchmark renewal cost per metre squared of $7.89.
10. Take the percentage of the total secondary school area that relates to buildings that are 20 years old or older, as specified for the board in Column 5 of the Table to this subsection (which is found at the very end of this subsection).

14. Multiply the amount obtained under paragraph 12 by the adjusted continuing education and other programs area requirement for the board determined under paragraph 11 of subsection 53 (1).
15. Identify each school that meets the following criteria:
    i. The school is identified as an elementary school in accordance with the document entitled "User Guide for the School Facilities Inventory System Application", dated November 2009.
    ii. The school is located at least 10 kilometres from every other elementary or secondary school of the board, identified as such in accordance with the document entitled "User Guide for the School Facilities Inventory System Application", dated November 2009, that is located on a different campus and has a current fiscal year's enrolment that is greater than zero.
    iii. The school opened and began operating before September 1, 2012.
    iv. If the school has been the subject of an addition, alteration, renovation or major repair project that was completed on or after September 1, 2012, the total construction costs incurred by the board for the project, less any insurance proceeds received by the board in respect of the project, did not exceed the following amount:

A. Take the number determined under subparagraph 16 ii or the predecessor of subparagraph 16 ii in the grant regulation for the fiscal year in which the construction began, multiplied by the variable area per elementary pupil for the school.

B. Multiply the number determined under sub-subparagraph A by $1,999.09.

C. Multiply the amount determined under sub-subparagraph B by the site specific geographic adjustment factor for the school.

D. Multiply the amount determined under sub-subparagraph C by 0.5.

16. For each school identified under paragraph 15, calculate a top-up amount for school renewal as follows:

i. Determine the current fiscal year's enrolment.

ii. Determine the capacity of the school, in terms of pupil places, in accordance with subsection 65 (3). However, the capacity of a school, for which the number determined under subparagraph i is zero, is deemed, for the purposes of this paragraph, to be zero.

iii. Subtract the number determined under subparagraph i from the number determined under subparagraph ii. If the result is negative, it is deemed to be zero.

iv. Multiply the number determined under subparagraph iii by the benchmark area requirement per pupil of 9.7 metres squared.

v. Multiply the number determined under subparagraph iv by the weighted average benchmark elementary school renewal cost per metre squared, as determined for the board under paragraph 5.

A. Take the number determined under subparagraph 19 ii or the predecessor of subparagraph 19 ii in the grant regulation for the fiscal year in which the construction began, multiplied by the variable area per secondary pupil for the school.

B. Multiply the number determined under sub-subparagraph A by $2,180.84.

C. Multiply the amount determined under sub-subparagraph B by the site specific geographic adjustment factor for the school.

D. Multiply the amount determined under sub-subparagraph C by 0.5.

2. Additionner les sommes calculées en application de la disposition 1.

(2) Un programme d'enseignement que dispense le conseil en vertu d'une entente conclue avec un établissement visé au paragraphe (4) est admissible pour l'application du présent article si les conditions suivantes sont réunies :

1. Le programme est dispensé par un enseignant qu'emploie le conseil.

2. La province n'offre aucun programme de ce genre dans l'établissement.

3. Le conseil a conclu une entente écrite avec l'établissement et le ministre l'a approuvée pour le motif qu'elle satisfait aux exigences du paragraphe (3).

(3) Les exigences visées à la disposition 3 du paragraphe (2) auxquelles doit satisfaire l'entente écrite sont les suivantes :

1. L'entente contient un plan de dotation qui indique le nombre d'enseignants et d'aides-enseignants que doit employer le conseil aux fins du programme.

(5) Sous réserve des paragraphes (6) et (7), la somme liée à un programme d'enseignement admissible est calculée comme suit :

1. Prendre le moindre de ce qui suit :
   i. les dépenses que le conseil a engagées au cours de l'exercice en cours au titre des salaires et des avantages sociaux des enseignants qu'il emploie pour dispenser le programme,
   ii. la somme que le conseil pourrait engager au cours de l'exercice en cours au titre des salaires et des avantages sociaux des enseignants qu'il emploie pour dispenser le programme dans le cadre du plan de dotation visé à la disposition 1 du paragraphe (3).
2. Multiplier par 2 666 $ le nombre d'enseignants à temps plein ou l'équivalent que le conseil emploie pour dispenser le programme. Pour l'application de la présente disposition, le dénombrement se fait selon les méthodes qu'il utilise habituellement aux fins de la dotation.
3. Prendre le moindre de ce qui suit :
   i. les dépenses que le conseil a engagées au cours de l'exercice en cours au titre des salaires et des avantages sociaux des aides-enseignants qu'il emploie pour aider les enseignants à dispenser le programme,

Sauf approbation du ministre, le total de la somme calculée pour une salle de classe en application de la présente disposition et du total de toutes les sommes reçues à l'égard de cette classe en application de dispositions semblables de règlements antérieurs sur les subventions générales ne doit pas dépasser 3 523 $.
6. Si le conseil a présenté le Formulaire supplémentaire de demande pour les programmes d'éducation et de traitement améliorés (ETA) 2015-2016, pour l'exercice 2016-2017, calculer la somme supplémentaire demandée pour l'exercice en cours, telle qu'approuvée par le ministre, au titre de services fournis par des membres d'une profession de la santé réglementée, par des membres d'une profession des services sociaux réglementée ou par des paraprofessionnels.
7. Additionner les sommes obtenues en application des dispositions 1 à 6.

(6) Malgré le paragraphe (5), si le programme que remplace un programme d'enseignement admissible dispensé par le conseil était un programme d'enseignement dispensé par le ministère dans l'établissement, la somme calculée par ailleurs en application du présent article au titre du programme d'enseignement admissible peut être augmentée de la somme que le ministre estime appropriée compte tenu des coûts raisonnables que doit engager le conseil en ce qui concerne les dépenses rattachées au programme qui étaient engagées auparavant par le ministère et qui ne sont pas mentionnées au paragraphe (5).

(7) Malgré les paragraphes (5) et (6), la somme calculée par ailleurs en application du présent article pour un programme d'enseignement admissible est réduite de la somme que le ministre estime indiquée compte tenu des frais raisonnables que le conseil engage à l'égard du programme si celui-ci, selon le cas :

b) un conseil créé en vertu de l'article 68 a engagé des dépenses pour acheter de l'équipement personnalisé à l'égard d'un élève d'un conseil scolaire de district qui s'inscrit, pendant l'exercice en cours, à une école qui relève d'un conseil scolaire de district différent.

(4) Toute fraction non dépensée de la demande d'équipement personnalisé approuvée à l'égard de l'élève est déduite de la somme calculée en application de la disposition 3 du paragraphe 20 (1) pour l'ancien conseil et est ajoutée à la somme calculée en application de la même disposition pour le nouveau conseil.

(5) Le paragraphe (6) s'applique si l'élève réunit les conditions suivantes :

ÉLÉMENT ÉDUCATION PERMANENTE ET AUTRES PROGRAMMES

Élément éducation permanente et autres programmes

37. (1) L'élément éducation permanente et autres programmes est calculé comme suit :

1. Calculer l'effectif quotidien moyen de jour lié aux crédits excédentaires pour les élèves du secondaire pour l'exercice en cours.
2. Calculer l'effectif quotidien moyen de jour des élèves âgés de 21 ans ou plus pour l'exercice en cours.
3. Calculer l'effectif quotidien moyen de l'éducation permanente pour les élèves pour l'exercice en cours, en ne comptant que les élèves inscrits à des classes ou à des cours visés aux dispositions 1, 2, 6 et 7 du paragraphe 14 (1) du règlement sur l'effectif quotidien moyen de l'exercice en cours.
4. Calculer l'effectif quotidien moyen des cours d'été pour les élèves pour l'exercice en cours, en ne comptant que les élèves inscrits à des classes ou à des cours visés au sous-alinéa c) (i), (ii), (v) ou (vi) de la définition de «classe ou cours d'été» au paragraphe 17 (1) du règlement sur l'effectif quotidien moyen de l'exercice en cours.
5. Additionner les nombres obtenus en application des dispositions 1 à 4.
6. Multiplier par 3 418 $ le total obtenu en application de la disposition 5.
7. Calculer la somme liée aux programmes de langues d'origine.
8. Calculer la somme liée à la reconnaissance des acquis qui n'est pas fournie dans le cadre d'un programme d'école de jour.
9. Additionner les sommes calculées en application des dispositions 6, 7 et 8.

(2) Les paragraphes (3) et (4) s'appliquent si un conseil crée des classes pour dispenser un enseignement dans une langue autre que l'anglais ou le français et que le ministre approuve les classes dans le cadre d'un programme scolaire élémentaire de langues d'origine.

(3) Sous réserve du paragraphe (4), la somme liée aux programmes de langues d'origine correspond au produit de 55,79 $ et du nombre d'heures d'enseignement que le conseil dispense dans les classes visées au paragraphe (2).

(4) Si le quotient obtenu en divisant le nombre d'élèves de l'élémentaire inscrits aux classes visées au paragraphe (2) que le conseil a créées par le nombre de ces classes est inférieur à 23, le taux horaire de 55,79 $ indiqué au paragraphe (3) est réduit du produit de 1 $ et de la différence du quotient et de 23.

(5) La somme liée à la reconnaissance des acquis qui n'est pas fournie dans le cadre d'un programme d'école de jour correspond au total des sommes calculées en application des dispositions suivantes :

1. Multiplier par 123 $ le nombre d'élèves expérimentés qui, pendant l'exercice en cours, ont subi une évaluation individualisée pour l'obtention de crédits de 9e ou de 10e année, conformément à la section 7.2.5.2 du document intitulé «Les écoles de l'Ontario de la maternelle et du jardin d'enfants à la 12e année : Politiques et programmes, 2016».

2. Multiplier par 123 $ le nombre d'élèves expérimentés qui, pendant l'exercice en cours, ont subi une évaluation individualisée pour l'obtention d'équivalences de crédits de 11e ou de 12e année, conformément à la section 7.2.5.2 du document intitulé «Les écoles de l'Ontario de la maternelle et du jardin d'enfants à la 12e année : Politiques et programmes, 2016».

3. Multiplier par 369 $ le nombre de revendications réglées de crédits de 11e et de 12e année présentées par des élèves expérimentés pendant l'exercice en cours, conformément à la section 7.2.5.2 du document intitulé «Les écoles de l'Ontario de la maternelle et du jardin d'enfants à la 12e année : Politiques et programmes, 2016».

(6) Les règles suivantes s'appliquent dans le cadre du paragraphe (5) :

1. Un élève est un élève expérimenté pour l'exercice en cours s'il est âgé d'au moins 18 ans le 31 décembre de l'exercice en cours et qu'il n'était pas inscrit à un programme d'école de jour à quelque moment que ce soit au cours des 10 mois précédant immédiatement la date d'inscription.

2. Pour déterminer le nombre de revendications réglées de crédits de 11e et de 12e année présentées par des élèves expérimentés, un cours qui donne droit à un crédit complet est compté pour une revendication et un cours qui donne droit à un demi-crédit est compté pour 0,5 revendication.

ÉLÉMENT REDRESSEMENT DES COÛTS ET PROGRAMME D'INSERTION PROFESSIONNELLE DU NOUVEAU PERSONNEL ENSEIGNANT

Élément redressement des coûts et programme d'insertion professionnelle du nouveau personnel enseignant

4. Ajouter la somme liée à la contribution de la Couronne et à l'ajustement de stabilisation pour les fiducies des avantages sociaux.

5. Ajouter la somme liée au perfectionnement professionnel.

6. Soustraire la somme liée au remboursement des gratifications au titre de la compensation des crédits de congés de maladie.

7. Ajouter la somme liée au redressement des coûts pour le personnel non enseignant.

8. Soustraire la somme liée aux mesures de restriction de la rémunération dans le secteur public.

9. Ajouter la somme liée aux soutiens conditionnels pour l'élargissement de l'admissibilité aux congés de maternité, aux congés de maladie et aux régimes de congés de maladie de courte durée et d'assurance-invalidité.

10. Soustraire la somme liée au régime de congés acquis.

(2) Pour l'application du présent article et des articles 39 et 40, le dénombrement se fait selon les méthodes que le conseil utilise habituellement aux fins de la dotation en personnel, sous réserve des règles suivantes :

1. 15. (1) The following rules apply if the wind up ratio of one or more of the main pension plans has fallen below 85 per cent of the particular pension plan's initial wind up ratio:

1. If the total minimum contributions that the employer is required to make under subsection 14 (1) for the 12 months immediately following the valuation date of the annual report would not be sufficient to bring the wind up ratio (determined taking into account such contributions) of any particular main pension plan up to 85 per cent of its initial wind up ratio, that pension plan is a disregarded plan for the purposes of paragraphs 2 to 4.
2. Unless paragraph 3 applies, if the total minimum contributions that the employer is required to make under subsection 14 (1) for the 12 months immediately following the valuation date of the annual report would be sufficient to bring the wind up ratios (determined taking into account such contributions) of the one or more main pension plans, other than any disregarded pension plans referred to in paragraph 1, up to 85 per cent of their initial wind up ratios, the following apply:
    i. The employer shall increase the portion of the minimum contributions allocated to those pension plans by the amounts necessary to bring their wind up ratios (determined taking into account such contributions) up to 85 per cent of their initial wind up ratios.
    ii. The total of the amounts referred to in subparagraph i shall be deducted from the total minimum contributions that the employer is required to make under subsection 14 (1) and the resulting total minimum contributions shall be allocated only to the main pension plans other than those to referred to in subparagraph i, but including any disregarded pension plans referred to in paragraph 1, in proportion to their allocations under section 14.
3. The following rules apply if the wind up ratio of all of the main pension plans has fallen below 85 per cent of their respective initial wind up ratios and none of the plans are a disregarded pension plan referred to in paragraph 1 and the total minimum contributions that the employer is required to make under subsection 14 (1) for the 12 months immediately following the valuation date of the annual report would be sufficient to bring the wind up ratios (determined taking into account such contributions) of all of the main pension plans up to 85 per cent of their initial wind up ratios:
    i. The employer shall contribute to each pension plan an amount sufficient to bring the wind up ratio of each plan up to 85 per cent of its initial wind up ratio.

4. If the total minimum contributions that the employer is required to make under subsection 14 (1) for the 12 months immediately following the valuation date of the annual report would not be sufficient to bring the wind up ratios (determined taking into account such contributions) of the one or more main pension plans, other than any disregarded pension plan referred to in paragraph 1, up to 85 per cent of their initial wind up ratios, the minimum contributions required under section 14 shall be made and allocated in accordance with that section.

"Y" is the aggregate amount of the minimum contributions described in subsection 14 (1) for the previous financial year of the employer.

(2) Subsection (1) does not apply unless,

(a) the value of the employer's free cash flow in the previous financial year of the employer is a positive amount; and

(b) the difference between "X" and "Y" is a positive amount.

(3) A contribution required in a year shall be made on or before May 10 in the year and shall be allocated among the main pension plans in accordance with the most recent valuation reports.

(4) Each valuation report for a main pension plan with a valuation date up to and including December 31, 2018 shall set out the proportion of the free cash flow contribution, if any, that shall be paid into the pension fund of each main pension plan using the formula,

$$B/C$$

in which,

"B" is the amount of the adjusted solvency deficiency of the main pension plan as set out in the initial valuation report for that pension plan, and

"C" is the aggregate amount of the adjusted solvency deficiency of all of the main pension plans as set out in the initial valuation reports for the pension plans.

(5) Each valuation report for a main pension plan with a valuation date on or after December 31, 2019 shall set out the proportion of the free cash flow contribution, if any, that shall be paid into the pension fund of each main pension plan using the formula,

D/E

in which,

"D" is the amount of the adjusted solvency deficiency of the main pension plan as set out in the annual report for that pension plan for that year, and

"E" is the aggregate amount of the adjusted solvency deficiency of all of the main pension plans as set out in the annual reports for the pension plans for that year.

(6) In the formulas set out in subsections (4) and (5), the amounts represented by the expressions "B/C" and "D/E" are to be calculated to eight decimal places.

(7) The employer may include contributions made under this section as contributions in transit in the year with respect to which the contribution is made.

(8) In this section, "free cash flow" has the same meaning as in the agreement listed in paragraph 1 of subsection 1 (1), and the definition of "free cash flow", as it appears in that agreement, and the definition of "GAAP", which appears in the definition of "free cash flow" in the agreement, are set out in Schedule 1 to this Regulation. References in those definitions to "Stelco" shall be read as references to the "employer" for the purposes of this Regulation.

Tax savings contributions

17. (1) Subject to the maximum total set out in subsection 10 (2), beginning in 2018 the employer shall make a contribution to the main pension plans each year in the aggregate amount of,

(a) 33.5 per cent of its tax savings for the previous taxation year of the employer until the aggregate amount of $75 million has been contributed under this section; and

(b) after that, 16.75 per cent of its tax savings for the taxation year of the employer.

(2) The employer's obligation to contribute under this section shall cease on the earlier of the following:

1. The employer's first taxation year that ends more than twenty calendar years after the plan implementation date.

2. The employer's first taxation year in which the aggregate amount of the tax savings is less than $1 million.

(3) A contribution required in a year shall be made within 30 days after the employer receives the notice of assessment from the Canada Revenue Agency in respect of its corporate income tax for the previous financial year of the employer and shall be allocated among the main pension plans in accordance with the most recent valuation reports.

(4) Each valuation report for a main pension plan with a valuation date up to and including December 31, 2018 shall set out the proportion of the tax savings contribution, if any, that shall be paid into the pension fund of each main pension plan using the formula,

B/C

in which,

"B" is the amount of the adjusted solvency deficiency of the main pension plan as set out in the initial valuation report for that pension plan, and

"C" is the aggregate amount of the adjusted solvency deficiency of all of the main pension plans as set out in the initial valuation reports for the pension plans.

(5) Each valuation report for a main pension plan with a valuation date on or after December 31, 2019 shall set out the proportion of the tax savings contribution, if any, that shall be paid into the pension fund of each main pension plan using the formula,

D/E

in which,

"D" is the amount of the adjusted solvency deficiency of the main pension plan as set out in the annual report for that pension plan for that year, and

"E" is the aggregate amount of the adjusted solvency deficiency of all of the main pension plans as set out in the annual reports for the pension plans for that year.

(6) In the formulas set out in subsections (4) and (5), the amounts represented by the expressions "B/C" and "D/E" are to be calculated to eight decimal places.

(7) The employer may include contributions made under this section as contributions in transit in the year with respect to which the contribution is made.

(8) The amount of the tax savings contribution for a financial year of the employer shall be recalculated if the amount of the employer's tax savings for the previous financial year changes as a result of a reassessment by the Canada Revenue Agency of the employer's corporate income tax filing for that previous financial year, and a corresponding adjustment to the amount of the contribution shall be made in accordance with the following rules:

1. In the case of a notice of reassessment that indicates that the employer's tax savings were higher than indicated in the notice of assessment, the employer shall make a further contribution in the amount of 33.5 per cent or 16.75 per cent of the difference, as applicable. The contribution shall be made within 30 days after receiving the notice of reassessment and shall be allocated among the main pension plans in accordance with the same valuation reports that were used to allocate the tax savings contribution for the year under subsection (3).
2. In the case of a second or subsequent notice of reassessment that indicates that the employer's tax savings were higher than indicated in the most recent prior notice of assessment or reassessment, as the case may be, paragraph 1 applies except that the comparison shall be made as against the most recent prior notice of reassessment and not as against the original notice of assessment.
3. Subject to paragraph 4, in the case of a notice of reassessment that indicates that the employer's tax savings were lower than indicated in the notice of assessment, an amount that is equal to 33.5 per cent or 16.75 per cent of the difference, as applicable, shall be treated, at the employer's discretion, as one of the following two options:
    i. An overpayment that shall be credited against contributions required under section 10 that are otherwise due or coming due.
    ii. An additional contribution under section 18.
4. In the case of a notice of reassessment that indicates that the employer's tax savings were lower than indicated in the notice of assessment and where a main pension plan's assets exceed its wind up liability, including liability for wind up expenses, an amount that is equal to 33.5 per cent or 16.75 per cent of the difference, as applicable, shall be treated as an overpayment within the meaning of section 62.1 of the Act.

(9) Before the later of the following days, the employer shall notify the administrator in writing of which of the two options described in paragraph 3 of subsection (8) the employer has chosen:

1. If the employer appeals the reassessment, the day that is 30 days after the employer receives the final decision from the Canada Revenue Agency indicating that the employer's tax savings were lower than indicated in the notice of assessment.
2. If the employer does not appeal the reassessment, the day that is 30 days after the employer receives the reassessment.

(10) In a case described in paragraph 4 of subsection (8) where the employer applies under subsection 62.1 (3) of the Act for the Superintendent's consent to a payment from the pension fund to reimburse the employer for an overpayment and the Superintendent consents under subsection 62.1 (5) of the Act, the following rules apply:

1. The employer shall make a contribution in the amount of the reimbursement within 30 days after receiving the Superintendent's consent.
2. In making the contribution referred to in subsection (1), the employer may do either of the following:
    i. Credit the amount against any of the required contributions otherwise due or becoming due under this Regulation and allocate in accordance with the applicable allocation formula for those types of contributions.
    ii. Treat the amount as additional contributions and allocate in accordance with the formula for additional contributions.

(11) In a case described in paragraph 4 of subsection (8) where the employer does not apply under subsection 62.1 (3) of the Act for the Superintendent's consent to a payment from the pension fund to reimburse the employer for an overpayment or where the employer has applied for the Superintendent's consent under subsection 62.1 (3) and the Superintendent does not consent under subsection 62.1 (5) of the Act, the amount of the overpayment shall be treated as an additional contribution to the main pension plan to which the contribution was made. However, the contribution is not subject to the allocation process set out in section 18 with respect to additional contributions.

(12) In this section, a reference to tax savings means, in respect of a financial year of the employer, the amount of the employer's losses or depreciation base, or both, which were claimed, deducted or applied by the employer in that financial

year in order to reduce the employer's taxable income, multiplied by the employer's applicable combined federal and provincial tax rate. However, a reference to tax savings only includes amounts that are available in respect of the main pension plans.

Additional contributions

18. (1) If the employer makes any contributions in excess of those referred to in section 10, the contributions shall be allocated among the main pension plans in accordance with this section.

(2) The first $20 million of the additional contributions shall be paid as a lump sum and allocated to the following main pension plans as follows:

3. $90,000 to the Pickle Line Plan.

(3) Each valuation report for a main pension plan with a valuation date up to and including December 31, 2018 shall set out the proportion of the additional contributions in excess of $20 million, if any, that shall be paid into the pension fund of each main pension plan using the formula,

B/C

in which,

"B" is the amount of the adjusted solvency deficiency of the main pension plan as set out in the initial valuation report for that pension plan, and

"C" is the aggregate amount of the adjusted solvency deficiency of all of the main pension plans as set out in the initial valuation reports for the pension plans.

(4) Each valuation report for a main pension plan with a valuation date on or after December 31, 2019 shall set out the proportion of the additional contributions in excess of $20 million, if any, that shall be paid into the pension fund of each main pension plan using the formula,

D/E

in which,

"D" is the amount of the adjusted solvency deficiency of the main pension plan as set out in the annual report for that pension plan for that year, and

"E" is the aggregate amount of the adjusted solvency deficiency of all of the main pension plans as set out in the annual reports for the pension plans for that year.

(5) In the formulas set out in subsections (3) and (4), the amounts represented by the expressions "B/C" and "D/E" are to be calculated to eight decimal places.

"GAAP" means, as determined by Stelco in its discretion on notice to the FCF Beneficiaries (defined below) not less than 30 days prior to the date of Stelco's first financial year end following the execution of this Agreement, one of the following three accounting standards, which Stelco shall use to prepare its audited financial statements: (a) generally accepted accounting principles in the United States of America as published by the Financial Accounting Standards Board, (b) the Accounting Standards for Private Enterprises which are in effect from time to time in Canada, as published in Part II of the Handbook of the Canadian Institute of Chartered Accountants or any successor thereof (the "Handbook"), or (c) International Financial Reporting Standards which are in effect from time to time in Canada, as published in Part I of the Handbook ((a), (b) and (c) collectively, the "Accounting Standards"), provided that if Stelco determines that it is required or preferred, based on advice of its auditor, to change the Accounting Standard it uses to prepare its audited financial statements, GAAP shall mean the Accounting Standard pursuant to which Stelco prepares its audited financial statements at such time.

In the event Stelco enters into or undertakes any non-arm's length transactions that are not on a strictly cost recovery basis or that otherwise contain non-market terms the Free Cash Flow shall be adjusted to reflect such transactions; provided, however, that no adjustment shall be required in respect of, and Stelco shall be entitled to deduct, management, services, administrative, cost sharing or other fees and expenses payable by Stelco or its subsidiaries to Bedrock or any of its affiliates, to the extent that such fees do not exceed the total of:
